# TEXAS STATE TRAVEL DIRECTORY

The Texas State Travel Directory is a publication of the State Travel Management Program (STMP) of the State of Texas. The STMP is administered by the Travel Management Section of the General Services Commission (GSC).

The Travel Management Section was created by the 70th Texas Legislature in 1987 (Vernon's Texas Civil Statutes, Article 14, Article 601b) to provide centralized management and coordination of state travel. The STMP is designed to help state agencies make more efficient use of taxpayer dollars by helping them manage state travel expenditures, monitor state travel activity, and provide discounted travel services through vendor contracts.

## Required Use of Contracts

State agencies in the executive branch of state government are required to participate in the STMP by using the contracts for travel services awarded by GSC. These contracts include travel agencies, a charge card provider, rental car companies, airlines, and hotels. Institutions of higher education are not required to use the contracts for travel agency services but are required to use all other travel service contracts when the services are purchased with General Revenue or Educational and General Revenue Funds.

The STMP has contracts with multiple travel agencies around the state to assist state employees with travel reservations and ticketing. These travel agencies are required by the contract to provide the lowest available airfares to state travelers. They also assist state employees with hotel and rental car reservations, as needed. Contracted travel agencies share a percentage of the commissions they receive from state business with the State. These rebates are deposited into the General Revenue Fund.

The STMP also provides contracted charge card service to state agencies and employees for the purpose of paying travel expenses incurred on official state business. The current contract is with American Express Travel Related Services Company, Inc. These individual and agency charge accounts allow state agencies to pay employee travel expenses directly to travel vendors and allow employees to pay travel expenses without using personal funds or obtaining cash advances from the State. American Express also provides data management reports on

charged travel expenses to STMP. Agency accounts, called Business Travel Accounts (BTAs), are for airfare charges only. Individual accounts are to be used for business-related charges only.

The STMP negotiates discounted rates for state business with airlines, rental car companies, and lodging establishments. Currently, GSC has contracts with major airlines, two rental car companies, and approximately 600 hotels across the country.

STMP staff also provide group/meeting planning services to state agencies and to colleges and universities, assisting them in securing facilities for meetings, conferences, seminars, and other events at the lowest possible cost to the State.

During Fiscal Year 1994, the State of Texas spent more than \$79 million on airline, rental car, and lodging expenses for state business travel. The amount of money the State saved in FY 1994 by the use of these contracts was \$12.5 million on airfares, \$0.5 million on rental cars, and 32% per average contract hotel rate. Total savings and revenue generation for FY 1994 were \$25.1 million.

### Eligibility for STMP Services

STMP services and contracts are available to: statewide elected and appointed officers; state agency employees, including employees of institutions of higher education; and other persons traveling on behalf of state agencies when their travel expenses are paid by the State in accordance with guidelines established by the Comptroller of Public Accounts. (This includes but is not limited to wards of the state, prisoners, and indigent patients being transported by the state.) Use of the services and contracts is mandatory for all of the above persons in the executive branch of state government.

### Travel Audits

The Comptroller's Office is statutorily required to audit travel vouchers for compliance with GSC's rules for contracted travel services. They audit agencies that are required to participate in the STMP for two purposes: (1) to ensure that agencies are using the contracts; and (2) to ensure that agencies comply with the contracted rates for commercial airline and rental car services.

## Exceptions

The contracts listed in this directory must be used unless an approved exception condition exists. These conditions may be supplemented by policies specific to individual state agencies. When a contractor is not used or the purchase or reimbursement for a travel service exceeds the contract rate, one of the approved exception conditions must exist and the exception must appear on the travel voucher or be included with the payment voucher submitted to the Comptroller's Office. Approved exception conditions are listed below. The abbreviated wording (in bold) should be used on the voucher.

- 1. In Travel Status.** a) The state traveler is already in travel status which renders the use of a contract travel agent impractical or unnecessary; or b) airline reservations are not required. →
- 2. Part of Group.** Travel is undertaken as part of a group program for which reservations must be made through a specified source to obtain a specified rate of service. (This includes, but is not limited to, travel for conventions/group meetings, which require stays at non-contract lodging establishments, and/or travel on non-contract air carriers.) →
- 3. Contractor not time efficient.** A contract travel vendor cannot provide services in the time period required to accomplish the purpose of the travel. →
- 4. Contractor not available.** A contract travel vendor's services are not available in a location that will reasonably allow the business requirements of a state traveler to be fulfilled. →
- 5. Contractor sold out.** A contract vendor is unable to provide the required services because it is sold out or does not offer services in the city being visited. (This exception also applies if the contractor does not have the type of service the state traveler requires, such as a specific type of vehicle or lodging room.) →
- 6. Non-contract rental car/hotel lower total cost.** Alternative rental car or hotel arrangements can be made at a lower total cost than the contract hotels or rental car companies. For rental cars, total costs include the base rate, loss/damage waiver protection, mileage charge, surcharges and cost for comparable liability insurance protection. For hotels, the cost of the guest room, net of taxes, shall be used to compare total costs. →
- 7. Contractor lower fare or rate.** A contract vendor offers a fare or rate lower by any amount than the contract fare or rate. →

