SCHEDULE OF EQUIPMENT LEASED / (include make, year, model, identification and model numbers or marks)

See Addendum B

EQUIPMENT TO BE DELIVERED AND LOCATED AT:

TERMS AND CONDITIONS OF EQUIPMENT LEASE AGREEMENT ("LEASE")
1. SCHEDULE OF LEASE PAYMENTS.

LEASE TERM NUMBER OF MO.	NUMBER OF PAYMENTS	AMOUNT OF EACH LEASE PAYMENT			TOTAL MONTHLY LEASE PAYMENT	ADVANCE LEASE PAYMENTS REPRESENTING PAYMENTS FOR FIRST AND LAST	SECURITY DEPOSIT
		LEASE	TAX	OTHER			
24	24	256.36	18.56		283.92	<input checked="" type="checkbox"/> ONE <input type="checkbox"/> TWO <input type="checkbox"/> THREE <input type="checkbox"/> FOUR OR MOS. \$ 567.84 TOTAL ADVANCE LEASE PAYMENTS	\$ <small>Refundable upon expiration of the Lease, provided all Lease terms and conditions have been properly fulfilled by Lessee.</small>

ADDITIONAL PROVISIONS:

2. LEASE. Eaton Financial Corporation (hereinafter called "LESSOR") hereby leases to the LESSEE named below and LESSEE hereby leases from the LESSOR the personal property described above in the Schedule of Equipment Leased and in any other Schedule made a part hereof by the parties (hereinafter called "Equipment") for the Lease Term as set forth in the Schedule of Lease Payments and upon the terms and conditions set forth herein AND ON THE REVERSE SIDE HEREOF.

3. LEASE PAYMENT. The Lease Payments to be paid by LESSEE shall commence when the LESSEE has received Equipment which is equal to fifty percent of the value at cost to LESSOR of the Equipment to be leased ("Commencement Date"), and shall continue thereafter to be paid on the same day of each succeeding month in the amount specified and for the total number of payments as provided in the Schedule of Lease Payments. The Security Deposit is due and payable at the time of the signing of this Lease, and if applicable, any Schedule. All Lease Payments by LESSEE shall be payable at the office of LESSOR or at such other place as LESSOR may from time to time appoint. LESSEE hereby authorizes LESSOR the use of the total advance Lease Payments made by LESSEE under this Lease, provided that LESSOR accounts to LESSEE for said payments at the termination of the Lease Term in the Schedule(s) of Lease Payments, as applicable. THE LEASE PAYMENTS SHALL BE ADJUSTED PROPORTIONATELY UPWARD OR DOWNWARD IF THE ACTUAL TOTAL COST OF THE EQUIPMENT TO LESSOR EXCEEDS OR IS LESS THAN THE ESTIMATE, AND IN THAT EVENT THE LESSEE AUTHORIZES LESSOR TO ADJUST THE LEASE PAYMENTS UPWARD OR DOWNWARD, NOT TO EXCEED TWENTY PERCENT (20%).

4. WARRANTIES. LESSOR MAKES NO EXPRESS OR IMPLIED WARRANTIES INCLUDING THOSE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE WITH RESPECT TO SUCH LEASED EQUIPMENT AND HEREBY DISCLAIMS THE SAME. LESSEE has made the selection of the above Equipment from the Manufacturer or Vendor (hereinafter collectively called "SUPPLIER") prior to requesting LESSOR to purchase the same for leasing under this Lease, based on its own judgment and expressly disclaims any reliance upon any statements or representations made by the LESSOR. LESSOR IS NOT RESPONSIBLE FOR ANY REPAIRS, SERVICE OR DEFECTS IN THE LEASED EQUIPMENT OR OPERATION THEREOF. In no event shall LESSOR be liable for any indirect, special or consequential damages; and without limiting the generality thereof including for any loss, cost or damage to LESSEE or others arising from defects, negligence, delays, failure of delivery, or non-performance of the Equipment. Any warranty by the SUPPLIER, which is assignable, is herewith assigned to LESSEE by LESSOR without recourse. Such warranty will not release LESSEE from its obligations to LESSOR to make Lease Payments and to keep, and maintain, the Equipment in good condition.

5. DELIVERY AND ACCEPTANCE. The Equipment shall be shipped directly to the LESSEE by the SUPPLIER. LESSEE agrees to accept such delivery of the Equipment and upon installation thereof to execute and deliver to LESSOR, the Delivery and Acceptance Receipt submitted by LESSOR. LESSEE further agrees that the validity of this Lease shall not be affected by any delay in the shipment of the Equipment by the SUPPLIER. In the event that LESSEE has not executed and delivered to LESSOR, the submitted Delivery and Acceptance Receipt upon installation of the Equipment, then it shall be conclusively presumed, as between LESSOR and LESSEE, that the Equipment is acknowledged to be in good working order and condition and that LESSEE has accepted and is satisfied that the Equipment constitutes the Equipment specified herein or in any Schedule.

By execution hereof, the signer hereby certifies that he has read this Lease consisting of the foregoing and INCLUDING THE REVERSE SIDE HEREOF, and that he is duly authorized to execute this Lease on behalf of the LESSEE, and hereby acknowledges receipt of a copy of this Lease. LESSEE UNDERSTANDS AND AGREES THAT NEITHER THE SUPPLIER NOR ANY SALESMAN OR OTHER AGENT OF THE SUPPLIER IS AN AGENT OF LESSOR. NO SALESMAN OR AGENT OF THE SUPPLIER IS AUTHORIZED TO WAIVE OR ALTER ANY TERM OR CONDITION OF THIS LEASE, AND NO REPRESENTATIONS AS TO THE EQUIPMENT OR ANY OTHER MATTER BY THE SUPPLIER SHALL IN ANY WAY AFFECT THE LESSEE'S OBLIGATIONS TO PERFORM INCLUDING THE PAYMENT OF THE LEASE PAYMENTS SET FORTH IN THIS LEASE AND IN ANY SCHEDULE. LESSEE REPRESENTS AND WARRANTS THAT THIS IS A COMMERCIAL AND BUSINESS TRANSACTION AND NOT A CONSUMER TRANSACTION. THIS LEASE SHALL BE NONCANCELLABLE FOR THE FULL LEASE TERM.

ADDITIONAL PROVISIONS:

2. LEASE. Eaton Financial Corporation (hereinafter called "LESSOR") hereby leases to the LESSEE named below and LESSEE hereby leases from the LESSOR the personal property described above in the Schedule of Equipment Leased and in any other Schedule made a part hereof by the parties (hereinafter called "Equipment") for the Lease Term as set forth in the Schedule of Lease Payments and upon the terms and conditions set forth herein AND ON THE REVERSE SIDE HEREOF.

