SEP 01 1992

The Interagency Council on Sex Offender Treatment (IACSOT) is directed by the Texas Legislature to:

Depository
Dallas Public Library

"...establish and maintain a registry of individuals who provide mental health or medical services for rehabilitation of sex offenders..." Article 4413(51) V.A.T.S.

Persons whose names appear in this REGISTRY have declared compliance with the minimum requirements for training and experience established by the IACSOT. These minimum requirements help to identify treatment providers who have some knowledge and experience with this offender population. Being listed in this registry does not constitute an endorsement or certification by IACSOT.

Registrants whose names appear in the 1992 REGISTRY are registered from April 1, 1992 through March 31, 1993. Please note that there are thirty-three (33) individuals from the 1991 edition who did not renew their registration.

Persons using this Registry to identify mental health providers to whom to refer clients are urged to thoroughly review the credentials, training, experience and treatment approaches of the persons so identified prior to making referrals. In addition, registered sex offender treatment providers treat adult males unless otherwise indicated in this REGISTRY.

The Interagency Council on Sex Offender Treatment considers it unethical for providers whose names appear in this Registry to suggest to the public that IACSOT has in any way certified or licensed them as being competent to provide treatment to sex offenders in this state.
