S.B. No. 10

1 AN ACT

2 relating to the operation and financing of the medical assistance
3 program and other programs to provide health care benefits and
4 services to persons in this state; providing penalties.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

6 SECTION 1. Subchapter B, Chapter 531, Government Code, is
7 amended by adding Section 531.02192 to read as follows:

8 Sec. 531.02192. FEDERALLY QUALIFIED HEALTH CENTER AND RURAL
9 HEALTH CLINIC SERVICES. (a) In this section:

10 (1) "Federally qualified health center" has the
11 meaning assigned by 42 U.S.C. Section 1396d(l)(2)(B).

12 (2) "Federally qualified health center services" has
13 the meaning assigned by 42 U.S.C. Section 1396d(l)(2)(A).

14 (3) "Rural health clinic" and "rural health clinic
15 services" have the meanings assigned by 42 U.S.C. Section
16 1396d(l)(1).

17 (b) Notwithstanding any provision of this chapter, Chapter
18 32, Human Resources Code, or any other law, the commission shall:

19 (1) promote Medicaid recipient access to federally
20 qualified health center services or rural health clinic services;
21 and

22 (2) ensure that payment for federally qualified health
23 center services or rural health clinic services is in accordance
24 with 42 U.S.C. Section 1396a(bb).

1 SECTION 2. Subchapter B, Chapter 531, Government Code, is
2 amended by adding Section 531.02413 to read as follows:
3 Sec. 531.02413. BILLING COORDINATION SYSTEM. (a) If
4 cost-effective and feasible, the commission shall, on or before
5 March 1, 2008, contract through an existing procurement process for
6 the implementation of an acute care Medicaid billing coordination
7 system for the fee-for-service and primary care case management
8 delivery models that will, upon entry in the claims system,
9 identify within 24 hours whether another entity has primary
10 responsibility for paying the claim and submit the claim to the
11 entity the system determines is the primary payor. The system may
12 not increase Medicaid claims payment error rates.
13 (b) If cost-effective, the executive commissioner shall
14 adopt rules for the purpose of enabling the system to identify an
15 entity with primary responsibility for paying a claim and establish
16 reporting requirements for any entity that may have a contractual
17 responsibility to pay for the types of acute care services provided
18 under the Medicaid program.
19 (c) An entity that holds a permit, license, or certificate
20 of authority issued by a regulatory agency of the state must allow
21 the contractor under Subsection (a) access to databases to allow
22 the contractor to carry out the purposes of this section, subject to
23 the contractor's contract with the commission and rules adopted
24 under this section, and is subject to an administrative penalty or
25 other sanction as provided by the law applicable to the permit,
26 license, or certificate of authority for a violation by the entity
27 of a rule adopted under this section.

(d) After September 1, 2008, no public funds shall be expended on entities not in compliance with this section unless a memorandum of understanding is entered into between the entity and the executive commissioner.

(e) Information obtained under this section is confidential. The contractor may use the information only for the purposes authorized under this section. A person commits an offense if the person knowingly uses information obtained under this section for any purpose not authorized under this section. An offense under this subsection is a Class B misdemeanor and all other penalties may apply.

SECTION 3. (a) Subchapter B, Chapter 531, Government Code, is amended by adding Section 531.02414 to read as follows:

Sec. 531.02414. ADMINISTRATION AND OPERATION OF MEDICAL TRANSPORTATION PROGRAM. (a) In this section, "medical transportation program" means the program that provides nonemergency transportation services to and from covered health care services, based on medical necessity, to recipients under the Medicaid program, the children with special health care needs program, and the transportation for indigent cancer patients program, who have no other means of transportation.

(b) Notwithstanding any other law, the commission shall directly supervise the administration and operation of the medical transportation program.

(c) Notwithstanding any other law, the commission may not delegate the commission's duty to supervise the medical transportation program to any other person, including through a

1 contract with the Texas Department of Transportation for the
2 department to assume any of the commission's responsibilities
3 relating to the provision of services through that program.
4 (d) The commission may contract with a public
5 transportation provider, as defined by Section 461.002,
6 Transportation Code, a private transportation provider, or a
7 regional transportation broker for the provision of public
8 transportation services, as defined by Section 461.002,
9 Transportation Code, under the medical transportation program.
10 (b) Subchapter A, Chapter 531, Government Code, is amended
11 by adding Section 531.0057 to read as follows:
12 Sec. 531.0057. MEDICAL TRANSPORTATION SERVICES. (a) The
13 commission shall provide medical transportation services for
14 clients of eligible health and human services programs.
15 (b) The commission may contract with any public or private
16 transportation provider or with any regional transportation broker
17 for the provision of public transportation services.
18 SECTION 4. (a) Subchapter B, Chapter 531, Government Code,
19 is amended by adding Sections 531.094, 531.0941, 531.097, and
20 531.0971 to read as follows:
21 Sec. 531.094. PILOT PROGRAM AND OTHER PROGRAMS TO PROMOTE
22 HEALTHY LIFESTYLES. (a) The commission shall develop and
23 implement a pilot program in one region of this state under which
24 Medicaid recipients are provided positive incentives to lead
25 healthy lifestyles, including through participating in certain
26 health-related programs or engaging in certain health-conscious
27 behaviors, thereby resulting in better health outcomes for those

1 recipients.

2 (b) Except as provided by Subsection (c), in implementing
3 the pilot program, the commission may provide:

4 (1) expanded health care benefits or value-added
5 services for Medicaid recipients who participate in certain
6 programs, such as specified weight loss or smoking cessation
7 programs;

8 (2) individual health rewards accounts that allow
9 Medicaid recipients who follow certain disease management
10 protocols to receive credits in the accounts that may be exchanged
11 for health-related items specified by the commission that are not
12 covered by Medicaid; and

13 (3) any other positive incentive the commission
14 determines would promote healthy lifestyles and improve health
15 outcomes for Medicaid recipients.

16 (c) The commission shall consider similar incentive
17 programs implemented in other states to determine the most
18 cost-effective measures to implement in the pilot program under
19 this section.

20 (d) Not later than December 1, 2010, the commission shall
21 submit a report to the legislature that:

22 (1) describes the operation of the pilot program;

23 (2) analyzes the effect of the incentives provided
24 under the pilot program on the health of program participants; and

25 (3) makes recommendations regarding the continuation
26 or expansion of the pilot program.

27 (e) In addition to developing and implementing the pilot

1 program under this section, the commission may, if feasible and
2 cost-effective, develop and implement an additional incentive
3 program to encourage Medicaid recipients who are younger than 21
4 years of age to make timely health care visits under the early and
5 periodic screening, diagnosis, and treatment program. The
6 commission shall provide incentives under the program for managed
7 care organizations contracting with the commission under Chapter
8 533 and Medicaid providers to encourage those organizations and
9 providers to support the delivery and documentation of timely and
10 complete health care screenings under the early and periodic
11 screening, diagnosis, and treatment program.

12 (f) This section expires September 1, 2011.

13 Sec. 531.0941. MEDICAID HEALTH SAVINGS ACCOUNT PILOT
14 PROGRAM. (a) If the commission determines that it is
15 cost-effective and feasible, the commission shall develop and
16 implement a Medicaid health savings account pilot program that is
17 consistent with federal law to:

18 (1) encourage health care cost awareness and
19 sensitivity by adult recipients; and

20 (2) promote appropriate utilization of Medicaid
21 services by adult recipients.