3. LEASE PAYMENT. The Lease Payments to be paid by LESSEE shall commence when the LESSEE has received Equipment which is equal to fifty percent of the value at cost to LESSOR of the Equipment to be leased ("Commencement Date"), and shall continue thereafter to be paid on the same day of each succeeding month in the amount specified and for the total number of payments as provided in the Schedule of Lease Payments. The Security Deposit is due and payable at the time of the signing of this Lease, and if applicable, any Schedule. All Lease Payments by LESSEE shall be payable at the office of LESSOR or at such other place as LESSOR may from time to time appoint. LESSEE hereby authorizes LESSOR the use of the total advance Lease Payments made by LESSEE under this Lease, provided that LESSOR accounts to LESSEE for said payments at the termination of the Lease Term in the Schedule(s) of Lease Payments, as applicable. THE LEASE PAYMENTS SHALL BE ADJUSTED PROPORTIONATELY UPWARD OR DOWNWARD IF THE ACTUAL TOTAL COST OF THE EQUIPMENT TO LESSOR EXCEEDS OR IS LESS THAN THE ESTIMATE, AND IN THAT EVENT THE LESSEE AUTHORIZES LESSOR TO ADJUST THE LEASE PAYMENTS UPWARD OR DOWNWARD, NOT TO EXCEED TWENTY PERCENT (20%).

4. WARRANTIES. LESSOR MAKES NO EXPRESS OR IMPLIED WARRANTIES INCLUDING THOSE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE WITH RESPECT TO SUCH LEASED EQUIPMENT AND HEREBY DISCLAIMS THE SAME. LESSEE has made the selection of the above Equipment from the Manufacturer or Vendor (hereinafter collectively called "SUPPLIER") prior to requesting LESSOR to purchase the same for leasing under this Lease, based on its own judgment and expressly disclaims any reliance upon any statements or representations made by the LESSOR. LESSOR IS NOT RESPONSIBLE FOR ANY REPAIRS, SERVICE OR DEFECTS IN THE LEASED EQUIPMENT OR OPERATION THEREOF. In no event shall LESSOR be liable for any indirect, special or consequential damages; and without limiting the generality thereof including for any loss, cost or damage to LESSEE or others arising from defects, negligence, delays, failure of delivery, or non-performance of the Equipment. Any warranty by the SUPPLIER, which is assignable, is herewith assigned to LESSEE by LESSOR without recourse. Such warranty will not release LESSEE from its obligations to LESSOR to make Lease Payments and to keep, and maintain, the Equipment in good condition.

5. DELIVERY AND ACCEPTANCE. The Equipment shall be shipped directly to the LESSEE by the SUPPLIER. LESSEE agrees to accept such delivery of the Equipment and upon installation thereof to execute and deliver to LESSOR, the Delivery and Acceptance Receipt submitted by LESSOR. LESSEE further agrees that the validity of this Lease shall not be affected by any delay in the shipment of the Equipment by the SUPPLIER. In the event that LESSEE has not executed and delivered to LESSOR, the submitted Delivery and Acceptance Receipt upon installation of the Equipment, then it shall be conclusively presumed, as between LESSOR and LESSEE, that the Equipment is acknowledged to be in good working order and condition and that LESSEE has accepted and is satisfied that the Equipment constitutes the Equipment specified herein or in any Schedule.

By execution hereof, the signer hereby certifies that he has read this Lease consisting of the foregoing and INCLUDING THE REVERSE SIDE HEREOF, and that he is duly authorized to execute this Lease on behalf of the LESSEE, and hereby acknowledges receipt of a copy of this Lease. 6. USE / LOCATION. LESSEE shall use Equipment solely in the conduct of its business, and in a careful and proper manner, and will not assign this Lease or its interest hereunder. Additionally, the LESSEE, at its own cost and expense, shall keep Equipment in good repair, condition and working order and shall furnish any and all parts and labor required for that purpose. LESSEE shall not make any alterations to Equipment without the prior written consent of LESSOR. All Equipment, accessories, parts and replacements for or which are added to or become attached to Equipment shall immediately become the property of LESSOR and shall be deemed incorporated in the Equipment and subject to the terms of this Lease as if originally leased hereunder. LESSEE covenants that it will make lawful use of the Equipment. Equipment shall be located at the address to which Equipment is to be shipped and shall not be removed from such location without the prior written consent of LESSOR.

7. TIME. Time being of essence to this Lease, in the event that any Lease Payment(s) required to be made hereunder are not received by LESSOR within five (5) days from their due date, LESSEE agrees to pay in addition thereto a delinquency charge equal to ten percent (10%) of the amount of said payment(s).

8. LOSS AND DAMAGE. Upon shipment of Equipment to LESSEE, the LESSEE hereby assumes and shall bear the entire risk of loss and damage to Equipment from any and every cause whatsoever.

9. INSURANCE. LESSEE, at its own cost and expense, shall keep the Equipment insured for the entire Lease Term herein as well as in any other Schedule made a part hereof against all risk of loss, theft, damage and destruction from any cause whatsoever for the full replacement cost of the Equipment. LESSEE shall deliver to LESSOR within twenty-one (21) days from LESSEE'S execution of the Lease and any Schedule evidence of such property insurance coverage for the Equipment, naming LESSOR as the loss payee and providing that LESSOR shall be given thirty (30) days' prior written notice before any material alteration or cancellation of such property insurance. If LESSEE fails to deliver to LESSOR evidence of such insurance satisfactory to LESSOR within the time period stated above, then LESSOR shall have the right but not the obligation to obtain property insurance for the Equipment from an insurance company that may be affiliated with LESSOR at LESSEE'S expense. In the event that LESSOR does obtain such insurance coverage then LESSEE'S expense shall include, without limitation, the cost of such insurance and any customary charges or fees associated with the placement, maintenance or service of such insurance (Insurance Charge). LESSEE authorizes LESSOR to adjust its Lease Payments to include the Insurance Charge and LESSEE shall pay to LESSOR such Insurance Charge in equal installments allocated to each remaining Lease Payment (with interest on such allocations at the maximum rate permitted by applicable law).

Nothing in this Lease shall create any insurance relationship of any type whatsoever between LESSOR and any other person or party. LESSOR shall not be required to obtain or maintain in force any property insurance in any amounts or upon any specific terms and conditions. LESSOR reserves the right to terminate any such property insurance coverage which LESSOR may obtain, and LESSEE may further allow any such property insurance coverage to lapse without having any liability to LESSEE, provided, however, that LESSOR shall not charge LESSEE the Insurance Charge from the date that such property insurance coverage lapses or is terminated. In the event that LESSOR renews or replaces such property insurance coverage, LESSOR shall not be obligated to provide replacement or renewal coverage pursuant to the same terms, costs, limits or conditions as the previous coverage.

In the event that LESSEE has procured its own property insurance, LESSEE hereby appoints LESSOR as LESSEE'S attorney-in-fact to make claims for, receive payment of, and execute and endorse all documents, checks or drafts for theft, loss, damage or destruction to the Equipment under such property insurance. In all circumstances, LESSEE shall cooperate with LESSOR or LESSOR'S agent with respect to the placement and processing of claims.

LESSEE shall also carry public liability insurance and third party property damage insurance and such insurance policies shall be in the name of the LESSOR and LESSEE and shall be in such form and contain such terms, amounts, and with such insurance companies satisfactory to LESSOR.

