359 Office of Public Insurance Counsel

The Texas Legislature established the Office of Public Insurance Counsel (OPIC) in 1991 and codified the agency's duties, structure, and method of funding in Chapter 501 of the Texas Insurance Code. The agency is funded by a statutorily set fee of 5.7 cents assessed on certain insurance policies.

Chapter 501 charges OPIC with representing the interests of Texas consumers in insurance matters. OPIC fulfills this statutory duty by representing the interests of consumers before the Texas Department of Insurance (TDI) on regulatory matters that relate to insurance rates, rules, and policy forms. When necessary and prudent, the agency also intervenes as a party and presents actuarial and economic evidence in rate hearings and rate filings before the Commissioner of Insurance and the State Office of Administrative Hearings. In addition, OPIC fulfills its statutory duties by recommending legislation to the Texas Legislature that would positively affect the interests of insurance consumers; providing resource testimony and information to the Texas Legislature on insurance issues; and intervening in legal and other matters, as appropriate, for positions that are most advantageous to a substantial number of insurance consumers.

One of OPIC's most important duties is consumer education and outreach. Section 501.252 of the Texas Insurance Code directs the agency to annually develop a Health Maintenance Organization (HMO) consumer report card to assist consumers in evaluating HMOs' quality of care and consumer satisfaction. Section 501.156 instructs the agency to submit to TDI for adoption a consumer bill of rights appropriate to personal lines of insurance regulated by TDI. Bills of rights are designed to advise consumers of their rights and are updated as new rules and regulations require. OPIC's subject matter experts also provide direct consumer assistance over the phone and via email on a daily basis.

As a result of action by the 82nd Texas Legislature, OPIC's responsibilities for consumer education and outreach have significantly increased. OPIC is tasked with reaching over 62 percent of all Texas insurance consumers (for a total in excess of 9 million) with information about insurance. Similarly, OPIC's measure for public presentations and communications has increased over fourfold.

While OPIC creates informational postcards, brochures, and other print materials to assist consumers, OPIC primarily uses its website and social media applications, Facebook and Twitter, to reach the goal of increased consumer education and outreach. OPIC created and maintains on its website a policy comparison tool that helps consumers compare policies and coverage when shopping for property insurance. OPIC has also recently undertaken a major update to its website and social media applications, both in form and content.

The goal of the extensive updates to the agency's website and social media applications is threefold. The updates will: 1) increase the number of consumers visiting the website for information and increase the number of followers on social media, thereby increasing the number of Texas consumers OPIC reaches and helps; 2) increase the quantity of information OPIC provides to consumers; and 3) improve the content of the information so that consumers receive information they need in a manner that is easy to read and understand. As part of this effort, OPIC hired a new communications specialist, and has partnered with TDI for plain language trainings. Consumer education and outreach, in plain language people can understand, are a priority for OPIC and require significant resources from the agency.

OPIC is scheduled to transition to the Centralized Accounting and Payroll/Personnel System (CAPPS) during Fiscal Year (FY) 2019. OPIC did not request additional funding for the transition to CAPPS.

