INTRODUCTION

The Texas State Travel Directory is a publication of the State Travel Management Program (STMP) of the State of Texas. The STMP is administered by the Travel Management Program of the General Services Commission (GSC), which was created by the 70th Texas Legislature in 1987 (Texas Government Code, Section 2171, Title 10) to provide centralized management and coordination of state travel.

THE STMP IS designed to help state agencies make more efficient use of taxpayer dollars by helping them manage state travel expenditures and by monitoring state travel activity and providing discounted travel services through vendor contracts.

Required Use/Eligibility for Contracts

State agencies in the executive branch of state government are required to participate in the STMP by using the contracts for travel services awarded by GSC. These contracts include travel agencies, a charge card provider, rental car companies, airlines, and hotels. Institutions of higher education are not required to use the contracts for travel agency services but are required to use all other travel service contracts when the services are purchased with General Revenue Funds or Educational and General Funds.

STMP SERVICES and contracts are available to: elected and appointed state officers; state agency employees, including employees of institutions of higher education; prospective employees when their travel is being paid by the State; and other persons traveling on behalf of state agencies *when their travel expenses are paid by the State in accordance with guidelines established by the Comptroller of Public Accounts.* (This includes but is not limited to wards of the state, prisoners, and indigent patients being transported by the state.) **Use of these services and contracts is mandatory** for all of the above persons in the executive branch of state government.

UNDER HOUSE Bill 255, 75th Texas Legislature, county sheriffs, deputy sheriffs, or juvenile probation officers transporting state prisoners under felony warrants may use the STMP contracted airfares, **provided that county has executed an interlocal agreement** with the GSC to do so.

POLITICAL subdivisions of state government, local governmental entities, and school districts **are not** eligible to receive these travel services or to use these travel contracts. The STMP is not a part of the Cooperative Purchasing Act. Eligibility for STMP services is determined by the Legislature.

Types of Travel Contract Services

The STMP has contracts with multiple travel agencies around the state to assist state travelers with travel reservations and ticketing. These travel agencies are required by the contract to provide the lowest available airfares to state travelers. They also assist state travelers with hotel and rental car reservations, as needed. Contractually, these travel agencies cannot charge service fees to state agencies participating in the STMP. Contracted travel agencies share a percentage of the commissions they receive from state business with the State. These rebates are deposited into the General Revenue Fund.

THE STMP ALSO provides contracted charge card services to state agencies and employees for the purpose of paying travel expenses incurred on official state business. Agency accounts allow state agencies to pay employee travel expenses for air, rail, and some rental car directly to travel vendors. Individual accounts allow employees to pay travel expenses without using personal funds or obtaining cash advances from the State. The charge card contractor also provides data management reports on charged travel expenses to the STMP.

THE STMP NEGOTIATES discounted rates for state business travel with airlines, rental car companies, and lodging establishments. Currently, GSC has contracts with 9 major airlines, two rental car companies, and approximately 850 hotels across the country.

STMP STAFF ALSO provides group/meeting planning services to state agencies and colleges and universities, assisting them in securing facilities for meetings, conferences, seminars, and other events at the lowest possible cost to the State.

DURING FISCAL YEAR 1997, the State of Texas spent more than \$86.1 million for state business travel. From FY 1989 through FY 1997, the State saved \$89.1 million on airfares and \$9.1 million on rental cars by the use of these contracts. Total savings, revenue generation, and cost avoidance for these fiscal years was \$164.4 million.

Travel Audits

The Comptroller's Office is statutorily required to audit travel vouchers for compliance with GSC's rules for contracted travel services. They audit state agencies that are required to participate in the STMP for two purposes: (1) to ensure that agencies are using the contracts; and (2) to ensure that agencies comply with the contracted rates for commercial airline and rental car services.

Definitions

City-pair - A one-way airline flight between two cities, from origin to destination, regardless of stopovers or connections.

Discount rate - A price for a travel service established by the STMP.

Exception - One of 12 reasons, agreed on by both the STMP and the Comptroller's Travel Claims office, that allows a traveler to use a non-contract travel vendor and still be in compliance with GSC's travel rules.

State of Texas Contract Rate - The rate travelers should ask for when making reservations for services and when obtaining those services from the contracted airlines, rental car companies and lodging establishments.

Transient travel - Travel by an individual passing through a destination for a short stay; not joining others to participate in a convention or group meeting in which the lodging facility is participating.

Travel coordinator - Person at each state agency, designated by that agency, that receives information disseminated by the STMP. In most agencies, this person coordinates or arranges the business travel for that agency. In some agencies, this person is also responsible for filing the vouchers and paying the travel bills.

Traveler - A person who, under Section 125.1 of the GSC's travel rules, is eligible to use the contract services or rates.

Exceptions

The contracts listed in this directory **must be used** unless an approved exception condition exists. These conditions are the **minimum restrictions** a participating state agency must follow. Agencies may establish additional guidelines to further limit their travel policies.

WHEN A CONTRACTED TRAVEL VENDOR is not used or when the purchase or reimbursement for airline or rental car transportation exceeds the contract airfare or rental car rate, one of the exception conditions **must exist** and must appear on the travel voucher or be included with the payment voucher submitted to the Comptroller's Office. Approved exception conditions are listed below. The abbreviated wording (in bold) should be used on the voucher.

1. **In Travel Status.** a) The state traveler is already in travel status which renders the use of a contract travel agent impractical or unnecessary; or b) airline reservations are not required.
2. **Part of Group.** Travel is undertaken as part of a group program for which reservations must be made through a specified source to obtain a specified rate of service. (This includes, but is not limited to, travel for conventions/group meetings, which require stays at non-contract lodging establishments, and/or travel on non-contract air carriers.)
3. **Contractor not time efficient.** A contract travel vendor cannot provide services in the time period required to accomplish the purpose of the travel.
4. **Contractor not available.** A contract travel vendor's services are not available in a location that will reasonably allow the business requirements of a state traveler to be fulfilled.
5. **Contractor sold out.** A contract vendor is unable to provide the required services because it is sold out or does not offer services in the city being visited. (This exception also applies if the contractor does not have the type of service the state traveler requires, such as a specific type of vehicle or lodging room.)
6. **Non-contract rental car/hotel lower total cost.** Alternative rental car or hotel arrangements can be made at a lower total cost than the contract hotels or rental car companies.

