## INTRODUCTION.

### Farm Bulletin No. 76.

Bulletin No. 76 is a Revision of Bulletin No. 70, containing much additional statistical agricultural and live stock matter, with a supplement giving each Department of the State Government, including the Eleemosynary and Educational Institutions and the Judicial Department. It also gives the names of heads of the different State Departments and State Institutions, together with the number of employes and the appropriations for support of each.

In preparing this Bulletin the Department of Agriculture is presenting to the public something "New Under the Sun." We have often desired to find in a brief condensed form the information contained in this little Bulletin, but it was not available without going through volumes of public documents and many pages of dry and out-of-date statistics.

This publication combines in the briefest space possible the essential farm facts from the latest United States Census relating to the production of the principal crops of the State, live stock and oil, together with the number of farm owners, tenants, resident and non-resident land owners, and large holdings of land by individuals and corporations. It contains a colored Products Map, mortgage indebtedness of counties, cost of labor, fertilizer and feed purchased on the farm, and other valuable statistics.

The large number of requests for Bulletin No. 70 shows that great interest has been awakened among the farmers, teachers and pupils in regard to agricultural, horticultural and live stock development, and the revision of this Bulletin is designed especially to satisfy this increasing demand for the latest statistics concerning the production of this imperial commonwealth.

It is believed that the supplement will prove a valuable addition to the other matter in the Bulletin and will be highly useful and instructive to the people.

George B. Terrell, Commissioner.

TEXAS STANDS FIRST OF ALL THE STATES OF THE UNION IN THE FOLLOWING ITEMS:

Land and water area.....	265,896 sq. mi.
Land area 262,398 square miles or.....	167,934,720 acres
Total crop acreage.....	27,923,000 acres
Total crop values.....	\$1,064,775,000
Cotton production, 4,209,941 bales, value.....	\$652,080,000
Grain Sorghums, 41,602,000 bushels, value.....	\$43,682,000
Watermelons, 9,195,000, value.....	\$2,161,000
Permanent school fund.....	\$68,194,861
Pecans 9,057,375 pounds, cars 301, value.....	\$1,358,606
Railroad mileage in 1922.....	16,001 miles
Wool production in 1923.....	19,700,000 lbs.
Mohair production in 1923.....	7,100,000 lbs.
Texas ranks second in rice production , 1923.....	5,921,478 bu.
Texas ranks third:	
Oil production in 1923.....	124,924,863 bbls.
Onions, 1,636,000 bushels, value.....	\$3,108,000

TEXAS STATISTICS COMPILED FROM THE REPORT OF THE  
U. S. DEPARTMENT OF COMMERCE.

Total wealth of the State in 1922, \$9,850,896,000, an increase in ten years of \$3,552,650,000, equal to 56.4 per cent.	
The value of taxed real property and improvements.....	\$5,564,437,000
Exempt real property.....	398,169,000
Farm implements and machinery.....	105,892,000
Manufacturing machinery, tools and implements.....	208,339,000
Railroad and equipments.....	640,968,000
Motor vehicles.....	189,731,000

Stocks of following Farm Products on farms March 1st, 1924 in Texas:

Corn .....	27,968,000 Bushels
Wheat .....	1,146,000 Bushels
Oats .....	11,290,000 Bushels

Amount of wheat held by country mills and elevators in Texas on March 1st, 1924, was 982,000 bushels.

COTTON MILLS IN TEXAS.

There are twenty-one mills in the State, according to best information that could be procured. In answer to requests from this Department for statistical data concerning these mills, eighteen responded to the request in the main: One reported "Not in Operation." Two failed to report at all.

SUMMARY OF THE REPORTS

Amount of Capital Stock.....	\$ 6,870,000
Value of Mills.....	5,660,000
Value of Output.....	14,893,805
Cost of Buildings and Equipment.....	5,754,690
Amount of Annual Wages.....	2,393,523
Number Bales Cotton Manufactured.....	74,100
Number Spindles.....	153,204
Number looms in 1922.....	4,339
Number Employes .....	3,306

## EXPLANATORY

Number omitting to give amount of capital stock.....	1
Number omitting to give value of output.....	1
Number omitting to give cost of building and equipment.....	5
Number omitting to give value of mills.....	8
Number omitting to give number of employees.....	1
Number omitting to give number of spindles.....	1

In answer to question, "Whether they favored building more mills":

Number favorable .....	16
Number not favorable.....	1
Number non-committal .....	1

These mills are located in the following towns:

Belton, Bonham, Brenham, Corsicana, Cuero, Dallas, Denison, Gonzales, Hillsboro, Itasca, Kingsville, McKinney, New Braunfels, Post, San Antonio, Sherman, Waco, Waxahachie and West.