22 (b) If the commission implements the pilot program, the
23 commission may only include adult recipients as participants in the
24 program.

25 (c) If the commission implements the pilot program, the
26 commission shall ensure that:

27 (1) participation in the pilot program is voluntary;

1 and

2 (2) a recipient who participates in the pilot program

3 may, at the recipient's option and subject to Subsection (d),

4 discontinue participation in the program and resume receiving

5 benefits and services under the traditional Medicaid delivery

6 model.

7 (d) A recipient who chooses to discontinue participation in

8 the pilot program and resume receiving benefits and services under

9 the traditional Medicaid delivery model before completion of the

10 health savings account enrollment period forfeits any funds

11 remaining in the recipient's health savings account.

12 Sec. 531.097. TAILORED BENEFIT PACKAGES FOR CERTAIN

13 CATEGORIES OF THE MEDICAID POPULATION. (a) The executive

14 commissioner may seek a waiver under Section 1115 of the federal

15 Social Security Act (42 U.S.C. Section 1315) to develop and,

16 subject to Subsection (c), implement tailored benefit packages

17 designed to:

18 (1) provide Medicaid benefits that are customized to

19 meet the health care needs of recipients within defined categories

20 of the Medicaid population through a defined system of care;

21 (2) improve health outcomes for those recipients;

22 (3) improve those recipients' access to services;

23 (4) achieve cost containment and efficiency; and

24 (5) reduce the administrative complexity of

25 delivering Medicaid benefits.

26 (b) The commission:

27 (1) shall develop a tailored benefit package that is

customized to meet the health care needs of Medicaid recipients who are children with special health care needs, subject to approval of the waiver described by Subsection (a); and

(2) may develop tailored benefit packages that are customized to meet the health care needs of other categories of Medicaid recipients.

(c) If the commission develops tailored benefit packages under Subsection (b)(2), the commission shall submit a report to the standing committees of the senate and house of representatives having primary jurisdiction over the Medicaid program that specifies, in detail, the categories of Medicaid recipients to which each of those packages will apply and the services available under each package. The commission may not implement a package developed under Subsection (b)(2) before September 1, 2009.

(d) Except as otherwise provided by this section and subject to the terms of the waiver authorized by this section, the commission has broad discretion to develop the tailored benefit packages under this section and determine the respective categories of Medicaid recipients to which the packages apply in a manner that preserves recipients' access to necessary services and is consistent with federal requirements.

(e) Each tailored benefit package developed under this section must include:

(1) a basic set of benefits that are provided under all tailored benefit packages; and

(2) to the extent applicable to the category of Medicaid recipients to which the package applies:

1 (A) a set of benefits customized to meet the
2 health care needs of recipients in that category; and
3 (B) services to integrate the management of a
4 recipient's acute and long-term care needs, to the extent feasible.
5 (f) In addition to the benefits required by Subsection (e),
6 a tailored benefit package developed under this section that
7 applies to Medicaid recipients who are children must provide at
8 least the services required by federal law under the early and
9 periodic screening, diagnosis, and treatment program.
10 (g) A tailored benefit package developed under this section
11 may include any service available under the state Medicaid plan or
12 under any federal Medicaid waiver, including any preventive health
13 or wellness service.
14 (g-1) A tailored benefit package developed under this
15 section must increase the state's flexibility with respect to the
16 state's use of Medicaid funding and may not reduce the benefits
17 available under the Medicaid state plan to any Medicaid recipient
18 population.
19 (h) In developing the tailored benefit packages, the
20 commission shall consider similar benefit packages established in
21 other states as a guide.
22 (i) The executive commissioner, by rule, shall define each
23 category of recipients to which a tailored benefit package applies
24 and a mechanism for appropriately placing recipients in specific
25 categories. Recipient categories must include children with
26 special health care needs and may include:
27 (1) persons with disabilities or special health needs;

1 (2) elderly persons;
2 (3) children without special health care needs; and
3 (4) working-age parents and caretaker relatives.
4 (j) This section does not apply to a tailored benefit
5 package or similar package of benefits if, before September 1,
6 2007:
7 (1) a federal waiver was requested to implement the
8 package of benefits;
9 (2) the package of benefits is being developed, as
10 directed by the legislature; or
11 (3) the package of benefits has been implemented.
12 Sec. 531.0971. TAILORED BENEFIT PACKAGES FOR NON-MEDICAID
13 POPULATIONS. (a) The commission shall identify state or federal
14 non-Medicaid programs that provide health care services to persons
15 whose health care needs could be met by providing customized
16 benefits through a system of care that is used under a Medicaid
17 tailored benefit package implemented under Section 531.097.
18 (b) If the commission determines that it is feasible and to
19 the extent permitted by federal and state law, the commission
20 shall:
21 (1) provide the health care services for persons
22 identified under Subsection (a) through the applicable Medicaid
23 tailored benefit package; and
24 (2) if appropriate or necessary to provide the
25 services as required by Subdivision (1), develop and implement a
26 system of blended funding methodologies to provide the services in
27 that manner.

1 (b) Not later than September 1, 2008, the Health and Human
2 Services Commission shall implement the pilot program under Section
3 531.094, Government Code, as added by this section.
4 SECTION 5. Subchapter B, Chapter 531, Government Code, is
5 amended by adding Section 531.0972 to read as follows:
6 Sec. 531.0972. PILOT PROGRAM TO PREVENT THE SPREAD OF
7 CERTAIN INFECTIOUS OR COMMUNICABLE DISEASES. The commission may
8 provide guidance to the local health authority of Bexar County in
9 establishing a pilot program funded by the county to prevent the
10 spread of HIV, hepatitis B, hepatitis C, and other infectious and
11 communicable diseases. The program may include a disease control
12 program that provides for the anonymous exchange of used hypodermic
13 needles and syringes.
14 SECTION 6. (a) Subchapter C, Chapter 531, Government Code,
15 is amended by adding Section 531.1112 to read as follows:
16 Sec. 531.1112. STUDY CONCERNING INCREASED USE OF TECHNOLOGY
17 TO STRENGTHEN FRAUD DETECTION AND DETERRENCE; IMPLEMENTATION.
18 (a) The commission and the commission's office of inspector
19 general shall jointly study the feasibility of increasing the use
20 of technology to strengthen the detection and deterrence of fraud
21 in the state Medicaid program. The study must include the
22 determination of the feasibility of using technology to verify a
23 person's citizenship and eligibility for coverage.
24 (b) The commission shall implement any methods the
25 commission and the commission's office of inspector general
26 determine are effective at strengthening fraud detection and
27 deterrence.

1 (b) Not later than December 1, 2008, the Health and Human
2 Services Commission shall submit to the legislature a report
3 detailing the findings of the study required by Section 531.1112,
4 Government Code, as added by this section. The report must include
5 a description of any method described by Subsection (b), Section
6 531.1112, Government Code, as added by this section, that the
7 commission has implemented or intends to implement.

8 SECTION 7. (a) Chapter 531, Government Code, is amended by
9 adding Subchapter N to read as follows:

10 SUBCHAPTER N. TEXAS HEALTH OPPORTUNITY POOL TRUST FUND

11 Sec. 531.501. DEFINITION. In this subchapter, "fund" means
12 the Texas health opportunity pool trust fund established under
13 Section 531.503.

