Open up the template labeled "Immigration PP Level 2" in your teacher's folder. Immediately save a copy to your digital locker. *Close the teacher folder and the PowerPoint program. Reopen PowerPoint and access the saved template from your digital locker.* This will prevent any "accidental" saves to the original template in your teacher's folder. Or, download from the Portal to Texas History website: <http://texashistory.unt.edu/young/educators/notebook/Immigration/Immigration PP template.ppt>