Texas produced over four million bales of cotton in 1923 and has only 21 cotton mills; North Carolina produced about one million bales of cotton but has 311 cotton mills; South Carolina produced less than one million bales of cotton and has 145 cotton mills; Massachusetts produces no cotton any year but has 191 cotton mills. Nearly all the managers of the mills in Texas from their experience favor building more mills in Texas, and say they are profitable. Statistics show that North Carolina is the most prosperous cotton producing state. Evidently this fact is because of the large number of cotton mills in the state. Texas people should readily take the hint and get busy erecting more mills. Verbum Sapienti Sat.

## RICE MILLS IN TEXAS.

There are 16 Rice Mills in the State. Number reporting 11; number not in operation 3, and number not reporting 2.

## STATISTICAL DATA

Capital Stock.	Value Plant.	Cost Equipment.	Capacity.	Employes.	Wages.
\$ 1,500,000	\$ 306,623				\$ 44,869
400,000	100,000	\$ 65,000	2,400 bbls.	20	25,000

The following table shows the amount expended by counties for farm labor, fertilizer and feed. The entire State expended the following amounts: Farms reporting, 190,434, for labor (hired) \$87,745,291; for fertilizer (farms reporting 27,459), \$1,831,207; for feed (farms reporting 215,581), \$60,762,084.

The farmers of Texas ought to be able to save a large part of this feed bill by a proper system of diversification of crops. The Census report fails to show where this feed was raised, whether in Texas or elsewhere. It is believed that the greatest part of it was raised in this State and does not represent an actual loss of that much money to the State, but it represents a transfer of money from one part of the State to another part.

TABLE III.

This Table Gives, By Counties, the Mortgage Indebtedness, Value of Farms and Ratio of Debt to Value of Farms, Year 1919, According to U. S. 1920 Census.

Name of County.	Farm Mortgage Debt Reports.				Ratio of Debt to Value.	Farm Expenditures.		
	Number Farms Free of Debt.	Number Having Mortgage Debt.	Amount of Mortgage Debt.	Value of Land and Buildings.		For Labor.	For Fertilizer.	For Feed.
Anderson	1,398	515	\$ 578,407	\$ 2,049,127	27.7	\$ 132,800	\$ 26,432	\$ 288,832

No report was made of many farms as to whether they were mortgaged or not, but if they had been reported, it is believed that the ratio of debt to value would be approximately the same as those reporting.

There are 105,490 farms free from mortgage debt, 69,940 mortgaged farms, and 25,780 not reporting whether they are mortgaged or not. The total mortgage debt of these farms is \$172,166,818, or an average of \$2,477.57 on each mortgaged farm.

TABLE IV.

This Table Contains the Number and Value of Horses, Mules, Cattle and Swine for the Year 1919, U. S. 1920 Census

The figures giving the number of acres of land owned by resident and non-resident and the three largest single owners of land in each county, as shown in the following Table, were furnished by the tax assessors of the various counties, and where the assessors failed to furnish the figures complete, they were obtained from the records of the Comptroller's office and are believed to be approximately correct.

These figures show clearly that the largest non-resident ownership and the largest ownership by individuals and corporations are confined almost entirely to the stock raising sections in the West and Southwest, and to the lumber regions of Southeast Texas. In the black land belt and the farming regions proper there are very few large land holdings by individuals or corporations.

TABLE V.

The Following Table, Prepared from Reports Received from Tax Assessors and from the Comptroller's Records, Shows the Total Number of Acres of Land Rendered for Taxes in These Counties. The Number of Acres Rendered by Residents, the Number Rendered by Non-Residents, and the Three Largest Single Ownerships of Land in Said Counties.

Name of County.	Total Number Acres Rendered.	Total Number Acres by Residents.	Total Number Acres by Non-residents.	Largest Single Ownership.	Second Largest Single Ownership.	Third Largest Single Ownership.

