

TEXAS DEPARTMENT OF AGRICULTURE
COMMISSIONER SID MILLER

ANNUAL FINANCIAL REPORT

For the Year Ended August 31, 2019

TEXAS DEPARTMENT OF AGRICULTURE
COMMISSIONER SID MILLER

November 20, 2019

Honorable Greg Abbott, Governor
Honorable Glenn Hegar, Texas Comptroller
John McGeady, Director, Legislative Budget Board
Lisa Collier, First Assistant State Auditor

To Governor Abbott, Comptroller Hegar, Director McGeady, and First Assistant Collier:

We are pleased to submit the annual financial report of the Texas Department of Agriculture for the year ended August 31, 2019 in compliance with Texas Government Code Annotated, Section 2101.011, and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASS) Statement 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the state auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions regarding the Annual Financial Report, please contact Irma Rodriguez at (512) 463-7487 or Ann Martinez may be contacted at (512) 463-5551 for questions related to the Schedule of Expenditures of Federal Awards.

Sincerely,

A handwritten signature in cursive script that reads "Jason Fearneyhough".

Jason Fearneyhough
Deputy Commissioner

NOTES TO FINANCIAL STATEMENTS

Agency: 551, Texas Department of Agriculture

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Entity

The Texas Department of Agriculture (TDA) is an agency of the State of Texas, and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts Reporting Requirements for state agencies.

The department operates under the authority of the Texas Agriculture Code Annotated (Vernon Supplemented, 1996). The functions of the department are to:

- 1) broaden agricultural markets;
- 2) provide assistance to Texans engaged in farm and ranch production;
- 3) encourage the organization of agricultural societies and farmer institutes;
- 4) aid and advance agriculture in Texas;
- 5) collect and publish statistics and other information;
- 6) investigate disease and insects injurious to crops;
- 7) protect consumers;
- 8) assist Texas communities and business people in expanding the rural Texas economy;
- 9) ensure that all children in Texas have excellent nutrition; and
- 10) execute all applicable laws relating to agriculture.

Due to the significant changes related to Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to be in compliance with generally accepted accounting principles (GAAP). The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report. Therefore, an opinion has not been expressed on the financial statement and related information contained in this report.

Fund Structure

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting.

Governmental Fund Types & Government-Wide Adjustment Fund Types

General Fund

The General Fund is the primary operating fund used to account for most of the state’s general activities. It accounts for all financial resources except those accounted for in other funds. The General Fund includes General Revenue Fund appropriations, federal grant funds and appropriated monies collected for activities promoting the sale of Texas agricultural products (GR Dedicated Fund 5051).

Capital Assets Adjustment Fund Type

The capital assets adjustment fund is used to convert governmental fund types’ capital assets from modified accrual to full accrual.

Permanent Funds

Permanent Funds are used to account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the state’s programs.

The Permanent Endowment Fund – Rural Communities Health Care Investment Program (0364) is a special fund in the treasury outside of general revenue created from the receipts collected pursuant to the comprehensive Tobacco Settlement Agreement and available earnings from the

Agency: 551, Texas Department of Agriculture

Account. The fund is used for the rural communities' health care investment program to provide stipends and loan reimbursements for health professionals.

The Permanent Fund for Rural Health Facility Capital Improvement (5047) is used to record receipt of money transferred to TDA from the receipts collected pursuant to the comprehensive Tobacco Settlement Agreement and the available earnings from the account. The fund is used for grants and loans to improve hospital infrastructures.

Long-Term Liabilities Adjustment Fund Type

The long-term liabilities adjustment fund is used to convert governmental fund types' debt from modified accrual to full accrual.

Fiduciary Fund Types

Fiduciary funds account for assets held by the state in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. When assets are held under the terms of a formal trust agreement, either a pension trust fund or a private purpose trust fund is used.

Agency Funds

Agency funds are used to account for assets the government holds on behalf of others in a purely custodial capacity. Agency funds involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations or other governments. The Unappropriated Fund (0001), Suspense Fund (0900), Child Support deductions Fund (0807), City, County, MTA, SPD Sales Tax Trust Fund (0882), and Direct Deposit Correction Account Fund (0980) comprise the Agency Funds.

Private-Purpose Trust Funds

Private-Purpose Trust funds are used to account for all other trust arrangements whose principal and interest benefit individuals, private organizations or other governments. The Produce Recovery Fund (Fund 0974), formerly classified as an Expendable Trust Fund, is now, according to GASB 34, classified as a Private-Purpose Trust Fund.

