#### ANNUAL FINANCIAL REPORT

For the Year Ending August 31, 2019

Gary Gibbs, Ph.D. Executive Director

November 20, 2019

Honorable Greg Abbott, Governor Honorable Glenn Hegar, Texas Comptroller John McGeady, Assistant Director, Legislative Budget Board Lisa Collier, First Assistant State Auditor

#### Ladies and Gentlemen:

We are pleased to submit the annual financial report of the Texas Commission on the Arts for the year ended Aug. 31, 2019, in compliance with Texas Government Code Annotated, Section 2101.011, and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) 34, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the state auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact the agency's Director of Finance, Amber Rhodes, at (512) 936-6567.

Sincerely,

Hary Bibbs

Gary Gibbs, Ph.D. Executive Director

## NOTES TO THE FINANCIAL STATEMENTS

#### **TEXAS COMMISSION ON THE ARTS (813)**

Notes to the Financial Statements For the Year Ended August 31, 2019

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **ENTITY**

The Texas Commission on the Arts is an agency of the State of Texas and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for Annual Financial Reports for State Agencies and Universities.

The Commission operates under the authority of V.T.C.A., Government Code Chapter 444. The Commission serves the state by:

- Fostering the development of a receptive climate for the arts that will culturally enrich and benefit the citizens of Texas in their daily lives;
- Attracting to Texas outstanding creators in the fields of arts through appropriate programs of publicity and education;
- Directing activities such as lectures, exhibitions and the compilations and dissemination of information on the arts in Texas;
- Acting as a source of arts information to state government.

Due to the statewide requirements embedded in GASB Statement No. 34, *Basic Financial Statements* — and *Management's Discussion and Analysis* — for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report is considered for audit by the state auditor as part of the audit of the state's Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

#### **Blended Component Units**

No component units have been identified which should have been blended into an appropriate fund.

#### Discretely Presented Component Units

No discretely presented component units have been identified for inclusion within the agency's financial report.

#### **FUND STRUCTURE**

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity.

#### Governmental Fund Types & Government-wide Adjustment Fund Types

#### **General Fund (FT 01)**

The general fund is the principal operating fund used to account for most of the state's general activities. It accounts for all financial resources except those accounted for in other funds. Texas Commission on the Arts uses three General Funds:

**General Revenue Fund (0001)**: This fund is used to account for all financial resources of the state except those required to be accounted for in another fund.

#### **TEXAS COMMISSION ON THE ARTS (813)**

Notes to the Financial Statements For the Year Ended August 31, 2019

Commission on the Arts Operating Fund (0334): This fund is used for administrative costs and to carry out duties of the Commission on the Arts and includes receipts from gifts, grants, donations, and proceeds from the sale of compact discs. H.B. 7, 83rd Leg., R.S. requires interest be deposited to General Revenue (0001) and changed deposit of license plate revenue created under Transportation Code, Subchapter G from this account to the License Plate Trust Fund (0802).

License Plate Trust Fund (0802): This fund was created in the treasury for deposit of specialty license plate fees and related revenue collected under Subchapter G, Transportation Code previously deposited in various General Revenue accounts. Also includes balances of specialty license plate General Revenue accounts for specialty license plate established under Subchapter G, Transportation Code. Dedicated balances and revenues are to be deposited into accounts within the fund to be used in accordance with their specific statutory purpose.

#### Capital Asset Adjustment Fund (FT 11)

The capital assets adjustment fund (fund 0998) is used to convert governmental fund types' capital assets from modified accrual to full accrual.

#### **Long-Term Liabilities Adjustment Fund (FT 12)**

The long-term liabilities adjustment fund (fund 0997) is used to convert governmental fund types' debt from modified accrual to full accrual.

#### **BASIS OF ACCOUNTING**

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual method basis of accounting. Under the modified accrual basis, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year-end.

The State of Texas considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for fund financial statements prepared on the modified basis of accrual. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that build the government-wide financial statements are accounted for using the full accrual method of accounting. The following activities are recognized in these fund types:

- Capital assets
- Accumulated depreciation
- Unpaid employee compensable leave
- The unmatured debt service (principal and interest) on general long-term liabilities
- Long-term capital leases
- Long-term claims and judgments
- Full accrual revenues and expenses

#### **TEXAS COMMISSION ON THE ARTS (813)**

Notes to the Financial Statements For the Year Ended August 31, 2019

#### **BUDGET AND BUDGETARY ACCOUNTING**

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act).

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

#### ASSETS, LIABILITIES AND FUND BALANCES/NET POSITION

#### **Assets**

#### **Cash and Cash Equivalents**

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

#### **Inventories and Prepaid items**

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for inventories and prepaid items that appear in the governmental and proprietary fund types. The cost of these items is expensed when the items are consumed.

#### **Capital Assets**

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year are capitalized. These assets are capitalized at cost or, if purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets (such as works of art and historical treasures) are not depreciated. Road and highway infrastructure is reported on the modified accrual basis. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

All capital assets acquired by proprietary funds or trust funds are reported at cost or estimated historical cost if actual historical cost is not available. Donated assets are reported at fair value on the acquisition date. Depreciation is charged to operations over the estimated useful life of each asset using the straight-line method.

