Save the Day
Ensure your day entry to even the most popular parks at the most popular times with this new option. You can reserve your day visit up to 30 days in advance.

Pick Your Site
Reserve specific campsites, cabins or shelters in advance. View photos and details of each site online. This also makes it easy for groups to choose sites near each other.

TexasStateParks.org/stargazing

As our towns and cities grow brighter, some lights could be lost. Today, 80% of Americans have never seen the Milky Way. Texas State Parks remain some of the few places where everyone can marvel at the night sky. Find how you can see the stars on your next park visit.