- For rental cars, total costs include the base rate, loss/damage waiver protection, mileage charge, surcharges, and cost for comparable liability insurance protection.
 - For hotels, the total includes cost of the guest room, without taxes; travel time to point of business location; transportation costs such as taxi or rental car; and/or parking fees.
7. **Contractor lower fare or rate.** A contract vendor offers a fare or rate lower by any amount than the contract fare or rate.
 8. **Lower total cost using non-contract airline.** A non-contract airline offers a published fare to the general public which results in a lower total trip cost, including travel time, to the agency. However, lower or identical ("matched") airfares offered to state travelers only are not included within this exception.
 9. **Disabled traveler/Transporting person in custody/Medical.** Travel is undertaken by persons with disabilities; by persons transporting prisoners or other persons in the custody of the State; or in a medical emergency. (This exception would cover, among other things, the need to use a non-contract rental car vendor to acquire needed hand controls.)
 10. **Security/Safety Risk.** Use of contract travel vendors is perceived by the state traveler to present a security, safety, or health risk to the state traveler. (This covers, for example: a) a traveler's use of a non-contract hotel if they perceive the contract property to be in an unsafe neighborhood or to have an undesirable clientele; b) the use of a non-contract vendor, e.g., a nonsmoking rental vehicle or hotel room, is required and not available from the contract vendor.)
 11. **Not eligible for contract.** Travel is by persons who, under Section 125.1 of the GSC travel rules, are not eligible to use the contract services or rates. (This exception would apply to airfares purchased for independent contractors—who are NOT eligible for the contract airfares or to lodging charges for prospective employees who did not receive the contract rate.)
 12. **Companion fare at discount rate.** Promotional airfares used by two or more state travelers on a companion basis resulting in an average airfare for each state traveler that is lower than the individual contract fare.

CONTRACTORS

Travel Agent Services

The STMP has contracts with travel agencies throughout the state to provide state travelers with reservations and ticketing for airlines, hotels, and rental cars. Each state agency selects one or more contracted travel agencies for their travelers to use from a list provided by the STMP.

Contracted Travel Agencies

Under Senate Bill 1295, 74th Texas Legislature, the STMP is required to contract with all applying travel agencies that meet minimum requirements, as defined by the travel rules. Travel agency contracts are for three-year periods, beginning on the approval dates, and are renewable. New travel agencies may apply at any time.

How to Use

1. When you are ready to make reservations for a trip, contact your state agency travel coordinator to find out which travel agency you should use. (Your state agency has to be set up with them before they can book travel for you.)

2. Call the designated travel agency. Tell the travel agent that you are a state employee and the name and three-digit state agency code of the agency you work for. Tell him/her where and when you need to travel and what services you will need, i.e. airline tickets, hotel accommodations, rental car, etc. You will also need to tell the agent how you plan to pay for each of these services. (If you plan to use a charge card, you will have to give the travel agent the number.)
3. Be sure to double check the accuracy of all information with the travel agent before you hang up.
4. As soon as you receive your tickets, check all the information to make sure it is correct. Check: your name; the flight times, numbers, and destinations; the travel dates; the hotel information; and the rental car confirmation number.
5. If you must cancel your trip, immediately call the appropriate travel agency and tell them to cancel all reservations. (If your hotel reservation is not canceled, you may be billed for one night's room charge.) Get a confirmation number and/or the name of the person canceling the reservations and keep a record of it. Return your unused airline tickets to the travel agency as soon as possible for a refund. On nonrefundable tickets, contact the travel agency that issued them for possible options. The cost of the tickets will be billed whether they are used or not. Refunds will appear as credits on future monthly charge card statements.

Travelers, contact your state agency travel coordinator **before** contacting a travel agency. Travelers **must use** the travel agency(s) selected by his or her state agency.

Charge Card Services

The General Services Commission contracts with American Express Corporate Services to provide charge card services for state agencies and travelers. Accounts may be established for a state agency and/or for individual state travelers. The agency accounts, called

Business Travel Accounts or BTAs, are for air, rail, and rental car charges only. (Car Rental BTAs can only be established for Avis Rent A Car System, Inc.) Only reimbursable state travel may be charged to these accounts. Individual card accounts, which are issued in the state traveler's name, are to be used for business-related charges only.

Individual Card Accounts

To be eligible for an state-issued individual charge card, the state employee must:

- take, or be expected to take, three (3) or more trips per fiscal year, or
- expend at least \$500.00 per fiscal year for official state business.

IF YOU FEEL you need a state-sponsored charge card and you qualify under this program, contact your state agency travel coordinator for an application form. The charge card contractor will screen credit histories on individual applicants. Individual state-issued corporate cards are intended for use while traveling on state business.

SOME BENEFITS of a state-issued American Express charge card are:

- ★ No annual fees
- ★ No preset spending limits
- ★ No minimum salary requirements
- ★ Business traveler accident insurance - up to \$200,000 coverage for the entire time of the trip, for up to 30 days per trip
- ★ Baggage insurance - \$1,250 for carry-on baggage; \$500 for checked baggage.
- ★ 24-hour emergency card replacement

INDIVIDUAL CHARGE cards issued through the State of Texas are required to be embossed with the cardmember's name, the account number, and STATE OF TEXAS - ###, with the three numbers being the employee's state agency three-digit, Comptroller-assigned number. (Example: For GSC, the cards read STATE OF TEXAS - 303.)

Individual charge cards issued through the State of Texas are to be used for official state business charges only.

THE STATE has placed a \$200 limit on non-travel (retail) charges on state-issued cards. In some instances, charges for travel-related expenses such as parking, taxis, and gasoline may be coded by the merchant as "retail." Please be aware of this so you don't get caught unprepared while traveling.

INDIVIDUALS who need to charge reimbursable non-travel business expenses greater than \$200 should contact their state agencies to inquire about obtaining a Procurement Card.

ON INDIVIDUAL card accounts, the individual whose name appears on the card is responsible for payment of the account. American Express has stipulated that individual state-issued charge cards are not eligible for American Express Membership Rewards programs.

Payment Guidelines

1. All accounts are payable **upon receipt of the statement**.
2. An account is considered by American Express to be **delinquent after 30 days**.
3. When an account reaches 60 days past due, **it is suspended** until it is paid. Accounts that consistently run over 50 days past due may be placed on an "approval only" basis for charges or suspended until it is brought current. Accounts that have a history of repeatedly going 60 days past due or which go 60 days past due in two consecutive billing periods are **subject to cancellation**. In most instances, canceled accounts will not be reopened.
4. An account that reaches 90 days past due **will be canceled** and probably will not be reopened.
5. Individual charge cards are subject to **delinquency charges** on past-due balances.
6. Delinquency assessments are **NOT reimbursed** by the State.