14 Sec. 531.502. DIRECTION TO OBTAIN FEDERAL WAIVER. (a) The
15 executive commissioner may seek a waiver under Section 1115 of the
16 federal Social Security Act (42 U.S.C. Section 1315) to the state
17 Medicaid plan to allow the commission to more efficiently and
18 effectively use federal money paid to this state under various
19 programs to defray costs associated with providing uncompensated
20 health care in this state by using that federal money, appropriated
21 state money to the extent necessary, and any other money described
22 by this section for purposes consistent with this subchapter.

23 (b) The executive commissioner may include the following
24 federal money in the waiver:

25 (1) all money provided under the disproportionate
26 share hospitals and upper payment limit supplemental payment
27 programs;

1 (2) money provided by the federal government in lieu
2 of some or all of the payments under those programs;
3 (3) any combination of funds authorized to be pooled
4 by Subdivisions (1) and (2); and
5 (4) any other money available for that purpose,
6 including federal money and money identified under Subsection (c).
7 (c) The commission shall seek to optimize federal funding
8 by:
9 (1) identifying health care related state and local
10 funds and program expenditures that, before September 1, 2007, are
11 not being matched with federal money; and
12 (2) exploring the feasibility of:
13 (A) certifying or otherwise using those funds and
14 expenditures as state expenditures for which this state may receive
15 federal matching money; and
16 (B) depositing federal matching money received
17 as provided by Paragraph (A) with other federal money deposited as
18 provided by Section 531.504, or substituting that federal matching
19 money for federal money that otherwise would be received under the
20 disproportionate share hospitals and upper payment limit
21 supplemental payment programs as a match for local funds received
22 by this state through intergovernmental transfers.
23 (d) The terms of a waiver approved under this section must:
24 (1) include safeguards to ensure that the total amount
25 of federal money provided under the disproportionate share
26 hospitals and upper payment limit supplemental payment programs
27 that is deposited as provided by Section 531.504 is, for a

1 particular state fiscal year, at least equal to the greater of the
2 annualized amount provided to this state under those supplemental
3 payment programs during state fiscal year 2007, excluding amounts
4 provided during that state fiscal year that are retroactive
5 payments, or the state fiscal years during which the waiver is in
6 effect; and
7 (2) allow for the development by this state of a
8 methodology for allocating money in the fund to:
9 (A) offset, in part, the uncompensated health
10 care costs incurred by hospitals;
11 (B) reduce the number of persons in this state
12 who do not have health benefits coverage; and
13 (C) maintain and enhance the community public
14 health infrastructure provided by hospitals.
15 (e) In a waiver under this section, the executive
16 commissioner shall seek to:
17 (1) obtain maximum flexibility with respect to using
18 the money in the fund for purposes consistent with this subchapter;
19 (2) include an annual adjustment to the aggregate caps
20 under the upper payment limit supplemental payment program to
21 account for inflation, population growth, and other appropriate
22 demographic factors that affect the ability of residents of this
23 state to obtain health benefits coverage;
24 (3) ensure, for the term of the waiver, that the
25 aggregate caps under the upper payment limit supplemental payment
26 program for each of the three classes of hospitals are not less than
27 the aggregate caps that applied during state fiscal year 2007; and

1 (4) to the extent allowed by federal law, including
2 federal regulations, and federal waiver authority, preserve the
3 federal supplemental payment program payments made to hospitals,
4 the state match with respect to which is funded by
5 intergovernmental transfers or certified public expenditures that
6 are used to optimize Medicaid payments to safety net providers for
7 uncompensated care, and preserve allocation methods for those
8 payments, unless the need for the payments is revised through
9 measures that reduce the Medicaid shortfall or uncompensated care
10 costs.

11 (f) The executive commissioner shall seek broad-based
12 stakeholder input in the development of the waiver under this
13 section and shall provide information to stakeholders regarding the
14 terms and components of the waiver for which the executive
15 commissioner seeks federal approval.

16 (g) The executive commissioner shall seek the advice of the
17 Legislative Budget Board before finalizing the terms and conditions
18 of the negotiated waiver.

19 Sec. 531.503. ESTABLISHMENT OF TEXAS HEALTH OPPORTUNITY
20 POOL TRUST FUND. Subject to approval of the waiver authorized by
21 Section 531.502, the Texas health opportunity pool trust fund is
22 created as a trust fund outside the state treasury to be held by the
23 comptroller and administered by the commission as trustee on behalf
24 of residents of this state who do not have private health benefits
25 coverage and health care providers providing uncompensated care to
26 those persons. The commission may make expenditures of money in the
27 fund only for purposes consistent with this subchapter and the

1 terms of the waiver authorized by Section 531.502.

2 Sec. 531.504. DEPOSITS TO FUND. (a) The comptroller shall

3 deposit in the fund:

4 (1) all federal money provided to this state under the

5 disproportionate share hospitals supplemental payment program and

6 the hospital upper payment limit supplemental payment program,

7 other than money provided under those programs to state-owned and

8 operated hospitals, and all other non-supplemental payment program

9 federal money provided to this state that is included in the waiver

10 authorized by Section 531.502; and

11 (2) state money appropriated to the fund.

12 (b) The commission and comptroller may accept gifts,

13 grants, and donations from any source for purposes consistent with

14 this subchapter and the terms of the waiver. The comptroller shall

15 deposit a gift, grant, or donation made for those purposes in the

16 fund.

17 Sec. 531.505. USE OF FUND IN GENERAL; RULES FOR ALLOCATION.

18 (a) Except as otherwise provided by the terms of a waiver

19 authorized by Section 531.502, money in the fund may be used:

20 (1) subject to Section 531.506, to provide

21 reimbursements to health care providers that:

22 (A) are based on the providers' costs related to

23 providing uncompensated care; and

24 (B) compensate the providers for at least a

25 portion of those costs;

26 (2) to reduce the number of persons in this state who

27 do not have health benefits coverage;

1 (3) to reduce the need for uncompensated health care
2 provided by hospitals in this state; and
3 (4) for any other purpose specified by this subchapter
4 or the waiver.
5 (b) On approval of the waiver, the executive commissioner
6 shall:
7 (1) seek input from a broad base of stakeholder
8 representatives on the development of rules with respect to, and
9 the administration of, the fund; and
10 (2) by rule develop a methodology for allocating money
11 in the fund that is consistent with the terms of the waiver.
12 Sec. 531.506. REIMBURSEMENTS FOR UNCOMPENSATED HEALTH CARE
13 COSTS. (a) Except as otherwise provided by the terms of a waiver
14 authorized by Section 531.502 and subject to Subsections (b) and
15 (c), money in the fund may be allocated to hospitals in this state
16 and political subdivisions of this state to defray the costs of
17 providing uncompensated health care in this state.
18 (b) To be eligible for money from the fund under this
19 section, a hospital or political subdivision must use a portion of
20 the money to implement strategies that will reduce the need for
21 uncompensated inpatient and outpatient care, including care
22 provided in a hospital emergency room. Strategies that may be
23 implemented by a hospital or political subdivision, as applicable,
24 include:
25 (1) fostering improved access for patients to primary
26 care systems or other programs that offer those patients medical
27 homes, including the following programs:

1 (A) regional or local health care programs;
2 (B) programs to provide premium subsidies for
3 health benefits coverage; and
4 (C) other programs to increase access to health
5 benefits coverage; and
6 (2) creating health care systems efficiencies, such as
7 using electronic medical records systems.
8 (c) The allocation methodology adopted by the executive
9 commissioner under Section 531.505(b) must specify the percentage
10 of the money from the fund allocated to a hospital or political
11 subdivision that the hospital or political subdivision must use for
12 strategies described by Subsection (b).
13 Sec. 531.507. INCREASING ACCESS TO HEALTH BENEFITS
14 COVERAGE. (a) Except as otherwise provided by the terms of a
15 waiver authorized by Section 531.502, money in the fund that is
16 available to reduce the number of persons in this state who do not
17 have health benefits coverage or to reduce the need for
18 uncompensated health care provided by hospitals in this state may
19 be used for purposes relating to increasing access to health
20 benefits coverage for low-income persons, including:
21 (1) providing premium payment assistance to those
22 persons through a premium payment assistance program developed
23 under this section;
24 (2) making contributions to health savings accounts
25 for those persons; and
26 (3) providing other financial assistance to those
27 persons through alternate mechanisms established by hospitals in

1 this state or political subdivisions of this state that meet
2 certain criteria, as specified by the commission.
3 (b) The commission and the Texas Department of Insurance
4 shall jointly develop a premium payment assistance program designed
5 to assist persons described by Subsection (a) in obtaining and
6 maintaining health benefits coverage. The program may provide
7 assistance in the form of payments for all or part of the premiums
8 for that coverage. In developing the program, the executive
9 commissioner shall adopt rules establishing:
10 (1) eligibility criteria for the program;
11 (2) the amount of premium payment assistance that will
12 be provided under the program;
13 (3) the process by which that assistance will be paid;
14 and
15 (4) the mechanism for measuring and reporting the
16 number of persons who obtained health insurance or other health
17 benefits coverage as a result of the program.
18 (c) The commission shall implement the premium payment
19 assistance program developed under Subsection (b), subject to
20 availability of money in the fund for that purpose.
21 Sec. 531.508. INFRASTRUCTURE IMPROVEMENTS. (a) Except as
22 otherwise provided by the terms of a waiver authorized by Section
23 531.502 and subject to Subsection (c), money in the fund may be used
24 for purposes related to developing and implementing initiatives to
25 improve the infrastructure of local provider networks that provide
26 services to Medicaid recipients and low-income uninsured persons in
27 this state.

1 (b) Infrastructure improvements under this section may
2 include developing and implementing a system for maintaining
3 medical records in an electronic format.
4 (c) Not more than 10 percent of the total amount of the money
5 in the fund used in a state fiscal year for purposes other than
6 providing reimbursements to hospitals for uncompensated health
7 care may be used for infrastructure improvements described by
8 Subsection (b).
9 (b) If the executive commissioner of the Health and Human
10 Services Commission obtains federal approval for a waiver under
11 Section 531.502, Government Code, as added by this section, the
12 executive commissioner shall submit a report to the Legislative
13 Budget Board that outlines the components and terms of that waiver
14 as soon as possible after federal approval is granted.
15 SECTION 8. (a) Chapter 531, Government Code, is amended by
16 adding Subchapter O to read as follows:
17 SUBCHAPTER O. UNCOMPENSATED HOSPITAL CARE
18 Sec. 531.551. UNCOMPENSATED HOSPITAL CARE REPORTING AND
19 ANALYSIS. (a) The executive commissioner shall adopt rules
20 providing for:
21 (1) a standard definition of "uncompensated hospital
22 care";
23 (2) a methodology to be used by hospitals in this state
24 to compute the cost of that care that incorporates the standard set
25 of adjustments described by Section 531.552(g)(4); and
26 (3) procedures to be used by those hospitals to report
27 the cost of that care to the commission and to analyze that cost.

1 (b) The rules adopted by the executive commissioner under
2 Subsection (a)(3) may provide for procedures by which the
3 commission may periodically verify the completeness and accuracy of
4 the information reported by hospitals.
5 (c) The commission shall notify the attorney general of a
6 hospital's failure to report the cost of uncompensated care on or
7 before the date the report was due in accordance with rules adopted
8 under Subsection (a)(3). On receipt of the notice, the attorney
9 general shall impose an administrative penalty on the hospital in
10 the amount of $1,000 for each day after the date the report was due
11 that the hospital has not submitted the report, not to exceed
12 $10,000.
13 (d) If the commission determines through the procedures
14 adopted under Subsection (b) that a hospital submitted a report
15 with incomplete or inaccurate information, the commission shall
16 notify the hospital of the specific information the hospital must
17 submit and prescribe a date by which the hospital must provide that
18 information. If the hospital fails to submit the specified
19 information on or before the date prescribed by the commission, the
20 commission shall notify the attorney general of that failure. On
21 receipt of the notice, the attorney general shall impose an
22 administrative penalty on the hospital in an amount not to exceed
23 $10,000. In determining the amount of the penalty to be imposed,
24 the attorney general shall consider:
25 (1) the seriousness of the violation;
26 (2) whether the hospital had previously committed a
27 violation; and

1 (3) the amount necessary to deter the hospital from
2 committing future violations.
3 (e) A report by the commission to the attorney general under
4 Subsection (c) or (d) must state the facts on which the commission
5 based its determination that the hospital failed to submit a report
6 or failed to completely and accurately report information, as
7 applicable.
8 (f) The attorney general shall give written notice of the
9 commission's report to the hospital alleged to have failed to
10 comply with a requirement. The notice must include a brief summary
11 of the alleged violation, a statement of the amount of the
12 administrative penalty to be imposed, and a statement of the
13 hospital's right to a hearing on the alleged violation, the amount
14 of the penalty, or both.
15 (g) Not later than the 20th day after the date the notice is
16 sent under Subsection (f), the hospital must make a written request
17 for a hearing or remit the amount of the administrative penalty to
18 the attorney general. Failure to timely request a hearing or remit
19 the amount of the administrative penalty results in a waiver of the
20 right to a hearing under this section. If the hospital timely
21 requests a hearing, the attorney general shall conduct the hearing
22 in accordance with Chapter 2001, Government Code. If the hearing
23 results in a finding that a violation has occurred, the attorney
24 general shall:
25 (1) provide to the hospital written notice of:
26 (A) the findings established at the hearing; and
27 (B) the amount of the penalty; and

1 (2) enter an order requiring the hospital to pay the
2 amount of the penalty.
3 (h) Not later than the 30th day after the date the hospital
4 receives the order entered by the attorney general under Subsection
5 (g), the hospital shall:
6 (1) pay the amount of the administrative penalty;
7 (2) remit the amount of the penalty to the attorney
8 general for deposit in an escrow account and file a petition for
9 judicial review contesting the occurrence of the violation, the
10 amount of the penalty, or both; or
11 (3) without paying the amount of the penalty, file a
12 petition for judicial review contesting the occurrence of the
13 violation, the amount of the penalty, or both and file with the
14 court a sworn affidavit stating that the hospital is financially
15 unable to pay the amount of the penalty.
16 (i) The attorney general's order is subject to judicial
17 review as a contested case under Chapter 2001, Government Code.
18 (j) If the hospital paid the penalty and on review the court
19 does not sustain the occurrence of the violation or finds that the
20 amount of the administrative penalty should be reduced, the
21 attorney general shall remit the appropriate amount to the hospital
22 not later than the 30th day after the date the court's judgment
23 becomes final.
24 (k) If the court sustains the occurrence of the violation:
25 (1) the court:
26 (A) shall order the hospital to pay the amount of
27 the administrative penalty; and

(B) may award to the attorney general the attorney's fees and court costs incurred by the attorney general in defending the action; and

(2) the attorney general shall remit the amount of the penalty to the comptroller for deposit in the general revenue fund.