#### Other Receivables - Current and Noncurrent

The disaggregation of other receivables as reported in the financial statements is disclosed in Note 24.

#### Liabilities

#### **Accounts Payable**

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

#### Other Payables - Current and Noncurrent

The disaggregation of other payables as reported in the financial statements is disclosed in Note 24.

#### **TEXAS COMMISSION ON THE ARTS (813)**

Notes to the Financial Statements For the Year Ended August 31, 2019

#### **Employees' Compensable Leave Balances**

Employees' compensable leave balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net position. These obligations are normally paid from the same funding source from which each employee's salary or wage compensation was paid.

#### **Fund Balance/Net Position**

"Fund balance" is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources on the governmental fund statements. "Net position" is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources on the government-wide, proprietary and fiduciary fund statements.

#### **Fund Balance Components**

Fund balances for governmental funds are classified as nonspendable, restricted, committed, assigned, or unassigned in the fund financial statements.

- Nonspendable fund balance includes amounts not available to be spent because they are either:
  - Not in spendable form; or
  - Legally or contractually required to be maintained intact.
- Restricted fund balance includes those resources that have constraints placed on their use through external parties - such as creditors, grantors, contributors, laws or regulations of other governments - or by law through constitutional provisions or enabling legislation.
- Committed fund balance can be used only for specific purposes pursuant to constraints imposed through legislation passed into law by a formal action of the Texas Legislature, the state's highest level of decision making authority.
- Assigned fund balance includes amounts constrained by the state's intent to be used for specific purposes, but the constraints do not meet the requirements to be reported as restricted or committed. Intent is expressed by:
  - The Texas Legislature: or
  - A body (for example, a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.
- Unassigned fund balance is the residual classification for the general fund. This
  classification represents fund balance that was not assigned to other funds and was not
  restricted, committed or assigned to specific purposes within the general fund.

#### **Invested In Capital Assets, Net Of Related Debt**

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes and other debt that are attributed to the acquisition, construction or improvement of those assets.

#### **TEXAS COMMISSION ON THE ARTS (813)**

Notes to the Financial Statements For the Year Ended August 31, 2019

#### **Restricted Net Position**

Restricted net position results when constraints placed on net resources are either externally imposed by creditors, grantors, contributors and the like or imposed by law through constitutional provisions or enabling legislation.

#### **Unrestricted Net Position**

Unrestricted net position consists of net resources that do not meet the definition of the two preceding categories. Unrestricted net position often has constraints on resources that are imposed by management but can be removed or modified.

#### **INTERFUND ACTIVITIES AND BALANCES**

The agency has the following types of transactions between funds:

- (1) **Transfers** Legally required transfers that are reported when incurred as "transfers in" by the recipient funds and as "transfers out" by the disbursing fund.
- (2) Reimbursements Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.
- (3) Interfund receivables and payables Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as "current." Balances for repayment due in two (or more) years are classified as "noncurrent".
- (4) Interfund Sales and Purchases Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund (interfund services provided) and expenditures or expenses of the disbursing fund (interfund services used).

The composition of the agency's interfund activities and transactions is presented in Note 12.

#### **NOTE 2: CAPITAL ASSETS**

A summary of changes in capital assets for the year ended August 31, 2019, is presented below:

#### **Employee's Compensable Leave**

If a state employee had continuous employment with the state for at least six months, the state employee is entitled to be paid for all unused vacation time accrued in the event of the employee's resignation, dismissal or separation from state employment.

#### **TEXAS COMMISSION ON THE ARTS (813)**

Notes to the Financial Statements For the Year Ended August 31, 2019

Expenditures for accumulated annual leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the statement of net position. Both an expense and a liability for business-type activities are recorded in the proprietary funds as the benefits accrue to employees. No liability is recorded for non-vesting employees accumulating rights to receive sick pay benefits. This obligation is usually paid from the same funding source(s) from which the employee's salary or wage compensation was paid.

#### **NOTE 6: BONDED INDEBTEDNESS**

Texas Commission on the Arts did not have any bonded indebtedness for the year ended August 31, 2019.

#### NOTE 7: DERIVATIVE INSTRUMENTS

Texas Commission on the Arts did not have any derivatives for the year ended August 31, 2019.

#### **NOTE 8: LEASES**

Texas Commission on the Arts did not have any leases for the year ended August 31, 2019.

#### NOTE 9: DEFINED BENEFIT PENSION PLANSAND DEFINED CONTRIBUTION PLAN

Texas Commission on the Arts does not administer employees' pension plans.

#### **NOTE 10: DEFERRED COMPENSATION**

Texas Commission on the Arts does not administer deferred compensation plans.

#### NOTE 11: POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS

Texas Commission on the Arts does not administer post-employment health care and life insurance benefit plans.

#### **TEXAS COMMISSION ON THE ARTS (813)**

Notes to the Financial Statements For the Year Ended August 31, 2019

#### NOTE 12: INTERFUND ACTIVITY AND TRANSACTIONS

Texas Commission on the Arts experienced routine transfers with other state agencies that were consistent with the activities of the fund making the transfer. Repayment of interfund balances will occur within one year from the date of the financial statement.

Individual balances and activity as of August 31, 2019, follows:
