WATER DEVELOPMENT POLICY IMPACT STATEMENT

85TH LEGISLATIVE REGULAR SESSION

April 24, 2017

TO: Honorable Jim Murphy, Chair, House Committee on Special Purpose Districts

FROM: Ursula Parks, Director, Legislative Budget Board

IN RE: HB4315 by Deshotel (Relating to the creation of the Beaumont Municipal Management District No. 1; providing authority to issue bonds and impose assessments, fees, or taxes.),
As Introduced

The Legislative Budget Board, in cooperation with the Texas Water Development Board (TWDB) and the Texas Commission on Environmental Quality (TCEQ), has determined that:

This bill creates Beaumont Municipal Management District No. 1 (District) with the powers and duties of a standard municipal management district under Local Government Code Chapter 375.

Population - The very specific description of the proposed boundaries does not allow staff to develop precise population estimates. Based on the Original Texas Land Surveys mentioned in HB 4315, staff is unable to determine a population estimate.

Population growth in the specific area since the 2010 census is unknown. The 2010 population estimate for the City of Beaumont is 118,296. The City of Beaumont population projections approved for the 2017 State Water Plan projects the population to grow to 125,380 in 2020, 133,465 in 2030 and 141,963 in 2040.

Location - The Proposed district's initial boundaries are described with a combination of Original Texas Land Surveys, Jefferson County Real Property Records and metes and bounds. Due to the complexity of these boundaries for the various sub areas of the district, staff is able to determine only the general location of the proposed district.

The proposed district's area is approximately 0.57 square miles in northern Jefferson County, in the western portion of the city limits of Beaumont. The proposed district may overlap portions of an existing Certificate of Convenience and Necessity (CCN) boundary held by the City of Beaumont.

Comments on Powers/Duties Different from Similar Types of Districts: The District is to be governed by a board of five voting directors that are appointed by the governing body of the City of Beaumont (City) from persons recommended by the board; the District may exercise the powers given to a development corporation; the board by resolution may authorize the creation of a nonprofit corporation to assist and act for the District in implementing a project or providing a service authorized by this chapter; the District may contract with a qualified party to provide law enforcement services in the District for a fee; the District may join and pay dues to a charitable or

nonprofit organization that performs a service or provides an activity consistent with the furtherance of a District purpose; the District may engage in activities that accomplish the economic development purposes of the District; the District may acquire, lease as lessor or lessee, construct, develop, own, operate, and maintain parking facilities or a system of parking facilities, including lots, garages, parking terminals, or other structures or accommodations for parking motor vehicles off the streets and related appurtenances; the District may annex land as provided by Subchapter J, Chapter 49, Water Code; Local Government Code Section 375.207(a) states that a district must obtain approval of the municipality in which it is located for bond issues and plans and specifications for an improvement project before bonds may be issued, and Local Government Code Section 375.207(b) states that instead of approval of bonds by the municipality, a district may obtain approval of a capital improvements budget. The bill specifies that these sections do not apply to the District; the District may not exercise the power of eminent domain; Local Government Code Section 375.243 states that the board may not call a bond election unless a written petition has been filed with the board requesting an election. The bill specifies that this section does not apply to the District.

Overlapping Services: TCEQ does not have mapping information for water and/or wastewater providers because this function was transferred from the TCEQ to the Public Utility Commission on September 1, 2014. As a result, TCEQ is unaware of possible overlapping service providers.

TCEQ's Supervision: As with general law districts, the TCEQ will have general supervisory authority, including bond review authority and review of financial reports.

Water Use - HB 4315 specifies that the district "may annex land as provided by Subchapter J of Chapter 49 Water Code, applicable to management districts created under Section 59, Article XVI, Texas Constitution."

Within Jefferson County, 95 percent of the total water use was surface water in 2014. Seventeen percent of all surface water use was for municipal use.
