7 ARTICLE 1. CREATION OF LAKE ALAN HENRY WATER DISTRICT

8 SECTION 1.01. DEFINITIONS. In this article:

9 (1) "Board" means the board of directors of the
10 district.

11 (2) "City" means the City of Lubbock, Texas. The term
12 includes all relationships and agreements between the city and the
13 Brazos River Authority to own and operate the lake.

14 (3) "Commission" means the Texas Commission on
15 Environmental Quality or any successor agency.

16 (4) "Counties" means Garza and Kent counties, Texas.

17 (5) "District" means the Lake Alan Henry Water
18 District.

19 (6) "Lake" means Lake Alan Henry.

20 SECTION 1.02. LEGISLATIVE FINDINGS. The legislature finds
21 that it is in the interest of this state to:

22 (1) promote the orderly development, use, and
23 protection of Lake Alan Henry; and

24 (2) support cooperation between the city and the

1 residents of Garza and Kent counties to use Lake Alan Henry as a
2 municipal source of water.

3 SECTION 1.03. CREATION OF DISTRICT. (a) A conservation
4 and reclamation district, to be known as the Lake Alan Henry Water
5 District, is created in Kent County and a portion of Garza County.

6 (b) The district is a unit of government for the purposes of
7 Chapter 101, Civil Practice and Remedies Code, and the operations
8 of the district are considered to be essential governmental
9 functions and not proprietary functions for all purposes, including
10 the application of that chapter.

11 (c) The creation of the district is essential to the
12 accomplishment of the purposes of Sections 52 and 52-a, Article
13 III, and Section 59, Article XVI, Texas Constitution, and to the
14 accomplishment of the public purposes stated in those sections and
15 in this article.

16 (d) The district is necessary to promote, develop,
17 encourage, and maintain employment, commerce, economic
18 development, and the public welfare in the area included in the
19 district.

20 (e) The district is created to supplement and not to replace
21 the services and regulatory powers and authority of the counties
22 and city within their respective boundaries and, in the event of a
23 conflict between a regulation of the district and an order,
24 ordinance, or other lawful regulation of the counties or city, the
25 order, ordinance, or other regulation of the counties or city shall
26 prevail.

27 SECTION 1.04. BOUNDARIES; ADJUSTMENTS. (a) The district

1 includes the territory contained within Sections 43-47 and Sections
2 56-60, Block 5, H&GN Railroad Co. Survey, Kent County, and that
3 portion of Garza County, as more fully described below, but always
4 excluding the City of Post, as the boundaries of the City of Post
5 may change from time to time. The specific boundaries of the
6 portion of Garza County included in the district excluding the City
7 of Post are as follows:

8 BEGINNING at a point at the Southeast corner of Garza County,
9 Texas;

10 THENCE West along the South County Line of Garza County to a
11 point in the center of Ranch Roach No. 669;

12 THENCE North along the centerline of Ranch Road No. 669 to a
13 point in the South City Limits boundary line of the City of Post,
14 Texas;

15 THENCE East along the City Limits boundary line of the City of
16 Post, as such line curves to the North, to a point in the center of
17 State Highway No. 380;

18 THENCE East along the centerline of the said State Highway
19 No. 380 to a point in the East County Line of Garza County;

20 THENCE South along the East County Line of Garza County to the
21 PLACE OF BEGINNING.

22 (b) The legislature finds that the boundaries and field
23 notes of the district form a closure. If a mistake is made in the
24 field notes or in copying the field notes in the legislative
25 process, the mistake does not affect in any way:

26 (1) the organization, existence, or validity of the
27 district;

1 (2) the right of the district to enter into any type of
2 contract for any purpose for which the district is created;

3 (3) the right of the district to impose, assess, or
4 collect taxes, fees, or charges; or

5 (4) the legality or operation of the district or the
6 board.

7 (c) The board may annex or exclude territory in the manner
8 provided by Subchapter J, Chapter 49, Water Code, as limited by
9 Section 54.016, Water Code, except that:

10 (1) for purposes of this subsection, a reference to a
11 tax in Subchapter J, Chapter 49, Water Code, or Section 54.016,
12 Water Code, means an ad valorem tax; and

13 (2) land may not be excluded from the district if bonds
14 or other obligations of the district, payable wholly or partly from
15 ad valorem taxes, are outstanding.

