Honorable Greg Abbott, Governor  
Honorable Glenn Hegar, Texas Comptroller  
Ms. Sarah Keyton, Assistant Director, Legislative Budget Board  
Ms. Lisa R. Collier, CPA, CFE, CIDA, First Assistant State Auditor

Ladies and Gentlemen:

Attached is the Texas Department of Motor Vehicle's annual financial report for the year ended August 31, 2019, in compliance with Texas Government Code Annotated, Section 2101.011, and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the state auditor as part of the audit of the State of Texas *Comprehensive Annual Financial Report* (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Mr. Blake Randow, Director of Accounting, at (512) 465-4203, or Ms. Linda M. Flores, CPA, Chief Financial Officer, at (512) 465-4125.

Sincerely,

Whitney H. Brewster  
Executive Director

**NOTES TO THE FINANCIAL STATEMENTS**

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Scope of Entity

The Texas Department of Motor Vehicles (TxDMV), created in 2009 by the authority of H.B. 3097, 81st Legislature, Regular Session, is an agency of the State of Texas. TxDMV is responsible for titling and registering vehicles, licensing and regulating of the motor vehicle sales and distribution, salvage dealers, registering commercial oversize/overweight (OS/OW) vehicles, and providing auto theft prevention grants.

The TxDMV has not identified any component units which should have been blended into an appropriated fund.

#### Basis of Presentation

Due to the statewide requirements included in Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements of this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

#### Fund Structure

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity.

#### Governmental Fund Types & Government-wide Adjustment Fund Types

##### General Revenue Funds

General Revenue Fund (0001) – This fund is used to account for all financial resources of the state except those required to be accounted for in another fund.

License Plate Trust Fund (0802) – This fund is used to receive and account for fees charged from the sale of specialty license plates collected under Subchapter G, Transportation Code. Funds are to be used in accordance with their specific statutory purpose.

Suspense Fund (0900) – This fund is used to temporarily hold and account for receipts, until the correct disposition of the items is determined. Items held in the fund are cleared to the various other funds or refunded to the payer.

##### Special Revenue Funds

State Highway Fund (0006) – This fund is restricted to expenditures for the building, maintaining, and policing of the state highways. It derives its financing primarily from legally dedicated revenues such as motor fuels tax and vehicle registration fees, and from federal reimbursements for selected construction projects. This fund includes revenue which supports the TxDMV's automated registration and title system.

The agency collected \$12.7 million in revenue from the automation fee authorized by House Bill 3014, 76<sup>th</sup> Legislature, Regular Session, for a license plate or other registration insignia. The revenue is used to enhance the agency's automated registration and title system.

Texas Department of Motor Vehicles Fund (0010) – This fund is used by the Department for operations, administration, enforcement, accounting costs and related liabilities for the fund. Revenue includes fees from motor vehicle registration, title certificates, special vehicle permits, specialty license plates and other transportation-related permits. This fund was initially enacted by H.B. 2202, 83<sup>rd</sup> Legislature; however, it was not exempted from funds consolidation. The 84<sup>th</sup> Legislature recreated the fund through S.B. 1512, and it was exempted in funds consolidation.

#### **Capital Assets Adjustments Fund Type**

Capital Assets Adjustment fund type is used to convert governmental fund types' capital assets from modified accrual to full accrual.

#### **Long Term Liabilities Adjustments Fund Type**

The Long-Term Liabilities Adjustments fund type is used to convert all other governmental fund types' debt from modified accrual to full accrual. The composition of this fund type is discussed in Note 5.

### **Fiduciary Fund Types**

Fiduciary funds account for assets held by the state in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. When assets are held under the terms of a formal trust agreement, either a pension trust fund, or a private purpose trust fund is used.

#### **Agency Funds**

Agency Funds are used to account for assets held in a custodial capacity for the benefit of other agencies or individuals.