**8. Lower total cost using non-contract airline.** A non-contract airline offers a published fare to the general public which results in a lower total trip cost, including travel time, to the agency. However, lower or identical airfares offered to state travelers only are not included within this exception. →

**9. Disabled traveler/Transporting person in custody/Medical.** Travel is undertaken by persons with disabilities; by persons transporting prisoners or other persons in the custody of the State; or in a medical emergency. (This exception would cover, among other things, the need to use a non-contract rental car vendor to acquire needed hand controls.) →

**10. Security/Safety Risk.** Use of contract travel vendors is perceived by the state traveler to present a security, safety, or health risk to the state traveler. (This would cover a traveler's use of a non-contract hotel if they perceive the contract property to be in an unsafe neighborhood or to have an undesirable clientele. It would also be the exception to use if a nonsmoking rental vehicle or hotel room is required and not available from the contract vendor.) →

**11. Not eligible for contract.** Travel is by persons who under Section 125.1 of this chapter are not eligible to use the contract services or rates. (This exception would apply to airfares purchased for independent contractors—who are NOT eligible for the contract airfares or to lodging charges for prospective employees who did not receive the contract rate.) →

**12. Companion fare free.** Promotional air fares used by two or more state travelers on a companion basis resulting in an average air fare for each state traveler that is lower than the individual contract fare. ("Friends Fly Free" fares) →

## **Definitions**

**City-pair** - A one-way airline flight between two cities, from origin to destination, regardless of stopovers or connections.

**Discount rate** - A price for a travel service established by the STMP.

**Exception** - One of 12 reasons, agreed on by both the STMP and the Comptroller's Travel Audit office, that allows a traveler to use a non-contract travel fare or rate and still be in compliance with GSC's travel rules.

**Travel coordinator** - Person at each state agency, designated by that agency, that receives information disseminated by the STMP. In most agencies, this person coordinates or arranges the business travel for that agency. In some agencies, this person is also responsible for filing the vouchers and paying the travel bills.

**Traveler** - A person who, under Section 125.1 of the state travel rules (Art. 601b, V.T.C.S.), is eligible to use the contract services or rates.

## Purpose of Directory

The purpose of this directory is to provide state travelers and state agency travel coordinators with information on:

- 1) travel vendors and how to use them;
- 2) regulations governing State of Texas business travel; and
- 3) who to call for assistance.

The Directory also offers tips on travel safety.

## Travel Agent Services

The STMP has contracts with multiple travel agencies throughout the state to provide state travelers with reservations and ticketing for airlines, hotels, and rental cars. Each state agency selects the particular contracted travel agency or agencies their travelers will use. The STMP will provide each state agency travel coordinator with a list of contracted travel agencies.

### **How to Use**

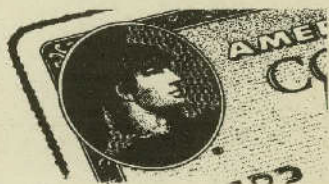

- 1) When you are ready to make reservations for a trip, contact your State agency travel coordinator for the name of the travel agency you should use.
- 2) Call the designated travel agency. Tell the travel agent that you are a state employee and the name of the agency you work for. Tell him/her where and when you need to travel and what services you will need, i.e. airline tickets, hotel accommodations, rental car, etc. You will also need to tell the agent how you plan to pay for each of these services. (If you plan to use a charge card, you will have to give

the travel agent the number.)

3) Be sure to double check the accuracy of all information with the travel agent before you hang up.

4) As soon as you receive your tickets, check all the information to make sure it is correct. Check: your name; the flight times, numbers, and destinations; the travel dates; the hotel information; and the rental car confirmation number.

5) If you must cancel your trip, immediately call the appropriate travel agency and tell them to cancel all reservations. (If your hotel reservation is not canceled, you may be billed for the room.) Get a confirmation number and/or the name of the person canceling the reservations and keep a record of it. Return your unused airline tickets to the travel agency as soon as possible for a refund. The cost of the tickets will be billed whether they are used or not. (If you do not return the actual ticket, you will not be given a refund.) Refunds will appear as credits on future monthly charge card statements.

## Charge Card Services

The General Services Commission has contracted with American Express to provide charge card services for State travelers. Accounts may be established for the state agency and for individual state travelers. **These accounts are to be used for business-related charges only.**

To be eligible for an individual state American Express card, the individual must:

- ❖ take, or be expected to take, three (3) or more trips per fiscal year, or
- ❖ expend at least \$500.00 per fiscal year for official state business.

Some of the services offered by the American Express contract are:

- ❖ \$200,000 business traveler accident insurance, 24 hours a day for up to 30 days;
- ❖ assured reservations at hotels;

- ❖ centralized billing of business expenses for each trip;
- ❖ 24-hour global assist hotline, (800) 554-2639, and emergency card replacement;
- ❖ personal check cashing;
- ❖ protection of ticket purchases against loss from airline bankruptcy;
- ❖ no annual fees;
- ❖ no preset spending limits; and
- ❖ no minimum salary requirements.