16 SECTION 1.05. FINDING OF BENEFIT AND PUBLIC PURPOSE.

17 (a) The district is created to serve a public use and benefit.

18 (b) All of the land and other property included within the
19 boundaries of the district will be benefited by the works,
20 projects, and services that are to be accomplished or provided by
21 the district under powers conferred by Sections 52 and 52-a,
22 Article III, and Section 59, Article XVI, Texas Constitution, and
23 the other powers granted under this article.

24 SECTION 1.06. CONSTRUCTION OF ARTICLE; APPLICABILITY OF

25 OTHER LAW. (a) This article shall be liberally construed in
26 conformity with the findings and purposes stated in this article.

27 (b) If any provision of general law is in conflict or

1 inconsistent with this article, this article prevails.

2 SECTION 1.07. GENERAL POWERS AND DUTIES. (a) The district
3 has all of the powers and duties provided by the general laws of
4 this state relating to conservation and reclamation districts
5 created under Sections 52 and 52-a, Article III, and Section 59,
6 Article XVI, Texas Constitution, including Chapter 49, Water Code,
7 Chapter 51, Water Code, applicable to water control and improvement
8 districts, and Chapter 54, Water Code, applicable to municipal
9 utility districts.

10 (b) Notwithstanding Subsection (a) of this section, the
11 district's bonds and other obligations and the projects to be
12 financed by those obligations are not subject to the jurisdiction
13 or supervision of the commission under Chapter 49, Water Code, or
14 other law.

15 (c) Any general law referenced by this article that
16 supplements the power and the authority of the district, to the
17 extent that the law is not in conflict or inconsistent with this
18 article, is adopted and incorporated by reference.

19 (d) The board may employ and establish the terms of
20 employment and compensation of an executive director or general
21 manager and any other employees of the district the board considers
22 necessary.

23 (e) As authorized under Chapter 49, Water Code, the district
24 may exercise the power of eminent domain, within and without the
25 boundaries of the district, for the purpose of acquiring land and
26 property in order to develop its improvements projects. However,
27 the district may not exercise the power of eminent domain to acquire

1 city-owned land, property, mineral rights, or water rights.

2 (f) The district may impose impact fees according to
3 benefits received by the property, including an impact fee on
4 residential property. An impact fee may be imposed on residential
5 property only to provide capital funding for:

6 (1) public water and wastewater facilities; or

7 (2) drainage and storm-water facilities.

8 (g) To the extent that the powers under this subsection do
9 not impair contractual rights or agreements existing before the
10 effective date of this Act, the city may:

11 (1) exercise police powers over:

12 (A) the lake;

13 (B) any city-owned land around the lake; and

14 (C) easements on or above the lake owned or in
15 favor of the city; and

16 (2) assess reasonable fees for recreational use of the
17 lake.

18 (h) A power conferred by this section on the district may
19 not in any way interfere with the authority of the city under
20 Subsection (g) of this section.

21 (i) The board by resolution may change the district's name.
22 If the board changes the district's name, the district shall give
23 written notice to the commission.

24 SECTION 1.08. LAKE AS WATER SUPPLY. (a) The city may sell
25 water from the lake to the district or any other governmental entity
26 if the city council of the city finds that:

27 (1) the amount of water sold under a water sales

1 contract will not be needed by the city for its municipal water
2 supply for at least 20 years after the date of the contract; and

3 (2) execution of a contract with the district or any
4 other governmental entity will assist in fulfilling the city's
5 financial obligations.

6 (b) The district may develop a local water supply under a
7 water supply agreement with the city or from other sources.

8 (c) Consistent with Section 11.036, Water Code, and Section
9 791.026, Government Code, a water supply agreement entered into by
10 the city and the district under this section may:

11 (1) specify the term of the agreement;

12 (2) limit the maximum amount of water to be supplied to
13 the district by the city; and

14 (3) provide for the payment of rates and charges to the
15 city for the water supplied by the city.