Component Units

The fund types of the individual discrete component units are available from the component units' separately issued financial statements. Additional information about component units can be found in Note 19.

Proprietary Component Units are used to account for the discretely presented component units, which follow proprietary fund measurement focus and accounting principles. Component Unit 1, the Texas Agricultural Finance Authority (TAFA), operates the Texas Agricultural Fund (0683) as a Proprietary Component Unit of TDA. Component Unit 2, the Texas Boll Weevil Eradication Foundation, Inc. (TBWEF) operates from local funds as a Proprietary Component Unit of TDA. Financial data for these two Component units are included in *Exhibits VIII and IX*.

Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual method basis of accounting. Under the modified accrual, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year end. The State of Texas considers receivables collected within sixty days after year-end to be available and recognizes

Agency: 551, Texas Department of Agriculture

them as revenues of the current year for fund financial statements prepared on the modified basis of accrual. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual method of accounting. This includes capital assets, accumulated depreciation, unpaid employee compensable leave, the un-matured debt service (principal and interest) on general long-term liabilities, long-term capital leases, and long-term claims and judgments. The activity will be recognized in these new fund types.

Proprietary funds and private-purpose trust funds are accounted for on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary funds' principal ongoing operations. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

Budget and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act). Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Assets, Liabilities, and Fund Balances/Net Assets**Assets****Cash and Cash Equivalents**

Short-term highly liquid investments with an original maturity of three-months or less are considered cash equivalents.

Securities Lending Collateral

Investments are stated at fair value in all funds except pension trust funds in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. For pension trust funds, investments are required to be reported at fair value using the accrual basis of accounting in accordance with GASB Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*.

Securities lent are reported as assets on the balance sheet. The costs of securities lending transactions are reported as expenditures or expenses in the operating statement. These costs are reported as gross.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues reserved for statutory or contractual requirements. Assets held in reserve for guaranteed student loan defaults are also included.

Inventories and Prepaid Items

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. Inventories for governmental fund types are the consumption method of accounting. The consumption method of accounting is used to account for inventories that appear in the proprietary fund types and the government-wide statements. The cost of these items is expensed when the items are consumed.

Agency: 551, Texas Department of AgricultureCapital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets such as works of art and historical treasures are not depreciated. Road and highway infrastructure is reported on the modified basis. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

All capital assets acquired by proprietary funds or trust funds are reported at cost or estimated historical cost if actual historical cost is not available. Donated assets are reported at fair value on the acquisition dated. Depreciation is charged to operations over the estimated useful life of each asset using the straight-line method.

Other Receivables – Current and Noncurrent

Other receivables include year-end revenue accruals not included in any other receivable category. This account can appear in governmental and proprietary fund types. The disaggregation of other receivables as reported in the financial statements is shown in Note 24, "Disaggregation of Receivables and Payables Balances."

LiabilitiesAccounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Other Payables – Current and Noncurrent

Other payables are the accrual at year-end of expenditure transactions not included in any of the other payable descriptions. Other payables may be included in either the governmental or proprietary fund types.

Employees' Compensable Leave Balances

Employees' compensable leave balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net assets. These obligations are normally paid from the same funding source from which each employee's salary or wage compensation was paid.

Capital Lease Obligations

Capital Lease Obligations represent the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. Liabilities are reported separately as either current or non-current in the statement of net assets.

Bonds Payable – General Obligation Bonds

General obligation bonds are accounted for in the long-term liabilities adjustment column for governmental activities and in proprietary funds for business-type activities. These payables are reported as long-term liabilities (current for amounts due within one year) and long-term liabilities (noncurrent for amounts due thereafter in the statement of net assets/balance sheet). The bonds are reported at par, net of unamortized premiums, discounts, issuance costs and gains/(losses) on bond refunding activities.

Agency: 551, Texas Department of Agriculture

For governmental activities, bond proceeds are accounted for (when received) as an "other financing source" in the governmental fund receiving the proceeds. Payment of principal and interest is an expenditure recorded in the debt service fund. All bond transactions and balances for business-type activities are reported in proprietary funds.

Other Liabilities

Texas Boll Weevil Eradication Fund (Component Unit) has other liabilities relating to deferred compensation that is disclosed in Note 10.

Fund Balance/Net Assets

The difference between fund assets and liabilities is "Net Assets" on the government-wide proprietary and fiduciary fund statements, and the "Fund Balance" is the difference between fund assets and liabilities on the governmental fund statements.

Fund Balance Components – The fund balance amounts for governmental funds were reclassified in accordance with GASB 54. Amounts previously reported as reserved and unreserved are now reported as non-spendable, restricted, committed, assigned or unassigned.