(l) If the hospital does not pay the amount of the administrative penalty after the attorney general's order becomes final for all purposes, the attorney general may enforce the penalty as provided by law for legal judgments.

Sec. 531.552. WORK GROUP ON UNCOMPENSATED HOSPITAL CARE. (a) In this section, "work group" means the work group on uncompensated hospital care.

(b) The executive commissioner shall establish the work group on uncompensated hospital care to assist the executive commissioner in developing rules required by Section 531.551 by performing the functions described by Subsection (g).

The executive commissioner shall ensure that the work group includes representatives from the office of the attorney general and the hospital industry. (e) The work group shall meet at the call of the executive commissioner.

(f) A member of the work group may not receive compensation

1 for serving on the work group but is entitled to reimbursement for
2 travel expenses incurred by the member while conducting the
3 business of the work group as provided by the General
4 Appropriations Act.
5 (g) The work group shall study and advise the executive
6 commissioner in:
7 (1) identifying the number of different reports
8 required to be submitted to the state that address uncompensated
9 hospital care, care for low-income uninsured persons in this state,
10 or both;
11 (2) standardizing the definitions used to determine
12 uncompensated hospital care for purposes of those reports;
13 (3) improving the tracking of hospital charges, costs,
14 and adjustments as those charges, costs, and adjustments relate to
15 identifying uncompensated hospital care and maintaining a
16 hospital's tax-exempt status;
17 (4) developing and applying a standard set of
18 adjustments to a hospital's initial computation of the cost of
19 uncompensated hospital care that account for all funding streams
20 that:
21 (A) are not patient-specific; and
22 (B) are used to offset the hospital's initially
23 computed amount of uncompensated care;
24 (5) developing a standard and comprehensive center for
25 data analysis and reporting with respect to uncompensated hospital
26 care; and
27 (6) analyzing the effect of the standardization of the

1 definition of uncompensated hospital care and the computation of
2 its cost, as determined in accordance with the rules adopted by the
3 executive commissioner, on the laws of this state, and analyzing
4 potential legislation to incorporate the changes made by the
5 standardization.

6 (b) The executive commissioner of the Health and Human
7 Services Commission shall:

8 (1) establish the work group on uncompensated hospital
9 care required by Section 531.552, Government Code, as added by this
10 section, not later than October 1, 2007; and

11 (2) adopt the rules required by Section 531.551,
12 Government Code, as added by this section, not later than January 1,
13 2009.

14 (c) The executive commissioner of the Health and Human
15 Services Commission shall review the methodology used under the
16 Medicaid disproportionate share hospitals supplemental payment
17 program to compute low-income utilization costs to ensure that the
18 Medicaid disproportionate share methodology is consistent with the
19 standardized adjustments to uncompensated care costs described by
20 Subdivision (4), Subsection (g), Section 531.552, Government Code,
21 as added by this section, and adopted by the executive
22 commissioner.

Sec. 531.602. PHYSICIAN-CENTERED NURSING FACILITY MODEL DEMONSTRATION PROJECT. (a) The commission may develop and implement a demonstration project to determine whether paying an enhanced Medicaid reimbursement rate to a nursing facility that provides continuous, on-site oversight of residents by physicians specializing in geriatric medicine results in:

(1) improved overall health of residents of that facility; and

(2) cost savings resulting from a reduction of acute care hospitalization and pharmaceutical costs.

(b) In developing the project, the commission may consider similar physician-centered nursing facility models implemented in other states to determine the most cost-effective measures to implement in the project under this subchapter.

(c) The commission may consider whether the project could involve the Medicare program, subject to federal law and approval.

Sec. 531.603. REPORT. (a) If the commission develops and implements the project, the commission shall, not later than December 1, 2008, submit a preliminary status report to the governor, the lieutenant governor, the speaker of the house of representatives, and the chairs of the standing committees of the senate and house of representatives having primary jurisdiction

1 over the Medicaid program. The report must:

2 (1) describe the project, including the

3 implementation and performance of the project during the preceding

20 outcome-based performance measures and incentives to include in

21 each contract between a health maintenance organization and the

22 commission for the provision of health care services to recipients

24 The performance measures and incentives must be designed to

25 facilitate and increase recipients' access to appropriate health

26 care services.

27 (b) Subject to Subsection (c), the commission shall include

1 the performance measures and incentives established under
2 Subsection (a) in each contract described by that subsection in
3 addition to all other contract provisions required by this chapter.
4 (c) The commission may use a graduated approach to including
5 the performance measures and incentives established under
6 Subsection (a) in contracts described by that subsection to ensure
7 incremental and continued improvements over time.
8 (d) Subject to Subsection (f), the commission shall assess
9 the feasibility and cost-effectiveness of including provisions in a
10 contract described by Subsection (a) that require the health
11 maintenance organization to provide to the providers in the
12 organization's provider network pay-for-performance opportunities
13 that support quality improvements in the care of Medicaid
14 recipients. Pay-for-performance opportunities may include
15 incentives for providers to provide care after normal business
16 hours and to participate in the early and periodic screening,
17 diagnosis, and treatment program and other activities that improve
18 Medicaid recipients' access to care. If the commission determines
19 that the provisions are feasible and may be cost-effective, the
20 commission shall develop and implement a pilot program in at least
21 one health care service region under which the commission will
22 include the provisions in contracts with health maintenance
23 organizations offering managed care plans in the region.
24 (e) The commission shall post the financial statistical
25 report on the commission's web page in a comprehensive and
26 understandable format.
27 (f) The commission shall, to the extent possible, base an

2 (d) on publicly available, scientifically valid, evidence-based
3 criteria appropriate for assessing the Medicaid population.
4 (g) In performing the commission's duties under Subsection
5 (d) with respect to assessing feasibility and cost-effectiveness,
6 the commission may consult with physicians, including those with

23 benefits or other types of services, that:
24 (1) are in addition to the services ordinarily covered
25 by the managed care plan offered by the managed care organization;
26 and
27 (2) have the potential to improve the health status of

1 enrollees in the plan.

2 (b) The changes in law made by Section 533.019, Government
3 Code, as added by this section, apply to a contract between the
4 Health and Human Services Commission and a managed care

7 commission shall seek to amend contracts entered into with managed
8 care organizations under that chapter before the effective date of
9 this section to authorize those managed care organizations to offer
10 value-added services to enrollees in accordance with Section
11 533.019, Government Code, as added by this section.

2 (a-1) A person may not transport a patient by stretcher in a
3 vehicle unless the person holds a license as an emergency medical
4 services provider issued by the department in accordance with this
5 chapter. For purposes of this subsection, "person" means an
6 individual, corporation, organization, government, governmental
7 subdivision or agency, business, trust, partnership, association,
8 or any other legal entity.