If you feel you need a state-sponsored charge card and you qualify under this program, contact your state agency travel coordinator for an application form. American Express will screen credit histories on individual applicants.

**On individual accounts, the individual whose name appears on the card is responsible for payment of the account.**

### **Payment Guidelines**

- 1) Accounts are payable upon receipt.
- 2) An account is considered by American Express to be delinquent after 30 days.
- 3) When an account reaches 60 days past due, it is suspended until it is paid. Accounts which consistently run over 50 days past due, may be placed on an approval only basis for charges or suspended until brought current. Accounts which have a history of repeatedly going 60 days past due or which go 60 days past due in two consecutive billing periods are subject to cancellation. In most instances, canceled accounts will not be reopened.
- 4) An account which reaches 90 days past due will be canceled and probably will not be reopened.

**NOTE:** It is the responsibility of the individual making the payments to put the correct account number on payments sent to American Express. If the correct account number is not on the payment it may be credited late, causing your account to be suspended. It is also the responsibility of the individual making the payments to make sure American Express has the correct billing address. If you move, it is your responsibility to notify American Express of any change of address. Even if you do not receive your bill, your account is still due for payment.

## Tips

If you have questions about items which appear on your bill, **PAY WHAT YOU CAN IDENTIFY AS YOURS** and submit questions about the doubtful charges to American Express. Send them to the appropriate American Express representative in Phoenix. The protested charges will be removed from the immediate amount due while they are being investigated, and if you have paid the charges you know are yours, your account will stay current. If your account is closed for delinquency, the decision to reopen it rests with American Express. **DO NOT** send questions or documentation to the address where you send your payments.

---

*In accordance with the State of Texas contract, on individual accounts, if an account ages to ninety (90) days past due, a 1.5% delinquency assessment will be charged on all thirty (30) day plus money. When an account ages to sixty (60) days past due for the first time, there is no delinquency assessment. Once an account has aged sixty (60) days consecutively (at least two months running) a delinquency assessment in the amount of 1.5% will be assessed on all of the thirty (30) day plus money. Accounts will be suspended if unpaid balances reach sixty (60) days past due; accounts will be canceled at ninety (90) days past due.*

---

## Rental Car Contracts

The General Services Commission currently has contracts with **Advantage Rent-A-Car** and **Avis Rent A Car System, Inc.** These contracts are effective through December 31, 1995. Travelers may use the two contracts equally, depending on directions from their individual state agencies. Most rates include unlimited free mileage within the state of rental, free Loss/Damage Waiver, and free primary liability coverage. In some cases, drop-off charges on one-way rentals are waived. Confirmation of all charges are the responsibility of the traveler and should be obtained when reservations are made.

For both vendors, the rates and provisions of the contracts apply only at locations within the 48 contiguous United States and in Puerto Rico. (Alaska and Hawaii are not included.) Also, provisions for taking a contracted rental vehicle out of the U.S. vary from company to company and, in some cases, from location to location. If you plan to take the rental vehicle out of the country, i.e., to Canada or Mexico, you should ask about these policies at the time you make the reservation.

## Advantage Rent-A-Car

The **Advantage Rent-A-Car** State of Texas contract rate identifier is your State Agency three-digit number + the letters TXC.

Example: 999TXC

The State-of-Texas reservation number for Advantage is:  
1-800-777-5518

CAR TYPE	DAILY	WEEKLY
Economy	\$30.00	\$150.00
Compact	\$32.00	\$160.00
Intermediate	\$34.00	\$170.00
Full-size (2-door)	\$36.00	\$180.00
Full-size (4-door)	\$36.00	\$180.00
Premium	\$40.00	\$200.00
Luxury	\$44.00	\$220.00
Mini-van	\$48.00	\$240.00
Pickup	\$48.00	\$240.00
4-wheel Drive	\$60.00	\$300.00
15-passenger Van	\$80.00	\$400.00

*These rates are effective through December 31, 1995.*

- ❖ All rates include unlimited free mileage within the state of rental.
- ❖ All rates include Loss/Damage Waiver and primary liability insurance.
- ❖ These contract rates are available for personal use.

**ONE-WAY RENTALS:** There are no drop-off charges on one-way rentals. Advance reservations are required and are subject to availability.

**OVERTIME RENTALS:** When returning an **Advantage** rental vehicle: The first 59 minutes of excess time will be allowed free. After this "grace period" expires, a per-hour charge will be imposed up to but not exceeding the next 24-hour charge. Per-hour rates for overtime

are based on the class of vehicle rented and are listed on the rental agreement given to the renter as "OT Hours."

**SECONDARY DRIVERS:** If more than one person will be driving the Advantage rental vehicle, each person must sign the rental contract before the vehicle is driven from the rental location.

### **Avis Rent A Car System, Inc.**

The State of Texas contract rate identifier is the Avis-assigned agency AWD number. (Check with your state agency travel coordinator.)