Since February 1997, American Express reports severely delinquent cardmembers to credit bureaus. All cardmembers at risk will be given written notice prior to being reported.

Tips

If you have questions about items that appear on your bill, **PAY WHAT YOU CAN IDENTIFY AS YOURS** and submit questions about the doubtful charges to the appropriate American Express account services representative in Phoenix. (Your state agency travel coordinator should

have a list of American Express contacts.) The protested charges will be removed from the immediate amount due while they are being investigated, and, if you have paid the charges you know are yours, your account will stay current. DO NOT send questions or documentation to the address to which you send your payments.

IF AN INDIVIDUAL account is closed for delinquency, the decision to reopen it rests with American Express.

In accordance with the State of Texas contract, on individual accounts, if an account ages to ninety (90) days past due, a 1.5% delinquency assessment will be charged on all thirty (30) day plus money. When an account ages to sixty (60) days past due for the first time, there is no delinquency assessment. Once an account has aged sixty (60) days consecutively (at least two months running) a delinquency assessment in the amount of 1.5% will be assessed on all of the thirty (30) day plus money. Accounts will be suspended if unpaid balances reach sixty (60) days past due; accounts will be canceled at ninety (90) days past due.

Rental Car Contracts

The General Services Commission currently has contracts with Advantage Rent-A-Car and Avis Rent A Car System, Inc. These contracts are effective through December 31, 1998. Travelers may use either of the two contracts, depending on instructions from their individual state agencies. Most rates include unlimited free mileage within the state of rental, free Loss Damage Waiver, and free primary liability coverage. Confirmation of all charges is the responsibility of the traveler and should be obtained when reservations are made.

FOR BOTH VENDORS, the rates and provisions of the contracts apply only at locations within the 48 contiguous United States and in Puerto Rico. (Alaska and Hawaii are not included.) Also, provisions for taking a contracted rental vehicle-out of the U.S. and across state lines vary from company to company and, in some cases, from location to location. If you plan to take the rental vehicle out of the country, i.e., to Canada or Mexico, you should ask about these policies at the time you make the reservation.

These rates are effective through December 31, 1998.

**The Advantage State of Texas Customer Service number is
1-800-777-5524**

(Do not call this number for reservations.)

- ★ Except where indicated, rates include unlimited free mileage within the state of rental.
- ★ All rates include Loss Damage Waiver and primary liability insurance.
- ★ Specialty vehicles (pickup trucks, cargo vans, 15-passenger vans, and mini-van rentals include 150 free miles per day, 750 miles per week, 3,000 miles per month. Each mile in excess of these limits will be charged at 20 cents (20¢) per mile. Reservations for these vehicles should be made at the location, not through the 800 reservation number. Cargo and 15-passenger vans are usually available only at airport locations in larger cities.

SECONDARY DRIVERS: There are no fees for secondary/additional drivers. Authorized secondary drivers who are employees of the State of Texas on official state business and possess a valid drivers license do not have to sign the rental agreement. Secondary drivers who are not state

employees must sign the rental agreement.

ONE-WAY RENTALS: There are no drop-off charges on one-way rentals between any two Advantage U.S. locations. Advance arrangements are required and are subject to availability.

OVERTIME RENTALS: When returning an Advantage rental vehicle: The first 59 minutes of excess time will be allowed free. After this "grace period" expires, a per-hour charge will be imposed up to but not exceeding the next 24-hour charge. Per-hour rates for overtime charges are based on the class of vehicle rented and are listed on the rental agreement given to the renter as "OT Hours".

PERSONAL RENTALS: Personal rentals will be honored at all Advantage locations to renters over age 21. All benefits apply except that the renter's personal liability insurance is primary, Advantage's liability coverage is secondary, and Advantage's coverage is limited to the statutory minimums required by the laws of the state of rental.

EXTENDED RENTALS: On weekly rentals, the rate will be five times the daily rate, with no charge for the sixth and seventh days. For monthly rentals, the rate will be 24 times the daily rate, with no charge for the 25th through 30th days. These **free days apply only AFTER the paid days have expired.** (Please refer to the *State of Texas Travel Allowance Guide*, published by the Comptroller of Public Accounts, for information on reimbursement for extended rentals.)

EMERGENCY ROAD SERVICE: For emergency service, you may call 1-800-777-5500 between 6:30 a.m. and 11:00 p.m., or you may contact the renting location directly. State of Texas renters may rent cellular phones at participating location, with no minimum usage requirement. Many areas include the "Mr. Rescue" service as a free call for complimentary roadside assistance.

ACCIDENTS: If you have an accident, you must **contact the rental car company within 24 hours** or the insurance coverages included in the contract will not be valid.

CONTRACT VIOLATIONS: Any condition that violates the rental contract, such as driving within 12 hours of using intoxicants or drugs; using the vehicle for any illegal purpose; using the vehicle in any race or speed test; or towing or propelling any other vehicle, **nullifies the contract insurances.**

OTHER RESTRICTIONS: Due to vicarious liability, Advantage vehicles may not be driven in the states of New York, Florida, Michigan, Minnesota, Rhode Island, Iowa, and Washington, DC.

Avis Rent A Car System, Inc.

The State of Texas contract rate identifier is the Avis-assigned agency AWD number which consists of the prefix **F999** + your **State Agency three-digit number**. Example: F999111.

(Do not call this number for reservations.)

- ★ Most rates include unlimited free mileage for returns to the same city.
- ★ Rates include Loss/Damage Waiver and primary liability coverage. (There are exceptions to these benefits. Please see "No LDW" information on page 19.)
- ★ Mini-van rentals include 100 free miles per day. Each mile in excess of 100 per day will be charged at 30 cents (30¢) per mile.

SECONDARY DRIVERS: Additional or secondary drivers who are State of Texas employees or the spouse (who is at least 25 years of age) of the employee renter may drive the rental vehicle at no additional charge. All other additional drivers may be charged an additional driver fee. It is not necessary for secondary drivers to sign the rental agreement.

ONE-WAY RENTALS: There are no drop-off charges on one-way rentals. The cost will be the normal daily rate plus 28 cents (28¢) per mile on the elapsed mileage on the odometer of the vehicle. One-way rentals are available **only within the State of Texas**. Advance arrangements are required.

