TASTE

OF

TEXAS

Government Publications
Texas State Documents

JUL 20 1987 pl

Dallas Public Library

This logo packs a real punch. It identifies the varied line of genuine Texas food products listed in this booklet.

The Texas Department of Agriculture developed the Taste of Texas logo and the marketing program connected with it to promote food products grown and processed in Texas.

We're proud of our native cuisine, and we want to share it with others. We've discovered that most folks like it as much as we do. So we're out to make Taste of Texas a household phrase with promotional efforts that include point-of-purchase materials, personal contacts, public events and media publicity.

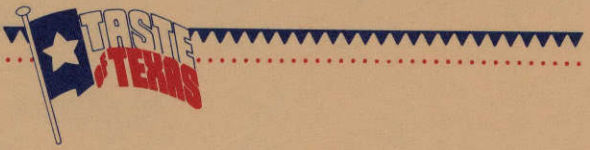

All of which means increased profits for food processors who identify their products with the Taste of Texas logo and for retailers who carry their brands.

Get in on the best thing since sliced bread. Get in on the Taste of Texas.

Jim Hightower

**Jim Hightower
Texas Commissioner of Agriculture**