Non-spendable Fund Balance

Non-spendable fund balance includes amounts not available to be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.

Restricted Fund Balance

Restricted fund balance includes those resources that have constraints placed on their use through external parties or by law through constitutional provisions.

Committed Fund Balance

Committed fund balance can be used only for specific purposes pursuant to constraints imposed by a formal action of the Texas Legislature, the state's highest level of decision making authority.

Assigned Fund Balance

Assigned fund balance includes amounts constrained by the state's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (1) the Texas Legislature or (2) a body (for example, a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance

Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that was not assigned to other funds and was not restricted, committed or assigned to specific purposes within the general fund.

Inter-fund Activities and Balances

The agency has the following types of transactions among funds:

- 1) Transfers: legally required transfers that are reported when incurred as "Transfers In" by the recipient fund and as "Transfers Out" by the disbursing fund.
- 2) Reimbursements: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another are recorded as expenditures in the

Agency: 551, Texas Department of Agriculture

reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.

- 3) Inter-fund Receivables and Payables: Inter-fund loans are reported as inter-fund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as "Current." Balances for repayment due in two (or more) years are classified as "Non-current."
- 4) Inter-fund Sales and Purchases: Charges or collections for services rendered by one fund to another are recorded as revenue of the recipient fund and expenditures or expenses of the disbursing fund.

The composition of the agency's Inter-fund activities and balances are presented in Note 12.

NOTE 5: LONG-TERM LIABILITIES (CONTINUED)

The Texas Agriculture Finance Authority has issued commercial paper to provide funds for loans on agricultural activity. The commercial paper is refunded generally every 90 days, but it may range from 1-270 days throughout the year determined by the financial markets. TAFE incurred interest rates varying from 0.37% to 0.73%

Claims & Judgments

The department had no unpaid judgments at August 31, 2019. (See Note 15: Contingencies and Commitments).

Employees' Compensable Leave

If a state employee has had continuous employment with the state for at least six months, the state employee is entitled to be paid for all unused vacation time accrued in the event of the employee's resignation, dismissal or separation from state employment. Expenditures for accumulated annual leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the Statement of Net Assets. An expense and liability for proprietary fund types are recorded in the proprietary funds as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits. This obligation is usually paid from the same funding source(s) from which the employee's salary or wage compensation was paid.

NOTE 6: BONDED INDEBTEDNESS

This note is not applicable to the Texas Department of Agriculture.

NOTE 7: DERIVATIVE INSTRUMENTS

Derivative investments are managed by Texas Treasury Safekeeping Trust Company for the Rural Community Health Care Investment Program Fund 0364. The SWAPS and Futures new investments for FY2018, initial values are zero.

Derivatives are financial instruments whose value is derived, in whole or part, from the value of any one of more underlying securities or assets, or index of securities or assets, such as stocks, bonds, commodities, or currencies. The Endowment funds use derivatives as part of the portfolio hedging and overlays program. The objective of the program is to facilitate risk management and provide efficiency in the implementation of various investment strategies. Permitted applications of the portfolio hedging and overlays program are: to implement strategies in a low cost and efficient manner; to hedge and control risks; to alter the Funds' market (systemic) exposure without trading the underlying cash market securities; to construct portfolios with risk and return characteristics that could not be created with cash market securities; or to facilitate transition trading.

Through the use of derivatives, the risks that are bound together in traditional cash market investments can be separated and managed independently. The primary intent of the Fund's investment in derivative instruments is to manage and implement investment strategies more effectively and at a lower cost than would be possible in the cash market. All of the Fund's derivative instruments are considered investment derivatives and therefore are measured and reported at fair value.

NOTE 7: DERIVATIVE INSTRUMENTS (CONTINUED)

The fair value, changes in fair value, and notional value of the Fund's derivatives investments, classified by derivative type, are displayed in the following table as of August 31, 2019.

NOTE 9: PENSION PLANS

The state has joint contributory retirement plans for all its employees. The Texas Department of Agriculture participates in the plans administered by the Employees Retirement System of Texas (ERS). Future pension costs are the liability of the ERS. The ERS does not account for each state agency separately. Annual financial reports prepared by the ERS include audited financial statements and actuarial assumptions and conclusions.

Agency: 551, Texas Department of Agriculture

NOTE 10: DEFERRED COMPENSATION

The State of Texas offers a deferred compensation plan to all state employees. This plan is in accordance with Internal Revenue Code Section 457 and permits employees to defer a portion of their salary until future years. The deferred compensation funds are not available to employees until distribution due to termination, retirement, death, or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts and all income attributable to those amounts, property or rights are held in trust by the Employees Retirement System (ERS) Board of Trustees for the exclusive benefit of participants and their beneficiaries and may not be used for, or diverted to, any other expense, except to defray the reasonable expenses of administering the plan.