The logo for Avis Rent A Car, featuring the word "AVIS" in a bold, italicized, sans-serif font.

OVERTIME RENTALS: When returning an Avis vehicle: The first 59 minutes of excess time will be allowed free. After this "grace period", the second hour, up to 59 minutes, will be charged at 1/3 the daily rate; the third hour, up to 59 minutes, will be 2/3 the daily rate; and for returns after the third hour, the full daily charge will be assessed.

PERSONAL RENTALS: In order to receive the contract insurance provisions, the rental must be booked at the contract rate by using the appropriate state agency identifier number.

EXTENDED RENTALS: On weekly rentals, the rate will be six times the daily rate, with no charge for the seventh day. For monthly rentals, the rate will be 24 times the daily rate, with no charge for the 25th through 30th days. These free days apply only AFTER the paid days have expired. (Please refer to the *State of Texas Travel Allowance Guide*, published by the Comptroller of Public Accounts, for information on reimbursement for extended rentals.)

VAN/GROUP RENTALS: When making reservations with Avis for van/group rentals, you must **call 1-800-533-0476**. Groups on State of Texas business using the valid state agency AWD (Avis Worldwide Discount) number will be exempt from the additional insured endorsement requirement when the reservation is booked through this 800 number.

NO LDW and/or UNLIMITED MILEAGE: Some of the Avis franchise locations DO NOT offer unlimited mileage and/or free Loss Damage Waiver. There are no Texas locations that do not offer LDW on contract rentals. The Texas locations that do not give unlimited mileage are Abilene, Midland, San Angelo, and Texarkana. There are Avis locations in other states which do not offer unlimited mileage and/or Loss Damage Waiver coverage. Please check with your travel agent or with Avis when booking a vehicle to see if the city where you are renting offers these courtesies.

PREMIUM CITIES: Avis has several "premium" cities around the country. When you rent Avis vehicles in these cities you will be charged a surcharge that ranges from \$3 to \$12 per day. This surcharge is applicable in: Alaska; Illinois; New York State; Atlanta; the Baltimore, MD/Washington, D.C. area; Boston; Charlotte; Chicago; Cleveland; the Denver/Colorado Springs area; Detroit; Hartford; Kansas City; Minneapolis; New Orleans; Philadelphia; Pittsburgh; Puerto Rico; Seattle; St. Louis; and the New York City metropolitan area (including Newark, NJ). There are no "premium" cities in Texas.

In the New York City metropolitan area, **contract rates do not apply on the weekends**. This includes: La Guardia, JFK, and Newark airports and the Manhattan locations. (However, if the vehicle is kept beyond the weekend period, it reverts to the contract rate.) These New York locations are "premium" locations and are therefore higher than elsewhere. Check when booking.

CONTRACT VIOLATIONS: Any condition that violates the rental contract, such as driving while under the influence of alcohol or a controlled substance; using the vehicle for any illegal purpose; using the vehicle in any race, test, or contest; towing or propelling any other vehicle; or using the vehicle to carry passengers or property for hire, **nullifies the contract insurances**.

How to Use

- 1) You may **reserve** a rental car through your designated travel agency or by contacting the rental car company itself. If you are flying somewhere and then picking up a rental vehicle, **HAVE THE TRAVEL AGENCY BOOK THE RENTAL CAR** at the same time they book the airfare. This will save you time and will ensure there is no confusion, as there might be if you call later to book the vehicle.
- 2) When making a reservation, be sure to **identify yourself** as a State of Texas employee and give your State agency **contract rate identifier number**. Verify the rates and get a confirmation number. When you go to pick up the vehicle, give the rental agent this confirmation number and, again, identify yourself as a State of Texas employee and give your State agency contract rate identifier number.
- 3) **Make advance reservations**. If you walk up to the counter at the rental car location without a reservation, they are **NOT** obligated to have a vehicle for you.

Tips

INSURANCES: When you rent a vehicle from **Advantage** or **Avis** under the State of Texas contract, the rental rate includes two kinds of insurance:

- ★ **LDW** (Loss/Damage Waiver or comprehensive), which covers any damage to the rental vehicle; and

- ★ **Liability**, which covers persons and property outside the rental vehicle. State employees, while in the course and scope of their employment, are covered by Workers' Compensation.

NO VEHICLE UPON ARRIVAL: If you show up at the rental counter with a confirmed reservation for a vehicle and they don't have one for you, under the state contract, both Advantage and Avis are required to:

- ★ give you a free upgrade to the next higher vehicle class, if that is available; or
- ★ acquire a comparable vehicle for you, from the other contract vendor if possible, or from a non-contract company. In either instance, they must pay any difference in the cost.

(These procedures **do not apply** if the vendor is sold out when you call to make the reservation. If that happens, you will have to locate a vehicle with another company yourself.)

IF THE COUNTER person you are dealing with will not do this, ask to speak with the location manager. If you still do not get this assistance, call the company customer service contact or call our office (if it is during normal business hours). If for some reason you can't do this at the time of the rental, contact our office as soon as possible after your trip. We will get you a refund or some other form of adjustment. And, we will require that the staff at that location be retrained to abide by the state contract.

CUSTOMER SERVICE contacts are:

ADVANTAGE: 800-777-5524 - Ask for the State of Texas customer service representative. Or call Lisa Noble at 512-388-3377 ext. 302.

AVIS: 800-525-7521 ext. 1064 - Susan Gunderson.

In either case, you can speak with another representative at that number if this person is unavailable. As always, if you do not get what you need, call or fax us the information at the numbers on page 45.

PROMOTIONAL RATES: If you rent a vehicle from Advantage or Avis using a rate other than the State of Texas Contract Rate (e.g., a promotional rate), **you will not be covered** by any insurances. You **MUST** request the State of Texas Contract Rate in order to receive the insurance coverages.

OTHER RENTAL CAR VENDORS: If you rent a vehicle from any other rental car vendor, insurance may or may not be included in the base rental rate. Inquire at the time of rental if insurances are included.

If they are not, you must take them separately. If you need to use a non-contract rental car vendor under an allowable exception, LDW charges will be reimbursed by the Comptroller; liability charges will not. (Please refer to the *State of Texas Travel Allowance Guide* published by the Comptroller of Public Accounts.)

SURCHARGES: Many cities and/or airports around the country impose surcharges on car rentals in their areas. These are considered mandatory charges and will be reimbursed by the Comptroller. (Example: Florida imposes a 5¢ per day Battery and Tire Surcharge and a \$2 per day Rental Car Surcharge on all rentals in that state.)

