Dear Ladies and Gentlemen:

We are pleased to submit the Annual Financial Report of the Texas Real Estate Commission for the year ended August 31, 2016, in compliance with TEX. GOV'T CODE ANN Section 2101.011 and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) 34, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas *Comprehensive Annual Financial Report (CAFR)*; therefore an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Barbara Kolb at 512.936.3587 or Melissa Huerta at 512.936.3616.

Sincerely,

Douglas E. Oldmixon Executive Director

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ENTITY Α.

The Texas Real Estate Commission is an agency of the State of Texas and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for State Agencies.

The Texas Real Estate Commission (TREC) was created in 1939 under the Texas Real Estate Dealer's License Act. Since 1949, policy direction is provided by the Texas Real Estate Commission, and an Executive Director, appointed by the Commission, directs the activities of the agency. Policy direction for the Texas Appraiser Licensing and Certification Board (TALCB), an independent subdivision of the Texas Real Estate Commission, is provided by the Board, and a Commissioner directs the administration of the subdivision. Additional information can be found in Note 19.

The function of the agency is the protection of the public through regulation of licensed real estate brokerage practitioners, appraisers, appraisal management companies, real estate inspectors, easement or right-of-way agents and residential service companies in Texas. Additionally, the agency protects the public by registering entities which offer timesharing interests in Texas.

Beginning in 1939, those who appraise real property for a fee in Texas were required to have a real estate license from the Texas Real Estate Commission (TREC) or be otherwise exempted by law. Since July 1, 1991, a person holding an appraiser certification or license issued by the Texas Appraiser Licensing and Certification Board (TALCB) is not required to be licensed by TREC to perform real property appraisals. Beginning September 1, 2011, those who appraise real property for a fee in Texas are required to have a license from the TALCB.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis-for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report, therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

The Texas Real Estate Commission includes within this report all components as determined by an analysis of their relationship to the Texas Appraiser Licensing and Certification Board (TALCB) as listed below.

Discrete Component Units

The Texas Appraiser Licensing and Certification Board (TALCB), an independent subdivision of the Texas Real Estate Commission, has been determined to be a discrete component unit as defined by GASB Statement No. 14. The financial statements of TALCB are presented in Exhibit VIII, IX. K1 and K2. Additional information is provided in Note 19.

Β. FUND STRUCTURE

The accompanying financial statements are presented on the basis of funds and account groups, each of which is considered a separate accounting entity.

GOVERNMENTAL FUND TYPES & GOVERNMENT-WIDE ADJUSTMENT FUND TYPES

General Fund

The general fund is used to account for all financial resources of the state except those required to be accounted for in another fund. The Texas Real Estate Commission Local Operating Fund (Fund 1005) is restricted to expenditures by Agency 329. It derives its financing from license fees, penalty fees, and interest revenues.

Capital Asset Adjustment Fund Type

Capital Asset Adjustment Fund Type will be used to convert governmental fund types' capital assets from modified accrual to full accrual.

Long-Term Liabilities Adjustment Fund Type

Long-Term Liabilities Adjustment Fund Type will be used to convert governmental fund types' debt from modified accrual to full accrual.

FIDUCIARY FUND TYPES

Agency Funds

Agency funds are used to account for assets the government holds on behalf of others in a purely custodial capacity. Agency funds involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Private Purpose Trust Funds

Private Purpose Trust funds are used to account for all other trust arrangements whose principal and interest benefit individuals, private organizations, or other governments. Expendable trust funds are used to account for trust funds whose principal and interest may be expended in the course of their designated operations. Principal and revenue of the Expendable Trust Funds, the Real Estate Recovery Trust Account and the Real Estate Inspection Recovery Fund, may be expended when recovery is ordered by a court of competent jurisdiction against a broker, salesperson, inspector, or easement or right-of-way agent to recover travel and related expenses incurred for collection of court judgments affecting the fund.