10. LAWS, TAXES AND OTHER FEES. LESSEE shall comply with all laws and regulations relating to the use of the Equipment and shall save LESSOR harmless against actual or asserted violations, and pay all costs and expenses of every character in connection therewith or arising therefrom. If compliance with any law, ordinance, rule or permit by any Government agency requires changes or additions to be made on or to Equipment, such changes or additions shall be made by LESSEE at its own expense. LESSEE shall promptly pay to LESSOR, when billed by LESSOR, all license fees, registration fees, assessments, stamp and documentary taxes, sales and use taxes, personal property taxes, excise taxes, and all other taxes and charges, however designated, which may now or hereafter, during the term of this Lease or in any Schedule made a part hereof, be imposed by any Governmental body or agency, upon the ownership, possession, leasing, renting, operation, control, use or maintenance of the Equipment, whether assessed to LESSOR or LESSEE, and whether due before or after termination of the Lease Term, excluding all taxes on or measured by the income of LESSOR. All personal property use tax returns or other required tax returns relating to the Equipment shall be filed by LESSOR, and LESSEE agrees to pay to LESSOR, when charged by LESSOR, a fee for LESSOR'S handling or collecting of all personal property taxes, sales taxes, use taxes and all other taxes, as well as for the preparation by LESSOR of all tax returns that are required to be filed with respect to the Equipment. LESSOR shall not be obligated to contest any valuation of or tax imposed on the Equipment, but may do so strictly as an accommodation to LESSEE and shall not be liable or accountable to LESSEE therefor.

11. TITLE/RECORDING. Title to Equipment shall at all times remain in LESSOR. The LESSEE shall at all times keep the Equipment free and clear from all liens, attachments, liens, encumbrances and charges or other judicial process of every kind whatsoever, shall give LESSOR immediately written notice thereof and shall indemnify and save LESSOR harmless from any loss or damage caused thereby. LESSEE authorizes LESSOR, its successors, assigns and lenders to LESSOR, to file a carbon, photographic or other reproduction of this Lease or any Schedule made a part hereof as a financing statement for the Equipment, and LESSEE further authorizes LESSOR in LESSEE'S name to execute and file financing statements for the Equipment. Such filings under the Uniform Commercial Code are not intended to imply that this Lease is not a true Equipment Lease Agreement. The Equipment is and shall remain personal property irrespective of its use or manner of attachment to realty, and LESSEE will not cause or permit Equipment to be attached to realty in such manner that it might become part of such realty without securing the prior written consent of LESSOR. LESSEE agrees to pay LESSOR, when charged by LESSOR, a fee as determined by the LESSOR for LESSOR'S preparation, handling and documenting of this Lease or any Schedule made a part hereof, or the filing with any governmental body with respect thereto.

12. DEFAULT. In the event LESSEE shall default in the payment, when due, of any Lease Payment, additional Lease Payment, or any other sums due hereunder for a period of five (5) consecutive days thereafter, or in the event of any other default or breach of the other terms and conditions of this Lease or in the event of any default or breach of the terms and conditions of any other Equipment Lease Agreements or Rental Agreements between LESSEE and LESSOR, or if any execution or other process shall be issued in any action or proceeding against the LESSEE, whereby the said Equipment may be taken or distrained, or if the LESSEE shall enter into any agreement or composition with its creditors, or LESSEE becomes insolvent or makes an assignment for the benefit of creditors, or a receiver, trustee, conservator or liquidator of LESSEE of all or a substantial part of its assets is appointed with or without the application or consent of LESSEE, or a petition is filed by or against LESSEE under the Bankruptcy Code or any amendment thereto, or under any other insolvency law or laws providing for the relief of debtors, or breach by LESSEE of any of the terms of any loan or credit agreement or default thereunder, or if the financial condition of the LESSEE'S business affairs shall so change as to, in LESSOR'S opinion, impair LESSOR'S Equipment or increase the credit risk involved, then and upon the happening of any of these event(s) LESSOR shall have the right to do any one or more of the following:

- (1) declare this Lease in default upon written notice to LESSEE, whereupon the entire amount of Lease Payments remaining to be paid over the balance of the Lease Term of all Equipment then leased hereunder, together with all other obligations as hereinafter set forth, shall become immediately due and payable; and
- (2) proceed to appropriate court action or actions at law or in equity or in bankruptcy to enforce performance by LESSEE of the covenants and terms of this Lease and/or to recover damages for the breach thereof; and
- (3) terminate this Lease and any Schedule upon written notice to LESSEE; and
- (4) whether or not this Lease and any Schedule be so terminated, and without notice to LESSEE, repossess the Equipment wherever found, with or without legal process, and for this purpose LESSOR and/or its agents may enter upon any premises or under the control or jurisdiction of LESSEE or any agent of LESSEE without liability for suit, action or other proceeding by LESSEE (any damages occasioned by such repossession being hereby expressly waived by LESSEE) and remove the Equipment therefrom. Notwithstanding the fact that any or all of the Equipment is returned to or repossessed by LESSOR, as aforesaid, LESSEE shall remain liable for, and LESSOR may forthwith recover from LESSEE as liquidated

damages, for breach thereof under this Lease, and not as a penalty, in addition to the entire amount of unpaid Lease Payments pursuant to sub-paragraph (1) above, all other unpaid sums or charges that accrued prior to the date of LESSEE'S default, together with all costs and expenses incurred by LESSOR as set forth herein.

If LESSEE fails to deliver any Equipment to LESSOR, or LESSOR is unable for any reason to effect repossession of any Equipment, or LESSOR in its sole discretion does not repossess any of the Equipment, then, with respect to such Equipment, LESSEE shall be liable for, and LESSOR may forthwith recover from LESSEE, as liquidated damages, for breach thereof under this Lease, and not as a penalty, in addition to the entire amount of unpaid Lease Payments pursuant to sub-paragraph (1) above, the sum of twenty percent (20%) of the actual cost to LESSOR of such Equipment, plus all other unpaid sums or charges that accrued prior to the date of LESSEE'S default, together with all costs and expenses incurred by LESSOR as set forth herein.

LESSOR may also recover from LESSEE all costs and expenses, including without limitation, reasonable attorney's fees incurred by LESSOR in exercising any of its rights or remedies hereunder.

LESSOR, at its option, may apply the Security Deposit against the LESSEE'S obligations under this Lease.

Any repossession, resale or re-lease of any Equipment by LESSOR shall not be a bar to the institution of litigation by LESSOR against LESSEE for damages for breach of this Lease, as heretofore provided, and the commencement of any litigation or the entry of judgment against LESSEE shall not be a bar of LESSOR'S right to repossess any or all of the Equipment.

With respect to any Equipment returned to LESSOR, or repossessed by LESSOR pursuant to sub-paragraph (4) above, LESSOR may hold or use such Equipment for any purpose whatsoever, or may sell same at a private or public sale, for cash or credit, or may re-lease same for such term and upon such Lease Payment as shall be solely determined by LESSOR. In the event of the sale or re-leasing by LESSOR of any such Equipment, LESSEE shall be liable for, and LESSOR may forthwith recover from LESSEE as liquidated damages for breach of this Lease, and not as a penalty, in addition to the entire amount of unpaid Lease Payments pursuant to sub-paragraph (1) above, the sum of twenty percent (20%) of the actual cost to LESSOR of such Equipment, plus all other unpaid sums or charges that accrued prior to the date of LESSEE'S default, less the proceeds of any sale or re-leasing of such Equipment, after first deducting therefrom all costs and expenses incurred in repossession, storage, repairs, reconditioning, sale, re-leasing, attorney's fees and collection fees with respect to such Equipment.

To the extent permitted by applicable law, LESSEE hereby waives any rights now or hereafter conferred by statute or otherwise which may require LESSOR to sell, lease or otherwise use any Equipment in mitigation of LESSEE'S damages as set forth in this Paragraph 12, or which may otherwise limit or modify any of LESSOR'S rights or remedies under this Paragraph 12.

In the event that any court of competent jurisdiction determines that any provision of this Lease is invalid or unenforceable in whole or in part, such determination shall not prohibit LESSOR from establishing its damages sustained as a result of any breach of this Lease in any action or proceeding in which LESSOR seeks to recover such damages or the return of its Equipment.

13. CUMULATIVE REMEDIES. All remedies of LESSOR hereunder are cumulative and may, to the extent permitted by law, be exercised concurrently or separately, and the exercise of any one remedy shall not be deemed to be an election of such remedy or to preclude the exercise of any other remedy. No failure on the part of LESSOR to exercise, and no delay in exercising any right or remedy hereunder shall operate as a waiver thereof; nor shall any single or partial exercise by LESSOR of any right or remedy hereunder preclude any other or further exercise thereof or the exercise of any other right or remedy. Damages occasioned by LESSOR'S taking possession of Equipment are hereby waived by LESSEE. LESSEE waives any right of venue and agrees that all legal, equitable, or arbitration actions between LESSEE and LESSOR can be brought in a court of competent jurisdiction at the sole election and determination of LESSOR, and LESSEE consents thereto.

14. RETURN OF EQUIPMENT. On termination or expiration of the Lease Term, or upon LESSEE'S default, LESSEE shall, at its own cost and expense, return the Equipment to LESSOR at an address specified by LESSOR in the same condition as received, reasonable wear and tear and normal depreciation excepted. The LESSEE shall, in addition to all other payments due to LESSOR under the terms of this Lease, pay to LESSOR such sums as may be necessary to cover replacement for all damaged, broken or missing parts of the Equipment.

15. RENEWAL. Unless LESSEE, sixty (60) days prior to the expiration of the Lease Term, notifies LESSOR in writing of its intentions to terminate the leasing of the Equipment at its expiration date, then the Lease Term shall automatically be extended upon all of the terms and conditions as stated herein including the monthly Lease Payment, for a period of one year from its expiration date without the necessity of the execution of any further instrument or document and shall continue from year to year thereafter under the same terms and conditions until terminated.

16. ASSIGNMENT. This Lease or any Equipment or any Lease Payments or other sums due or to become due hereunder may be transferred or assigned by LESSOR, without notice, and in such event LESSOR'S transferee or assignee shall have all the rights, powers, privileges and remedies of LESSOR under this Lease, and LESSEE'S obligations under this Lease shall not be subject to any defense, offset or counterclaim available to LESSEE against LESSOR.

17. CONFLICTS. If any provision of this Lease is in conflict with any statute or rule of law of any state or territory wherein it may be sought to be enforced, then such provision shall be deemed null and void to the extent that it may conflict therewith, but without invalidating the remaining provisions of this Lease. For the sole purpose of resolving any problem of conflict of laws with respect solely to filing or recording hereof, it is agreed that questions of filing or recording shall be determined by the law of such place where the Equipment is located. In all other respects, this Lease shall be governed by the Laws of the Commonwealth of Massachusetts.

18. NOTICES. All notices relating hereto shall be in writing and delivered in person to an officer of the party to which such notice is being given or mailed by certified mail to such party at the address specified above its signature hereto, or at such other address as may be hereafter specified by like notice to either party to the other.

19. CAPTIONS. Captions are intended for convenience or reference only, and shall not be construed to alter or vary the text.

20. ACCESS. LESSEE shall, whenever requested, advise LESSOR of the exact location of the Equipment. LESSOR may, for the purpose of inspections, at all reasonable times, enter upon any job, building or place where Equipment is located and may remove Equipment forthwith without notice to LESSEE. If Equipment is, in the opinion of LESSOR, being used beyond its capacity or in any manner improperly cared for, abused, or misused.

21. INDEMNITY. LESSEE shall and does hereby agree to indemnify and save LESSOR, its successors and assigns, harmless from any and all liability, damages, or loss, including reasonable counsel fees, arising out of the ownership, selection, possession, leasing, renting, operation (regardless of where and how and by whom operated), control, use, condition (including out not limited to latent and other defects, whether or not discoverable by LESSEE), maintenance, delivery and return of the Equipment, or in the event that the LESSEE shall be in default hereunder, arising out of the condition of any item of Equipment sold or disposed of after use by the LESSEE. The indemnities and obligations herein provided shall continue in full force and effect notwithstanding the termination of this Lease.

22. ENTIRE LEASE, CHANGES. This Lease and any Schedule made a part hereof contains the entire agreement between the LESSOR and LESSEE and may not be altered, amended, modified, terminated or otherwise changed, except by a writing signed by an executive officer of LESSOR. Notwithstanding the foregoing, LESSEE hereby authorizes LESSOR, without further notice, to complete the description of the Equipment to be leased, the quantity thereof, and to fill in any blank spaces on this Lease, to date this Lease or any Schedule.

23. CHOICE OF LAW. This Lease shall be valid and enforceable when accepted in writing by LESSOR and shall be governed by the Laws of the Commonwealth of Massachusetts and shall be binding upon LESSOR and LESSEE and their respective legal representatives, successors and assigns.

24. OTHER COVENANTS AND WARRANTIES OF LESSEE. LESSEE agrees that this Lease is irrevocable for the full term thereof; that LESSEE'S obligations under this Lease are absolute and shall continue without abatement and regardless of any disability to use the Equipment or any part thereof because of any reason including but not limited to: war, act of God, governmental regulations, strike, loss of damage, destruction, obsolescence, failure of or delay in delivery, failure of the Equipment properly to operate, termination by operation of law, or any other cause.

GUARANTY

In consideration of EATON FINANCIAL CORPORATION ("EATON FINANCIAL") entering into any Equipment Lease Agreements and in any Schedule(s) made a part thereof ("Leases") with _____ ("Lessee")

the Undersigned unconditionally guarantees to EATON FINANCIAL, its successors and assigns, the prompt payment in full, when due, or accelerated following default, of every Lease Payment due under the Leases, and performance of all of Lessee's obligations under all of the Leases regardless of any invalidity or unenforceability thereof. EATON FINANCIAL shall not be required to proceed against Lessee or the Equipment or enforce any other remedy before proceeding against the Undersigned under this Guaranty. The Undersigned agrees to pay to EATON FINANCIAL all attorney's fees and expenses incurred by EATON FINANCIAL by reason of any default by the Lessee under the Leases and also the exercise by EATON FINANCIAL to enforce its rights against the Undersigned under the terms of this Guaranty.

The Undersigned waives notice of acceptance hereof and all other notices or demands of any kind to which it may be entitled and consents that EATON FINANCIAL may, without affecting Undersigned's liability under this Guaranty, compromise or release, in terms satisfactory to it or by operation of law or otherwise, any rights against Lessee and other obligors and guarantors; grant extensions of time of payment to Lessee; and to the transfer, sale or any other disposition of the Equipment and the Leases.

Upon any default by the Lessee in the payment and performance of its obligations under the Leases with EATON FINANCIAL, the liabilities and obligations of the Undersigned hereunder shall, at the option of EATON FINANCIAL, become forthwith due and payable to EATON FINANCIAL without demand or notice of any nature, all of which are expressly waived by the Undersigned.

This is a continuing Guaranty and shall not be discharged or affected by death of the Undersigned, shall bind the heirs, administrators, representatives, successors and assigns of the Undersigned, and may be enforced by or for the benefit of, any assignee or successor of EATON FINANCIAL to the same extent EATON FINANCIAL may, itself, enforce it. The undersigned hereby consents and submits to the jurisdiction of the respective courts pursuant to the terms of the Leases for enforcement of this Guaranty.

That the liability of the Undersigned hereunder is direct and unconditional; that if there is more than one Undersigned, then the liability of the Undersigned hereunder shall be joint and several. This Guaranty may be terminated by the Undersigned, upon 60-day prior written notice to EATON FINANCIAL, and shall be effective only as to Leases having their inception after the effective date of termination and shall not affect EATON FINANCIAL'S rights under this Guaranty arising out of Leases having their inception prior to such date.

This Guaranty is executed as an instrument under seal, and all acts and transactions hereunder, and the rights and obligations of the parties hereto shall be governed, construed and interpreted according to the laws of the Commonwealth of Massachusetts.

Now That You Have Your Microsoft® Mouse... Add Mouse Support to All Your Programs

The Microsoft Mouse is a high performance pointing device that provides a more advanced and natural way to control your computer. Now you can add a mouse interface to any program, whether you're developing a new application or enhancing an existing one.

Disclaimer of Other Warranties.

The above are the only warranties of any kind, express or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose, that are made by Microsoft on this Microsoft product. No oral or written information or advice given by Microsoft, its dealers, distributors, agents, or employees shall create a warranty or in any way increase the scope of this Limited Lifetime Warranty, and you may not rely on any such information or advice.

Limitation of Liability.

Neither Microsoft nor anyone else who has been involved in the creation, production, or delivery of this product shall be liable for any direct, indirect, consequential, or incidental damages (including, without limitation, damages for loss of business profits, business interruption, loss of business information, and the like) arising out of the use of or inability to use this product even if Microsoft has been advised of the possibility of such damages. Because some states do not allow the exclusion or limitation of liability for consequential or incidental damages, the above limitation may not apply to you.

Miscellaneous.

This Limited Lifetime Warranty shall supersede any inconsistent warranties contained in the Microsoft License Agreement. This Limited Lifetime Warranty is governed by the laws of the State of Washington. Should you have any questions concerning this Limited Lifetime Warranty, or if you desire to contact Microsoft for any reason, please write to:

Microsoft Customer Sales and Service
16011 NE 36th Way
Box 97017
Redmond, WA 98073-9717

0289 Part No. 06445

Microsoft®

Microsoft® Mouse Limited Lifetime Warranty.

Microsoft warrants to the original purchaser that this Microsoft Mouse (also referred to as "Product") is free from defects in materials and workmanship and will perform substantially in accordance with the Product documentation for the life of the Product. This Limited Lifetime Warranty does not apply to the software or disks that accompany the Microsoft Mouse; they are covered by the Microsoft License Agreement. **THIS PRODUCT IS INTENDED FOR SALE IN THE USA ONLY. IF YOU RESIDE OUTSIDE THE USA, THEN MICROSOFT PROVIDES THIS PRODUCT "AS IS" WITHOUT WARRANTY OF ANY KIND.** If failure of the Product has resulted from accident, abuse, or misapplication, Microsoft shall have no responsibility under this Limited Lifetime Warranty.

Purchaser's Exclusive Remedies.

During the first two (2) years after purchase, your exclusive remedy for a defective Microsoft Mouse shall be, at Microsoft's option, either (a) repair or replacement of the Product that does not meet this Limited Lifetime Warranty or (b) return of the purchase price. After the initial two (2) year period, your exclusive remedy shall be the repair or replacement of the Microsoft Mouse upon your payment of a fixed fee to cover handling and service costs based on Microsoft's then-current price schedule. If you suspect the Product is not working properly or if you have questions about the performance of your Microsoft Mouse, call our Product Support Department at (206) 454-2030, weekdays from 8 A.M. to 5 P.M. Pacific time. The technicians at this number can help you determine whether the Product requires repair. If you know the Product needs repair, call our Customer Service at (206) 882-8088, weekdays from 6 A.M. to 5:30 P.M. Pacific time. Representatives at this number will give you a return authorization number. Then return the Product, with a copy of your proof of purchase, to Microsoft at the following address:

Customer Service Department
Attention: Hardware Repair
Microsoft Manufacturing
21919 20th Avenue SE
Bothell, WA 98021

You are responsible for the cost of shipping the Product to Microsoft. Microsoft is responsible for the cost of returning the repaired or replacement Product to you. Repair parts and replacement Product will be either reconditioned or new.

Limited Warranty

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

NEC Information Systems, Inc. (hereinafter "NECIS") warrants that this Product is free from defective material and workmanship and, subject to the conditions set forth below agrees:

to repair or replace any part of the enclosed unit which proves defective by reason of improper workmanship or materials for a period of one(1) year from the date of original retail purchase, without charge for parts and labor.

The attached warranty registration card shall have been mailed to NECIS (addressed to NEC Information Systems, Inc., 1414 Massachusetts Avenue, Boxborough, MA 01719,) within 10 days of retail purchase to validate this warranty.

This warranty is limited to the original purchaser of the Product and is not transferable.

Proof of Purchase will be required by NECIS to substantiate date of purchase. Such proof of purchase must be an original bill-of-sale or receipt containing name and address of seller, purchaser, and the serial # of the product.

This warranty shall not be effective unless the Product was purchased from a dealer or other person authorized by NECIS to sell this Product.

The Product shall be shipped, freight prepaid, or delivered to the dealer from whom it was purchased or other facility authorized by NECIS to render the services provided hereunder in either the original package or a similar package affording an equal degree of protection.