Proportional Registration Distributive Trust Fund (0021) – This fund is used primarily to collect and distribute registration fees from trucking companies that operate in more than one state. The fees are distributed to the individual states based on mileage driven.

Intermodal Container & Milk Transport TxDMV Fund (1623) – This fund is used as a holding account for the county and/or municipality portions of three new oversize/overweight permit fees created in FY 2018. The fees are held until they can be disbursed to the appropriate county or municipality.

Child Support Deductions (0807) – This fund is used as a holding account where child support payroll deductions are held until disbursed.

City, County, MTA, & SPD Fund (0882) - This fund is used as a holding account where taxes for the state are collected until disbursed.

Suspense Fund (0900) - This fund is used when depositing funds where final disposition has not been determined at the time of the receipt of funds.

Direct Deposit Correction Account (0980) – This fund is used to temporarily hold and account for direct deposits that are unable to be processed until the correct disposition of the item is determined.

## Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized in the period in which they become measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year-end. The State of Texas considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for Fund Financial Statements prepared on the modified accrual basis. For federal contracts and grants, revenues have been accrued to the extent earned by eligible expenditures within each fiscal year. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual method of accounting. This includes capital assets, accumulated depreciation, unpaid Employee Compensable Leave, the unmatured debt service (principal and interest) on general long-term liabilities, long-term capital leases, and long-term claims and judgments. The activity will be recognized in these new fund types.

## Budgets and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act). The Board adopts an annual operating budget and policies consistent with these appropriations. Encumbrance accounting is utilized for budgetary control purposes. An encumbrance is defined as an outstanding purchase order or other commitment for goods or services. It reserves a part of the applicable appropriation for future expenditure. Encumbrance balances are reported in Note 15.

Unencumbered and unexpended funds are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

## Assets, Liabilities and Fund Balances

### Assets

#### Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents. Cash in bank represents the TxDMV Travel Advance Fund.

#### Receivables

The receivables represent revenue from fees and federal funds that has been earned but not received. This account is presented net of Allowance for Bad Debts.

#### Inventories and Prepaid Items

This represents supplies and postage on hand. Supplies for governmental funds are accounted for using the consumption method of accounting. The cost of these items is recognized as expenditure when items are consumed.

#### Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year are capitalized. These assets are capitalized at cost or, if purchased, at appraised fair value as of the date

of acquisition. Depreciation is reported on all "exhaustible" assets. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

## Liabilities

### Accounts Payable

Accounts payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

### Payroll Payable

Payroll payable represents the liability for the August payroll payable on September 1<sup>st</sup>.

### Employees' Compensable Leave

Employees' compensable leave represents the liability that becomes due upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or non-current in the statement of net assets. These obligations are normally paid from the same funding source from which each employee's salary or wage compensation was paid.

## Fund Balance/Net Assets

The difference between fund assets and liabilities is "Net Assets" on the government-wide, proprietary and fiduciary fund statements, and the "Fund Balance" is the difference between fund assets and liabilities on the governmental fund statements.

### **Fund Balance Components**

Nonspendable fund balance includes amounts not available to be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.

Restricted fund balance includes those resources that have constraints placed on their use through external parties or by law through constitutional provisions.

Committed fund balance can only be used for specific purposes pursuant to constraints imposed by formal action of the state's highest level of decision-making authority (the Legislature). Those committed amounts cannot be used for any other purposes unless the Legislature removes or changes the specified use by taking the same action it employed to previously commit those amounts.

Assigned fund balance amounts are constrained by the agency's intent to use them for specific purposes that are neither restricted nor committed.

Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that was not assigned to other funds and was not restricted, committed or assigned to specific purposes within the general fund.

### **Invested in Capital Assets, Net of Related Debt**

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction or improvement of those assets.

### **Unrestricted Net Assets**

Unrestricted net assets consist of net assets that have no constraints placed on net asset use by external sources or by law through constitutional provisions or enabling legislation. Unrestricted net assets often

have constraints on resources, which are imposed by management but can be removed or modified.

