OFFICE OF THE
SUPERINTENDENT

November 20, 2017

Honorable Greg Abbott, Governor
Honorable Glenn Hegar, Comptroller of Public Accounts
Ursula Parks, Director, Legislative Budget Board
Lisa Collier, First Assistant State Auditor

Ladies and Gentlemen:

We are pleased to submit the Annual Financial Report of the Texas School for the Deaf for the year ended August 31, 2017, in compliance with TEX. GOV'T CODE ANN §2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Greg Reyes at (512) 462-5360.

Sincerely,

Claire Bugen
Superintendent

NOTE 1: Summary of Significant Accounting Policies

Entity

The Texas School for the Deaf is an agency of the State of Texas and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for State Agencies.

The Texas School for the Deaf operates under the authority of Section 30.051 of the Texas Education Code. The school is governed by a nine-member board appointed by the Governor and confirmed by the Senate. The school provides a positive learning and living environment that addresses the unique needs of a diverse population of deaf learners and enables them to become productive members of society.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Fund Structure

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity.

Governmental Fund Types & Government-wide Adjustment Fund Types

General Revenue Funds

The General Revenue Fund is used to account for all financial resources of the state except those required to be accounted for in another fund.

Capital Assets Adjustment Fund Type

The Capital Assets Adjustment Fund (Fund 0991) will be used to convert governmental fund types' capital assets from modified accrual to full accrual.

Long-Term Liabilities Adjustment Fund Type

Long-Term Liabilities Adjustment Fund (Fund 9997) will be used to convert governmental fund types' debt from modified accrual to full accrual.

Other Adjustment Fund Type

The Other Adjustment Fund Type (Fund 0992) will be used to convert all other governmental fund type activity from modified accrual to full accrual.

Fiduciary Fund Types

Fiduciary funds account for assets held by the state in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds.

Agency Funds

Agency funds are used to account for assets the government holds on behalf of others in a purely custodial capacity. Agency funds involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. Agency funds at the Texas School for the Deaf include Student Trust and Student Activity funds.

Component Units

No component units have been identified which should have been blended into an appropriated fund.

Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year end. The State of Texas considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for Fund Financial Statements prepared on the modified accrual basis. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual basis of accounting. This includes capital assets, accumulated depreciation, unpaid employee compensable leave, the unmatured debt service (principal and interest) on general long-term liabilities, long-term capital leases, long-term claims and judgments, and full accrual revenues and expenses. The activity will be recognized in these fund types.

Budget and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act). Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Assets, Liabilities, and Fund Balances/Net Assets

ASSETS

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Inventories

Inventories include supplies and postage on hand at year end. The consumption method of accounting is used to account for inventories. The cost of these items is expensed when the items are consumed.

Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or, if not purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

Current Receivables – Other

Other receivables include year-end revenue accruals.

**Texas School for the Deaf
Notes to the Financial Statements
For the Fiscal Year Ended August 31, 2017**

LIABILITIES

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending

Current Payables – Other

Payables are the accrual at year-end of expenditure transactions.

Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or non-current in the statement of net assets.

Capital Lease Obligations

Capital Lease Obligations represent the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. Liabilities are reported separately as either current or non-current in the statement of net assets.

FUND BALANCE/NET ASSETS

The difference between fund assets and liabilities is 'Net Assets' on the government-wide and fiduciary fund statements, and the 'Fund Balance' is the difference between fund assets and liabilities on the governmental fund statements.

Reserved for Encumbrances

This represents commitments of the value of contracts awarded or assets ordered prior to year-end but not received as of that date. Encumbrances are not included with expenditures or liabilities. They represent current resources designated for specific expenditures in subsequent operating periods.

Unreserved/Undesignated

This represents the unappropriated balance at year-end.

Invested In Capital Assets, Net Of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

INTERFUND ACTIVITIES AND BALANCES

The agency has the following types of transactions between funds:

- (1) Transfers: Legally required transfers that are reported when incurred as 'Transfers In' by the recipient fund and as 'Transfers Out' by the disbursing fund.
- (2) Reimbursements: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.

Notes to the Financial Statements
For the Fiscal Year Ended August 31, 2017**

NOTE 13: Continuance Subject to Review

The Texas School for the Deaf was removed from the provisions of the Texas Sunset Act under the provisions of Senate Bill 309, 77th Legislature, Regular Session, Article 7.

NOTE 14: Adjustments to Fund Balance/Net Assets

Balance of General Fixed Assets	09/01/16
Beginning Balance	\$ 31,041,411.64
Restatement	<u>7,067.07</u>
Beginning Balance as Restated	\$ 31,048,478.71

Restatement due to recovery of assets previously reported as having been disposed in the Statewide Property Accounting System.

NOTE 15: Contingencies and Commitments

The Texas School for the Deaf has received several federal grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to a request for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based on prior experience, management believes such disallowances, if any, will be immaterial.

NOTE 16: Subsequent Events

Non-Applicable

NOTE 17: Risk Management

Non-Applicable

The Texas School for the Deaf, in performance of its duties is exposed to property and casualty loss and worker's compensation claims. It is our agency's policy to retain the risk to cover losses to which it may be exposed.

The Texas School for the Deaf assumes substantially all risks associated with tort and liability claims due to the performance of its duties. Currently there is no purchase of commercial insurance. The Texas School for the Deaf participates in the State Office of Risk Management's (SORM) Worker's Compensation Coverage Program.

The Texas School for the Deaf's liabilities are reported when it is both probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities are reevaluated periodically to consider current settlements, frequency of claims, past experience and economic factors. There were no significant reductions in insurance coverage in the past year and losses did not exceed funding arrangements during the past three years.

Addendum**

The Texas School for the Deaf (TSD) is established as a state agency to provide a continuum of direct educational services to students, aged zero through twenty-two, who are deaf or hard of hearing, many of whom have multiple disabilities. TSD serves students from local school districts throughout Texas. During the 2016-2017 school year, TSD served 562 students, 214 of whom resided on-campus. The remainder attended TSD during the school day but lived with their families in local area residences. TSD provides transportation services to and from TSD for our day students.

The Texas School for the Deaf is governed by a nine-member board appointed by the Governor and approved by the Senate. The Board is directed to organize and conduct itself like an independent school district board of trustees. Of the nine board members, five must be deaf, are parents of children who are deaf or professionals working with the deaf.

The members of the board as of August 31, 2017 were:

MEMBER	TERM EXPIRES	HOMETOWN
Eric Hogue, President	2015	Wylie
Shawn Saladin, Vice President	2017	Edinburg