**TABLE IX.**  
**PECAN PRODUCTION IN 1923.**

The figures in this Table for the following counties were furnished by pecan growers and county agents in those counties in answer to a questionnaire sent out by J. H. Burnett, Edible Nut Specialist of the State Department of Agriculture.

County	Pounds	County	Pounds
Bastrop . . . . .	27,000	Kerr . . . . .	2,000
Bell . . . . .	60,000	Kinney . . . . .	121,000
Brown . . . . .	350,000	Kimble . . . . .	400,000
Burnet . . . . .	360,000	Llano . . . . .	165,000
Coleman . . . . .	225,000	Mason . . . . .	240,000
Colorado . . . . .	150,000	Medina . . . . .	300,000
Comanche . . . . .	540,000	Menard . . . . .	300
Denton . . . . .	60,000	Mills . . . . .	225,000
DeWitt . . . . .	12,000	Navarro . . . . .	60,000
Eastland . . . . .	50,000	Palo Pinto . . . . .	1,000,000
Ellis . . . . .	50,000	Parker . . . . .	300,000
Falls . . . . .	30,000	San Saba . . . . .	1,034,000
Fayette . . . . .	180,000	Somervell . . . . .	50,000
Gillespie . . . . .	70,000	Stephens . . . . .	180,000
Grayson . . . . .	350,000	Tom Green . . . . .	900,000
Gonzales . . . . .	450,000	Travis . . . . .	70,000
Guadalupe . . . . .	150,000	Uvalde . . . . .	135,000
Hays . . . . .	2,000	Val Verde . . . . .	83,000
Hill . . . . .	25,000	Williamson . . . . .	58,000
Houston . . . . .	2,000	Wichita . . . . .	3,000

The figures for the following counties are 60 per cent of the crop of 1919, which is the estimate put upon the crop of 1923 by the Bureau of Agricultural Economics of the United States Department of Agriculture.

Count	Pounds	County	Pounds
Anderson . . . . .	3,500	Jefferson . . . . .	2,000
Angelina . . . . .	2,200	Johnson . . . . .	48,000
Atascosa . . . . .	4,500	Karnes . . . . .	8,000
Austin . . . . .	23,000	Kaufman . . . . .	42,000
Bandera . . . . .	26,000	Randall . . . . .	8,000
Bexar . . . . .	371,913	Lamar . . . . .	25,000

## AGRICULTURAL DISTRIBUTION IN TEXAS.

(See Map)

The map opposite this page shows, by colors and marks (see legend) the main crop belts, timber and grazing areas in the State of Texas.

The *Cotton* belt, showing counties producing 5000 bales or over is shown by the white color. The yellow color representing peaches, and the fine horizontally lined area representing wheat overlaps the North and Northeastern cotton belt.

The *Corn* belt, of all counties of 20,000 acres or more, is represented by dots and covers practically the same territory as to cotton belt.

*Wheat*, represented by fine long lines and *Oats* shown by "O," covers all counties having 10,000 acres or over.

*Peaches*, shown by yellow, 50,000 bearing trees per county or over, also covers the cotton producing area, and the East Texas peach belt (yellow). This includes the *Tomato* belt also. Cherokee and Smith Counties being the largest producers of tomatoes. Jacksonville is the seat of two large shipping agencies that market the most of these products.

*Apples* and *Pears*, shown by (a.a.) and (p-p) respectively, represent areas where 10,000 or more bearing trees per county have been reported.

The Rio Grande Valley *Citrus* belt, comprising about 10,000 acres of oranges, grapefruit and other citrus fruits, more than a million citrus trees in the lower valley and about 800,000 trees along the upper Gulf coast (see orange color), also produces figs, cotton, corn, strawberries and truck.

The *Grazing* belt, of the Western area (see green), supports 2,317,921 head of cattle, as compared to the total number of cattle of the entire State which is 6,156,715 head including range cattle as well as farm fed herds.

The *Timber* belt of eastern Texas brings an income of millions of dollars annually to Texas in lumber and other timber products. In this belt are found the various pines, cedars and post oaks on the uplands, while along rivers and lowlands can be found some of the best hard woods. In Central and Southwest Texas there is timber of a more scrubby type although some of the cedar, cypress, live oak, pecan, walnut and mesquite are sufficiently large to be used for building-logs, fence-posts and some of the best hardwoods for furniture.

Many of the oaks in this belt, as well as of the upper Gulf coast live oak belt, produce large crops of acorns that fatten hogs and turkeys.