C. COMPONENT UNITS

<u>Discrete Component Units</u>: The Texas Appraiser Licensing and Certification Board (TALCB), an independent subdivision of the Texas Real Estate Commission, has been determined to be a component unit as defined by GASB Statement No. 14. The financial statements of TALCB are presented in Exhibits VIII, IX. K1 and K2. Information on the component unit is provided in Note 19.

D. BASIS OF ACCOUNTING

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual basis of accounting. Under the modified accrual, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year-end. The State of Texas considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for Fund Financial Statements prepared on the modified basis of accrual. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual method of accounting. This includes unpaid Employee Compensable leave, the unmatured debt service (principal and interest) on general long-term liabilities, long-term capital leases, and long-term claims and judgments. The activity will be recognized in these new fund types.

Proprietary funds, pension trust funds, external investment trust funds, and private-purpose trust fund are accounted for on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred.

Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary funds' principal ongoing operations. Operating expenses for the enterprise and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets.

E. BUDGETS AND BUDGETARY ACCOUNTING

For non-Self-Direct Semi-Independent (SDSI) agencies, the budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act). Unencumbered appropriations (for non SDSI agencies) are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Pursuant to Texas Occupations Code, Title 7. Chapter 1105, the agency is Self-Directed and Semi-Independent.

The budget is prepared annually using generally accepted accounting principles. The budget is reviewed and approved by the governing Commission and Board. During the year, the agency's financial activity is monitored against this budget. No costs are incurred by the General Revenue fund. The agency is responsible for all costs, both direct and indirect.

F. ASSETS, LIABILITIES, AND FUND BALANCES/NET ASSETS

ASSETS

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements.

Consumable Inventories

Consumable inventories include supplies and postage on hand at year-end. Inventories for governmental funds are accounted for using the consumption method. The cost of these items is recognized as an expenditure at the time of consumption. These assets are offset by a fund balance reserve which indicates that they do not constitute 'available spendable resources'

Capital Assets

Assets with an initial, individual cost meeting the thresholds established by the Comptroller's office and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost, or if any purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets such as works of art and historical treasures are not depreciated. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

All capital assets acquired by proprietary funds or trust funds are reported at cost or estimated historical cost, if actual historical cost is not available. Donated assets are reported at fair value on the acquisition date. Depreciation is charged to operations over the estimated useful life of each asset, using the straight-line method.

Current Receivables - Other

Other receivables include year-end revenue accruals. This account can appear in governmental and proprietary fund types.

LIABILITIES

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Current Payables Other

Payables are the accrual at year-end of expenditure transactions. Payables may be included in either the governmental or proprietary fund types.

Employees' Compensable Leave

Employees' Compensable Leave Balances represent the liability that became "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net assets.

FUND BALANCES/NET ASSETS

The difference between fund assets and liabilities is "Net Assets" on the government-wide, proprietary and fiduciary fund statements, and the "Fund Balance" is the difference between fund assets and liabilities on the governmental fund statements.

Fund Balance Components

Fund balances for governmental funds are classified as non-spendable, restricted, committed, assigned or unassigned in the fund financial statements.

- Non-spendable fund balance includes amounts not available to be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.
- Restricted fund balance includes those resources that have constraints placed on their use through external parties or by law through constitutional provisions.
- Committed fund balance can be used only for specific purposes pursuant to constraints by a formal action of the Texas Legislature, the state's highest level of decision making authority.

The Texas Real Estate Commission and the Texas Appraiser Licensing and Certification Board adopted formal policies on August 18, 2014 and August 15, 2014, respectively, to establish the appropriate level of the agency's fund balance to meet anticipated obligations. The following levels were approved at the August 15, 2016 and August 19, 2016 meetings:

	TREC	TALCB
Current Operations and Contingencies	\$ 3,242,199	\$ 511,873
Educational Development	217,495	134,286
Long-Term Facilities Master Plan	8,235,000	740,000
Total Fund Balance Reserve	<u>\$ 11,694,694</u>	<u>\$_1,386,159</u>

The policy is based on: 1) Four months of annual operating estimated expenditures; 2) Reserve for Educational Development derived from one-half of exam fees collected for TREC and from Administrative Penalties for TALCB; and 3) a Long-Term Facilities Master Plan derived from excess revenues at year end.