The Board of Trustees is not liable to participating employees for the diminution in value or loss of all or part of the participating employees' deferred amounts or investment income because of market conditions or the failure, insolvency or bankruptcy of a qualified vendor.

The state also administers the TexaSaver program created in accordance with Internal Revenue Code Sections 401(k) and 457. However, the assets of these plans do not belong to the state. The state has no liability related to these plans.

Texas Boll Weevil Eradication Foundation Component Unit

Effective January 1, 2012, the Foundation adopted a 457(b) deferred compensation plan to provide an investment alternative for a select group of management and highly compensated employees who are restricted from fully participating in the Foundation's 401(k) plan due to IRS limitations. This plan is intended to constitute an "eligible deferred compensation plan" of a tax-exempt entity. During a plan year, the Foundation will contribute to each participant's account an amount equal to the lesser of 12% of includible compensation or the Annual Deferred Compensation Limit prescribed by law. In accordance with the plan, the Foundation holds the investments related to all employer contributions and participants are fully vested in these. The Foundation's contribution for the year ended December 31, 2018 was \$44,397 and the total balance was \$475,306 at December 31, 2018. This balance is included on the balance sheet as restricted investments with an offsetting liability.

NOTE 11: POST EMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

This note is not applicable to the Texas Department of Agriculture.

NOTE 13: CONTINUANCE SUBJECT TO REVIEW

Under the Texas Sunset Act, the Texas Department of Agriculture will be abolished effective September 1, 2021, unless continued in existence by legislation. If abolished, the agency may continue until September 1, 2022, to close out its operations.

While abolition of TDA would impact continued operations of TAFE, S.B. No. 11, 65th Leg., C.S. (1977) recognized the state's continuing obligation to pay bonded indebtedness incurred by the TAFE and provides for such bonded indebtedness to be paid in accordance with its terms.

NOTE 14: ADJUSTMENTS TO FUND BALANCES/NET ASSETS

Texas Department of Agriculture did not have any adjustments to Fund Balance/Net Assets in fiscal year 2019.

Agency: 551, Texas Department of Agriculture

NOTE 15: CONTINGENCIES AND COMMITMENTS

There are no cases pending as of August 31, 2019.

TAFSA previously provided direct loans to eligible rural municipal projects through the Rural Development Finance Program, purchases participations and provides loan guaranties through the Financial Assistance Program and the Young Farmers Loan Guarantee Program. While these programs no longer exist, they are remaining performing loans associated with the program. Total outstanding direct commitments, participations purchased and guaranties at August 31, 2019 was \$1,592,000.00.

NOTE 16: SUBSEQUENT EVENTS

This note is not applicable to the Texas Department of Agriculture.

NOTE 17: RISK MANAGEMENT

The Texas Department of Agriculture is exposed to a variety of civil claims resulting from the performance of its duties. It is the agency's policy to periodically assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed.

The agency assumes substantially all risks associated with tort claims and liability claims due to the performance of its duties. The agency's liabilities are reported when it is both probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Liabilities are re-evaluated periodically to consider current settlements, frequency of claims, past experience and economic factors.

The Department is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; efforts and omissions, and natural disasters. It is the Department's policy to periodically assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed. The Department assumes substantially all risks associated with the performance of its duties. Currently, there is no purchase of commercial insurance, nor is the Department involved in any risk-pools with other government entities.

Currently, there is no purchase of commercial insurance, nor is the Department involved in any risk-pools with other government entities. Thus, there were no significant reductions in insurance coverage in the past year and losses did not exceed funding arrangements during the past three years.

NOTE 18: MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)

This note is not applicable to the Texas Department of Agriculture as there were no material changes to the Annual Financial Report in FY 2019.

NOTE 19: THE FINANCIAL REPORTING ENTITY

The Texas Department of Agriculture includes within this report all component units as determined by an analysis of their relationship to the department.

The Texas Agricultural Finance Authority, which was created within TDA, is discretely presented as a separate component unit in TDA 's financial statements. The Texas Boll Weevil Eradication Foundation, Inc. (a non-profit agency) is discretely presented as a separate component unit in TDA 's financial statements.

Blended Component Units

No component units have been identified which should have been blended into an appropriate fund.

Discrete Component Units

These component units are legally separate entities, but are financially accountable to the state or have a relationship with the state such that exclusion would cause the financial statements to be misleading or incomplete. The component unit columns of the financial statements include the financial data of these entities.

- Component Unit 1 is the Texas Agricultural Finance Authority (TAFE), created within the Texas Department of Agriculture. Nine board members including seven members being appointed by the Commissioner of the Texas Department of Agriculture govern TAFE. This Component Unit has the following funds: Young Farmer Fund 5002 which was converted from a governmental fund to a proprietary fund by the 81st Legislature and proprietary funds named Agriculture Fund 0683 and Farm and Ranch Fund 0575.
- Component Unit 2 is the Texas Boll Weevil Eradication Foundation, Inc. (TBWEF). Twenty-one board members, govern the TBWEF with five members appointed by the TDA Commissioner. In addition, TDA approves the TBWEF budget and assessment fees, and the Foundation cannot incur debt without TDA approval. This Component Unit has Fund 5998 and Appropriated Fund 9999. The fiscal year end for TBWEF is December 31, 2018, which is different from TDA's fiscal year end of August 31, 2019.

Related Parties

Relationship with Texas Cooperative Inspection Program

Texas statutes have provided for the inspection of fruits and vegetables since 1917, with the costs being borne by growers, shippers, and shippers' agents, rather than the state. Since 1935, the Texas Department of Agriculture has been authorized by state law to execute cooperative agreements with the United States Department of Agriculture (USDA), adopt federal grading standards as the Texas standard, and, since 1955, to execute cooperative agreements with USDA and any Texas firm, corporation or association which provides for the inspection of fruits, vegetables and other products.

In February of 1992, the department entered into a cooperative agreement with the USDA to conduct inspections of fruits and vegetables, effective May of 1992. Under this agreement, inspections are conducted through the Texas Cooperative Inspection Program (TCIP). TCIP is a self-supporting program, operating from fees levied on participants and without appropriations from either the federal or state governments. The cooperative agreement calls for the department to receive up to 4 percent of the inspection fees collected in order to cover the department's administrative costs in overseeing the day-to-day operation of TCIP.

Agency: 551, Texas Department of Agriculture

NOTE 20: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Unrestricted net assets of the Texas Agricultural Fund 0683 is \$19,026,760.77. To reduce the risk of future allowances, the authority board has made lending criteria more stringent and will strictly adhere to the established policies and procedures. H.B. 2050, 76th legislature and S.S. 716 and H.H. 3329, 77th Legislature, approved major improvements to the TAFE programs by allowing a larger pool of eligible borrowers to the financial assistance program. S.B. 1016, 81st Legislature, established the following set of self-sustaining TAFE programs: the Agriculture Loan Guarantee Program; the Agriculture Interest Rate Reduction Program (previously the Linked Deposit Program); the Young Farmer Interest Rate Reduction Program; and the Young Farmer Grant Program. All programs are funded by the Texas Agriculture Fund utilizing the farm vehicle tag fees.

NOTE 30: NON-EXCHANGE FINANCIAL GUARANTEES

TAFAs Agricultural Loan Guarantee Program provides for the following in regards to a maximum loan guarantee amount:

- \$250,000 or 90% of the loan amount, whichever is less
- \$500,000 or 80% of the loan amount, whichever is less *

The duration of a loan guarantee approved by TAFAs must not exceed the useful life of the assets being financed or 10 years, whichever is less.

TAFAs is under no obligation to purchase the guaranteed percentage of the outstanding principal balance of the Loan until Lender has exhausted all possible collection activities concerning the Loan, including, but not limited to, foreclosure of collateral, obtaining a monetary or other judgment against borrower enforcing the terms of the Loan, and taking commercially reasonable steps to enforce and collect such judgment. Once Lender has completed all possible collection activities concerning the Loan, and all repayment proceeds, including proceeds from the sale or liquidation of collateral, have been applied to the Loan, Lender may demand in writing that TAFAs purchase the guaranteed percentage of the outstanding principal balance of the Loan unless such amount is zero dollars or less. Lender must include in its demand its calculation of the outstanding principal balance of the Loan (showing a positive amount due by TAFAs), a transcript of the Loan account, and any other Loan records requested by TAFAs.

As of August 31, 2019 and 2018, respectively, TAFAs had \$12,541,372 and \$15,022,527 in outstanding loan guarantees related to agriculture producer or agriculture-related business loans with various commercial banking or Farm Credit System institutions. TAFAs does not currently anticipate and has not recognized any liabilities or payments related to the loans guaranteed under its Agricultural Loan Guarantee Program as of August 31, 2019 and 2018 and for the years then ended, respectively.