Paying for Rental Car Services

Each state agency has different arrangements for paying for rental cars. They may be paid in one of several ways:

- with an individual state-issued corporate charge card;
- by direct-bill with a one-trip travel voucher issued by your state agency, **if arrangements have previously been established** by your state agency;
- by direct-bill without a one-trip voucher, **if arrangements have previously been established** by your state agency;
- on a special car rental charge account through the contract charge card vendor **if the account has previously been established by your state agency.** (At this time, the option is available only with Avis);
- with your personal non-state charge card; or
- by special **advance arrangement**, with cash, (i.e., You cannot just walk up to the counter and rent a car on a cash basis. You will be required to "guarantee" payment with a charge card.)

BEFORE RENTING A VEHICLE, check with your state agency travel coordinator to find out the method of payment that has been established for your agency. ***If you get to the rental counter without this information, you may not be able to obtain a vehicle.***

Reimbursement Limits

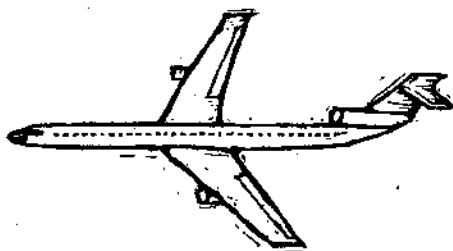

Effective January 1, 1994, the purchase or reimbursement for rental car expenses may not exceed the contract rental car rate unless an exception condition applies.

Taxes

If you pay for a car rental with any type of individual charge card, **you must pay the taxes.** (They will be reimbursed.) If a rental is direct-billed to a state agency, there should be no taxes charged—EXCEPT the "Prop., Title, Regis." charge. (The name may vary.) This tax was implemented under House Bill 2151, 74th Texas Legislature, and allows all rental car companies operating in Texas to charge a nominal fee to recoup the cost of registering and licensing their fleets. It is to be paid by individuals and state agencies.

Surcharges

Some airports impose fees on car rentals. (For example, D/FW Airport charges 8% of the rental on the bill.) There are also surcharges imposed by some cities. (In New York City, it is \$12.00 per day.) These charges are allowable under the contracts and are to be paid with the bill. They will be reimbursed as "mandatory charges." (Please refer to the *State of Texas Travel Allowance Guide* published by the Comptroller of Public Accounts)

Contracted Air Fares

The General Services Commission has contracted with 9 airlines for State of Texas government fares in 388 markets.

RESERVATIONS AND tickets are available through the contract travel agencies, the contract airlines, and all travel agencies that have been appointed by the Airlines Reporting Corporation. State agencies in the executive branch of state government are required to book all airfares through the contract travel agencies, unless a valid exception exists.

Tickets may be purchased ONLY with the State's contract charge accounts, either a central bill account or an individual account. **No other form of payment is accepted for state contract airfare purchases.** Under the STMP's travel rules, **ALL** airfares for State of

Texas business travelers must be purchased on a contract charge account unless a valid exception exists. For members of the Texas Legislature, any form of payment may be used with a Texas Department of Public Safety identification card.

IN ADDITION to providing lower overall fares for state business travelers, the contracts offer these advantages:

- no advance purchase necessary,
- no minimum/maximum length of stay required,
- last seat availability, and
- no fee or penalty for changing or canceling the reservation.

STATE CONTRACTED airfares are to be used for **State of Texas business travel only**.

- They are **NOT** to be used for leisure, personal, or non-state business travel.
- State contracted airfares are **NOT** available to independent contractors/consultants who are paid by the State to do a job, even if their travel is reimbursed by the State.
- State contract airfares are **NOT** for group travel. If you are securing tickets for ten or more persons, you cannot get contract airfares for them. You can usually get a discounted rate directly from the airline for group travel.

Booking Codes

The fare basis codes of "**YCATX**" and "**QCATX**" have been established to identify the State of Texas contract fare on the contract city-pairs. Reservations for YCATX are made in the regular, unrestricted Y or coach class of service. Reservations for QCATX are made in the Q seat inventory. The Q inventory is capacity controlled, i.e., there are a limited number of seats available at the state contract rate.

WHEN YOU RECEIVE your airline tickets, check to be sure they show the YCATX and/or QCATX booking codes. If they do not, you are not booked on a contract flight. If you are booked at a lower fare (that is available to the general public) you will need to show the approved exception on your reimbursement voucher. If you do not have the contract booking codes but think you should have, contact the entity that issued the ticket (travel agency, airline, or travel coordinator). You may be booked incorrectly.

IF YOU PURCHASE an airline ticket from an electronic ticketing machine, **YOU WILL NOT GET THE CONTRACT FARE.** Purchasing a ticket from a machine is not an allowable exception for not obtaining the contract fare and should be done only when an approved exception exists **before** purchase.

CONTRACT AIRFARES CAN BE USED ONLY FOR STATE BUSINESS TRAVEL

How to Use

To make reservations, contact your designated travel agency. (If you do not know your designated travel agency, check with your state agency travel coordinator to find out.) Or, in the case of an emergency, contact the airline direct. Be sure to identify yourself as a State of Texas traveler to ensure you receive the State of Texas contract rate. (Ask for YCATX fares.) Airlines have contracts with other governmental entities, so do not just say you need the government fare. If you are booked on a government fare for which you are not eligible, you may be assessed the additional charge at the check-in counter. Check your invoice/itinerary for the YCATX or QCATX fare basis code to be sure you have state contract fares. If not, have the travel agency rebook you for a contract fare.

A LIST OF THE new contracted Departure/Destination cities, the base fares, and the airlines (carrier), that are applicable in either direction follow. Contract fares are one way and **DO NOT INCLUDE TAXES.** They will be listed on the ticket/itinerary/receipt as the base fare amount. Contract fares also do not include Passenger Facility Charges (PFCs) or other mandatory fees. (PFCs are additional fees assessed by many airports and/or cities which airlines must collect for these entities or any fees for special services such as a prepaid ticket charge [PTA]. Exceptions: Aspen, Austin Express, Frontier, Southwest, and United do not assess a PTA charge for tickets issued at the contract rates.) These fees are reimbursable.

