Randy—  
I was waiting for us to move back into the CHOS next week before contacting you. Like minds . . . .

We expect a week of move-in, clean-up and testing mechanical systems before we would be able to welcome visitors.

The building is GORGEOUS. The grass is greening, the trees are "leafing" out and the flowers in bloom.

I have a note on my calendar to contact you the week of May 17. That should give us a little settling in time.

Although the courthouse will be open the week of May 17th, the museum will come online more slowly. We have about 30-40 displays to build back. The Grand Opening celebration is tentatively set for early November. Would it make more sense to have the article in October or so to make the most of the Grand Opening and the Museum opening?  
We have ads slated for September and November in Texas Highways for this very reason.

I appreciate so much your doing this for us. Wish us luck next week!  
Georgia

Georgia, Have you completed the construction project on the square. I'm still set to complete the piece for Texas Highways when you're done up there. Thanks.

Hi Randy,  
I got your voicemail this morning. Do you just want me to meet you on the square when you call me, or do you want to come up to my office? I can meet you at the courthouse if that is simpler. In case you need it, my cell number is (940) 367-7321. See you Friday!

Yes, this is for TH.

I'll call you the week of the event. I'll be shooting inside the courthouse museum and then a few things downtown....don't need too many things.

This is for a short department they've added that will run 2 pages, so I won't need extensive things...may have to play it by ear with your advice.

Thanks.

Randy

Randy,  
Is this in relation to your Texas Highways article? Or, do I have the wrong Randy. :) Anyway, I would be glad to show you around downtown. What time will you be here and how long do you need to shoot photos downtown? You do know that our courthouse has a construction fence around it right now, right? However, there are many other great photos that can be taken that will represent our downtown well. And, if you needed some photos of downtown, you could probably get some from the Convention & Visitor Bureau stock.

I am pretty open on the 24th. I might have a lunch meeting, but other than that I don't have anything else at this point. Let me know.

Thanks,  
Christine

Christine,

I'll be coming to Denton for the upcoming jazz festival and would like to visit with you and look around downtown a bit and do some photos...looking at Ap. 24. Would you be around?

Thanks.

Randy Mallory
