==

-railhead into the state for the Missouri, Kansas, and Texas Railroad. Throughout Denison's existence, it has been known as the city of "Firsts" as well as a trend setter: Some of these include: "First Ice Cream Soda", "First Ice Factory in North Texas", "First Free Public Graded School in Texas", "First Women's Club in Texas", "First interurban line in Texas", "First with the tallest building in Texas" and where the Marx Brothers "First got their start at the Denison Opera House".

One end of downtown is the Katy Depot, former Missouri-Kansas & Texas Railroad station.

The other end includes the site of the first free public graded school and in between sits the renovated historic Rialto Theater which now offers Branson-style entertainment.