IF YOU CHANGE a previously made contract reservation or purchase a contract fare at the airport, you will be asked to present identification as validation of your entitlement to the contract fares. The forms of identification accepted by the contract airlines are:

- state-issued American Express individual corporate card in the traveler's name;
- State of Texas or state university ID card;

- State of Texas payroll ID; and
- letter, on state agency or university letterhead, signed by an executive officer of that agency, identifying the bearer as traveling on state business and authorized to use state contract fares.

Ticketless Travel

Electronic ticketing, better known as E-ticketing or ticketless travel, has become the norm for most airlines. Some of the benefits are:

- the ticket can't be lost;
- there is no waiting for the travel agency to deliver it and no need to pick it up before travel;
- there is no need to return it if the trip is canceled (Be sure to notify the travel agency so it can be refunded.);
- it is one less thing to carry and keep track of; and
- state agencies can save pre-paid ticket charges by purchasing E-tickets for witnesses, prospective employees, etc.

Matched Fares

Airlines that did not receive the State's contract award in a specific city-pair may offer matched or lower "state rates." Use of these fares is NOT an authorized exception to using the contract airline. When travelers do not use the contract airlines, the contractors do not receive an increase in business and may refuse to contract with the State in the future.

Reimbursement Limits

The purchase or reimbursement of commercial air transportation may not exceed the contract fare unless an exception condition applies.

Tips

PLAN YOUR TRIP as far in advance as possible. Flights during holidays and special event times may sell out far ahead of time. Also, making flight arrangements in advance will frequently give you access to fares even lower than the State's contract rates.

RECONFIRM YOUR RESERVATIONS. Flight schedules sometimes change; it is a good idea to reconfirm your reservations a day or two

before you start your trip. On international flights, most airlines require that you reconfirm your reservations at least 72 hours in advance. If you don't, your reservations may be canceled. If you haven't already done so, check your ticket/itinerary/receipt for the YCATX or QCATX fare basis codes for state contract fares. If it isn't there, contact the travel agency that booked the trip.

ARRIVE AT THE AIRPORT EARLY. Check baggage as soon as possible and proceed **promptly** to the departure gate. Passengers not at the boarding gate at least 20 minutes before departure may not be allowed to board, even if a seat is available. Many airlines begin boarding standby passengers 30 minutes before departure time. If you are late or have not checked in, they may give your seat to a standby passenger, even if you have a confirmed reservation.

BECAUSE OF INCREASED security at airports, all baggage is subject to search if security personnel deem it necessary. Label all baggage clearly and be prepared to answer questions about it when checking in. You will be asked variations of these questions: "Did you pack your luggage yourself? Was your luggage out of your control at any time since it was packed? Did anyone you don't know give you something to carry on board for them?" **All passengers will be asked to show photo ID.**

IF YOU CAN MANAGE your trip with only two pieces of baggage, within size limitations, carrying it on the plane has several benefits.

1. It saves check-in time.
2. There is less likelihood you will arrive at your destination without it.
3. If it is an expensive camera or computer, the airlines will assume no liability for loss or damage to any such costly item.

However, most airlines now **limit carry-on baggage to two pieces** including a purse or briefcase. Check with the airline before you pack so you won't be unpleasantly surprised when you arrive at the airport.

IF YOU LOSE your airline ticket, **REPORT IT immediately** to your travel agency or to the airline that issued the ticket, i.e., the airline whose name is printed on the top of the ticket. You will be asked to submit a lost ticket refund application. Usually, processing of these applications takes from 90 to 180 days and a processing fee of \$75 is charged. **Southwest Airlines does not refund lost tickets.**

IF YOU PURCHASE a NONREFUNDABLE ticket (under an allowable exception), there is a \$50-75 charge for changing it, should the need arise.

Contract airfares can be used only for State Business Travel.

AIRCRAFT POOLING BOARD

The STATE AIRCRAFT POOLING BOARD (SAPB) was created to provide safe, cost-effective air transportation for state officials and employees.

SOME OF THE advantages of using SAPB are:

- ♦ Flights are direct to the airport of your choosing—no round-about connecting flights; no stopovers; no missing baggage.
- ♦ Flights can utilize smaller airports, flying into cities which do not have commercial service or to more centrally located airports in larger cities, thus reducing surface travel time and expense.
- ♦ SAPB flies when YOU want, according to YOUR appointment schedule. Flights may be scheduled for any time of any day of the week.
- ♦ Free, secured parking.

BECAUSE OF THE flexibility in scheduling and SAPB's ability to fly into non-commercial airports, this usually eliminates the need for overnight stays.

These things result in less travel time, shorter work days, reduced fatigue, and increased productivity. Depending on passenger loads, SAPB flight costs can be much lower than commercial rates.

FOR MORE information on SAPB services, call (512) 477-8900.

SAFETY TIPS FOR TRAVELERS

For hotel stays . . .

- ★ **Verify** all unexpected deliveries to the room with the front desk and **always** look through the peephole to see who is at the door before you open it.

- ★ **Don't** venture into large parking lots or darkened areas on hotel grounds. If you cannot avoid these areas, the hotel should be able to provide an escort. Ask for one.
- ★ **Request** a room that is not on the ground floor or accessible from the ground.
- ★ Don't reveal room numbers within earshot of unfamiliar people. If a desk clerk mentions your room number out loud, request another room. Don't needlessly display your room key in public or carelessly leave it on the restaurant table, at the swimming pool, or other places where it can be easily stolen.
- ★ When you check in, request an escort to accompany you to your room and check it out. Don't enter a room if the door is ajar.
- ★ Always use the deadbolts or auxiliary locks provided on the door of your room.
- ★ Never sit in a room with the door left open. Never leave the door open when you leave the room, even to go for ice.
- ★ Never display large amounts of cash in shops, taxis, hotel lobbies, or on the street. Don't call attention to yourself by wearing expensive jewelry.
- ★ Carry a rubber doorstop with you and place it under the door of your room. Or carry a portable electronic safety device to use on the door or in the room itself.
- ★ When returning to your hotel or motel late in the evening, use the main entrance of the facility. Avoid dimly lit, out-of-the-way entryways.
- ★ When checking into a motel, ask for a room near the office.
- ★ Avoid eating dinner alone at the same motel/hotel where you are staying whenever possible.

While driving . . .

- ★ When picking up a rental car, ask for one with nothing on it to identify it as a rental car (i.e., company stickers, special license plates, etc.). These identifiers can make you a target for criminals who assume travelers have extra money with them and don't know their way around the city.