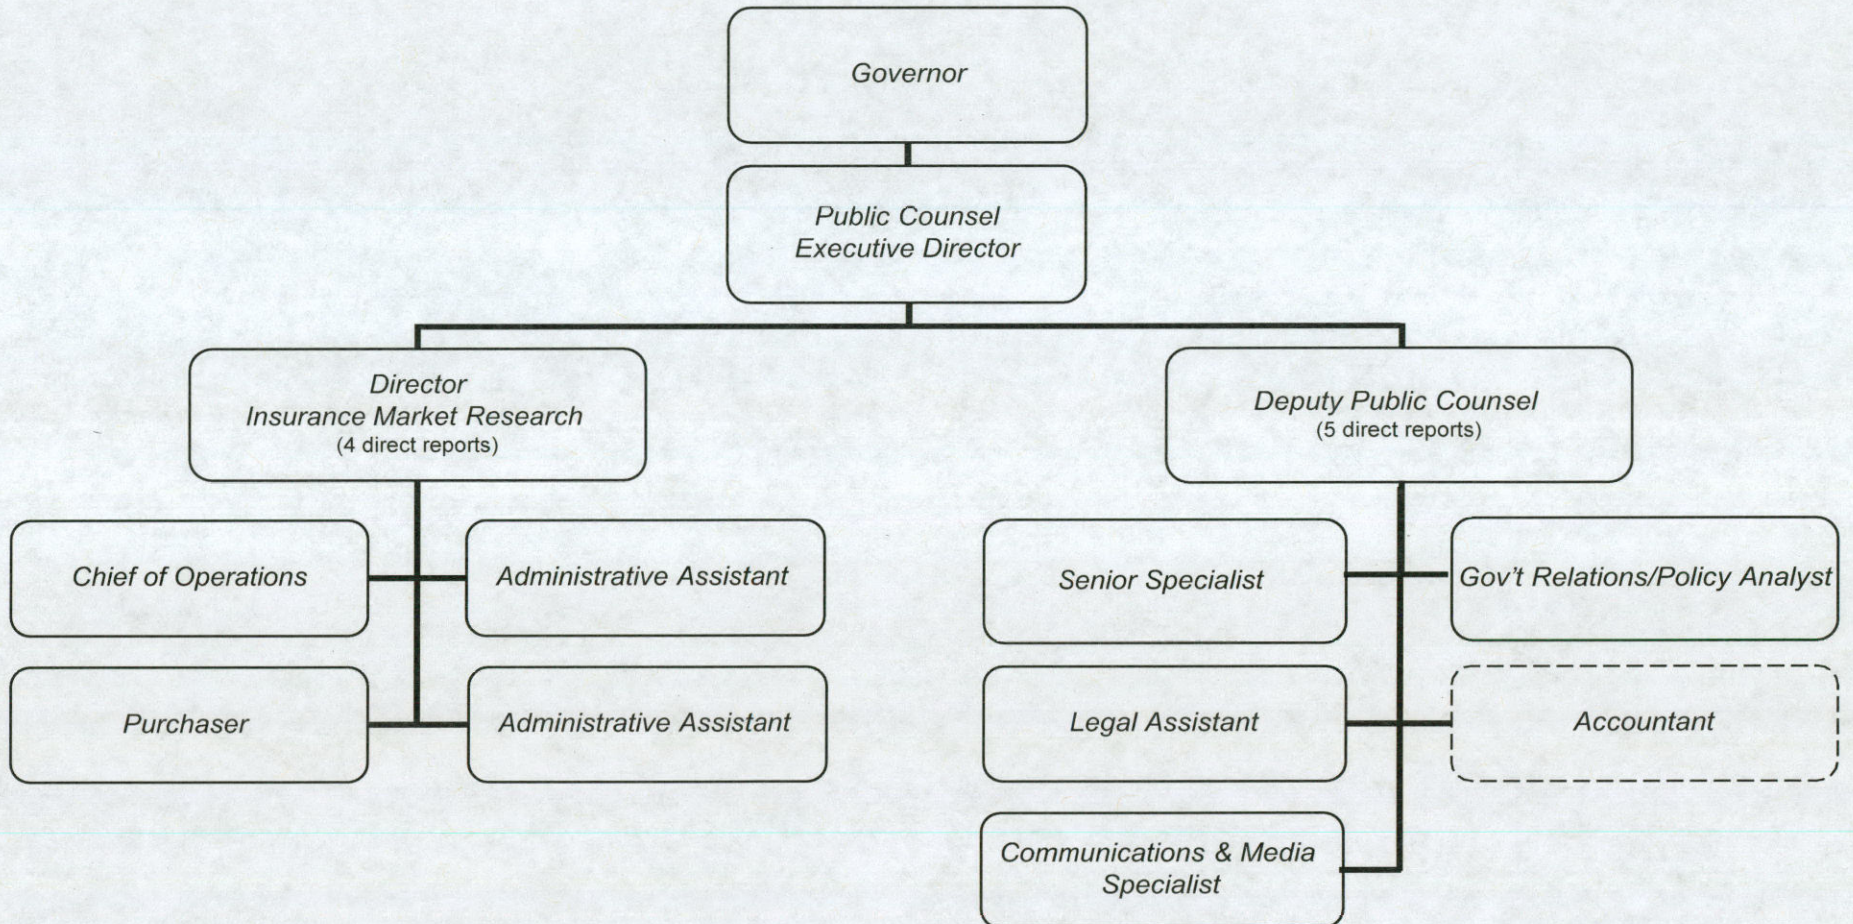

OPIC's budget team conducted a careful and thorough review of the agency's budget in preparation for this budget cycle. One of the team's primary duties was to identify expenditures for a potential 10 percent biennial base reduction. The items identified for reduction, and detailed in the following document, are listed in order of impact on services from least to greatest. The proposed reductions in FY 2020 and FY 2021 are primarily the result of identifying more efficient operations and procedures, but additional reductions in future budget cycles could affect OPIC's performance of core functions, such as participation in rate hearings or consumer education and

359 Office of Public Insurance Counsel

outreach efforts. OPIC believes, however, that the agency can absorb the current proposed reductions and continue to operate as efficiently and effectively as possible while still fulfilling its statutory duties.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The agency is directed by statute, Texas Insurance Code, Section 501.153, to advocate for consumers in matters involving rates, rules, and forms for numerous lines of insurance. This strategy contributes to the agency goal of advocating positions advantageous to consumers in rate hearings and rulemaking proceedings. These efforts directly contribute to statewide goals such as fostering economic opportunity and capital investment by promoting a favorable business climate, supporting infrastructure development, and ensuring that Texas consumers are effectively and efficiently served by high quality professionals and businesses by setting clear standards, maintaining compliance, and seeking market-based solutions.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The current system of ratemaking allows insurers to file and use their rates subject to statutory standards. The agency is authorized and directed to review and object to these filings by providing actuarial analysis and evidence to the Commissioner of Insurance. The agency's role in rate hearings and its participation in proceedings on rate filings will be decided largely by the reasonability and frequency of rate filings made by insurers and hearing schedules developed by the Texas Department of Insurance (TDI). Any additional changes within the regulatory structure of ratemaking may influence the duties, responsibilities, and fiscal needs of the agency.