The Product shall not have been previously altered, repaired, or serviced by anyone other than a service facility authorized by NECIS to render such service; the serial number on the Product shall not have been altered or removed; the product shall not have been subjected to accident, misuse, or abuse or operated contrary to the instructions contained in its accompanying manual.

NECIS SHALL NOT BE LIABLE FOR DIRECT, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR OTHER TYPES OF DAMAGES RESULTING FROM THE USE OF ANY PRODUCT OTHER THAN THE WARRANTIES STATED ABOVE. THESE WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. SOME STATES DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES OR THE LIMITATION OF OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES SO THE ABOVE EXCLUSIONS OR LIMITATIONS MAY NOT APPLY TO YOU.

Dear Karen:

Thank you for submitting a bid in response to our notice in the Chamber newsletter. We appreciate your interest but the Convention & Visitors Bureau has made a decision to purchase its equipment through another company.

Thank you for your effort in this matter and for your support of the Chamber of Commerce.

Sincerely,

Jo Ann Ballantine
Staff Director

ESI-2040A SHARESPOOL BY EXTENDED SYSTEMS

ES-2041B

FEATURES

- * Enables four users to share a single LaserJet IIP printer.
- * Completely user transparent, no user interaction is necessary, no special software is required.
- * All inputs are handled simultaneously and automatically. ShareSpool is so efficient that it appears as if each user is directly connected to the printer. Print jobs can be sent regardless of activity on other computers, freeing your PC to go on to another task.
- * Buffer space is dynamically allocated; each job gets only the buffer size it needs.
- * Easy installation. Replace the I/O interface plate with the ShareSpool, and connect the cabling to each PC's serial port with the appropriate adapter.
- * Specifications
 - Four serial (RS-232) inputs
 - 256K 64K byte memory buffer
 - Direct communication to the printer formatter
 - 9600 or 19.2K baud supported on all input ports
 - DTR hardware and Xon/Xoff software handshakes supported
 - RJ45 cable connections from the computers to the ShareSpool
 - 30-day money-back guarantee
 - 2-year warranty

CUSTOMER BENEFITS

Stretches investment in the HP LaserJet IIP printer to four users.

Increases productivity by sharing the speed, quality and quietness of LaserJet printers among four users.

Provides more people with transparent 'no-hassle' access to the advanced features of the LaserJet IIP printer without sacrificing the convenience of a direct connection.

SALES REPRESENTATIVE BENEFITS

Makes laser printers affordable to more people.

Requires little or no post sale support.

Differentiates your product offerings and adds margin to your laser printer sales in a competitive market.

Enables you to sell productivity by giving more users access to the capabilities and benefits of laser printing.

Provides an inexpensive, easy-to-use follow-up product for your customers who already own a LaserJet IIP printer.

AUTOMATED DATA SYSTEMS
2006 N. BELL AVENUE
DENTON, TX 76201
(817) 382-0405

NINE REASONS TO BUY YOUR COMPUTER SYSTEMS FROM
AUTOMATED DATA SYSTEMS

Automated Data Systems deals direct with you. When you buy our computers, you buy direct from the same company that designs, markets, services and supports its own line. Doing business with Automated Data Systems is not only easy, its smart. Here are nine key reasons why our products are the number one choice for many others like you.

Performance. The fact is we have one of the fastest desktop computers available - ADS 386. Our newest 386-based, 20 MHz system is designed with the latest 32 bit architecture. As you would expect, our systems are completely MS-DOS compatible.

Quality. We are so confident you will be pleased with your new system, we offer a 30-day return policy. If your new ADS system does not satisfy your needs, you can return it. If for any reason you need to upgrade your system any time within the next six months, we will give you full purchase price credit for your ADS system to be applied toward the purchase of your new ADS system.

Warranty. We also include a one-year warranty in our already low price.

Custom Designed. Each system is custom designed based on the individual need of each customer. In just over three years we have acquired customers from Florida to New York; businesses such as the Houston Eye Clinic, in Houston, Texas, Gilbert Communications in Bronson, Florida and First State Bank in Denton, Texas.

Custom Made. Our systems are built in Denton, Texas, so we can customize your computer exactly to your requirements. (Processor, memory, storage devices, monitors, etc.) You can order systems just the way you need and want them.

Customer Service and Support. If you should need on site service, it is provided in most locations the same day. Many of the problems you encounter can be resolved in minutes with a phone call. We are one of the very few computer companies that can and will repair systems at the customer site rather than ask the customer to bring their system to us. If the system requires service at the shop, we bring the system in and return it to you.

COMPUTER BID PROPOSAL
TO
DENTON CHAMBER OF COMMERCE

BY
TRIVITT CONSULTING AND TRAINING CENTER

AUGUST 28, 1988

Trivitt Consulting and Training Center

Rt. 2, Box 830
Sanger, TX 76266
"6 mi. N. on I-35 - Rector Rd. East"

Karen Trivitt, BS, MS
Curtis Trivitt, PE
817-458-7053

August 28, 1989

Mr. Bill Holt
Economic Development Advisor
Denton Chamber of Commerce
Denton, TX

Dear Mr. Holt,

Thank you for this opportunity to submit a bid for two computer systems to the Denton Chamber of Commerce. I will do my best to give you the lowest possible price without excluding quality in the hardware and software.

The price of the systems include setup, installation of software, delivery to your location and a walk-through with the person who will be operating the machine. Training is available at our Training Center or on site for an additional fee.

The Mitsuba Base Unit has been selected on the basis of performance. The Quimax Monitor has a two-year warranty and excellent clarity. The home office of Mitsuba is located in Carrollton which means immediate help in the case of maintenance.

Should Trivitt Consulting be selected as your vendor, please allow 4-6 days for delivery since we do install your software and do a series of tests on the machine before delivery. Payment in full is due when the machines are delivered.

Again, thank you for this opportunity to serve your computing needs.

Sincerely,

Karen Trivitt

Warranty: One year on all components through The Office Equipment Center.

Solutions at your fingertips

IBM Personal Typing System

Word processing, typing, personal computing, and more—in one desktop system

The IBM Personal Typing System™, the ultimate solution for today's secretary, is actually three extraordinary machines in one. It's an intelligent word processor with advanced editing and formatting features... a versatile, self-correcting typewriter... and a powerful personal computer.

Most important, the Personal Typing System works the way you do—moving quickly from task to task. It lets you switch from word processing to typing and return to word processing in seconds by pressing just one key. Or switch from word processing to other applications without inserting or removing diskettes.

IBM

The Bigger Picture

With all these features, the IBM Personal Typing System is still easy to learn and use. All function keys are labeled with word processing functions—like Block, Merge and Spell—for easy understanding. And the 25-line display, available in monochrome or color, offers on-screen help every step of the way.

Simplify word processing. With the IBM Personal Typing System, you can begin word processing almost as soon as you sit down. There's no complicated setup. You can create a document, add new paragraphs, or delete sections with ease. Other functions allow you to move up, down or across a page to make a revision; move a word, line or page at a time; insert or delete a character, word or line.

Type efficiently from the start. Because the IBM Personal Typing System has the classic IBM touch, you can type quickly and comfortably. And you can easily correct as well, thanks to a special "key-to-print" feature.

