20 Section 9(b) of this Act shall make the initial appointments to the  
21 positions described in that section. The Montgomery County  
22 Commissioners Court shall make the initial appointment of the six  
23 elected directors and designate whether the director serves for a  
24 term expiring October 1, 2005, or October 1, 2007.

16 (b) The election shall be called and held in the same manner  
17 as provided by general law for a municipal utility district.

18 (c) If less than a majority of the votes cast at the  
19 election favor confirmation of the district, another confirmation  
20 election may not be held sooner than 180 days after the date of a  
21 previous confirmation election.

22 (d) Until confirmed at an election, the district may not  
23 impose taxes, fees, or assessments, but may carry out other  
24 district business as determined by the board.

25 SECTION 16. BORROWING MONEY BEFORE CONFIRMATION ELECTION.

26 (a) Before the election confirming the district and the election

3 prepare for commencement of operation.

4 (b) Funds borrowed for a purpose described by Subsection (a)

14 district or within two miles of the district and located in  
15 Montgomery County.

16 (b) The board may, after allowing for the general and  
17 administrative costs of operating the district, apply proceeds from  
18 the limited sales and use tax to mitigate the net negative effects  
19 of development in the district on an impact area, including effects  
20 on public utilities and services, public transportation and traffic  
21 movement, and scenic beauty.

22 (c) The district may allocate direct expenditures for the  
23 district or the impact area to each area for which the expenditure  
24 was made. The district may allocate expenditures for the general  
25 welfare, promotion, or benefit of the district and impact area  
26 between the district and the impact area in the amount, as  
27 determined by the board, that is proportionate to the benefit

1 conferred on each area.

2 SECTION 18. IMPROVEMENT PROJECTS. (a) The board may  
3 authorize any program or project necessary for the accomplishment  
4 of the public purposes of the district, whether located or

5 celebrations;

6           (5) off-street parking facilities, bus terminals,  
7 heliports, mass-transit, and roadway-borne or water-borne  
8 transportation and people-mover systems; and

9           (6) any other public improvements, facilities, or  
10 services similar to the projects described in this subsection.

11           (c) In connection with any improvement project the board  
12 may:

13           (1) remove, raze, demolish, or clear land or  
14 improvements;

15           (2) acquire any interest in real or personal property  
16 except that the district may not acquire the property through  
17 eminent domain; and

18           (3) provide any special or supplemental services for  
19 the improvement and promotion of the district or adjacent areas or  
20 for the protection of public health and safety in or adjacent to the  
21 district, including advertising, promotion, tourism, health and  
22 sanitation, public safety, security, fire protection and emergency  
23 medical services, business recruitment, development, elimination  
24 of traffic congestion, and recreational, educational, and cultural  
25 improvements, enhancements, and services.

26           (d) The board may undertake separately or jointly with other  
27 persons and pay all or part of the cost of improvement projects,

1 including projects:

2 (1) for improving, enhancing, and supporting public  
3 safety and security, fire protection and emergency medical  
4 services, and law enforcement within and adjacent to the district;  
5 and

6 (2) that confer a general benefit on the entire  
7 district and adjacent areas or a special benefit on a definable part  
8 of the district.

9 (e) For a program or project located in the territory of a  
10 planned community, the district may not acquire property by any  
11 means, including through eminent domain, or otherwise use the  
12 property without the written consent of:

13 (1) the owner of the property; or

14 (2) the entity that dedicated the property to public  
15 use, if the property is dedicated for public use.

16 SECTION 19. PAYMENT OF EXPENSES. The board may provide or  
17 secure the payment or repayment of the costs and expenses of the  
18 establishment, administration, and operation of the district,  
19 including the costs of an improvement project or a contractual  
20 obligation or indebtedness, through:

21 (1) a lease, installment purchase contract, or other  
22 agreement with any person; or

23 (2) the imposition of taxes, user fees, concessions,  
24 rentals, or other revenues or resources of the district.

25 SECTION 20. USE OF OPEN SPACES. (a) The board by rule may  
26 regulate the private use of public roadways, open spaces, parks,  
27 sidewalks, and similar public areas. The rules may provide for the

1 safe and orderly use of public roadways, open spaces, parks,  
2 sidewalks, and similar public areas or facilities.

3 (b) To the extent a rule adopted under Subsection (a) of  
4 this section conflicts with a rule, order, ordinance, or  
5 regulation of a county or municipality with jurisdiction in the  
6 district's territory, the rule, order, ordinance, or regulation of  
7 the county or municipality controls.

8 SECTION 21. PERMIT FOR PUBLIC GATHERINGS; FEE. (a) The  
9 board may require a permit for a parade, demonstration,  
10 celebration, entertainment event, or similar nongovernmental  
11 activity in or on the public roadways, open spaces, parks,  
12 sidewalks, and similar public areas or facilities in the district.