9 (c) Not later than May 1, 2008, the executive commissioner
10 of the Health and Human Services Commission shall adopt the rules
11 necessary to implement the changes in law made by this section to
12 Chapter 773, Health and Safety Code.

13 SECTION 15. Subchapter B, Chapter 32, Human Resources Code,
14 is amended by adding Section 32.0214 to read as follows:

15 Sec. 32.0214. DESIGNATIONS OF PRIMARY CARE PROVIDER BY
16 CERTAIN RECIPIENTS. (a) If the department determines that it is
17 cost-effective and feasible and subject to Subsection (b), the
18 department shall require each recipient of medical assistance to
19 designate a primary care provider with whom the recipient will have
20 a continuous, ongoing professional relationship and who will
21 provide and coordinate the recipient's initial and primary care,
22 maintain the continuity of care provided to the recipient, and
23 initiate any referrals to other health care providers.

24 (b) A recipient who receives medical assistance through a
25 Medicaid managed care model or arrangement under Chapter 533,
26 Government Code, that requires the designation of a primary care
27 provider shall designate the recipient's primary care provider as

1 required by that model or arrangement.

2 SECTION 16. Section 32.024, Human Resources Code, is
3 amended by adding Subsection (y-1) to read as follows:

4 (y-1) A woman who receives a breast or cervical cancer
5 screening service under Title XV of the Public Health Service Act
6 (42 U.S.C. Section 300k et seq.) and who otherwise meets the
7 eligibility requirements for medical assistance for treatment of
8 breast or cervical cancer as provided by Subsection (y) is eligible
9 for medical assistance under that subsection, regardless of whether
10 federal Medicaid matching funds are available for that medical
11 assistance. A screening service of a type that is within the scope
12 of screening services under that title is considered to be provided
13 under that title regardless of whether the service was provided by a
14 provider who receives or uses funds under that title.

15 SECTION 17. Subchapter B, Chapter 32, Human Resources Code,
16 is amended by adding Section 32.02471 to read as follows:

17 Sec. 32.02471. MEDICAL ASSISTANCE FOR CERTAIN FORMER FOSTER
18 CARE ADOLESCENTS ENROLLED IN HIGHER EDUCATION. (a) In this
19 section, "independent foster care adolescent" has the meaning
20 assigned by Section 32.0247.

21 (b) The department shall provide medical assistance to a
22 person who:

23 (1) is 21 years of age or older but younger than 23
24 years of age;

25 (2) would be eligible to receive assistance as an
26 independent foster care adolescent under Section 32.0247 if the
27 person were younger than 21 years of age; and

1 (3) is enrolled in an institution of higher education,
2 as defined by Section 61.003(8), Education Code, or a private or
3 independent institution of higher education, as defined by Section
4 61.003(15), Education Code, that is located in this state and is
5 making satisfactory academic progress as determined by the
6 institution.

7 SECTION 18. Section 32.0422, Human Resources Code, is
8 amended to read as follows:

9 Sec. 32.0422. HEALTH INSURANCE PREMIUM PAYMENT
10 REIMBURSEMENT PROGRAM FOR MEDICAL ASSISTANCE RECIPIENTS. (a) In
11 this section:

12 (1) "Commission" ["Department"] means the Health and
13 Human Services Commission [Texas Department of Health].

14 (2) "Executive commissioner" means the executive
15 commissioner of the Health and Human Services Commission.

16 (3) "Group health benefit plan" means a plan described
17 by Section 1207.001, Insurance Code.

18 (b) The commission [department] shall identify individuals,
19 otherwise entitled to medical assistance, who are eligible to
20 enroll in a group health benefit plan. The commission [department]
21 must include individuals eligible for or receiving health care
22 services under a Medicaid managed care delivery system.

23 (b-1) To assist the commission in identifying individuals
24 described by Subsection (b):

25 (1) the commission shall include on an application for
26 medical assistance and on a form for recertification of a
27 recipient's eligibility for medical assistance:

1 (A) an inquiry regarding whether the applicant or
2 recipient, as applicable, is eligible to enroll in a group health
3 benefit plan; and
4 (B) a statement informing the applicant or
5 recipient, as applicable, that reimbursements for required
6 premiums and cost-sharing obligations under the group health
7 benefit plan may be available to the applicant or recipient; and
8 (2) not later than the 15th day of each month, the
9 office of the attorney general shall provide to the commission the
10 name, address, and social security number of each newly hired
11 employee reported to the state directory of new hires operated
12 under Chapter 234, Family Code, during the previous calendar month.
13 (c) The commission [department] shall require an individual
14 requesting medical assistance or a recipient, during the
15 recipient's eligibility recertification review, to provide
16 information as necessary relating to any [the availability of a]
17 group health benefit plan that is available to the individual or
18 recipient through an employer of the individual or recipient or an
19 employer of the individual's or recipient's spouse or parent to
20 assist the commission in making the determination required by
21 Subsection (d).
22 (d) For an individual identified under Subsection (b), the
23 commission [department] shall determine whether it is
24 cost-effective to enroll the individual in the group health benefit
25 plan under this section.
26 (e) If the commission [department] determines that it is
27 cost-effective to enroll the individual in the group health benefit

1 plan, the commission [~~department~~] shall:

2 (1) require the individual to apply to enroll in the
3 group health benefit plan as a condition for eligibility under the
4 medical assistance program; and

5 (2) provide written notice to the issuer of the group
6 health benefit plan in accordance with Chapter 1207, Insurance
7 Code.

8 (e-1) This subsection applies only to an individual who is
9 identified under Subsection (b) as being eligible to enroll in a
10 group health benefit plan offered by an employer. If the commission
11 determines under Subsection (d) that enrolling the individual in
12 the group health benefit plan is not cost-effective, but the
13 individual prefers to enroll in that plan instead of receiving
14 benefits and services under the medical assistance program, the
15 commission, if authorized by a waiver obtained under federal law,
16 shall:

17 (1) allow the individual to voluntarily opt out of
18 receiving services through the medical assistance program and
19 enroll in the group health benefit plan;

20 (2) consider that individual to be a recipient of
21 medical assistance; and

22 (3) provide written notice to the issuer of the group
23 health benefit plan in accordance with Chapter 1207, Insurance
24 Code.

25 (f) Except as provided by Subsection (f-1), the commission
26 [~~The department~~] shall provide for payment of:

27 (1) the employee's share of required premiums for

coverage of an individual enrolled in the group health benefit plan; and

(2) any deductible, copayment, coinsurance, or other cost-sharing obligation imposed on the enrolled individual for an item or service otherwise covered under the medical assistance program.

(f-1) For an individual described by Subsection (e-1) who enrolls in a group health benefit plan, the commission shall provide for payment of the employee's share of the required premiums, except that if the employee's share of the required premiums exceeds the total estimated Medicaid costs for the individual, as determined by the executive commissioner, the individual shall pay the difference between the required premiums and those estimated costs. The individual shall also pay all deductibles, copayments, coinsurance, and other cost-sharing obligations imposed on the individual under the group health benefit plan.

(g) A payment made by the commission [~~department~~] under Subsection (f) or (f-1) is considered to be a payment for medical assistance.