Other useful typewriting functions let you conveniently type labels, file cards and envelopes. Store a page format you commonly use and retrieve it anytime you need to fill in new data. Make corrections anywhere on a line while you're typing by using the Erase key. Or use the delayed print mode to erase an entire line before printing.

Get personal computer power. To do all your daily typing tasks within a tight time frame, you may need the power of a personal computer. And with the IBM Personal Typing System, you get it. By loading DOS 3.30, you can use the system's PC functions to help you speed through a wide range of jobs—from maintaining data bases to updating reports.

Select the right model for your office. The IBM Personal Typing System is available in six models to fit your needs and your budget.

Models 1 and 3 come complete with the IBM Correcting Wheelwriter® Printer (an impact printer), and Models 2 and 4 include the IBM Correcting Quietwriter® Printer (a nonimpact printer). Both printers automatically lift letters off the page—saving you time and paper.

Because Models 5 and 6 do not have printers, they are ideal for offices where there are printers to share—or where typewriters can be used as printers.

Highlights

The IBM Personal Typing System has a host of important features to make your typing tasks easier and your time more productive.

640Kb user memory provides plenty of electronic workspace for long documents, complicated calculations and sophisticated software.

8086 microprocessor delivers high-speed performance to help you handle data quickly.

720Kb diskette drive lets you load files and programs rapidly.

3.5-inch diskettes hold large amounts of information.

FORTIS DM2210	All of the Features of the DM2215	\$ 459.00

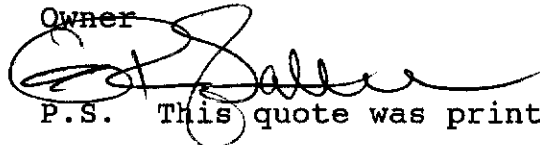

** All printer models that have a 15 in the last two positions of the model number are 15 inch carriages. All printer models that have a 10 in the last two positions of the model number designate a 10 inch carriage.

It is my opinion that you would be best served at this time with a ADS XT-20. The 10 Mhz. CPU and 20 meg. hard drive will provide you with the processing power and storage that you need to accomplish the many office task that you now perform. If your office sends out many letters that need to have the published appearance then I suggest that you consider the Fortis DP600S. Not only is it fast, but it also is a letter quality published print. It will save you the cost of sending you mass mailing to a publisher and it will save you from having to reproduce your original at a copier. For the office reports any of the other printers will serve you as well depending on whether you want a 15 inch carriage or a 10 inch carriage and whether you want a 24 pin or a 9 pin print head. These are all office printer. Not home printers. The life of these printer is far greater than the inexpensive printer on the market today.

I hope that these suggestions are of help to you. If I can be of further assistance to you please call or drop in to see us. Thank you for this opportunity to be of service.

Best Regards,

Gordon R. Sallee
Owner

P.S. This quote was printed with a Fortis DP600S printer.

DQ Series 24-pin Dot Matrix Printers

Easy-to-use front control panel – All printer functions can be set from this panel. We built in a 16 digit liquid crystal display so you can see what's being done in PLAIN ENGLISH – no beeps to count or LED grids to read. Also included are two user selectable menu settings (macros) to allow you to save your most commonly used formats. About the only thing we left out were the confusing little DIP switches.

Rugged and reliable – 6000 hours MTBF, significantly longer than most of the competition.

Paper Handling – The automatic paper park/reload lets you switch from forms to single sheets at the touch of a lever without unloading the tractor. The zero inch tear off bar allows you to print on every line of the page and eliminates wasted forms.

DQ4110 – Our lowest cost 24-pin printer, yet it shares the same rugged construction and high quality as our faster models. In testing against most of our competition we've found that the DQ4110 outperforms them by 20% to 30% in actual throughput speed despite its low cost.

DQ4210 – High speed narrow carriage model. Suitable for high volume letter quality printing needs.

DQ4215 – Top of our dot matrix line. Highest quality output. Continuous forms may be loaded from the rear, using the built in push tractor, or from the bottom with the included pull tractor. For convenience in feeding single sheets or envelopes we included a front feed slot as well. Rounding out the features is the optional color kit for dramatic presentations.

Advanced Liquid Crystal Shutter Technology is packed into a page printer that's 50% smaller and a lot lighter than the leading competition. But don't let size fool you. Superior caliber printing, compatibility, expandability and excellent pricing earn these real value awards. The **DP600S** is fully HP LaserJet Series II compatible while the **DP600W** is Diablo 630 ECS compatible. The DP600W offers quality and speed at a price that rivals medium priced daisy wheels. Optional memory, font cards and Epson/IBM emulations let you configure it any way you want.

DP600W

- 50% smaller than the leading competitor
- 100% Diablo 630 ECS compatible
- 300 x 300 dpi graphics capability
- Crisp, clean reproductions
- Optional IBM, Epson & HP LaserJet+ emulation cartridges
- Optional font cartridges

DP600S

- 50% smaller than the leading competitor
- 100% HP LaserJet Series II compatible
- 300 x 300 dpi graphics capability
- Crisp, clean reproductions
- Optional IBM, Epson, Diablo 630 ECS & HPGL emulation cartridges
- Optional font cartridges

Liquid Crystal Shutter

Hailed as a major advancement in computer printing, liquid crystal shutter (LCS) represents a significant improvement in nonimpact printing technology. Fewer moving parts, a direct result of LCS technology, means greater reliability over standard laser printers. LCS technology assures less distortion, sharper imaging and faster output.

SPECIFICATIONS

	DP600S	DP600W

October 13, 1987

Dear Valued Customer:

YOUR OFFICE IS A SYSTEM.
PAPERWORK PROBLEMS NEED SYSTEMS SOLUTIONS

... and the **IBM Personal Typing System Workstation** could be just the solution your office needs--no matter how small or large your organization.

Think of the **IBM Personal Typing System Workstation** as three powerful machines in one. It's an intelligent word processor with advanced editing and formatting features. It's also one of the most versatile typewriters you'll ever meet. And it's a personal computer, so you have the option of using it with popular business software.

With all these features combined in one system, the **IBM Personal Typing System Workstation** works the way your secretaries work--with lots of interruptions. It lets secretaries suspend word processing and switch to typing in a matter of seconds, for example. Switch from word processing to other applications--such as calculating or scheduling--without inserting or removing diskettes. Word Processing can even be interrupted to type a quick memo by pressing one key.

Thank you for attending our seminar today on this fantastic new product from IBM. Your marketing representative will be contacting you individually to answer any questions you may have regarding specific applications for this product. We look forward to having the opportunity of serving you concerning your office equipment needs,

The Office Equipment Center
817-566-1961

You'll find that automatic functions handle all the details that used to take up so much time. As soon as you feed paper into the typewriter, for instance, it positions itself at the first writing line. The system also automatically centers and indents text and prints subscripts and superscripts.

The typewriting functions also let you:

- Type labels, forms, file cards and envelopes, then switch back to word processing by pressing one key.
- Store layouts of forms you commonly use and retrieve them anytime you need to fill in new data.

