

New York April 21 69

Dear Sir

I have persuaded Mrs
Fanny Allen to go to Texas
for month of May, she has
improved since you saw her
McDonald wrote me that you
you have changed so well day
for the hall, I hope the
friends and particularly you
will help pay for the
pleasure and good she may
do for our people, the hours
we have been filled to
overflowing in the large
hall here, I think we
should get 3 or 4000 pay
at 25¢ coin, certainly
it will be money well
spent, have some of the

pen's peculiar Instructions
and books of prayer I
have written Mr Berry
and requested him to prep
are some pieces to sing.
she might lecture during
the week, and that would
give the clergy chance
to attend. I want all
to have the benefit
of the beautiful teaching
given through her, shall
hear her Monday the
26th and be with you on
Saturday or Sunday morning
lecture at night, Sunday
evening that will
give us 5 Sundays in
May during week
she can go to Guil and
on the line of the
road she has her mother
father, & child to support

I intended to have bought at
Katy Top, but she is too sick
has not been able to sit for
a week.

Last night I met at
Mrs Baker, she was introu-
ced (Mrs Manchester) and said
always to me to see his wife
to return me the stock as it
was right he had not paid
for it - also that his property
at Haunton the way it was
managed would advise I
that she was much troubled
by one of her sons, who knew
that he did not intend this
should have been so, and
that you must tell me
where you was on Sunday
18th she spoke of the Craggs
family that something
was the matter there
I could not get this dis-

most, I suppose Mr. Cramer
is better, hope so

John B Jr and
sister & mother are well
this morning, report you
had an Pais are yet
today I am waiting to see
him, presume he will be
here today, mother is
better of any thing should
happen to detain me, refuses
out my stock, or 2 ad for
I dont get sick or heat
down shall be their regard
to all

Truly yours

O. Brannon