**The State of Texas reservation number for Avis is:  
1-800-331-1212**

CAR TYPE	DAILY	WEEKLY
Economy	\$35.00	\$210.00
Compact	\$35.00	\$210.00
Intermediate	\$36.00	\$216.00
Full-size (2-door)	\$38.00	\$228.00
Full-size (4-door)	\$38.00	\$228.00
Premium	\$48.00	\$288.00
Luxury	\$59.00	\$354.00
Mini-van	\$49.00	\$294.00

The image shows the classic Avis logo, which consists of the word "AVIS" in a bold, italicized, sans-serif font. The letters are black and have a slight shadow effect, giving them a three-dimensional appearance. The logo is positioned to the right of the rate table.

*These rates are effective through December 31, 1995.*

- ❖ Most rates include unlimited free mileage for returns to the same city.
- ❖ Rates include Loss/Damage Waiver and primary liability coverage. (There are exceptions to these benefits. Please see note below.)
- ❖ Mini-van rentals include 100 free miles per day. Each mile in excess of 100 per day will be charged at 30 cents (30¢) per mile.
- ❖ These contract rates are available for personal use.

**ONE-WAY RENTALS:** There are no drop-off charges on one-way rentals. The cost will be the normal daily rate plus 28 cents (28¢) per mile on the elapsed mileage on the odometer of the vehicle. One-way rentals are available only within the state of rental. Advance reservations are required.

**VAN/GROUP RENTALS:** When making reservations with Avis for van/group rentals, you must call 1-800-533-0476. Then, the use of the valid state agency AWD (Avis Worldwide Discount) number will waive the special insurance requirement for group rentals, except in the states of New York, Florida, and Alaska.

**OVERTIME RENTALS:** When returning an Avis vehicle: the first 59 minutes of excess time will be allowed free. After this "grace period," the second hour, up to 59 minutes, will be charged at 1/3 the daily rate; the third hour, up to 59 minutes, will be 2/3 the daily rate; and for returns after the third hour, the full daily charge will be assessed.

**EXCEPTIONS:** Some of the Avis franchise locations DO NOT offer unlimited mileage and/or free Loss/Damage Waiver. The Texas locations that DO NOT offer L/DW are Victoria and Waco. The Texas locations which do not give unlimited mileage are Abilene, Midland, San Angelo, Texarkana, and Victoria. There are also Avis locations in other states which do not offer unlimited mileage and/or Loss/Damage Waiver coverage. Please check with your travel agent or with Avis on booking a vehicle to see if the city where you are renting offers these courtesies.

**SECONDARY DRIVERS:** When renting a vehicle with Avis under the State of Texas contract, any state employee or the spouse of the renter may drive the rental vehicle. If someone other than a state employee or spouse of the renter is to drive, you should make arrangements with the location at the time you pick up the car.

**PREMIUM CITIES:** Avis has several "premium" cities around the country. When you rent Avis vehicles in these cities you will be charged a surcharge. This ranges from \$3 to \$12 per day and is applicable in Illinois, New York, Alaska, Washington, D.C., and six other cities around the country. There are no "premium" cities in Texas.

In the New York City metro area, CONTRACT RATES DO NOT APPLY ON THE WEEKENDS. This includes: La Guardia, JFK, Newark airport, and Manhattan locations. (These locations are all "Premium" locations and impose a \$12 per day surcharge on all rentals.)

## How to Use

- 1) You may reserve a rental car through your designated travel agency or by calling the rental car company itself. If you are flying somewhere and then picking up a rental vehicle, HAVE THE TRAVEL AGENCY BOOK THE RENTAL CAR at the same time they

book the airfare. This will save you time and will ensure there is no confusion, as there might be if you call later to book a vehicle.

- 2) When making a reservation, be sure to identify yourself as a State of Texas employee and give your State agency contract rate identifier number. Verify the rates and get a confirmation number. When you go to pick up the vehicle, give the rental agent this confirmation number and, again, identify yourself as a State of Texas employee and give your State agency contract identifier number.
- 3) MAKE ADVANCE RESERVATIONS. If you walk up to the counter of the rental car vendor without a reservation, they are NOT obligated to have a vehicle for you.

### Tips

When you rent a vehicle from Avis or Advantage under the State of Texas contract, the rental rate includes two kinds of insurance: L/DW (Loss/Damage Waiver or comprehensive), which covers any damage to the rental vehicle; and Liability, which covers persons and property outside the rental vehicle. State employees, while about the furtherance of the affairs and business of their employer (in the course and scope of their employment), are covered by Workers' Compensation. (The rental car contracts do not include any insurances that cover persons and property inside the rental vehicle.)

**PROMOTIONAL RATES:** If you rent a vehicle from Avis or Advantage using a rate other than the State of Texas Contract Rate (e.g., a promotional rate), YOU WILL NOT BE COVERED by any insurances. You MUST request the State of Texas Contract Rate in order to receive the insurance coverages.