In the western pine belt are also found Mountain oaks and other useful trees, as well as many medicinal shrubs and plants.

The annual rainfall division lines show the heaviest average in Eastern Texas, viz: 50 to 60 inches, and diminishes to from 5 to 10 inches annually in the extreme western area at El Paso.

## TEXAS STATE DEPARTMENT OF AGRICULTURE.

GEO. B. TERRELL, Commissioner.  
W. T. ADAMS, Chief Clerk.

## DIVISIONS OF WORK.

The duties of this Department are defined by Statute. Article 4435 says:

"A Commissioner of Agriculture shall be elected by the people at the same time and in the same manner, who shall qualify and assume office, as all other State officers. He shall be an experienced and practical farmer, and shall have knowledge of agriculture, manufacture and general industry."

The duties of the Commissioner of Agriculture, as defined in the Statutes, cover many pages, but may be summed up in a few lines as follows:

"He shall cause to be executed all laws in relation to agriculture.

"He shall encourage the proper development of agriculture, horticulture and kindred industries."

## DIVISION OF STATISTICS.

R. E. YANTIS, *Statistician*.

This division collects, compiles and publishes all agricultural statistics as to crop acreage, production, values, prices received for agricultural products, etc. It also collects and compiles all information of industries of this State and of other states as may be considered of benefit in developing the agricultural resources of Texas. It also furnishes to applicants therefor this information after same has been arranged so as to be available for use to the public, besides a great deal of other valuable information on matters of vital interest to the people.

## BUREAU OF MARKETS.

E. W. COLE, *Director*.

The duties of the Bureau of Markets are to encourage marketing associations, instruct growers and shippers in the proper methods of grading, packing and classifying fruits and vegetables and to supervise the manufacture of standard containers as provided in the Standard Containers Act; to inspect and certify the particular product, including variety, grade, size, quality and condition and to assist growers and shippers in the efficient distribution of fruits and vegetables throughout the states.

This Bureau inspects and certifies to several thousand carloads of fruits and vegetables each year.

#### DIVISION OF EDIBLE NUTS.

J. H. BURKETT, *Nut Specialist*

The duties incumbent upon the Division of Edible Nuts are of great importance to the pecan industry of the State, and as Texas is the largest pecan growing section of the world, the work performed by the Division of Edible Nuts is really world wide in scope. A great deal of attention has been given to the propagation and cultivation of large thin shell varieties which will in time be the source of the world's greatest supply of pecans. But at the present day, the native forests, estimated to consist of 8,000,000 trees in Texas, furnish by far the greatest per cent of the world's pecans. Until recently very little attention was given to the science of classifying and marketing pecans. In 1921 the Chief of this Division, assisted in organizing the Texas Pecan Growers' Exchange, through which the farmers may now market their pecans according to quality at the highest market price.

The nut growers have been assisted in grafting and budding pecans and English walnuts by our specialists, and bulletins have been issued to aid them in their work. We have not been able to meet all the requests for assistance in this work.

#### DIVISION OF ENTOMOLOGY.

R. E. McDONALD, *Chief Entomologist.*

The duties of this Division are to prevent the introduction into the State of dangerous farm crop insect pests; to control or eradicate such pests that may be already established; to assist the Commissioner's Courts of the counties in the eradication of animal pests of various kinds; and to enforce crop pest laws of the State.

The most important work now going forward is that of preventing the introduction of and eradicating the pink bollworm of cotton. The pest has been eradicated in Robertson county. No specimens have been found in Ellis, Collin or Grayson counties or in the Trinity Bay section for two seasons, and we hope the eradication measures will prove successful in these places. In West Texas adjacent to Mexico, only measures to prevent dissemination into other sections are in effect. At some points along the Upper Rio Grande the infestation is now becoming very heavy.

The Pure Bred Cotton Seed Law enacted by the Thirty-eighth Legislature, being an Act to safeguard the public in the purchase of pure bred cotton seed, true to name, and which creates a Board of Plant Breeder Examiners, consisting of three members, will be administered by the Department of Agriculture. The following persons constitute the first Board under the law, to wit: Dr. E. P. Humbert, R. E. McDonald and T. C. Richardson.

