Honorable Greg Abbott, Governor Glenn Hegar, Texas Comptroller Lisa R. Collier, First Assistant State Auditor

Dear Sir/Madam:

We are pleased to submit the annual financial report of the Fourth Court of Appeals for the year ended 08/31/19, in compliance with Texas Government Code Annotated, Section 2101.011, and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the state auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please do not hesitate to contact our office at 210-335-2635.

Sincerely,

Sandee Bryan Marion

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ENTITY

The Fourth Court of Appeals is an agency of the State of Texas and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for Annual Financial Reports of State Agencies.

The Fourth Court of Appeals was created on September 1, 1893. This Court has appellate jurisdiction of both civil and criminal cases appealed from lower courts; in civil cases where judgment rendered exceeds \$100, exclusive of interest and costs, and other civil proceedings as provided by law; and in criminal cases except in post-convictions writs of habeas corpus and where the death penalty has been imposed.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the state of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Blended Component Units

No component units have been identified which should have been blended into an appropriate fund.

Discretely Presented Component Units

No units have been so identified.

FUND STRUCTURE

The accompanying financial statements are presented on the basis of funds and account groups, each of which is considered a separate accounting entity.

Governmental Fund Types

General Fund (GAAP Fund Type 01)

The general revenue fund (fund 0001) is used to account for all financial resources of the state except those required to be accounted for in another fund. As of Sept. 1, 2010, the Judicial and Court Personnel Training Fund (fund 0540) was reclassified as a general fund type. The Judicial and Court Personnel Training Fund was previously presented as a special revenue fund.

Judicial and Court Personnel Training fund (fund 0540) – Revenues are obtained from 50 percent of the fees collected by the clerks of the courts of appeals under Government Code 51.207. Fund is administered by the Court of Criminal Appeals and used to provide for the continuing legal education of judges and of court personnel. Funds may also be used to provide innocence training programs for law enforcement officers, law students and other participants.

·		

Special Revenue Funds (GAAP Fund Type 02)

Special revenue funds are used to account for the proceeds of specific revenue sources (other than for private-purpose trusts or for major capital projects) that are legally restricted to expenditures for specified purposes.

Judicial Fund (fund 0573) - Revenues are obtained from 50 percent of the fees collected by the clerks of the courts of appeals. The deposited judicial fees are then submitted to the Comptroller of Public Accounts.

Fiduciary Fund Types

Agency Funds (GAAP Fund Type 09)

Agency funds are used to account for assets the government holds on behalf of others in a purely custodial capacity. Agency funds involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

BASIS OF ACCOUNTING

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year-end. The state of Texas considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for fund financial statements prepared on the modified accrual basis. Expenditures and other uses of financial resources are recognized when the related liability is incurred. Exceptions are unpaid employee compensable leave, the immature debt service (principal and interest) on general long-term debt, long-term capital leases, and long-term claims and judgments. The activity will be recognized in these fund types.

BUDGET AND BUDGETARY ACCOUNTING

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act). Encumbrance accounting is employed for budgetary control purposes.

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

ASSETS, LIABILITIES, AND FUND BALANCE/NET ASSETS

ASSETS

Inventories

Consumable inventories include supplies and postage on hand at year-end. Merchandise inventories include materials, supplies, equipment, and other items on hand and for sale. The Court has no merchandise inventory.

Capital Assets

Purchases of assets by governmental funds are reported as expenditures. They are capitalized at cost or, if not purchased at appraised value on the date of acquisition. Assets with an initial, individual cost of more than \$5000 and an estimated useful life in excess of one year are capitalized. Assets are depreciated over the estimated useful life of the asset. Depreciation is charged to operations over the estimated useful life of each asset using the straight-line method.

LIABILITIES

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Employees' Compensable Leave

Employees' Compensable Leave Balances represent the liability that the Court will be required to liquidate in the future for employee vacation time. This liability is reported separately as either current or noncurrent in the statement of net assets. These obligations are normally paid from the same funding source from which each employee's salary or wage compensation is paid.

Capital Lease Obligations

Capital Lease Obligations represent the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. These are reported as current or noncurrent. The Court has no leases.

FUND BALANCE/NET ASSETS

The fund balance amounts for governmental funds were reclassified in accordance with GASB 54. Amounts previously reported as reserved and unreserved are now reported as nonspendable, restricted, committed, assigned or unassigned.

• Nonspendable fund balance includes amounts not available to be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.

- Restricted fund balance includes those resources that have constraints placed on their use through external parties or by law through constitutional provisions.
- Committed fund balance can be used only for specific purposes pursuant to constraints imposed by a formal action of the Texas Legislature, the state's highest level of decision making authority.
- Assigned fund balance includes amounts constrained by the state's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (1) the Texas Legislature or (2) a body (for example, a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.
- Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that was not assigned to other funds and was not restricted, committed or assigned to specific purposes within the general fund.

INTERFUND TRANSACTIONS AND BALANCES

The Court has the following types of transactions among funds:

- (1) Operating Transfers: Legally Required transfers that are reported when incurred as "Operating Transfers in" by the recipient fund and as "Operating transfers out" by the disbursing fund.
- (2) Reimbursements: Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund.

NOTE 9: RETIREMENT PLANS

The Court is not an administering agent. The State has joint contributory retirement plans for most of its employees. The Court participates in the plans administered by the Employees Retirement System of Texas (Employee Retirement and Judicial Retirement II). Future pension costs are the liabilities of the Retirement System. The System does not account for each State agency separately. Annual financial reports prepared by the System include audited financial statements and actuarial assumptions and conclusions.

NOTE 10: DEFFERED COMPENSATION

The Court is not an administering agent. State employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in the TEX. GOV'T. CODE, ANN., sec 609.001. Two plans are available for employees' deferred compensation plan. Both plans are administered by the Employees Retirement System.

The state's 457 plan complies with the Internal Revenue Code Sec. 457, GASB Statement No. 32, effective for financial statements for periods beginning after December 31, 1998, rescinds GASB Statement No. 2 and amends GASB Statement No. 31. GASB Statement No.32, Financial Reporting of Deferred Compensation Plans Adopted under the Provisions of Internal Revenue Code Section 457, established reporting requirements for IRC Section 457 plans.

The state also administers another plan; "Texa\$aver" created in accordance with Internal Revenue Code Sec. 401(k). However, the assets of this plan do not belong to the state. The state has no liability related to this plan.

NOTE 11: POST EMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS
