## REPORT OF BOARD OF MANAGERS.

TERRELL, TEXAS, December 19, 1916.

*To His Excellency, James E. Ferguson, Governor of Texas, Austin, Texas.*

DEAR SIR: In compliance with the law we are submitting our annual report as the Board of Managers for the North Texas Hospital for the Insane for the fiscal year beginning September 1, 1915, and ending August 31, 1916.

The Board has held its regularly monthly sessions, and in addition has held numerous called meetings.

It has been the policy of this Board to keep in close touch at all times with the institution and its several departments, and to that end we have made regular inspections, as the law requires.

In a former report mention was made of the visit of State Fire Marshal English, at which time he made some recommendations for the purpose of reducing the fire hazards at the institution, and these we have complied with, and have used the appropriation and other means at hand to meet as best we could these suggestions.

The buildings of the institution are in better condition and state of repairs than for several years, but need much further repairs on account of limited appropriations and bad construction; however, the chapel, while its masonry seems to be all right, yet its foundations have wrecked its appearance, and it appeared so unsafe that we advised the discontinuance of its use, and immediately called in an architect, who, however, reported that no immediate danger might be anticipated, and recommended new foundations and partial rebuilding of walls.

We beg to advise that our sewage disposal plant is in good condition and working well, but probably does not comply with the act of the last Legislature regarding the pollution of public streams. The Superintendent has had this matter up for quite a while with the Health Department, which has been unable so far to advise and instruct the management as to the best disposition, or solution, of this particular problem.

As usual we call your attention to the report of Dr. George F. Powell, Superintendent, which gives in detail the affairs of the institution, both financial and statistical.

We are glad to report that the hospital is in better condition in every way than it has been for a number of years. The Superintendent has exercised his usual diligence in the discharge of his duties, mindful at all times of the interest of the patients and the welfare of the institution; and by his vigilance the hospital has been free from contagious diseases of every character.

Utmost harmony has prevailed at all times. His corps of assistants

in all departments are worthy of praise for their labors in preserving the high standard of efficiency which now prevails at the institution.

The Board wishes to express its grateful appreciation for the various courtesies accorded them and to add that they have zealously strived to discharge the duties incumbent upon them and be worthy of the confidence that you have reposed in them as members of your official staff.

Respectfully submitted,

G. E. KELLY,  
President.

R. C. GOODMAN,  
Vice-President.

J. S. GRINNAN, JR.,

T. B. GRIFFITH,

J. C. LYON,

VIRGIL HAYNIE,  
Board of Managers.

**REPORT OF SUPERINTENDENT.**

---

TERRELL, TEXAS, December 9, 1916.

*To His Excellency, James E. Ferguson, Governor of Texas, Austin, Texas.*

DEAR SIR: I herewith submit my annual report as Superintendent of the North Texas Hospital for the Insane for the year ending August 31, 1916:

We began the year with 1912 patients in Hospital, 972 males and 940 females; in addition to those there were out on furloughs, 71 males and 97 females, a total of 168.

There were 201 admissions for the year, 117 males and 84 females; 110 were discharged as restored, 10 as improved, and 6 as unimproved, making a total of 126.

There were 92 deaths, 51 of these being males and 41 females.

At the close of the year, August 31, 1916, there were 1922 in Hospital and 141 away on furloughs.

The daily average population actually in Hospital was 1923.

Since the opening of this Hospital in 1885 there have been admitted 10,064 patients; of these 2750 died here and 5251 were discharged.

Of the 201 admissions for this year, 44 had been here one or more times before; 157 were first admissions; 109 had living husbands or wives; 70 were single; 11 widowed, 4 divorced, and 7 unascertained.

Tuberculosis, as in the past, heads the list as cause of deaths, 16 being claimed by this disease. Next to tuberculosis as cause of deaths is pellagra, to which malady 9, all females, succumbed. There was only one death from typhoid fever, it being the only case we had among the patients. There has been no epidemic of acute infectious diseases of any character. We had fewer deaths than for any year since 1906, and a corresponding reduction of admissions.