**OTHER RENTAL CAR VENDORS:** If you rent a vehicle from any other rental car vendor, NO INSURANCES ARE INCLUDED in the base rental rate. You must take them separately. If you need to use a non-contract rental car vendor under an allowable exception, L/DW charges will be reimbursed by the Comptroller; Liability charges will not. (See *State of Texas Travel Allowance Guide* from the Comptroller of Public Accounts).

**SURCHARGES:** Many cities and/or airports around the country impose surcharges on car rentals in their areas. Example: Florida imposes a 5¢ per day Battery and Tire Surcharge and a \$2 per day Rental Car Surcharge on all rentals in that state. These are considered mandatory charges and will be reimbursed by the Comptroller.

## Paying for Rental Car Services

Each State agency has different arrangements for paying for rental cars. They may be paid in one of several ways:

- ❖ with your individual State American Express charge card;
- ❖ by direct-bill with a one-trip travel voucher issued by your State agency, if arrangements have previously been established by your state agency;
- ❖ by direct-bill without a one-trip voucher, if arrangements have previously been established by your state agency,
- ❖ on a special American Express Car Rental Business Travel Account (CRBTA) if the account has previously been established by your State agency. (At this time, this option is available only with Avis.);
- ❖ with your personal non-state charge card; or
- ❖ by special advance arrangement, with cash.

Before renting a vehicle, check with your state agency travel coordinator to find out the method of payment that has been established for your agency. If you get to the rental counter without this information, you may not be able to obtain a vehicle.

## Reimbursement Limits

Effective January 1, 1994, the purchase or reimbursement for rental car expenses may not exceed the contract rental car rate unless an exception condition applies.

## Taxes and Surcharges

Some airports impose an airport fee on car rentals. (For example, D/FW Airport charges 8% of the rental on the bill.) There is also a surcharge imposed in some cities (In New York City, it is \$12.00 per day.) These charges are allowable under the contracts and are to be paid with the bill. They will be reimbursed.

When renting a vehicle, the rental is exempt from taxes **ONLY WHEN THE RENTAL IS BILLED DIRECTLY TO THE STATE AGENCY**. On rentals billed to an individual traveler's charge card (or paid by cash) the rental is **NOT** exempt from taxes. These taxes will be reimbursed.

## Contract Air Fares

The General Services Commission has contracted with airlines for State of Texas government fares in over 250 markets. In accordance with the GSC travel rules, all executive branch state agencies and institutions of higher education are required to use the contract airfares unless an approved exception exists. (See pages 7-8 of this Directory.)

Reservations and tickets are available directly from the contract airline, through all member airlines of the Airlines Reporting Corporation (where allowed by interline agreements), the State's contracted travel agencies, and all other travel agencies approved by Airlines Reporting Corporation. Reservations for state travelers are confirmed on the same basis that reservations are confirmed for other travelers.

Besides providing lower overall fares for state business travelers, the contracts offer these advantages:

- ❖ no advance purchase necessary,
- ❖ no minimum/maximum length of stay required, and
- ❖ no fee or penalty for changing or canceling the reservation.

## **Booking Codes**

The fare basis codes of "YCATX" and "QCATX" have been established to identify the State of Texas contract fare on the contract city-pairs. Reservations for YCATX are made in the regular, unrestricted Y or coach class of service. Reservations for QCATX are made in the Q seat inventory. The Q inventory is capacity controlled, i.e., there are a limited number of seats available at the state contract rate.

When you receive your airline tickets, check to be sure they show the YCATX and/or QCATX booking codes. If they do not, you are not booked on a contract flight. If you are booked at a lower fare (that is available to the general public) you will need to show the approved exception on your reimbursement voucher. If you do not have the contract booking codes but think you should have, contact the entity that issued the ticket (travel agency, airline, or travel coordinator). You may be booked incorrectly.

## Ticketless Travel

The Comptroller has issued procedures for reimbursement of ticketless airline fares.

"The Comptroller's rules concerning receipt requirements for travel documents that contain reimbursement for air travel remain unchanged. . . . State employees choosing to use the ticketless system should receive a 'Passenger Itinerary and Receipt' and a confirmation number from Southwest Airlines or the contracted travel agency. . . . This 'receipt' is acceptable if a statement is included on the voucher that the original receipt is unavailable. State employees may also request a printed ticket [Ticketless Itinerary/Receipt] from Southwest Airlines upon checking in at the departure gate."

Other airlines are currently testing or will be testing ticketless travel programs in the near future. When you encounter ticketless travel with airlines other than Southwest, you should check with the Travel Audit office of the Comptroller of Public Accounts to see what procedures to use.

Check with your state agency travel coordinator for any special procedures for your individual state agency.

## How to Use

To make reservations, contact your designated travel agency. (If you do not know your designated travel agency, check with your state agency travel coordinator to find out.) Or, in the case of an emergency, contact the contract airline. Be sure to identify yourself as a State of Texas traveler to ensure you receive the State of Texas contract rate. (Airlines have contracts with other governmental entities, so please do not just say you need the government fare.)