The expenses of the Board are to be paid by the fees collected from the applicants. The law does not compel all growers or dealers in cotton seed to have their seed registered or certified, but merely offers the opportunity to them, if they are qualified to receive registered or certified tags from the Department of Agriculture after their fields, growing plants, gins, etc., have been properly inspected and proven satisfactory. The merit of the law lies in the fact that it creates and makes available to the farmers a positive and recognized source of pure bred seed, thereby differentiating and encouraging the scientific breeding of cotton. Field inspection is the only accurate way of actually determining the purity of cotton seed.

#### DIVISION OF PLANT PATHOLOGY AND SEEDS.

J. M. DEL CURTO, *Pathologist in Charge.*

The scope of the work of this Division embraces, aside from the general plant disease field, the work connected with both the Citrus Canker Eradication and that of the Texas Seed Act.

##### *The Texas Seed Act.*

The Texas Seed Act is essentially a field seed labeling law, requiring that certain definite information be placed on the labels of agricultural field seeds offered or exposed for sale in this State and authorizes this Department to make inspection of such seed and their labels.

For the purpose of this law a seed laboratory has been created where certain reliable information concerning seeds can be obtained free of charge by citizens of the State. During the five months of the present fiscal year approximately thirteen hundred samples have been handled by the laboratory. The bulk of these samples were tested for purity, germination and weed seed content.

##### *Citrus Canker Eradication.*

Texas, as with all other states, where "citrus canker", a recently imported destructive disease of citrus, has been found, is carrying on a campaign of eradication of the disease for the protection of the citrus industry. Systematic inspection of the citrus trees in this State are made and infected trees are destroyed. Proper precautionary measures are also taken against the spread of the disease.

The citrus section of the State is confined to the Gulf Coast vicinity. The Lower Rio Grande territory, a rapidly developing citrus section, has a total planting of over a million and a half trees at this time. The Upper Gulf Coast section and remainder of the State have approximately eight hundred thousand trees.

##### *Plant Pathology.*

The plant pathological laboratory, as necessitated in connection with other phases of administrative work, extends a further serv-

ice to the citizens of the State in furnishing information for control of various diseases affecting plants.

### DIVISION OF ORCHARD AND NURSERY INSPECTION.

G. J. SCHOLL, Chief Inspector.

The duties of this Division of the Texas State Department of Agriculture are to inspect all nurseries and floral establishments of the State, and if found free of dangerous insect pests and injurious fungus disease issue, upon receipt of necessary fee, a permit or certificate to do business in Texas.

Texas permits are also issued to out-of-state nurserymen and florists doing business in this State provided the same has filed with the Commissioner of Agriculture a fee of \$5.00 and certificate of inspection from their state showing that their stock is clean.

Foreign shipments, and whenever possible shipments from other states are re-inspected by this Department at destination. Dangerous stock is either treated or destroyed.

#### Inspections for 1922-1923

To September 1, 1923.

Approximate amount of nursery stock inspected..	20,164,059	plants
Approximate amount of floral stock inspected...	6,579,203	plants
Approximate amount of all stock inspected.....	26,743,262	plants

	No.	Fees.
Texas certified nurseries and floral establishments..	803	\$3,377.50
Texas certified dealers (nursery and floral) .....	142	710.00
Out-of-State nurseries and florists .....	223	1,115.00
 Total fees collected .....		 \$5,202.50

NOTE.—The Department of Agriculture had appropriated for the two years ending August 31, 1921, \$310,994, for the two years ending August 31, 1923, \$164,944, and for the two years ending August 31, 1925, \$177,941. The appropriations have been reduced almost one-half during the past three years, or to be accurate, forty-six per cent.

**SUPPLEMENT GIVING ALL THE DEPARTMENTS, BOARDS,  
COMMISSIONS, AND INSTITUTIONS OF THE STATE.  
THE HEAD OF EACH DEPARTMENT AND INSTITU-  
TION. THE SALARY AND TERM OF OFFICE,  
AND THE TOTAL APPROPRIATION FOR  
EACH DEPARTMENT AND INSTITUTION.**

**DEPARTMENTS OF STATE GOVERNMENT.**

**LEGISLATIVE DEPARTMENT.**

The Legislature is composed of a Senate and a House of Representatives.

The Senate is composed of thirty-one Senators elected for a term of four years, but all of them must be elected in 1924, because this is the first election after the new apportionment law becomes effective. The Lieutenant Governor is President of the Senate.