A few weeks ago I addressed inquiries to the county judges of 200 counties, asking information as to number adjudged insane in their counties from September 1, 1915, to August 31, 1916. Replies were received from 152 counties, and showed 1624 to have been adjudged in these counties. The counties heard from represented 80 per cent of the population of Texas, according to the 1910 census. On this basis, assuming there were as many adjudged insane per capita in counties not heard from, admission was asked for 2000 at all the hospitals for the insane in Texas last year. Only 201, or about 10 per cent of that number, were received in this Hospital; and the probabilities are in the years to come this record will not be materially better, unless our capacity is enlarged.

We have an accumulation of incurables, some having been here for

more than thirty-one years, and unless there is an increased death rate we cannot hope for an increase of the number of vacancies to occur.

Two hundred and eighty-two of those adjudged insane in the 152 counties were negroes. The others were either white or Mexican.

If we deduct the number of deaths and discharges at all the hospitals for the insane in Texas from the number declared insane during the year, it will furnish a basis for estimating our future needs in the way of additional room for the insane of our State.

Reports of storekeeper and accountant and matron herewith attached.

Considering the prolonged drouth there was a fair yield of farm, garden, and dairy products.

Have had weekly entertainments in recreation hall. Dances during winter months, and moving pictures during summer.

Religious services have been had each Sunday afternoon, alternating monthly among the pastors of the different churches of the city.

We have had a repair crew constantly at work on buildings, and the general condition of property is better than for years, but there is yet much improvement needed.

We are pleased to report absolute harmony among our staff and official family, all having been diligent and loyal.

All employees have been allowed ten days' annual vacation and records kept of same.

With the \$3000 appropriation for warehouse we have erected a one-story brick, metal roof, fireproof building, consuming, complete, \$2976.90 of amount appropriated.

Of the \$4000 appropriated for overhauling and equipping our refrigerator plant, \$2677 was applied to the erection and equipment of a cork and cement cold storage room, leaving on hand \$1423, against which should be charged \$750 for one 40-horse power motor, for which contract has been awarded but not yet installed.

We had an appropriation of \$7000 for engine and pumps; \$6716 of this amount was used in the installation of one 13x18 Ball Corliss engine direct connected with one 100 k. w. generator and two motor-driven rotary water pumps, installed complete. Balance remaining of this appropriation, \$284.

With the \$4500 appropriation for installation of new boiler, \$4476.20 was applied to the erection of one 350-horse power Stirling boiler. Comparing the four months of May, June, July, and August of this year with the same months of the preceding year, before the installation of this new machinery, we have a reduction of amount of coal consumed from fifty-four to thirty-four cars, a saving of twenty cars for that period.

There was an appropriation of \$1200 for a new bake oven, of which \$1175 was expended for one portable Hubbard oven; in addition to this we have rebuilt our two brick ovens, giving ample facilities for all baking purposes.

With the \$3000 appropriated for laundry machinery and repairs, there has been installed by American Laundry Machinery Company one

new 110-inch six roll sectional type flatiron worker; one new drying tumbler, and two universal presses, consuming all but \$58.42 of the appropriation.

There has been increased efficiency and economy as a result of these improvements.

We wish to acknowledge our indebtedness to the Board of Managers for their interest in the institution's welfare and for their wise counsel and advice during the year.

Also to every employee who has rendered honest, faithful service I wish to express my appreciation.

To Your Excellency I wish to express thanks for your endorsement for re-election on your induction into office. I have endeavored to fill the position to the best of my ability and assure you of my personal regards and best wishes.

Respectfully,

GEO. F. POWELL,  
Superintendent.

## STATISTICAL TABLES.

TABLE NO. 1.

Movement of Population for the Year Ending August 31, 1916.

	Male.	Female.	Total.
Number in Hospital September 1, 1915.....	972	940	1,912
Number out on furlough September 1, 1915.....	71	97	168

## STOREKEEPER AND ACCOUNTANT.

—

*Geo. F. Powell, M. D., Superintendent.*

DEAR SIR: I hand you herewith the annual report of the financial department of the North Texas Hospital for the Insane for the year ending August 31, 1916.

Only those actually in the buildings have been included in collecting the daily attendance, and in figuring the per capita cost the products of the farm and dairy and garden were not included.

Yours very truly,

J. E. BELL,  
Storekeeper and Accountant.

To groceries, fuel, dry goods, drugs, etc., on hand August 31, 1915.....	\$ 40,861 64	
To total expenditures, or actual amount paid out by the State Treasurer for account of the institution .....	340,292 53	
To amount refunded by State Treasurer out of pay patient's account.....	112 68	
By amount received from pay patients and remitted to State Treasurer.....		\$ 1,795 74
By amount received for board of officers, guests and remitted to State Treasurer....		77 70
By amount received from sale of junk, etc., and deposited with State Treasurer for general revenue fund.....		6,338 98
By amount of groceries, fuel, dry goods, drugs, etc., on hand August 31, 1916.....		56,896 31
By permanent improvements made and permanent property purchased.....		32,947 23
By actual current expenses.....		283,210 89
	\$381,266 85	\$381,266 85

Average daily attendance of patients.....	1,923
Actual current expenses.....	\$283,210 89
Cost per capita per year.....	147 27
Cost per capita per month.....	12 27
Cost per capita per day.....	402

1915-1916.

## SUPPLEMENTAL REPORT.

I herewith present a supplemental report of receipts and expenditures of our scrap, hog, cotton, and cattle accounts for the year ending August 31, 1916:

*Scrap Account.*

1915.			
Sept. 1.	Balance .....		\$3,909 72
	Receipts for year.....		4,897 67
	Expenditures for year.....	\$6,034 53	
	To balance .....	2,772 86	
			<hr/>
		\$8,807 39	\$8,807 39
1916.			
Sept. 1.	Balance .....		\$2,772 86

*Cotton Account.*

1915.			
Sept. 1.	Balance .....		\$ 833 94
	Receipts for year.....		1,700 89
	Disbursements for year.....	\$ 194 67	
	To balance .....	2,340 16	
			<hr/>
		\$2,534 83	\$2,534 83
1916.			
Sept. 1.	Balance .....		\$2,340 16

*Cattle Account.*

1915.			
Sept. 1.	Balance .....		\$ 768 00
	Receipts for year.....		167 21
	Disbursements for year.....	\$ 28 00	
	To balance .....	907 21	
			<hr/>
		\$ 935 21	\$ 935 21
1916.			
Sept. 1.	Balance .....		\$ 907 21

*Hog Account.*

1915.			
Sept. 1.	Balance .....		\$ 271 00
	Receipts for year.....		94 00
	Disbursements for year.....	\$ 46 25	
	To balance .....	318 75	
			<hr/>
		\$ 365 00	\$ 365 00
1916.			
Sept. 1.	Balance .....		\$ 318 75

The receipts in the scrap fund are from the sale of rags, bones, scrap iron, slops, and other waste material.

The following are some of the larger items paid for out of this fund: 650 turkeys for Thanksgiving and Christmas dinners; two-story fire-proof residence for male night watches, containing nine rooms and two bathrooms, at a cost of approximately \$4000.

The receipts in the cotton account represent the sale of cotton and seed during the year.

An itemized record of all of the receipts and expenditures is on file in my office.

Respectfully,

J. E. BELL,  
Storekeeper and Accountant.

## REPORT OF MATRON.

*Dr. Geo. F. Powell, Superintendent:*

I herewith submit report of work done in the departments under the supervision of the Matron for the fiscal year ending August 31, 1916.

