DART Announces Student Art Contest Winners

Vivien Behrens, a 10th-grader at Booker T. Washington High School for the Performing and Visual Arts in Dallas, is this year's Best of Show winner in Dallas Area Rapid Transit's (DART) 2014 Student Art Contest.

Behrens winning artwork with the theme "*Off We Go!*" was recognized as the best out of 951 entries at an April ceremony held at the Dallas Museum of Art (DMA) and can now be seen through August displayed on bus number 41046 as it travels across DART's 13-city service area.

North Texas students from kindergarten through 12th grade participated in this year's contest held annually to help promote the use of public transportation and sponsored by DART and partners Dallas Contemporary and the DMA.

Behrens winning entry along with various grade-level first, second, third place and honorable mention winners can be seen at www.dart.org.