- Make corrections anywhere on a line while you're typing by using the "Erase" key. Or use the delayed print mode to erase an entire line before printing.

Effective office management

Once the IBM Personal Typing System becomes part of your routine, you'll find yourself handling the toughest office jobs quickly. You can:

- Update and add to lists by using the "Mail and Phone List" function.
- Custom design your own lists or electronic file cards with the "Information Management" function. Create records for billing, accounts receivable or personnel, for example.
- Create and update daily and weekly schedules with the "Scheduler" function.
- Verify the figures in budgets and other financial reports with the built-in "Calculator" function.

Best of all, you can perform these tasks without inserting or removing diskettes. That's because all the necessary software is on the 3.5-inch diskette that comes with the IBM Personal Typing System.

Personal computer power

To do all your daily tasks within a tight time frame, you may need the power of a personal computer. And with the IBM Personal Typing System, you get it. By loading IBM PC DOS 3.30, you can use the system's PC functions to help speed through a wide range of jobs—from maintaining data bases to updating financial reports.

Highlights

The IBM Personal Typing System comes with a host of important features:

640KB user memory provides plenty of electronic workspace for long documents, complicated calculations and sophisticated software.

8086 microprocessor delivers high-speed performance to help you handle data quickly.

720KB diskette drive lets you load files and programs rapidly.

3.5-inch diskettes hold large amounts of information.

Three expansion slots in the optional expansion unit make it easy to install cards for more functions.

Optional 720KB diskette drive or 20MB hard file expands your storage capacity.

Optional keylock can help keep unauthorized people from gaining access to your system.

Models

The IBM Personal Typing System comes in four models to fit your needs and your budget. Each model comes complete with one of two versatile printers: the IBM Correcting Wheelwriter® Printer (an impact printer) and the IBM Correcting Quietwriter® Printer (a non-impact printer). These printers automatically lift letters off the page. In fact, you can even make corrections while typing. You save more than paper—you save time.

What you get

Each of the IBM Personal Typing System models comes with a system unit, keyboard and software.

Models 1 and 2 come with a monochrome display, while Models 3 and 4 come with a color display.

With Models 1 and 3, you get the IBM Correcting Wheelwriter Printer; with Models 2 and 4, the IBM Correcting Quietwriter Printer.

Options

The IBM Personal Typing System's options include:

- 20MB fixed disk
- Second diskette drive
- Keylock
- Expansion unit
- Pinwheel form feeder
- Sheet feed
- Printer sound hood
- Sheet feed sound hood

Supplies

The following high-quality IBM supplies are readily available for use with the IBM Personal Typing System to help ensure reliable, consistent performance:

- IBM Easystrike® Correctable Ribbon Cassette
- IBM Easystrike Lift-off Tape Cassette
- IBM Easystrike Multipurpose Ribbon Cassette
- IBM Easystrike Cover-up Tape Cassette
- IBM Easystrike Fabric Ribbon
- IBM Cartridge Printwheel II
- IBM Quiet® Correcting Ribbon
- IBM Quiet High-Density Correcting Ribbon
- IBM Quiet Non-Correcting Ribbon
- IBM Quiet Printhead
- IBM Quiet Electronic Fonts
- IBM Quiet Cleaning Cartridge
- 3.5-inch 1MB diskette

Warranty/Service

Every IBM product is built to meet high standards of quality and reliability. So you can count on the IBM Personal Typing System to perform smoothly year after year.

The IBM Personal Typing System is backed by a one-year limited warranty.* Extended service terms are available from IBM and from many IBM Authorized Dealers.

With an IBM Maintenance Agreement, you can arrange for on-site service.

Monochrome Display

Width: 12.7"
Height: 12.5"
Depth: 12.3"
Weight: 20.0 lbs.

12" tilt-and-swivel
25 lines x 80 characters
Brightness and contrast controls
High resolution
Paper white phosphor
Analog input (64 shades of gray)

Color Display*

Width: 12.7"
Height: 12.5"
Depth: 14.3"
Weight: 24.0 lbs.

12" tilt-and-swivel
25 lines x 80 characters
Brightness and contrast controls
High resolution
Analog input (256 colors)

IBM Correcting Wheelwriter Printer

Width: 21.3"
Height: 8.5"
Depth: 14.4"
Weight: 28.0 lbs.

30 cps impact bidirectional daisywheel
Parallel interface
Print line visibility
Correction
Sheet feed option
Pin feed option**
Sound hood option
Paper movement controls
Bold print capability

IBM Correcting Quietwriter Printer

Width: 21.3"
Height: 8.5"
Depth: 14.4"
Weight: 22.0 lbs.

All points addressable
40-60 cps non-impact resistive ribbons
Parallel interface
Print line visibility
Correction
Sheet feed option
Pin feed option**
Paper movement controls
Bold/expand print capability

Expansion Unit

Width: 16.0"
Height: 3.0"
Depth: 10.0"
Weight: 12.0 lbs.

Three general purpose slots to accommodate PC, PC XT option cards

*For installation planning purposes, the user should be aware that the color display measures 14.3" in depth and requires more room for setup than does the monochrome display.

**Correction is not supported with pin feed option.

IBM Personal Typing System

*Solutions
at your
fingertips*

Announcing the ultimate solution for today's secretary—the IBM Personal Typing System™ workstation. It's actually three extraordinary machines in

one: an intelligent word processor with advanced editing and formatting features; a versatile, self-correcting typewriter; and a powerful personal computer.

Most important, the system works the way you do—with lots of interruptions. It lets you switch from word processing to typing in seconds by pressing just one key. Or switch from word processing to other applications—such as calculating or scheduling—without inserting or removing diskettes.

With all these features, the IBM Personal Typing System is still easy to learn and use. All function keys are labeled for easy understanding. And the 25-line display, available in monochrome or color, offers on-screen help every step of the way. An added bonus: The system unit, display and keyboard are designed to fit easily in your work area.

Here are some of the key benefits you get with the IBM Personal Typing System:

Simplified word processing

With the IBM Personal Typing System, you can begin word processing almost as soon as you sit down. There's no complicated setup. You can retrieve old copy, add new paragraphs, or delete sections with a few simple keystrokes.

What's more, the keys are specifically labeled by individual functions for easy understanding. These functions allow you to:

- Move up, down or across a page to make a revision. Or use the "Advance" function and move a word, line or page at a time.
- Pick up sections of an old report from stored files and add new information.
- Correct spelling errors with the helpful "Spell Assist" function, or search for—and change—a word everywhere it appears.
- Insert or delete a character, word or line.
- Create line graphs, bar graphs, organization charts or other graphics by using the cursor "Draw" key.

Versatile typewriting

Because the IBM Personal Typing System has the same "feel" and basic typing "touch" as an IBM Selectric™ Typewriter, you should be able to type quickly and comfortably. And the special "key-to-print" feature allows your system to imitate the familiar IBM Correcting Selectric Typewriter—so it not only types, but it corrects as well.
