In most cases phone numbers for events are local numbers; the general location of the event can be found by matching area codes with the telephone area code map shown above.

Dates for events listed in this calendar were correct at time of publication. However, since dates occasionally are changed, it is wise to confirm them in advance with the local chamber of commerce.

The Calendar of Texas Events is published quarterly by the Travel and Information Division of the State Department of Highways and Public Transportation from information supplied by Texas chambers of commerce. Information on major league baseball, football and other sporting events held in Texas, and on stage performances sponsored by university, civic and private groups may be obtained locally. Chambers of commerce can also supply more details on events listed for their cities.
