26 or services and to market the operator's services;

27 (2) sharing covered information that is not associated

9 (4) responding to a student's request for information
10 or for feedback without the information or response being

17 meet specific criteria, regardless of whether the identified
18 institution of higher education or scholarship provider provides
19 consideration to the operator.

20 Sec. 32.155. PROTECTION OF COVERED INFORMATION. An
21 operator must implement and maintain reasonable security
22 procedures and practices designed to protect any covered
23 information from unauthorized access, deletion, use, modification,
24 or disclosure.

27 under the control of the school district and maintained by the

1 operator, the operator shall delete the information not later than
2 the 60th day after the date of the request, or as otherwise
3 specified in the contract or terms of service, unless the student or
4 the student's parent consents to the operator's maintenance of the
5 covered information.
