No. 9

April 1994

We have begun work on the next Travel Directory. *Travel Coordinators, start getting your quantities ready!* Just like last year, we will be contacting you during the summer to find out how many copies your agency will need for next fiscal year. *Travelers, if you weren't able to get a directory this year, contact your state agency travel coordinator to get on their list for the next one.* **DON'T CALL US!** We don't take advance orders for individuals. We plan to print more than we did this year, to meet the increased demand. We are the General Services Commission, Travel Management Section, Our number is 512-463-3559

Contractors, Audits, and Practicality

The purpose of the State Travel Management Program is to save money for the State of Texas. In order to do this, we establish contracts with vendors to ensure discounted rates for state business travelers.

HOWEVER . . . The General Services Commission's travel rules which support the legislation requiring use of the travel contracts also contain exceptions. **BE PRACTICAL!** If there is no contract hotel in a town, stay at a non-contract one. Don't drive to the next town just to find a contract hotel. *This is not practical or reasonable, and it is NOT what the travel rules are intended to require..*

The purpose of the 12 exceptions to using the contracts is, among other things, to allow for practicality. The Comptroller's travel auditors are not going to disallow a non-contract hotel charge, within per diem, if there is a valid exception. "Contractor not available" is a legitimate exception to using a contract property.

If state agencies have implemented a no-exception requirement, particularly regarding hotel contracts, we ask that they reevaluate that position. The purpose of using the contracts is to save money on travel expenses. Requiring a traveler to drive 40 miles just to find a contract hotel is not something the State Travel Management Program encourages or condones.

BE PRACTICAL!

BTAs

The BTA (Business Travel Account) is an American Express account assigned to the state agency. With a BTA, airfares can be charged directly to the agency's American Express account. (Special BTAs are also available for Avis car rentals.)

Some agencies have declined to set up BTAs. We would like to persuade them to change their minds about this decision.

Having a BTA can save an agency a great deal of difficulty and solve a number of problems.

1. If you have a new employee who has to travel before he/she has received an individual American Express card, the airfare can be billed to the agency BTA. If the agency does not have a BTA, the employee cannot get the contract airfare, and, not only will whoever pays for the ticket not be reimbursed for the amount over the contract rate, he/she will be in violation of travel regulations which state ALL airfares must be charged to a state contract charge account.

2. Some individuals cannot qualify for an individual American Express card. If you have an employee who falls into this category and must travel on state business, the same considerations as above apply.

3. If your agency is paying for someone to come for an interview or hearing or something similar, the airfare could be charged to the BTA, thereby obtaining the contract fare and saving the agency, and the state, money.

4. If your agency gets a BTA and no reason to use it ever arises, you haven't lost anything or created any extra work for anyone. It will just sit there unused, not bothering anyone.

All in all, it is just a good backup for an agency to have in case an emergency or an unusual situation arises.

Reminder to contract travel agencies:

We have heard from travelers that some agents at contract travel agencies have expressed reluctance to book hotel rooms for them. Apparently, the travelers have been told, "We don't do that," or "Book your own." This has most frequently happened when the traveler needs *only* hotel reservations.

Under the terms of the contracts you have with the State of Texas, you are obligated to book hotel rooms for state travelers if they request it. Please remind all of your agents of this.

Rental Car Reminders

When renting a vehicle from one of our contract vendors, if you go over the exact 24-hour day, you will incur additional charges.

For **ADVANTAGE**: The first 59 minutes of excess time will be allowed free. After this "grace period" expires, a per-hour charge will be imposed up to but not exceeding the next 24-hour charge. Per-hour rates are based on the class of vehicle rented and are listed on the rental agreement given to the renter as "OT Hours". Example: *If you keep the car for 3 24-hour days and 2 1/2 hours over, you will be charged 3 times the hourly rate in addition to the 3-day charge.*

For **AVIS**: The first 59 minutes of excess time will be allowed free. After this "grace period", the second hour, up to 59 minutes, will be charged at 1/3 the daily rate; the third hour, up to 59 minutes will be 2/3 the daily rate; and for returns after the third hour, the full daily charge will be assessed. Example: *If you keep the car for 3 24-hour days and 2 1/2 hours over, you will be charged 2/3 of a day in addition to the 3-day charge..*

HOTELS

Notice:

La Quintas list "King plus room at additional charge."
Be aware: *The Comptroller WILL NOT reimburse this extra charge unless there were no other rooms available.*

Complaints:

Holiday Plaza Inn, 110 East Highway 6, Alvin (2)
La Quinta-Medical Center, 2108 Coulter St., Amarillo

Weekly rentals

The following hotels book/bill for WEEKLY rentals only. (On a daily
breakdown, they all come in well under per diem.) As a courtesy to state
travelers, they will give a daily itemized bill so travelers can adhere to the
Comptroller's audit requirements.

If you are staying for 5 or more days, give them a try and let us know
how they are.