The House of Representatives is composed of one hundred and fifty members elected for a term of two years. A Speaker is elected by the members of the House to preside over their deliberations.

The Senators and members of the House of Representatives each receive five dollars per day for the first sixty days, and two dollars per day after sixty days, if the session continues. It seldom continues longer than sixty days, and then Special Sessions are called by the Governor to finish the work, and the members receive five dollars per day for all Special Sessions.

Appropriations for the Regular Session and Called Sessions of the 38th Legislature for mileage and per diem and contingent expenses were \$425,000.00.

**EXECUTIVE OFFICE**

	Appropriations for years beginning Sept. 1st	
	1923	1924
Pat M. Neff, Governor; salary \$4,000 per annum; term of office 2 years; elected by the people; number of employes, 8.		
Appropriations .....	\$ 37,436.00	\$ 36,396.00

**COMPTROLLER'S DEPARTMENT**

Lon A. Smith, Comptroller; salary 2,500 per annum; term of office 2 years; elected by the people; number of employes, 55. Appropriations .....	\$ 103,450.00	\$ 110,650.00
--	---------------	---------------

**DEPARTMENT OF STATE**

S. L. Staples, Secretary of State; salary \$2,000 per annum; term of office 2 years; appointed by the Governor; number of employes, 17. Appropriations .....	\$ 37,480.00	\$ 37,480.00
--	--------------	--------------

## ADJUTANT GENERAL'S DEPARTMENT

Appropriations for years  
beginning Sept. 1st.  
1923 1924

T. D. Barton, Adjutant General; salary \$3,600 per annum; term of office 2 years; appointed by the Governor; regular employees, 20, and State Rangers, 50. Appropriations .....\$ 339,480.00 \$ 340,682.00

Note: The larger part of the appropriation is for armory rent and other expenses connected with the National Guard.

## STATE BOARD OF CONTROL

S. B. Cowell, Chairman, H. H. Harrington, and R. B. Walthall, members; salary \$5,000, each, per annum; term of office 6 years; appointed by the Governor; number of employees, 65. Appropriations .....\$ 170,810.00 \$ 218,910.00

Note: The Board has the upkeep of Public Building and Grounds and State Parks; the management and purchasing of supplies for the eleemosynary institutions and preparing the appropriation budget.

## ATTORNEY GENERAL'S DEPARTMENT

W. A. Keeling, Attorney General; salary \$4,000 per annum; term of office 2 years; elected by the people; number of employees, 25. Appropriations....\$ 94,820.00 \$ 94,820.00

## TREASURY DEPARTMENT

C. V. Terrell, State Treasurer; salary \$2,500 per annum; term of office 2 years; elected by the people; number of employees, 15. Appropriations .....\$ 31,372.50 \$ 30,372.50

## DEPARTMENT OF EDUCATION

S. M. N. Marrs, State Superintendent; salary \$4,000 per annum; term of office 2 years; elected by the people; number of employees, 58. Appropriations.....\$ 73,300.00 \$ 73,300.00

## PUBLIC SCHOOL FUNDS:

Amount derived from Permanent Fund .....	\$ 2,658,175.33
Amount derived from State Taxes .....	\$12,993,064.67

Total .....	\$15,651,240.00
Scholastics, 1,304,270.	
Apportionment, \$12 per capita for schoolastic year 1923-1924.	

## STATE TAX BOARD

Appropriations for years  
beginning Sept. 1st  
1923 1924

John G. Willacy, Tax Commissioner; salary \$2,500 per annum; term of office 2 years; appointed by the Governor; number, regular employes, 1. Appropriations . . . . .	\$ 4,150.00	\$ 4,150.00
---	-------------	-------------

## ISSURANCE DEPARTMENT

John M. Scott, Commissioner: salary \$4,000 per annum; term of office 2 years; appointed by the Governor; number of employes, 16. Appropriations . . . . .	\$ 34,275.00	\$ 33,275.00
--	--------------	--------------

## STATE BOARD OF HEALTH

Dr. Malone Duggan, State Health Officer; salary \$3,000 per annum; term of office 2 years; appointed by the Governor; number of employes, 65. Appropriations . . . . .	\$ 146,467.52	\$ 150,842.52
--	---------------	---------------

## BANKING DEPARTMENT

J. L. Chapman, Commissioner; salary \$6,000 per annum; term of office 2 years; appointed by the Governor; number of employes, 38. Appropriations . . . . .	\$ 60,650.00	\$ 59,150.00
--	--------------	--------------