16 (d) Under a water supply agreement, without the city's
17 consent:

18 (1) the maximum amount of water to be supplied to the
19 district by the city may not be increased; and

20 (2) the term of the agreement may not be extended.

21 (e) The city may establish and maintain rates and charges
22 for water supplied to the district or to any other purchaser of
23 water from the lake under a water supply agreement. The rates and
24 charges to be assessed under a water supply agreement must:

25 (1) be fair, reasonable, and nondiscriminatory; and

26 (2) be sufficient to recover a proportionate share of:

27 (A) the debt service requirements of the city

1 associated with the lake plus a 50 percent coverage on the debt
2 service;

3 (B) the capital costs and management fee payments
4 by the city under the city's contract with the Brazos River
5 Authority plus a 75 percent coverage on the capital costs and
6 management fee payments; and

7 (C) the lake's operation and maintenance costs,
8 including any capital expenditures associated with the lake that
9 are not debt financed.

10 (f) The operations and maintenance costs under Subsection
11 (e)(2)(C) of this section include:

12 (1) payments in lieu of taxes;

13 (2) general fund transfers of 15 percent of gross
14 revenues from water sales under this section;

15 (3) costs associated with the city's watershed
16 protection program for the lake;

17 (4) costs of operating and maintaining the lake as a
18 water supply or as a recreational area;

19 (5) engineering, accounting, and legal services
20 costs;

21 (6) utility costs;

22 (7) costs associated with law enforcement related to
23 the lake;

24 (8) permit administration costs;

25 (9) dam maintenance, inspection, and construction
26 costs;

27 (10) costs associated with constructing, operating,

1 and maintaining lake recreational facilities and lands, roads,
2 ramps, and parking areas;

3 (11) costs associated with regulating and monitoring
4 the surface of the lake, municipal easements, and city-owned lands
5 around the lake;

6 (12) costs associated with environmental studies,
7 sampling, and testing of the lake and its watershed; and

8 (13) any other costs, fees, expenses, or other
9 financial liabilities arising from or related to the sale of water
10 to others as contemplated under this section.

11 (g) "Proportionate share" as used in Subsection (e) of this
12 section means a fraction the numerator of which is the annual
13 diversion rights under a water supply contract with the city and the
14 denominator of which is the yield of the lake, where yield is
15 determined annually by the city considering all permitted uses.

16 (h) The district may not limit or interfere with the use or
17 enjoyment by the city of water resources from the lake for municipal
18 water supply purposes or recreational purposes. Except as
19 authorized by the city, the district may not regulate the
20 operation, use, or water level of the lake.

21 (i) The city may not interfere with the district's use or
22 enjoyment of any water taken by the district out of the lake under
23 and in accordance with a water supply agreement or other applicable
24 agreement between the parties, except that the city may exercise
25 the right of approving service by the district outside the
26 boundaries of the district.

27 (j) Under a written agreement with the city, the district

1 may conduct agreed-upon activities related to the operation and
2 maintenance of the lake and may conduct other supplemental
3 activities related to public health, safety, recreation, water
4 quality, and water conservation not inconsistent with the city's
5 use of the lake as a municipal water supply.

6 (k) The district recognizes that:

7 (1) the city and the Brazos River Authority have
8 entered into an agreement to design, build, operate, and maintain
9 the lake; and

10 (2) the district may not exercise its powers in a
11 manner that would infringe on the rights of the Brazos River
12 Authority under the river authority's agreement with the city
13 regarding the lake.

14 SECTION 1.09. BOARD OF DIRECTORS. (a) The district is
15 governed by a board of five directors. Directors for positions one,
16 three, and five shall be appointed by the Commissioners Court of
17 Garza County, and directors for positions two and four shall be

9 failure to comply with the attendance policy adopted by the board,
10 or by unanimous vote of all of the remaining directors for failure
11 to carry out the duties of directors.

12 (e) As soon as practicable after a director is appointed,
13 the director shall execute a bond for \$10,000 payable to the
14 district and conditioned on the faithful performance of the
15 director's duties. Directors' bonds must be approved by the board.
16 Each director shall take the oath of office prescribed by the
17 constitution for public office. The bond and oath shall be filed
18 with the district, and the district shall retain the bond and oath
19 in its records. The district shall pay the cost of the bonds.

20 (f) The directors shall elect a chair, a vice chair, a
21 secretary, and any other officers the board considers necessary.

22 (g) A position on the board is not a civil office of
23 emolument for any purpose, including those purposes described by
24 Section 40, Article XVI, Texas Constitution.

25 (h) A director is not entitled to compensation for service
26 on the board but is entitled to be reimbursed for necessary and

19 SECTION 1.10. ORGANIZATIONAL MEETING. As soon as
20 practicable after all initial directors have qualified for office,
21 the initial directors shall hold an organizational meeting at a
22 location within the district agreeable to a majority of the
23 directors. If the directors cannot agree on a location, the
24 organizational meeting shall be held at the Kent County Courthouse.

25 SECTION 1.11. DISTRICT CONFIRMATION ELECTION. (a) The
26 initial board of directors shall hold an election on the same day in
27 both counties in the district to confirm the establishment of the

1 district in the manner provided by Subchapter D, Chapter 49, Water
2 Code.

3 (b) If a majority of the votes cast in a county at a

20 county is included in the district. If the majority of qualified
21 voters in a county who vote in the election vote against confirming
22 the creation of the district, that county is excluded from the
23 district; however, the exclusion of that county does not affect the
24 validity of the district in the county that has voted to confirm
25 creation of the district.

26 SECTION 1.12. OPERATION AND MAINTENANCE TAX. (a) The
27 district may impose a tax for operation and maintenance purposes,

2 maintaining, repairing, and operating all necessary land, plants,
3 works, facilities, improvements, appliances, and equipment of the
4 district and for paying costs of proper services, engineering and
5 legal fees, and organization and administrative expenses.

6 (b) An operation and maintenance tax may not be imposed by
7 the district until it is approved by a majority of the voters voting
8 at an election held in the district for that purpose in accordance
9 with Chapter 49, Water Code. After the tax has been authorized by
10 the district's voters, the board may levy the tax and have it
11 assessed and collected as other district taxes.

12 (c) An operation and maintenance tax election may be held at
13 the same time and in conjunction with any other district election,
14 including the confirmation election. The election may be called by
15 a separate election order or as part of any other election order.

16 (d) The proposition in an operation and maintenance tax
17 election may be for a specific maximum rate or for an unlimited
18 rate.

19 (e) If the district has any surplus operation and
20 maintenance tax funds that are not needed for the purposes for which
21 they were collected, the funds may be used for any lawful purpose.

22 (f) Sections 26.04, 26.05, and 26.07, Tax Code, do not apply
23 to a tax imposed under this section or an ad valorem tax imposed for
24 the payment of the interest on and principal of bonds issued by a

6 (1) pay the interest on the bonds or other obligations
7 as it becomes due;

8 (2) create a sinking fund for the payment of the

21 (b) Bonds and other obligations that are not secured by and
22 payable from ad valorem taxes are not subject to the requirement of

25 in accordance with Subchapter F, Chapter 54, Water Code.

3 services that primarily benefit that area or property and do not
4 generally and directly benefit the district as a whole.

5 (b) An area defined under Subsection (a) of this section
6 constitutes a separate election precinct in which a separate
7 election must be held to determine if the improvements will be
8 provided and a separate tax levied.

9 (c) At an election in a defined area, a registered voter of
10 the district who owns property in the defined area may vote in the
11 area and not in the precinct of the voter's residence.

12 SECTION 1.17. PRIOR APPROVAL BY COUNTIES OR MUNICIPALITY OF
13 BONDS AND OTHER OBLIGATIONS. (a) A bond issuance or other
14 obligation of the district must be approved, before the issuance,
15 by an adopted order or resolution of each of the commissioners
16 courts of the counties.

17 (b) Any bonds or other obligations that are issued for the
18 purpose of providing retail water and sewer collection services

14 director appointed, unless the commissioners courts of the counties
15 approve a higher fee. The fee may be assessed each year for the
16 first three years of the district's operation.

17 (b) As soon as practicable on or after the effective date of
18 this Act, the commissioners courts of the counties shall designate