13 (b) The board may charge a fee for the permit application  
14 and for public safety or security services in an amount the board  
15 considers necessary.

16 SECTION 22. PUBLIC SECURITY. The district may not employ  
17 peace officers, but may contract for off-duty peace officers to  
18 provide public safety and security services in connection with  
19 security needs in commercial office, retail, or industrial areas  
20 and in connection with a special event, holiday, or other period  
21 with high traffic congestion, or similar circumstance.

22 SECTION 23. ECONOMIC DEVELOPMENT POWERS. (a) The district  
23 has the same economic development powers that Chapter 380, Local  
24 Government Code, and Subchapter A, Chapter 1509, Government Code,  
25 provide a municipality with a population of more than 100,000.

26 (b) The district has the powers and duties of a conservation  
27 and reclamation district created under Section 59, Article XVI,

1 Texas Constitution, under the Development Corporation Act of 1979  
2 (Article 5190.6, Vernon's Texas Civil Statutes).

3 SECTION 24. REQUIREMENTS FOR USE OF FACILITIES. The board  
4 may require a permit or franchise agreement with a vendor,  
5 concessionaire, exhibitor, or similar private or commercial entity  
6 for the limited use of the area or facilities of the district on  
7 terms the board may impose.

8 SECTION 25. CHANGE IN DISTRICT TERRITORY. (a) The board  
9 may add or exclude territory in the manner provided by Subchapter J,  
10 Chapter 49, and Section 54.016, Water Code, except that:

11 (1) a reference in those laws to a tax means an ad  
12 valorem tax only;

13 (2) Section 42.042, Local Government Code, and Section  
14 54.016, Water Code, apply only with respect to the consent of a  
15 municipality with a population of 25,000 or less and do not apply to  
16 the annexation of land restricted primarily to commercial or  
17 business use; and

18 (3) territory located in a planned community may not  
19 be added to the district.

20 (b) Territory of the district that is annexed by a  
21 municipality is no longer a part of the district effective on the  
22 date the municipality may impose a sales and use tax in the  
23 territory.

24 (c) Territory of the district that becomes a part of a  
25 planned community is no longer a part of the district effective on  
26 the date the planned community imposes an ad valorem assessment in  
27 the territory.

1 (d) Not later than the 10th day after the date of the change  
2 in the territory of the district, the board shall send to the  
3 comptroller, by certified or registered mail, certified copies of  
4 all resolutions, orders, or ordinances pertaining to the change.

5 SECTION 26. LIMITED SALES AND USE TAX. (a) Words and  
6 phrases used in this section that are defined by Chapters 151 and  
7 321, Tax Code, have the meanings assigned by Chapters 151 and 321,  
8 Tax Code.

9 (b) Except as otherwise provided in this section, Subtitles  
10 A and B, Title 2, Tax Code, and Chapter 151, Tax Code, apply to the  
11 taxes and to the administration and enforcement of the taxes  
12 imposed by the district in the same manner that those laws apply to  
13 state taxes.

14 (c) The district may adopt, reduce, or repeal the limited  
15 sales and use tax authorized by this section at an election in which  
16 a majority of the voters of the district voting in the election  
17 approve the adoption or the abolition of the tax, as applicable.  
18 The board may set the tax at any rate of up to two percent in  
19 increments of one-eighth of one percent except that the tax may not  
20 be imposed at a rate that would cause the combined tax rate of all  
21 local sales and use taxes in any location in the district to exceed  
22 two percent.

23 (d) The provisions of Subchapters C, D, E, and F, Chapter  
24 323, Tax Code, relating to county sales and use taxes shall apply to  
25 the application, collection, and administration of a sales and use  
26 tax imposed under this section to the extent consistent with this  
27 Act, as if references in Chapter 323, Tax Code, to a county referred

1 to the district and references to a commissioners court referred to  
2 the board. Sections 323.401-323.404 and 323.505, Tax Code, do not  
3 apply to a tax imposed under this section.

4 (e) A tax imposed under this section or the repeal or  
5 reduction of a tax under this section takes effect on the first day  
6 of the calendar quarter occurring after the date on which the  
7 comptroller receives the copy of the resolution as required by  
8 Section 323.405(b), Tax Code.

9 (f) On adoption of the tax authorized by this section, there  
10 is imposed a tax at the rate approved on the receipts from the sale  
11 at retail of taxable items within the district, and an excise tax on  
12 the use, storage, or other consumption within the district of  
13 taxable items purchased, leased, or rented from a retailer within  
14 the district during the period that the tax is in effect. The rate  
15 of the excise tax is the same as the rate of the sales tax portion of  
16 the tax and is applied to the sales price of the taxable item. With  
17 respect to a taxable service, "use" means the derivation in the  
18 district of a direct or indirect benefit from the service.