(h) A payment of a premium for an individual who is a member of the family of an individual enrolled in a group health benefit plan under Subsection (e) [~~this section~~] and who is not eligible for medical assistance is considered to be a payment for medical assistance for an eligible individual if:

(1) enrollment of the family members who are eligible for medical assistance is not possible under the plan without also

1 enrolling members who are not eligible; and

2 (2) the commission [~~department~~] determines it to be

3 cost-effective.

4 (i) A payment of any deductible, copayment, coinsurance, or

5 other cost-sharing obligation of a family member who is enrolled in

6 a group health benefit plan in accordance with Subsection (h) and

7 who is not eligible for medical assistance:

8 (1) may not be paid under this chapter; and

9 (2) is not considered to be a payment for medical

10 assistance for an eligible individual.

11 (i-1) The commission shall make every effort to expedite

12 payments made under this section, including by ensuring that those

13 payments are made through electronic transfers of money to the

14 recipient's account at a financial institution, if possible. In

15 lieu of reimbursing the individual enrolled in the group health

16 benefit plan for required premium or cost-sharing payments made by

17 the individual, the commission may, if feasible:

18 (1) make payments under this section for required

19 premiums directly to the employer providing the group health

20 benefit plan in which an individual is enrolled; or

21 (2) make payments under this section for required

22 premiums and cost-sharing obligations directly to the group health

23 benefit plan issuer.

24 (j) The commission [~~department~~] shall treat coverage under

25 the group health benefit plan as a third party liability to the

26 program. Subject to Subsection (j-1), enrollment [~~Enrollment~~] of

27 an individual in a group health benefit plan under this section does

not affect the individual's eligibility for medical assistance benefits, except that the state is entitled to payment under Sections 32.033 and 32.038.

(j-1) An individual described by Subsection (e-1) who enrolls in a group health benefit plan is not ineligible for community-based services provided under a Section 1915(c) waiver program or another federal waiver program solely based on the individual's enrollment in the group health benefit plan, and the individual may receive those services if the individual is otherwise eligible for the program. The individual is otherwise limited to the health benefits coverage provided under the health benefit plan in which the individual is enrolled, and the individual may not receive any benefits or services under the medical assistance program other than the premium payment as provided by Subsection (f-1) and, if applicable, waiver program services described by this subsection.

(k) The commission [~~department~~] may not require or permit an individual who is enrolled in a group health benefit plan under this section to participate in the Medicaid managed care program under Chapter 533, Government Code, or a Medicaid managed care demonstration project under Section 32.041.

(l) The commission, in consultation with the Texas Department of Insurance, shall provide training to agents who hold a general life, accident, and health license under Chapter 4054, Insurance Code, regarding the health insurance premium payment reimbursement program and the eligibility requirements for participation in the program. Participation in a training program

1 established under this subsection is voluntary, and a general life,
2 accident, and health agent who successfully completes the training
3 is entitled to receive continuing education credit under Subchapter
4 B, Chapter 4004, Insurance Code, in accordance with rules adopted
5 by the commissioner of insurance.
6 (m) The commission may pay a referral fee, in an amount
7 determined by the commission, to each general life, accident, and
8 health agent who, after completion of the training program
9 established under Subsection (l), successfully refers an eligible
10 individual to the commission for enrollment in a [~~Texas Department~~
11 ~~of Human Services shall provide information and otherwise cooperate~~
12 ~~with the department as necessary to ensure the enrollment of~~
13 ~~eligible individuals in the~~] group health benefit plan under this
14 section.
15 (n) The commission shall develop procedures by which an
16 individual described by Subsection (e-1) who enrolls in a group
17 health benefit plan may, at the individual's option, resume
18 receiving benefits and services under the medical assistance
19 program instead of the group health benefit plan.
20 (o) The commission shall develop procedures which ensure
21 that, prior to allowing an individual described by Subsection (e-1)
22 to enroll in a group health benefit plan or allowing the parent or
23 caretaker of an individual described by Subsection (e-1) under the
24 age of 21 to enroll that child in a group health benefit plan:
25 (1) the individual must receive counseling informing
26 them that for the period in which the individual is enrolled in the
27 group health benefit plan:

1 (A) the individual shall be limited to the health
2 benefits coverage provided under the health benefit plan in which
3 the individual is enrolled;
4 (B) the individual may not receive any benefits
5 or services under the medical assistance program other than the
6 premium payment as provided by Subsection (f-1);
7 (C) the individual shall pay the difference
8 between the required premiums and the premium payment as provided
9 by Subsection (f-1) and shall also pay all deductibles, copayments,
10 coinsurance, and other cost-sharing obligations imposed on the
11 individual under the group health benefit plan; and
12 (D) the individual may, at the individual's
13 option through procedures developed by the commission, resume
14 receiving benefits and services under the medical assistance
15 program instead of the group health benefit plan; and
16 (2) the individual must sign and the commission shall
17 retain a copy of a waiver indicating the individual has provided
18 informed consent.
19 (p) The executive commissioner [~~department~~] shall adopt
20 rules as necessary to implement this section.
21 SECTION 19. (a) Section 32.058, Human Resources Code, is
22 amended to read as follows:
23 Sec. 32.058. LIMITATION ON MEDICAL ASSISTANCE IN CERTAIN
24 ALTERNATIVE COMMUNITY-BASED CARE SETTINGS. (a) In this section,
25 "medical assistance waiver program" means a program administered by
26 the Department of Aging and Disability Services, other than the
27 Texas home living program, that provides services under a waiver

1 granted in accordance with 42 U.S.C. Section 1396n(c)[:
2 [(1) "Institution" means a nursing facility or an
3 ICF-MR facility.
4 [(2) "Medical assistance waiver program" means:
5 [(A) the community-based alternatives program;
6 [(B) the community living assistance and support
7 services program;
8 [(C) the deaf-blind/multiple disabilities
9 program;
10 [(D) the consolidated waiver pilot program; or
11 [(E) the medically dependent children program].
12 (b) Except as provided by Subsection (c), [or] (d), (e), or
13 (f), the department may not provide services under a medical
14 assistance waiver program to a person [receiving medical
15 assistance] if the projected cost of providing those services over
16 a 12-month period exceeds the individual cost limit specified in
17 the medical assistance waiver program.
18 (c) The department shall continue to provide services under
19 a medical assistance waiver program to a person who was [is]
20 receiving those services on September 1, 2005, at a cost that
21 exceeded [exceeds] the individual cost limit specified in the
22 medical assistance waiver program, if continuation of those
23 services:
24 (1) is necessary for the person to live in the most
25 integrated setting appropriate to the needs of the person; and
26 (2) does not affect the department's compliance with
27 the federal average per capita expenditure requirement

[~~cost-effectiveness and efficiency requirements~~] of the medical assistance waiver program under 42 U.S.C. Section [~~Sections 1396n(b) and~~] 1396n(c)(2)(D).

(d) The department may continue to provide services under a medical assistance waiver program, other than the home and community-based services program, to a person who is ineligible to receive those services under Subsection (b) and to whom Subsection (c) does not apply if:

(1) the projected cost of providing those services to the person under the medical assistance waiver program over a 12-month period does not exceed 133.3 percent of the individual cost limit specified in the medical assistance waiver program; and

(2) continuation of those services does not affect the department's compliance with the federal average per capita expenditure requirement [~~cost-effectiveness and efficiency requirements~~] of the medical assistance waiver program under 42 U.S.C. Section [~~Sections 1396n(b) and~~] 1396n(c)(2)(D).