### **Interfund Activities and Balances**

The agency has the following types of transactions among funds:

#### Transfers

Legally required transfers that are reported when incurred as Transfers In by the recipient fund and as Transfers Out by the disbursing fund.

#### Reimbursements

Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures into the reimbursed fund.

Accrual of Operating Transfers, Reimbursements, and Residual Equity Transfers are shown as Due To and Due From instead of accounts receivable or accounts payable.

**Employees' Compensable Leave**

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the State for six months. Expenditures for accumulated vacation leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the Statement of Net Assets. An expense and liability for proprietary fund types are recorded in the proprietary funds as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

**NOTE 15: CONTINGENCIES AND COMMITMENTS**

**Federal Assistance**

The TxDMV receives federal financial assistance for specific purposes that are subject to review or audit by the federal grantor agencies. Entitlement to this assistance is generally conditional upon compliance with the terms and conditions of the grant agreements and applicable federal regulations. Such audits could lead to requests for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Management believes such disallowance, if any, will be immaterial.

**Encumbrances**

As of August 31, 2019, the TxDMV had encumbered the following amounts in governmental funds for signed contracts and purchase orders:

	General Revenue Fund (0001)	Special Revenue Fund (0006)	Texas Department of Motor Vehicle Fund (0010)
Encumbrances	\$ 7,333,435.80	\$ 40,606.97	\$ 10,308,410.05

**NOTE 17: RISK MANAGEMENT**

The department is exposed to a wide range of risks, due to the size, scope and nature of its activities. Some of these risks include, but are not limited to property and casualty losses, workers' compensation and health benefit claims, theft, damage of assets, etc. The department retains these risks, and manages them through insurance and safety programs. In FY 2019, the department had \$ 6,500.00 in payments related to claims.

	Beginning Balance	Increases	Decreases	Ending Balance
2019	-	\$ 6,500.00	\$ (6,500.00)	-

**NOTE 18: MANAGEMENT DISCUSSION AND ANALYSIS**

The Texas Department of Motor Vehicles (TxDMV) is a self-funded department through the TxDMV Fund, with the exception of the Automobile Burglary and Theft Prevention Authority, which is funded through the General Revenue (GR) Fund. With the enactment of S.B. 604, TxDMV's Sunset legislation, the Automobile Burglary and Theft Prevention Authority was renamed the Motor Vehicle Crime Prevention Authority as of September 1, 2019.

During FY 2019, revenue for all funds totaled \$1.91 billion. Of this amount, \$1.72 billion was for the State Highway Fund and \$172.43 million was for the TxDMV Fund. This represents an increase of \$97.43 million or a 5.38% increase compared to revenue in FY 2018 of \$1.81 billion. The increase in revenue is primarily attributable to increased motor vehicle registrations due to population growth and a stable national and state economy. Oversize/Overweight permits issued also increased due to a moderate increase in new construction and growth in manufacturing and refining.

FY 2019 Capital budget expenditures totaled \$17.3 million, primarily consisting of expenditures for the TxDMV Automation project (\$3.5 million); Data Center Consolidation services (\$10.3 million); and \$2.5 million for the County Technology Replacement & Upgrades capital budget. Other capital expenditures for Agency Growth & Enhancement, Replacement Vehicles, Personal Computer (PC) Replacement, and Cybersecurity, totaled \$1.0 million.

Overall expenditures decreased by \$3 million in FY 2019 compared to FY 2018 expenditures of \$148.1 million. The primary factors contributing to this decrease are a reduction in Professional Fees and Repairs and Maintenance of \$5.36 million primarily from the completion of contractual obligations related to the Registration and Titling System Refactoring Project. The reductions are offset by an increase in Materials and Supplies expenditures of \$2.16 million which is attributable to increases in registrations and an increase in postal rates during 2019. Other significant items included within Materials and Supplies expenditures are Consumables (Office Supplies & Toner), Personal Property (FF&E), and Computer Software (Windows updates for counties.)