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The agency is directed by statute, Texas Insurance Code, Section 501.156, to submit to the Texas Department of Insurance a consumer bill of rights for each personal line of insurance and an annual HMO consumer report card, Section 501.252. This strategy supports statewide goals such as fostering economic opportunity and capital investment by promoting a favorable business climate, supporting infrastructure development, and ensuring that Texas consumers are effectively and efficiently served by high quality professionals and businesses by setting clear standards, maintaining compliance, and seeking market-based solutions.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The issuance of the statutorily mandated bills of rights varies yearly depending upon legislative or regulatory changes made. The issuance of the HMO report cards depends on the collection of data by the Texas Department of Insurance and the Texas Department of State Health Services.

B. Assessment of Fiscal Year 2016 - 2017 Efforts to Meet HUB Procurement Goals

Attainment:

The agency attained or exceeded 2 of 3, or 66%, of the applicable agency HUB procurement goals in fiscal year 2016.
 The agency attained or exceeded 1 of 3, or 33%, of the applicable agency HUB procurement goals in fiscal year 2017.

Applicability:

The following procurement categories are not applicable to OPIC:

- Heavy Construction
- Building Construction
- Special Trade

Factors Affecting Attainment:

The majority of expense related to Other Services involves contracted services with one non-HUB vendor for the agency's website management and hosting.

"Good-Faith" Efforts:

OPIC makes every effort to contract with HUB vendors whenever possible through the following practices:
 A minimum of three bids/quotes are sought from HUB vendors for every purchase requisition.
 If three bids/quotes are not received, an explanation is provided to the HUB Coordinator and Purchaser.
 An explanation is given for the selection of vendor.
 New HUB vendors are contracted and assisted through the application process.