19 (g) An election to authorize, reduce, or repeal a limited  
20 sales and use tax may be called by order of the board and must be  
21 held on the next available uniform election date that occurs 45 or  
22 more days after the date on which the order calling the election was  
23 passed. The district shall provide notice of the election and shall  
24 hold and conduct the election in the manner prescribed by Chapter  
25 54, Water Code, for bond elections for municipal utility districts.  
26 The ballots shall be printed to provide for voting for or against  
27 the appropriate one of the following propositions:

1           (1) "Adoption of a \_\_\_ percent district sales and use  
2 tax within the district";

3           (2) "Reduction of the district sales and use tax  
4 within the district from \_\_\_ percent to \_\_\_ percent"; or

5           (3) "Abolition of the district sales and use tax  
6 within the district."

7           (h) The district may examine and receive information  
8 related to the imposition, assessment, and collection of sales and  
9 use taxes to the same extent as if the district were a municipality.

10          SECTION 27. UTILITIES. The district may not impose an  
11 impact fee or assessment on the property, including equipment,  
12 rights-of-way, facilities, or improvements, of an electric utility  
13 or a power generation company as defined by Section 31.002,  
14 Utilities Code, a gas utility as defined by Section 101.003 or  
15 121.001, Utilities Code, a cable operator as defined by 47 U.S.C.  
16 Section 522, as amended, or a telecommunications provider as  
17 defined by Section 51.002, Utilities Code.

18          SECTION 28. BONDS. (a) The board may issue bonds of the  
19 district in the manner provided by Subchapter J, Chapter 375, Local  
20 Government Code, except that Sections 375.207 and 375.208, Local  
21 Government Code, do not apply.

22          (b) If the district issues bonds for the primary purpose of  
23 providing water, sewage, or drainage facilities, the district must  
24 obtain the commission's approval in the manner provided by Chapter  
25 49, Water Code.

26          (c) In addition to the sources of money described by  
27 Subchapter J, Chapter 375, Local Government Code, the bonds of the

1 district may be secured and made payable, wholly or partly, by a  
2 pledge of any part of the net proceeds the district receives from a  
3 specified portion of the sales and use tax authorized by this Act.

4 SECTION 29. INTERLOCAL AGREEMENTS. (a) The district and a  
5 municipality, any part of which is located in the boundaries of the  
6 district or impact area defined as provided by Section 17 of this  
7 Act, may enter into an interlocal agreement to:

8 (1) accomplish an improvement project; or

9 (2) provide for a facility, service, or equipment from  
10 the district for the benefit of the municipality.

11 (b) Payment for the improvement project, facility, service,  
12 or equipment may be made or pledged by the municipality to the  
13 district out of any money the municipality collects under Chapter  
14 351, Tax Code, or out of any other available money.

15 SECTION 30. DISSOLUTION. (a) Subchapter M, Chapter 375,  
16 Local Government Code, governs the dissolution of the district,  
17 except that Section 375.263 of that subchapter does not apply to the  
18 district.

19 (b) On dissolution of the district, the board shall transfer  
20 ownership of all property and assets of the district to:

21 (1) Montgomery County; or

22 (2) if on the date of dissolution of the district more  
23 than 50 percent of the territory in the district is located in the  
24 corporate limits of a municipality, that municipality.

25 SECTION 31. ADDITIONAL LEGISLATIVE FINDINGS. The  
26 legislature finds that:

27 (1) proper and legal notice of the intention to

1 introduce this Act, setting forth the general substance of this  
2 Act, has been published as provided by law, and the notice and a  
3 copy of this Act have been furnished to all persons, agencies,  
4 officials, or entities to which they are required to be furnished by  
5 the constitution and laws of this state, including the governor,  
6 who has submitted the notice and Act to the commission;

7 (2) the commission has filed its recommendations  
8 relating to this Act with the governor, lieutenant governor, and  
9 speaker of the house of representatives within the required time;  
10 and

11 (3) all requirements of the constitution and laws of  
12 this state and the rules and procedures of the legislature with  
13 respect to the notice, introduction, and passage of this Act have  
14 been fulfilled and accomplished.

15 SECTION 32. EFFECTIVE DATE. This Act takes effect  
16 immediately if it receives a vote of two-thirds of all the members  
17 elected to each house, as provided by Section 39, Article III, Texas  
18 Constitution. If this Act does not receive the vote necessary for  
19 immediate effect, this Act takes effect September 1, 2003.