Respectfully,

GEORGIA HUFFMAN,  
Matron.

## REPORT OF SUPERINTENDENT.

TERRELL, TEXAS, February 10, 1916.

*To His Excellency, James E. Ferguson, Governor of Texas, Austin, Texas.*

DEAR SIR: I herewith submit for your consideration my annual report of the North Texas Hospital for the Insane for the year beginning September 1, 1914, and ending August 31, 1915, same being the thirty-first annual report of this Hospital.

On September 1, 1914, there were in Hospital, 1915 patients, 969 being males and 946 females; of this number 224 were negroes, equally divided as to male and female; in addition to the above there were 175 out on furlough, making a total enrollment of 2090.

We admitted during the year, not counting those returned from furlough, 243, of which 144 were males and 99 females.

Of the year's admissions 19 died, 8 were discharged, 52 furloughed, 12 of the latter were subsequently discharged, and 4 were returned; 9 escaped, but four of these were returned, leaving 5 out on escape, 36 still out on furlough, and 163 of the year's admissions remaining with us.

Of the admissions for the year, 33 were negroes, 19 males and 14 females; 3 negroes were furloughed, 4 discharged, 17 died, leaving us an increase on hand of 7 over former year.

The total discharges for the year were 147, of which number 90 were males and 57 females.

During the year there were 106 deaths, 62 being males and 44 females. This is lower by 25 than last year, and 62 lower than any year since 1906, when the population of Hospital was about 500 less than now.

Our daily average population of the year was 1918. We begin the new year with 1912 in institution, and an additional 168 with relatives or friends on furlough.

### HEALTH OF HOSPITAL.

With the exception of a mild outbreak of smallpox in the month of June, in which we had seventeen cases with no fatalities, there was no epidemic of consequence. We are pleased to report no death during the year from typhoid fever; tuberculosis, as in the past, heads the death list with 21 to its credit. There were 6 deaths charged to pellagra, which is 8 less than the previous year. I invite a comparison of appended statistical tables with other like hospitals.

### ENTERTAINMENT AND RECREATION.

We have had weekly dances or moving picture shows throughout the year. Both have been a source of much pleasure to those attending.

We have also endeavored to employ as many as practicable at outdoor work.

#### RELIGIOUS SERVICES.

The Board of Managers very wisely, I think, adopted the rule to have the usual Sunday afternoon religious services held alternately by pastors of the different churches of the city, rotating monthly instead of yearly as formerly.

#### FARM AND GARDEN.

The appended report will show we made a fair crop with the exception of a light corn yield. The 18 bales of cotton, for which we received, including the seed, \$1515, was the product of 34 acres; and 72 tons of alfalfa was harvested from 12 acres, and this without irrigation, I consider an exceptionally fine yield.

We have 21 mules and 5 head of horses, all in good condition and serviceable; the best lot of work stock here for years. Also have an excellent dairy herd of 158 head, including heifers not yet in milk.

Our water supply has been ample, heating and sewage systems have been in satisfactory condition.

We have continued our efforts to improve the physical condition of all properties here, and feel sure the Board will certify to its having been greatly improved.

We are caring for as many patients as can be accommodated with our present room, in a sanitary way; have a number of applications for admission of patients on file at all times that we are unable to admit. We cannot reasonably expect to receive more than 225 to 250 during the coming year. The demand exceeds the vacancies made by discharges and deaths.

We wish to express our thanks to you for all courtesies and to assure you of our determination to continue as in the past to use our best efforts to conduct the affairs of this Hospital in as efficient and economical manner as is in our power.

I also wish to express my appreciation of the interest shown by the Board of Managers in the institution's welfare, and to thank them for uniform courtesy and their readiness to assist me at all times.

Finally, I wish to commend my associates in the work for their loyal support and to assure them of my sincere appreciation.

Respectfully,

GEO. F. POWELL,  
Superintendent.