## Paying for Airfares

Contract airfares may be purchased ONLY with the State's contract American Express charge accounts, either a central bill account or an individual account. No other form of payment is accepted for state contract airfare purchases. (Under the GSC's travel rules, ALL airfare for State of Texas business travelers must be purchased on a contract American Express account unless an allowable exception exists.) When tickets are issued by an entity other than the contract airline and the form of payment is an individual American Express account, the contract airline may request that the traveler show the American Express card at the time of check in. Therefore, travelers should always

carry the card with them.

Do not charge tickets for someone else on your individual state American Express card. They will have no way to prove the tickets are legitimate should the airline ask to see the card, and the Comptroller will not reimburse a ticket that does not have the correct traveler's name on it.

## Fares

A list of the new contracted Departure/Destination cities, fares, and airlines (carriers) follows. They are applicable in either direction. Fares are one-way and include taxes; they do not include Passenger Facility Charges (PFCs). (PFCs are additional fees assessed by many airports and/or cities which airlines must collect for these entities.) These fees are reimbursable.

**Contract airfares MAY NOT be used for personal travel.**

San Antonio, TX - Tyler, TX	(SAT-TYR)	CO	\$93.00
San Antonio, TX - Washington Natl, DC	(SAT-DCA)	AA	\$149.00

### Matched Fares

Airlines that did not receive the State's contract award in a specific city-pair may offer matched or lower "state rates." Use of these fares is NOT an authorized exception to using the contract airline. Use of the contract airline in the city-pairs for which they received the award is vital to the continuation of contract airfares.

### Tips

Plan your trip as far in advance as possible. Flights during holidays and special event times may sell out far ahead of time. Also, making flight arrangements in advance will frequently give you access to fares even lower than the State's contract rates.

Be at the boarding gate on time. Many airlines begin boarding standby passengers 30 minutes before departure time. If you are late, or have not checked in, they may give your seat to a standby passenger, even if you have a confirmed reservation.

Reconfirm your reservations. Flight schedules sometimes change; it is a good idea to reconfirm your reservations a day or two before you start your trip. On international flights, most airlines require that you reconfirm your reservations at least 72 hours in advance. If you don't, your reservations may be canceled.

If you cancel your trip after you have received your airline ticket, you must return the ticket to the travel agent or airline who issued it in order to obtain a refund. As with any merchant, if you don't return the merchandise you don't get the refund.

If you lose your airline ticket, report it immediately to your travel agency or to the airline that issued the ticket., i.e., the airline whose name is printed on the top of the ticket. You will be asked to submit a lost ticket refund application. Usually, processing of these applications takes from 90 to 180 days and a processing fee of \$50 is charged. Southwest Airlines does not refund lost tickets.

If you purchase a nonrefundable ticket under an allowable exception, there is a \$50 charge for changing it, should the need arise.

### **Reimbursement Limits**

Reimbursement of airfares is subject to guidelines established by the Comptroller of Public Accounts and by each state agency. Airfares will be reimbursed only to the amount of the contract fare for a city-pair unless an allowable exception applies. (Applicable exceptions must be shown on the travel voucher.)

### **Aircraft Pooling Board**

The State Aircraft Pooling Board (SAPB) was created to provide safe, cost-effective air transportation for state officials and employees.

Some of the advantages of using SAPB are:

- ❖ Flights are direct to the airport of your choosing—no round-about connecting flights; no stopovers; no missing baggage.
- ❖ Flights can utilize smaller airports, flying into cities which do not have commercial service or to more centrally located airports in larger cities, thus reducing surface travel time and expense.
- ❖ SAPB flies when YOU want, according to YOUR appointment schedule. Flights may be scheduled for any time of any day of the week.

Because of the flexibility in scheduling and SAPB's ability to fly into noncommercial airports, this usually eliminates the need for overnight stays. These things result in less travel time, shorter work days, reduced

fatigue, and increased productivity. Depending on passenger loads, SAPB flight costs can be much lower than commercial rates.

For more detailed information on SAPB services, call (512) 477-8900.

## Contract Hotel Rates

GSC contracts with hotels for discounted rates for state employees on transient travel. These rates may not be offered during holidays or special events; lower rates may be available during low peak travel times.

In order to be awarded a contract with the State of Texas, hotels have to offer a certain discount percentage off their standard rates and must offer at least 25% of the hotel's total single room inventory at these discounted rates, based on availability. In many instances, contracted hotels have offered more than the required discount and no limitation on the number of room available to state travelers. Some offer free meals, airport transportation, newspapers, etc. Some hotels extend their discounted rates to state employees for personal travel. Some do not. This is the decision of the hotel management and is not a part of the contract.

These hotels have signed contracts with the State of Texas to provide these rates and services for the entire fiscal year covered by the directory. During the fiscal year, September 1, 1995, through August 31, 1996, the rates CANNOT BE RAISED. The only exception to this is if the hotel changes owners.

