Eugene has sent in 50 Keg Soda, some  
Tumblers & Tin ware to P. Demore,  
Care of J. A. Baldwin Alley with  
orders to turn over to you any portion  
of them you can handle

The Soda will cost about 15¢ lb  
delivered at Houston. The Tumblers about  
130¢ doz - 4 Boxes containing 10 doz 12  
12 doz 12 Cups which will cost about  
43¢ pr Case at Houston - Also two  
boxes 9 in Pic plates 5 doz each which  
will cost three say 58¢ a package of 5 doz  
I want the disposal of immediately  
to best advantage. try to get cast and  
as much more as you can

Much Cotton coming here at  
present at high freight will not  
more than pay expenses. Say freight  
at 13¢ per unit 5¢ duties more 2¢  
which runs up 20¢ and is about  
the value of the Cotton here unless very  
fine. And to ship the prospect is  
no better unless there should be  
a large advance which I do  
not calculate on b'c is as high a  
freight as Cotton will stand  
you had best sell them if you can