## STATE LIBRARY

Miss Elizabeth West, State Librarian; salary \$2,000 per annum; term of office, 2 years; appointed by Library Commission; number of employes, 19, and part-time employes, 5. Appropriations . . . . .	\$ 24,110.00	\$ 24,110.00
---	--------------	--------------

## BOARD OF WATER ENGINEERS

A. H. Dunlap, C. S. Clark, and Jno. A. Norris, members; salary \$3,600, each, per annum; term of office 6 years; appointed by the Governor; number regular employes, 6; large number to be employed out of appropriation of \$600,000 for reclamation purposes. Appropriations . . . . .	\$ 24,320.00	\$ 24,320.00
--	--------------	--------------

## STATE MINING BOARD

N. M. Bullock, State Inspector; salary \$2,000 per annum; term of office 2 years; appointed by the Governor; number of employes, 1. Appropriations . . . . .	\$ 3,375.00	\$ 3,375.00
--	-------------	-------------

## INDUSTRIAL ACCIDENT BOARD

Appropriations for years  
beginning Sept. 1st  
1923                    1924

J. H. Fowler, Chairman; salary \$4,500 per annum; J. E. Proctor and J. M. Patillo, members; salary \$4,000, each, per annum; term of office for all 3 members, 6 years; number of employees, 15. Appropriations .....	\$ 39,750.00	\$ 39,750.00
---	--------------	--------------

## GAME, FISH, AND OYSTER COMMISSION

W. W. Boyd, Commissioner; salary \$3,000 per annum; term of office 2 years; appointed by the Governor; number of employees, 53, on Sept. 1st, 1923. The number varies. These appropriations are derived from game licenses, etc.. Appropriations .....	\$ 62,500.00	\$ 62,500.00
--	--------------	--------------

## MARKETS AND WAREHOUSE DEPARTMENT

Chas. E. Baughman, Commissioner; salary \$3,600 per annum; term of office 2 years; appointed by the Governor; number of employees, 34. Appropriations .....	\$ 90,325.00	\$ 90,325.00
---	--------------	--------------

## GENERAL LAND OFFICE

J. T. Robison, Commissioner; salary \$2,500 per annum; term of office 2 years; elected by the people; number of employees, 36. Appropriations....	\$ 90,550.00	\$ 88,550.00
---	--------------	--------------

## HIGHWAY DEPARTMENT

R. M. Hubbard, Chairman, Geo. D. Armitstead, D. K. Martin, Commissioners, salary \$2,500, each,, per annum; term of office, 2 years; appointed by the Governor; term of office 6 years after Feb. 1, 1925. Gibb. Gilchrist, Highway Engineer; salary \$6,000 per annum; number of employees Sept. 1, 1923, 86; number varies. Appropriations .....	\$ 619,260.00	\$ 533,060.00
Note: This department will have approximately \$6,500,000 from automobile tax; \$2,250,000 from gasoline tax; and \$4,000,000 from Federal Government for the maintenance and upkeep of 92 State highways or 18,000 miles.		

## LIVE STOCK SANITARY COMMISSION

J. E. Boog-Scott, Chairman, J. B. Murrah, Paul Smith, Commissioners; salary of Chairman \$2,500, two others \$1,250, each, per annum; appointed by Governor; term of office 2 years; number of employees approximately, 91; number varies. Appropriations.....	\$ 264,500.00	\$ 239,400.00
--	---------------	---------------

## RECLAMATION DEPARTMENT

Appropriations for years  
beginning Sept. 1st  
1923 1924

A. A. Stiles, Reclamation Engineer; salary \$3,600 per annum; term of office 2 years; appointed by the Governor; number of employes, 8 regular. Appropriations .....	\$ 54,200.00	\$ 24,200.00
Note: This department will have approximately \$100,000 each year out of the appropriation for conservation, reclamation and flood control.		

## DEPARTMENT OF AGRICULTURE

Geo. B. Terrell, Commissioner; salary \$3,600 per annum; term of office 2 years; elected by the people; number of regular employes, 32; 6 additional employes paid out of special appropriation for pink bollworm control. Appropriations .....	\$ 83,970.60	\$ 83,970.60
---	--------------	--------------

## BUREAU LABOR STATISTICS