**TAXES:** House Bill No. 2129, passed by the 74th Texas Legislature, states that, effective September 1, 1995, a State of Texas business traveler will pay the occupancy taxes charged by lodging establishments within Texas. These taxes will be reimbursed. The Comptroller will disseminate information regarding fiscal procedures to the state agencies. On hotel stays outside the State of Texas, state travelers have always been reimbursed for all taxes imposed by hotels.

### **How to Use**

Reservations for hotel stays may be made through the designated travel agency or by calling the hotel direct. Ask for the State of Texas contract rate. If the reservationist does not know about the contract, ask him/her to check with the sales manager. You can tell them the

electronic booking/access code for State of Texas contract rates is GTX. (Sometimes the reservationists simply don't know how to access the correct rate.) If you have a problem getting the contracted rate, contact the Travel Management Section at 512-463-3559.

**REMEMBER:** The rates listed in this directory are for transient travel only; they are NOT for conference/convention/group meeting stays. Rates for these events are negotiated as a part of the conference package.

## Tips

Guarantee your reservation when necessary. Hotels have time deadlines for holding a reservation. Ask the hotel, or your travel agency, what the deadline for check-in is at the hotel you have selected. If you may be arriving after this deadline (usually from 4 to 6 p.m.), make sure it is "guaranteed for late arrival." Guaranteeing the reservation means it will be held for you until midnight. You may guarantee the reservation by prepaying the first night's cost, giving a major credit card number, or by whatever other means the hotel requires. If you do not use your reservation or cancel before the arrival time, you will be charged for the room and are obligated to pay for it.

## Per Diem

**REIMBURSEMENT LIMITS:** In accordance with the General Appropriations Act, (Art. 18, 1995, 74th Legislature, Article V), state employees traveling in state may be reimbursed for the actual cost of lodging, not to exceed fifty-five dollars (\$55.00) per day with twenty-five (\$25.00) allowed for meals, for a total of eighty dollars (\$80) per day. State employees traveling out of state, but within the continental United States, receive a locality-based flat rate for meals and lodging, not to exceed the locality-based allowance provided by Federal Government Travel Regulations. Employees traveling to localities not listed in the federal regulations receive the lowest flat rate established in that particular state for meals and lodging.

**REMINDER:** In some cases, the hotel rate may exceed the reimbursable per diem. You will not be reimbursed for this overage.

For additional information on reimbursement guidelines, check with your state agency accounting/fiscal office, the *State of Texas Travel Allowance Guide* published by the Comptroller of Public Accounts, or call (512) 475-0964.

## Safety Tips for Travelers

### **For hotel stays . . .**

- ❖ Verify all unexpected deliveries to the room with the front desk and always look through the peephole to see who is at the door before you open it.
- ❖ Don't venture into large parking lots or darkened areas on hotel grounds. If you cannot avoid these areas, the hotel should be able to provide an escort. Ask for one.
- ❖ Request a room that is not on the ground floor or accessible from the ground.
- ❖ Don't reveal room numbers within earshot of unfamiliar people. If a desk clerk mentions your room number out loud, request another room. Don't needlessly display your room key in public or carelessly leave it on the restaurant table, at the swimming pool, or other places where it can be easily stolen.
- ❖ When you check in, request an escort to accompany you to your room and check it out. Don't enter a room if the door is ajar.
- ❖ Always use the deadbolts or auxiliary locks provided on the door of your room.
- ❖ Never sit in a room with the door left open. Never leave the door open when you leave the room, even to go for ice.
- ❖ Never display large amounts of cash in shops, taxis, hotel lobbies, or on the street. Don't call attention to yourself by wearing expensive jewelry.
- ❖ Carry a rubber doorstop with you and place it under the door of your room. Or carry a portable electronic safety device to use on the door or in the room itself.
- ❖ When returning to your hotel or motel late in the evening, use the main entrance of the facility. Avoid dimly lit, out-of-the-way entryways.
- ❖ Women,
  - when checking into a motel, ask for a room near the office.
  - never eat dinner alone at the same motel/hotel where you are staying.

## **While driving . . .**

- ❖ When picking up a rental car, ask for one with nothing on it to identify it as a rental car (i.e., company stickers, special license plates, etc.) These identifiers can make you a target for criminals who assume travelers have extra money with them and don't know their way around the city.
- ❖ If you get lost, don't broadcast it. When asking for directions, be discreet. Making it public knowledge that you are lost can make you a target for unscrupulous observers.
- ❖ Always park in well-lit areas. Before exiting your car, check for suspicious persons in the area and always lock the doors. Also, backing into a parking space makes for a quicker, easier exit.
- ❖ Always have your keys ready, in your hand, when you approach your vehicle. Look underneath the car while walking toward it. Before entering, check both front and rear seats for intruders.
- ❖ When traveling on unfamiliar highways: 1) Write down and leave an itinerary with the office or your family, complete with travel dates, lodgings, and phone numbers where you expect to be. If possible, call in to report your safe arrival at each location. 2) Carry maps with routes clearly marked. 3) Travel on main roads and during daylight hours as much as possible.
- ❖ Do not display/leave valuables in your vehicles.
- ❖ Women, place a man's hat on the dashboard of your car.

