Hi Randy

For the present and next several years, I expect to be in Beaumont from October through May. Schedule permitting I'm generally available to help birders and to guide tour groups in and around the Big Thicket. If there's a need, I'm willing to help groups customize specialty tours. It's certainly OK to mention me in the article you're writing.

Keep up the good work
Dave Baker

Dave,

I interviewed you years ago for Texas Highways. I'm back on a piece about Hardin Co. stuff to see and do. I understand you've retired from BTNP but are doing some birding guide work via the Kountze CofC. Just want to confirm if that's the case and if you mind if it's mentioned in such an article.

Hope you're well and cool in the high country.

Randy-

Good to hear from you today. The other person you might contact is Bill Vanderburg

Let me know if I can help you with anything else.