- ★ If you get lost, don't broadcast it. When asking for directions, be discreet. Making it public knowledge that you are lost can make you a target for unscrupulous observers.
- ★ Always park in well-lit areas. Before exiting your car, check for suspicious persons in the area and always lock the doors. Also, backing into a parking space makes for a quicker, easier exit.
- ★ Always have your keys ready, in your hand, when you approach your vehicle. Look underneath the car while walking toward it. Before entering, check both front and rear seats for intruders.
- ★ When traveling on unfamiliar highways: 1) Write down and leave an itinerary with the office or your family, complete with travel dates, lodgings, and phone numbers where you expect to be. If possible, call in to report your safe arrival at each location. 2) Carry maps with routes clearly marked. 3) Travel on main roads and during daylight hours as much as possible.
- ★ Do not display or leave valuables in your vehicles.
- ★ Women traveling alone might want to place a man's hat on the dashboard of car.

QUESTIONS AND COMMENTS

We hope that the *Directory* will be a valuable tool in planning and implementing your travel for the State of Texas. In line with this, we welcome your comments, questions, and suggestions regarding the contract travel vendors and your experiences with them.

EACH STATE AGENCY has an assigned TRAVEL COORDINATOR who is your representative for the travel program. It is the Travel Coordinator's job to ensure all travelers in his or her agency are informed about policies, contracts, etc., which affect your business travel. If you don't know who your Travel Coordinator is or cannot contact him/her, we will be happy to give you that information.

ALSO, WE HAVE staff who will discuss with the contract vendors any difficulties you report to us.

- ★ If you are having trouble getting a contracted hotel rate, ask for the Director of Sales for that hotel. If you still don't get the correct rate, **contact** your Travel Coordinator and/or the STMP. We will assist you in obtaining the correct rate or obtaining an appropriate refund.
- ★ If your stay at a contracted lodging facility was uncomfortable or unpleasant due to conditions at the facility, **contact** your Travel Coordinator and/or the STMP. We want to get the word out to other State travelers so they will know what to expect. Let us know if you are particularly pleased with a contract property, so we can pass that information along, also.
- ★ If a hotel listing indicates they have ADA services but they do not have them, **contact** the STMP.
- ★ If you have a favorite hotel and it is not on contract, **contact** your Travel Coordinator and/or the STMP and we will invite them to contract with us.
- ★ **Contact** your Travel Coordinator and/or the STMP if you have difficulties with any of the State contract vendors: rental cars, charge card, travel agencies, or airlines.

THE STMP ALSO publishes the *Travel-N-Texas Update* newsletter. It contains current information travelers and travel coordinators need to know; answers to travel questions; and additions and changes to travel contracts. Newly contracted hotels are listed, as well as changes in hotel contract status, e.g., cancellations, name changes.

IF YOU DO not receive the TNT newsletter, contact your state agency travel coordinator or the STMP.

INTRODUCTION

GSC contracts with hotels for discounted rates for state employees on transient travel. In some instances, these rates may not be available during holidays or special events. Lower rates may be available during low occupancy times.

IN ORDER TO be awarded a contract with the State of Texas, hotels must offer a certain discount percentage off their standard rates and must offer at least 20% of the hotel's total single room inventory at these discounted rates, based on availability. In many instances, contracted hotels have offered more than the required discount and no limitation on the number of rooms available to state travelers. Some offer free meals, airport transportation, newspapers, etc. Some hotels extend their discounted rates to state employees for personal travel. Some do not. This is the decision of the hotel management and is not a part of the contract.

How to Use

Reservations for hotel stays may be made through the designated travel agency when making airline reservations or by calling the hotel direct. Ask for the **STATE OF TEXAS CONTRACT RATE**. If the reservationist does not know about the contract, ask him/her to check with the sales manager. If you have a problem getting the contracted rate, contact the STMP at 512-463-3559.

Tips

G**UARANTEE YOUR RESERVATION WHEN NECESSARY.** Hotels have time deadlines for holding a reservation. Ask the hotel, or your travel agency, what the deadline for check-in is at the hotel you have selected. If you may be arriving after this deadline (usually from 4 to 6 p.m.), make sure it is "guaranteed for late arrival." Guaranteeing the reservation means it will be held for you until midnight. You may guarantee the reservation by prepaying the first night's cost, giving a major credit card number, or by whatever other means the hotel requires.

If you do not use your reservation or cancel before the arrival time, **YOU WILL BE CHARGED FOR THE ROOM and are responsible for**

paying the charge. Some hotels have begun charging an "early checkout" fee. If you check out before the time your reservation is up (i.e., a day or two before your reservation indicates), ask if you will be charged this fee. If so, you are responsible for paying it.

Fire Safety

All lodging facilities in the state are required by state law and our contract to have working smoke detectors in each room. Each hotel or motel is also required to have smoke detectors for the hearing impaired.

IN 1996, the last year with fully reported statistics, there were 286 reported hotel and motel fires in Texas. Three persons died as a result of the fires. In 76 of these fires, no detectors were present, and in 27 more fires, the detectors did not work.

THE STATE Fire Marshall inspects hotels, but there are only ten inspectors for the entire state. If all state business travelers would check the smoke detector in each hotel room they check into, it would give the Fire Marshall—and all travelers—a real edge in the fire prevention fight. It might also save your life.

IF YOU FIND a state contracted hotel without detectors or with non-working detectors, contact the State Fire Marshall at 512-305-7911. The Fire Marshall will let us know if a property does not comply with the fire laws, and the hotel's state contract will be canceled.

Per Diem

In accordance with the General Appropriations Act, (75th Legislature, 1997), state employees traveling in-state may be reimbursed for the actual cost of lodging, not to exceed seventy dollars (\$70) per day, with twenty-five dollars (\$25) allowed for meals, for a total of ninety-five dollars (\$95) per day. **HOWEVER**, a state agency may set a reimbursement rate that is less than the maximum rate specified. Check with your state agency travel coordinator for information on your state agency's policies.

STATE EMPLOYEES traveling out of state, but within the continental United States, receive a locality-based flat rate for meals and lodging, not to exceed the locality-based allowance provided by Federal Government Travel Regulations. Employees traveling to localities not listed in the

federal regulations should check with the Comptroller of Public Accounts for reimbursement policies.

REMINDER: In some cases, the contract hotel rate may exceed the reimbursable per diem. In Texas, **you WILL NOT be reimbursed** for this overage.

FOR MORE comprehensive information on reimbursement guidelines, check with your state agency accounting/fiscal office, the *State of Texas Travel Allowance Guide* published by the Comptroller of Public Accounts, or call Claims Division at (512) 475-0966.