(e) The department may exempt a person from the cost limit established under Subsection (d)(1) for a medical assistance waiver program if the department determines that:

(1) the person's health and safety cannot be protected by the services provided within the cost limit established for the program under that subdivision; and

(2) there is no available living arrangement, other than one provided through the program or another medical assistance waiver program, in which the person's health and safety can be protected, as evidenced by:

1 (A) an assessment conducted by clinical staff of
2 the department; and
3 (B) supporting documentation, including the
4 person's medical and service records.
5 (f) The department may continue to provide services under
6 the home and community-based services program to a person who is
7 ineligible to receive those services under Subsection (b) and to
8 whom Subsection (c) does not apply if the department makes, with
9 regard to the person's receipt of services under the home and
10 community-based services program, the same determinations required
11 by Subsections (e)(1) and (2) in the same manner provided by
12 Subsection (e) and determines that continuation of those services
13 does not affect:
14 (1) the department's compliance with the federal
15 average per capita expenditure requirement of the home and
16 community-based services program under 42 U.S.C. Section
17 1396n(c)(2)(D); and
18 (2) any cost-effectiveness requirements provided by
19 the General Appropriations Act that limit expenditures for the home
20 and community-based services program.
21 (g) The executive commissioner of the Health and Human
22 Services Commission may adopt rules to implement Subsections (d),
23 (e), and (f) [~~under which the department may exempt a person from~~
24 ~~the cost limit established under Subsection (d)(1)~~].
25 (h) If a federal agency determines that compliance with any
26 provision in this section would make this state ineligible to
27 receive federal funds to administer a program to which this section

1 applies, a state agency may, but is not required to, implement that
2 provision.
3 (b) The changes in law made by this section apply only to a
4 person receiving medical assistance on or after the effective date
5 of this section, regardless of when eligibility for that assistance
6 was determined.
7 SECTION 20. Subchapter B, Chapter 32, Human Resources Code,
8 is amended by adding Section 32.0641 to read as follows:
9 Sec. 32.0641. COST SHARING FOR CERTAIN HIGH-COST MEDICAL
10 SERVICES. (a) If the department determines that it is feasible
11 and cost-effective, and to the extent permitted under Title XIX,
12 Social Security Act (42 U.S.C. Section 1396 et seq.) and any other
13 applicable law or regulation or under a federal waiver or other
14 authorization, the executive commissioner of the Health and Human
15 Services Commission shall adopt cost-sharing provisions that
16 require a recipient who chooses a high-cost medical service
17 provided through a hospital emergency room to pay a copayment,
18 premium payment, or other cost-sharing payment for the high-cost
19 medical service if:
20 (1) the hospital from which the recipient seeks
21 service:
22 (A) performs an appropriate medical screening
23 and determines that the recipient does not have a condition
24 requiring emergency medical services;
25 (B) informs the recipient:
26 (i) that the recipient does not have a
27 condition requiring emergency medical services;

1 (ii) that, if the hospital provides the
2 nonemergency service, the hospital may require payment of a
3 copayment, premium payment, or other cost-sharing payment by the
4 recipient in advance; and
5 (iii) of the name and address of a
6 nonemergency Medicaid provider who can provide the appropriate
7 medical service without imposing a cost-sharing payment; and
8 (C) offers to provide the recipient with a
9 referral to the nonemergency provider to facilitate scheduling of
10 the service; and
11 (2) after receiving the information and assistance
12 described by Subdivision (1) from the hospital, the recipient
13 chooses to obtain emergency medical services despite having access
14 to medically acceptable, lower-cost medical services.
15 (b) The department may not seek a federal waiver or other
16 authorization under Subsection (a) that would:
17 (1) prevent a Medicaid recipient who has a condition
18 requiring emergency medical services from receiving care through a
19 hospital emergency room; or
20 (2) waive any provision under Section 1867, Social
21 Security Act (42 U.S.C. Section 1395dd).
22 (c) If the executive commissioner of the Health and Human
23 Services Commission adopts a copayment or other cost-sharing
24 payment under Subsection (a), the commission may not reduce
25 hospital payments to reflect the potential receipt of a copayment
26 or other payment from a recipient receiving medical services
27 provided through a hospital emergency room.

1 SECTION 21. (a) Subchapter B, Chapter 32, Human Resources
2 Code, is amended by adding Section 32.072 to read as follows:
3 Sec. 32.072. DIRECT ACCESS TO EYE HEALTH CARE SERVICES.
4 (a) Notwithstanding any other law, a recipient of medical
5 assistance is entitled to:
6 (1) select an ophthalmologist or therapeutic
7 optometrist who is a medical assistance provider to provide eye
8 health care services, other than surgery, that are within the scope
9 of:
10 (A) services provided under the medical
11 assistance program; and
12 (B) the professional specialty practice for
13 which the ophthalmologist or therapeutic optometrist is licensed
14 and credentialed; and
15 (2) have direct access to the selected ophthalmologist
16 or therapeutic optometrist for the provision of the nonsurgical
17 services without any requirement to obtain:
18 (A) a referral from a primary care physician or
19 other gatekeeper or health care coordinator; or
20 (B) any other prior authorization or
21 precertification.
22 (b) The department may require an ophthalmologist or
23 therapeutic optometrist selected as provided by this section by a
24 recipient of medical assistance who is otherwise required to have a
25 primary care physician or other gatekeeper or health care
26 coordinator to forward to the recipient's physician, gatekeeper, or
27 health care coordinator information concerning the eye health care

1 services provided to the recipient.

2 (c) This section may not be construed to expand the scope of
3 eye health care services provided under the medical assistance
4 program.

5 (b) Subchapter A, Chapter 533, Government Code, is amended
6 by adding Section 533.0026 to read as follows:

7 Sec. 533.0026. DIRECT ACCESS TO EYE HEALTH CARE SERVICES
8 UNDER MEDICAID MANAGED CARE MODEL OR ARRANGEMENT.
9 (a) Notwithstanding any other law, the commission shall ensure
10 that a managed care plan offered by a managed care organization that
11 contracts with the commission under this chapter and any other
12 Medicaid managed care model or arrangement implemented under this
13 chapter allow a Medicaid recipient who receives services through
14 the plan or other model or arrangement to, in the manner and to the
15 extent required by Section 32.072, Human Resources Code:

16 (1) select an in-network ophthalmologist or
17 therapeutic optometrist in the managed care network to provide eye
18 health care services, other than surgery; and

19 (2) have direct access to the selected in-network
20 ophthalmologist or therapeutic optometrist for the provision of the
21 nonsurgical services.

22 (b) This section does not affect the obligation of an
23 ophthalmologist or therapeutic optometrist in a managed care
24 network to comply with the terms and conditions of the managed care
25 plan.

26 (c) The changes in law made by Section 533.0026, Government
27 Code, as added by this section, apply to a contract between the

1 Health and Human Services Commission and a managed care
2 organization under Chapter 533, Government Code, that is entered
3 into or renewed on or after the effective date of this section.
4 SECTION 22. Chapter 32, Human Resources Code, is amended by