## **Questions and Comments**

We hope that the Directory will be a valuable tool in planning and implementing your travel for the State of Texas. In line with this, we welcome your comments, questions, and suggestions regarding the contract travel vendors and your experiences with them.

Each State Agency has an assigned TRAVEL COORDINATOR who is your representative for the travel program. It is the Travel Coordinator's job to ensure all travelers in his/her agency are informed about policies, contracts, etc. which affect your business travel. If you don't know who your Travel Coordinator is or cannot contact him/her, we will be happy to give you that information.

Also, we have staff who will discuss with the contract vendors any difficulties you report to us.

- ❖ If you are having trouble getting a contract hotel to give you the contract rate, ask for the Director of Sales for that hotel. If you still don't get the correct rate, CONTACT your Travel Coordinator and/or the Travel Management Section. We will contact the hotel immediately and arrange the correct rate or an appropriate refund.
- ❖ If your stay at a contracted lodging facility was uncomfortable or unpleasant due to conditions at the facility, CONTACT your Travel Coordinator and/or the Travel Management Section. We want to get the word out to other State travelers so they will know what to expect.
- ❖ If a hotel listing indicates they have ADA services but they do not have them, CONTACT the Travel Management Section.
- ❖ If you have a favorite hotel and it is not on contract with us, CONTACT your Travel Coordinator and/or the Travel Management Section and we will invite them to contract with the State of Texas.
- ❖ CONTACT your Travel Coordinator and/or the Travel Management Section if you have difficulties with any contracted vendor: rental car, charge card, travel agency, or airline.

# HOTELS

## Notes on Hotel Listings

The listings for contract hotels are divided into two sections: those in Texas and those in other states. Hotels are listed in alphabetical order by city in Texas and by state and city in other states.

### Rates

- 1) When requesting the rates listed in this directory, ask for the STATE OF TEXAS CONTRACT RATE. If you ask for the "Government" rate, you will probably not get the contract rate.
- 2) The rates listed in this directory DO NOT APPLY TO CONFERENCES AND GROUP MEETINGS. Those rates are negotiated as a part of the conference package. The rates listed in this directory are for transient travel ONLY.
- 3) In some instances, the contracted single-room rate is higher than the allowable per diem. We accept these rates because the discount the hotel is offering meets contract requirements. We list them because: some travelers choose to stay at a nicer property and pay the difference themselves; some travelers choose to share a double room rate at a nicer property; some categories of state travelers are reimbursed the actual cost of their travel. Do not expect these hotels to give you a rate comparable to the per diem. They are only obligated to offer the rate listed. For your convenience, hotels in Texas with a single-room contract rate of over the \$55 per diem, are "flagged." 
- 4) If you request the State of Texas Contract Rate from one of these hotels and the hotel does not honor the rate listed in this directory, CALL US! We will contact the hotel and get the rate for you, or, if you have already stayed there and been billed more than the contract rate, we will get the difference refunded to you. Call (512) 463-3559 and say you have a hotel rate problem.

### Airports

For each hotel, we have listed the nearest public, commercial airport, according to the Official Airlines Guides (OAG) Business Travel Planner, 1995 edition. In instances in which a second commercial airport is in the same area, we have tried to list it also.

## Directions

The directions in the hotel listings are supplied by the hotels themselves. If you find that they are incorrect, please let us know so we can pass the information on to other travelers.

## Ratings

Hotels were asked to list their Mobile and their AAA ratings. When they show one of these ratings, we have used our own character to denote the number of stars or diamonds listed. When they show ratings from both sources, we have used the higher of the two.

## ADA Requirements/Services

The management of each hotel listed in this directory has signed a statement certifying the property is in compliance with the Americans With Disabilities Act (ADA) guidelines for that type of facility. Different types of lodging facilities are required to meet different levels of compliance standards. In some cases, the facility may offer no ADA services but still be in compliance with the law.

## Additional Services

Instead of symbols, we have used numbers to denote amenities listed by the hotels. It is our intention to use the same number designations for the same amenities from year to year so travelers won't have to learn new ones each year. The key to these numbers/amenities is on the next page.

## State Parks

Some travelers have expressed an interest in staying at state parks that are located in areas where they travel. The Travel Manager has approved this option. Texas state parks that offer "hotel-type" accommodations have been listed under the nearest city.

## New Hotels

We will continue to offer hotels the opportunity to sign a contract with us throughout the fiscal year. As new hotels are approved, they will be listed in the *Travel-N-Texas Update*.

## Taxes

**State business travelers are no longer exempt from hotel taxes.** The legislature has ruled that, beginning September 1, 1995, travelers must pay the taxes and be reimbursed.

## Key to Amenities

- 1 Full disabled traveler services available
- 2 Some disabled traveler services available
- 3 Nonsmoking rooms available
- 4 Restaurant/Coffee shop on property
- 5 Complimentary breakfast included in rate