The policy will be reviewed at the November 2016 Commission and Board meetings.

Agency 329 – Texas Real Estate Commission UNAUDITED

- Assigned fund balance includes amounts constrained by the state's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (1) the Texas Legislature or (2) a body (for example, a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.
- Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that was not assigned to other funds and was not restricted, committed or assigned to specific purposes within the general fund.

Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Assets

u

Restricted Net Assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets

Unrestricted net assets consist of net assets, which do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources, which are imposed by management, but can be removed or modified.

G. INTERFUND TRANSACTIONS AND BALANCES

The agency has the following types of transactions among funds:

1) Transfers: Legally required transfers that are reported when incurred as "Transfers In" by the recipient fund and as "Transfers Out" by the disbursing fund. Operating transfers represent routine transfers of resources. Operating transfers are reported in the Other Financing Sources (Uses) section of Exhibits II, VII, IX, A-2, I-2, and K-2.

Employees' Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from state employment, provided the employee has had continuous employment with the state for six months. Expenditures for accumulated annual leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the Statement of Net Assets. An expense and liability for proprietary fund types are recorded in the proprietary funds as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

NOTE 12: INTERFUND ACTIVITY AND TRANSACTIONS

As explained in Note 1 on Interfund Activities and Balances there are numerous transactions between funds and agencies. At year-end amounts to be received or paid are reported as:

- Interfund Receivables or Interfund Payables
- Due From Other Agencies or Due to Other Agencies
- Due From Other Funds or Due to Other Funds
- Transfers In or Transfers Out.
- Legislative Transfers In or Legislative Transfers Out

The agency experienced routine transfers with other state agencies, which were consistent with the activities of the fund making the transfer. Repayment of interfund balances will occur within one year from the date of the financial statement.

This information is reported on the USAS and Interagency Transaction Certification Form filed with the Comptroller's Office (see Note 1G for transfer activity).

NOTE 13: CONTINUANCE SUBJECT TO REVIEW

The Texas Real Estate Commission is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter, the Commission is abolished and this Act expires September 1, 2019.

Section 1103.006 of the Texas Appraiser Licensing and Certification Act (Chapter 1103, Texas Occupations Code), makes the Texas Appraiser Licensing and Certification Board (TALCB) subject to the Sunset Act in the legislative session following federal action removing the requirement for the preparation and use of an appraisal by federally-regulated institutions. Unless continued in existence by the legislature, TALCB is abolished 90 days after the last day of the regular session of that legislature.

NOTE 19: THE FINANCIAL REPORTING ENTITY

The annual financial report of the Texas Real Estate Commission includes one component unit, the Texas Appraiser Licensing and Certification Board (TALCB). TALCB was statutorily created as an independent subdivision of the Texas Real Estate Commission and is a legally separate entity from the primary government. The function of TALCB is to license and regulate appraisers. It operates on the same fiscal year as the State of Texas, ending August 31 of each year. The members of TALCB are appointed by the Governor. TREC provides administrative support to TALCB through a memorandum of understanding, but has no authority to approve or modify TALCB's budget or set their fees. Although TREC is not financially accountable for TALCB, the agency does feel that excluding them would result in presentation of incomplete financial statements.

The Texas Real Estate Commission Executive Director assumed the duties of TALCB Commissioner effective December 1, 2003 at the direction of the Governor's Office. Effective September 1, 2007 the law was amended and the TREC Administrator was given administrative responsibilities for the daily operations of TALCB. TALCB members appointed by the Governor remained an autonomous body.

Presentation of TALCB's financial statements is included in Exhibits VIII, IX, K1 and K2.
