## P R E F A C E

The Texas Department of Water Resources Library Bulletin is a monthly list of new acquisitions added to the Library collection during the month. The Bulletin is produced by the computer from the same computerized data base used to produce the microfiche catalogs. Each new acquisition appears under only one broad subject category. Arrangement within the subject categories is by call number. Each entry shows the author, title, and bibliographic information.

The Bulletin is made available to staff members of the Texas Department of Water Resources, as well as to other state agencies, firms, and individuals, with the goal of providing maximum user access to all publications housed in the Library, and serving as a current awareness tool.

Titles include work done by water resources centers, state and federal agencies in water allied fields, consultant reports, conferences and symposia, and trade books. Subject matter is in the field of water, often reflecting a broader interdisciplinary scope, including material on public policy issues; social, environmental and biological implications of water consumption and pollution; land use; water resources development; remote sensing; weather; and energy.

Items listed in the Library Bulletin are not available for distribution. They may be borrowed for a period of four weeks.

LOCATION Room 511, 1700 N Congress Ave , Austin, Texas  
MAILING ADDRESS P O Box 13087, Austin, Texas 78711  
HOURS Monday through Friday, 8 00-5 00  
TELEPHONE 475-3781

## SELECTED RECENT TEXAS A&M UNIVERSITY PUBLICATIONS

### LEAFLETS

- L-2124 Sabine Illinois Bundleflower, A Warm-Season Perennial Legume  
L-2126 Flordagrande, A Peach for Subtropical Texas and Florida

### MISCELLANEOUS PUBLICATIONS

- MP-1129 Input-Output Analysis, Economic Impact of New or Expanded Industries in the Lower Rio Grande Region of Texas  
MP-1564 Grain Sorghum Performance Tests in the High Plains of Texas-1983  
MP-1572 Effect of Federal Farm and Transportation Policies on Regional Grain Prices and Interstate Grain Flows The Case of Corn Flows to the Texas Panhandle, 1982-1983.

### CONSOLIDATED PROGRESS REPORTS

- CPR-4209-4249 Beef Cattle Research in Texas, 1984.

### PROGRESS REPORTS

- PR-4257 Nitrogen and Genotype Effects on Sorghum Produced for Grain and Biomass  
PR-4258 Efficacy of Selected Fungicides in Controlling Foliar Diseases of Spinach  
PR-4259 Surface-Applied Nitrogen in Mist Propagation of Woody Plants  
PR-4260 Propagation of a Mature Pistacia Chinensis Bunge by Stem Cuttings  
PR-4261 Field Roses - Fertilization and Management for Improved Quality and Marketable Bushes  
PR-4262 Small Grain Studies in the Texas Rice Belt  
PR-4263 Kleingrass Cultivar Evaluations  
PR-4265 Cotton Pesticide Evaluations in the Lower Rio Grande Valley of Texas, 1984.  
PR-4266 On-Farm Real-Time Weather Data Acquisition with a Microcomputer  
PR-4267 Soybean Performance studies in Southeast Texas, 1983  
PR-4268 Control of Wheat Leaf Rust in the Upper Gulf Coast of Texas