## STATISTICAL TABLES.

TABLE NO. 1.

Movement of Population for the Year Ending August 31, 1915.

## REPORT OF STOREKEEPER AND ACCOUNTANT.

*Geo. F. Powell, M. D., Superintendent.*

DEAR SIR: I hand you herewith the annual report of the financial department of the North Texas Hospital for the Insane for the year ending August 31, 1915.

Only those actually in the buildings have been included in collecting the daily attendance, and in figuring the per capita cost the products of the farm and dairy and garden were not included.

Yours very truly,

J. E. BELL,  
Storekeeper and Accountant.

To groceries, fuel, dry goods, drugs, etc., on hand August 31, 1914.....	\$ 40,774 36	
To total expenditures, or actual amount paid out by State Treasurer for account of the institution .....	323,493 09	
By amount received from pay patients and remitted to State Treasurer.....		\$ 2,416 42
By amount received for officers' board and remitted to State Treasurer.....		472 30
By amount groceries, fuel, dry goods, drugs, etc., on hand August 31, 1915.....		40,861 64
By permanent improvements made and permanent property purchased.....		13,640 86
By actual current expenses.....		306,876 23
	\$364,267 45	\$364,267 45

Average daily attendance of patients.....	1,918
Actual current expenses.....	\$306,876 23
Cost per capita per year.....	159 99
Cost per capita per month.....	13 33
Cost per capita per day.....	438

SUPPLEMENTAL REPORT.

I herewith present a supplemental report of receipts and expenditures of our scrap, hog, cotton, and cattle accounts for the year ending August 31, 1915:

*Scrap Account.*

1914.		
Sept. 1. Balance .....		\$2,154 12
Receipts for year.....		5,132 79
Disbursements for year.....	\$3,377 19	
To balance .....	3,909 72	
		<hr/>
1915.		\$7,286 91
Sept. 1. Balance .....		\$7,286 91
		<hr/>
		\$3,909 72

*Cotton Account.*

1914.	Receipts for year.....	\$1,211 54	
	Disbursements for year.....	\$ 377 60	
	To balance .....	833 94	
		<hr/>	
		\$1,211 54	\$1,211 54
1915.			
Sept. 1.	Balance .....		\$ 833 94

*Cattle Account.*

1914.			
Sept. 1.	Balance .....	\$ 730 50	
	Receipts for year.....	27 50	
	To balance .....	\$ 768 00	
		<hr/>	
		\$ 768 00	\$ 768 00
1915.			
Sept. 1.	Balance .....		\$ 768 00

*Hog Account.*

1914.			
Sept. 1.	Balance .....	\$ 362 00	
	Disbursements for year.....	\$ 91 00	
	To balance .....	271 00	
		<hr/>	
		\$ 362 00	\$ 362 00
1915.			
Sept. 1.	Balance .....		\$ 271 00
Total of all funds on hand September 1, 1915.....		\$5,782 66	

The receipts in the scrap fund are from the sale of rags, bones, scrap iron, slops, and other waste material.

The following are some of the larger items paid for out of this fund: 600 turkeys for Thanksgiving and Christmas dinner; addition to the Tuberculosis Cottage, \$337.59; linoleum for hall on officers' floor, fly powder, one laundry wagon, and the building of the pest house at a cost of approximately \$500.

The receipts in the cotton account represent the sale of the cotton and seed raised during the year. We used \$377.60 of the amount to buy corn and other feed for the stock.

The expenditures in the hog account were for several sows and pigs bought during the year.

An itemized record of all of the receipts and expenditures is on file in my office.

Respectfully,

J. E. BELL,  
Storekeeper and Accountant.

## REPORT OF MATRON.

---

*Dr. Geo. F. Powell, Superintendent:*

I herewith submit report of work done in the department under the supervision of the Matron for the fiscal year ending August 31, 1915.

Respectfully,

IDA S. HODGES,  
Matron N. T. I. Hospital.