Taxes

Texas state employees, *except employees of institutions of higher education as defined in TEX. EDUC. CODE ANN. Sec. 61.003 (Vernon Supp.1990)*, are **no longer exempt** from state, county, and local hotel/motel occupancy taxes when staying at hotels in Texas. Effective September 1, 1995, executive branch employees must pay the taxes and file for reimbursement for them. (House Bill 2129, 74th Texas Legislature).

On hotel stays outside the State of Texas, ALL TRAVELERS are subject to all taxes imposed by the hotel.

New Hotels

We will continue to offer hotels the opportunity to sign a contract with us throughout the fiscal year. As new hotels are approved, they will be listed in the *Travel-N-Texas Update*.

HOTEL LISTINGS

The listings for contract hotels are divided into two sections: those in Texas and those in other states. Hotels are listed in alphabetical order by city in Texas, and by state and city in other states.

Rates

- 1) When requesting the rates listed in this directory, ask for the **STATE OF TEXAS CONTRACT RATE**. If you ask for the "Government" rate, you will probably get the wrong rate.
- 2) The rates listed in this directory **do not apply to conferences and group meetings**. Those rates are negotiated as a part of the conference package. The rates listed in this directory are for **transient/individual travel ONLY**.
- 3) In some instances, the contracted single-room rate is **higher than the allowable per diem**. We accept these rates because the discount the hotel is offering meets contract requirements. We list them because: some travelers choose to stay at a nicer property and pay the difference themselves; some travelers choose to share a double room rate at a nicer property; some categories of state travelers are reimbursed the actual cost of their travel. **Do not expect these hotels to give you a rate comparable to the per diem**. They are only obligated to offer the rate listed. For your convenience, hotels in Texas with a single-room contract rate of over the \$70 per diem, are "flagged." ☐
- 4) If you request the **State of Texas Contract Rate** from one of these hotels and the hotel does not honor the rate listed in this directory, **CALL US!** We will contact the hotel and get the rate for you, or, if you have already stayed there and been billed more than the contract rate, we will get the difference refunded to you. Call (512) 463-3559 and say you have a hotel rate problem.

Identification

When checking into a contract lodging establishment, please be prepared to show one of the following forms of identification as proof that you are entitled to the State of Texas contract rate:

- ◆ a State of Texas employee ID card;

- ◆ an individual contract charge card issued by and embossed with State of Texas;
- ◆ a State of Texas payroll ID (i.e, check stub): or
- ◆ a letter, on state agency letterhead and signed by an executive officer of that agency, identifying you as traveling on state business and authorized to use state contract rates.

Airports

For each hotel, we have listed the nearest public, commercial airport, according to the *Official Airlines Guides (OAG) Business Travel Planner*, Summer 1998 edition. In instances in which there is more than one commercial airport in the same area, we have tried to list both.

Market Classification of Property

Hotels were asked to indicate whether their property would be classified as Luxury, Up-scale, Moderate, Economy, or Budget. In some instances, we felt their designation was not entirely appropriate and listed a different classification. To a great extent, these ratings are based on the standard rates charged by the properties.

ADA Requirements/Services

The management of each hotel listed in this directory has signed a statement certifying the property is in compliance with the Americans With Disabilities Act (ADA) guidelines for that type of facility. Different types of lodging facilities are required to meet different levels of compliance standards. In some cases, the facility may offer no ADA services but still be in compliance with the law.

Additional Services

Numbers denote amenities listed by the hotels. We have added some items to the list of ADA services this year. The key to the numbers/amenities begins on pages 54-55.

Cancellation and Early Checkout Policies

We have noted "Cancellation fee charged." or "Early checkout fee charged." on entries for properties that have indicated they will charge a fee if the cancellation deadline is not met or the traveler checks

out before the date reserved. **If you do not cancel a reservation or notify the property of an early checkout by the specified deadline, YOU WILL BE RESPONSIBLE FOR PAYING THE FEE.** The cancellation deadline should be printed on the trip itinerary you receive from the travel agency or check with the hotel at the time you book the reservation.

CHECK WITH your state agency travel coordinator or the Comptroller of Public Accounts to find out if the cancellation fee is reimbursable.

Personal Travel

Hotels that offer the contract rates for personal travel do so at their own discretion, based on availability. If they choose to offer these rates for personal travel only on certain days of the week or at certain times of the year, **IT IS THEIR OPTION TO DO SO. The contracted lodging facilities are not required to offer the contract rates for personal travel.** If you are using a contract property for personal travel, confirm the rate with the hotel at the time you make your reservation and again when you check in. (If an entry for a hotel does not say “NOT extended for personal travel.” the property has indicated they will extend for personal travel.)

State Parks

Some travelers have expressed an interest in staying at state parks that are located in areas where they travel. Texas state parks that offer “hotel-type” accommodations have been listed under the nearest city.

ADA SERVICES

Following are the ADA provisions we ask the hotels to indicate if they have. A number "2" in the amenities section means the property indicated they have one or more of the first eight listed. If the property indicates none or only the last three, we show them as having no ADA provisions. (Our thought being that the last three are not things the property did with the intention of better serving disabled customers.)

ADA REQUIREMENTS vary by type of property and number of sleeping rooms. Some lodging facilities are exempt from meeting ADA requirements; i.e., historic buildings for example.

IF YOU STAY at a property that the directory shows to be a "1" but they do not provide all of the services below, please contact the STMP at 512-463-3559 to let us know.

- ◆ Guest rooms adapted for persons with disabilities
- ◆ Guest rooms for travelers with disabilities close to the elevators
- ◆ 32" minimum clear opening for width of sleeping room, bathroom, and closet doors
- ◆ Vanity with a maximum height of 34" and a clearance measured from the floor to the bottom of the apron. Minimum of 19" depth with a 30" width below the vanity. Grab bars available at the water closet and bathtub/shower measuring 1¼"-1½" in diameter
- ◆ Visual alarm for deaf persons
- ◆ Telecommunications Display Device (TDD) or amplified phones for hearing impaired persons available in guest rooms
- ◆ Braille characters on signage and in elevators
- ◆ Closed-caption decoders for televisions in guest rooms
- ◆ Telephone accessible from bed in guest rooms
- ◆ Light switches; heating and cooling controls; and drapery and shade controls within reach of someone in a wheelchair
- ◆ Levered door handles
- ◆ 36" minimum clearance between beds
