Texas Nonagricultural Wage and Salary Employment (Seasonally Adjusted)

Depository
Dallas Public Library
growth rate rose from 5.9 percen

JUL 17 2006

Total Nonagricultural Employment in Texas added 25,400 jobs in February. This increase was far above the five and ten-year average January to February gain. All of the industry groups exhibited job growth over the month with the exception of Trade, Transportation and Utilities, which recorded a modest loss. Annual growth for Total Nonagricultural employment, which has remained positive for the past two years, rose slightly from 2.8 percent to 2.9 percent for February.

Natural Resources and Mining increased by 2,200 jobs over the month. This group has recorded only one monthly job decline in the past two years. The annual growth rate edged upward from 5.5 percent in January to 6.1 percent in February, contributing to the over-the-year addition of 9,800 jobs.

Construction grew by 3,900 jobs in February, marking nine consecutive monthly job gains. The February annual growth rate improved slightly to 5.3 percent and has remained in positive territory for the past sixteen months. A total of 29,200 jobs were added over the year in Construction.

Manufacturing was back up in February following a loss of 2,500 jobs in January. The 1,800 January-to-February job increase was well above the average increase and/or decrease seen in past years. The annual growth rate for February of 1.3 percent represented a gain of 11,700 jobs since February 2005.

Following an increase of 3,900 jobs in January, employment in Professional and Business Services posted a gain of 10,600 positions

in February. As a result, the annual growth rate rose from 5.9 percent in January to 6.2 percent in February, an over-the-year jump of 70,200 jobs.

Following a loss of 500 positions in January, employment in Information gained 1,400 jobs in February. The annual growth rate rose to 0.6 percent, an increase of 1,400 positions over the year.

Financial Activities gained 1,300 jobs in February, which was slightly above its ten-year average February increase of 1,000 jobs. A total of 19,300 positions were added in Financial Activities since last February, representing an annual growth rate of 3.2 percent. Annual growth in Financial Activities has been on an upward trend for well over a decade.

Following an increase of 2,200 jobs in January, Leisure and Hospitality Services gained 600 positions in February. This was the smallest over-the-month change in six months. The annual growth rate decreased from 2.7 percent in January to 2.5 percent in February, an increase of 22,600 jobs over the year.

Other Services increased by 400 jobs in February, adding to a gain of 900 positions in January. The annual growth for this group rose from 1.0 percent in January to 1.3 percent in February, an increase of 4,500 jobs over the year. It was the largest annual growth rate recorded for this sector since January 2003.

Education and Health services observed a modest gain of 100 jobs in February, which followed a significant increase of 3,000 positions in January. Consequently, the annual growth rate dropped from 3.5 percent in January to 3.2 percent in February, an over-the-year increase of 37,900 positions.

Government expanded by 4,100 jobs in February after a gain of 1,600 jobs in January. Annual growth rose slightly from 1.2 percent in January to 1.4 percent in February. A total of 22,600 positions have been added in Government since February 2005.

After a larger than expected increase in January, Trade, Transportation and Utilities posted a drop of 1,000 jobs in February. This was only the fourth time in two years this industry group has experienced an over-the-month decrease. Annual growth remained unchanged at 2.6 percent, representing a substantial gain of 50,500 jobs since last February.

^{*}Estimates for the current month are preliminary. All estimates are subject to revision. The number of nonagricultural jobs in Texas is without reference to place of residence of workers. Estimates of the TWC are in cooperation with the Bureau of Labor Statistics, U.S. Department of Labor.

Metropolitan Statistical Area (MSA) Nonagricultural Wage & Salary Employment (Not Seasonally Adjusted)

Total Nonagricultural Employment in the Metropolitan Statistical Areas (MSA) increased by 63,400 jobs from January 2006 to February 2006. All but one area recorded payroll additions over the month. The two MSAs that gained the largest number of jobs in February were the Houston-Sugar Land-Baytown MSA, adding 14,800 jobs, and the Dallas-Plano-Irving area, gaining 10,600 jobs. The College Station-Bryan MSA logged the highest percentage of employment growth in February with 4.9 percent, or 4,200 jobs. This was followed by the Amarillo MSA growing 1.4 percent, representing 1,500 positions. Since February of last year, the MSAs have gained 268,000 jobs. The Beaumont-Port Arthur MSA was the only MSA to record a decline in nonagricultural employment from February 2005 to February 2006.

Government employment in the MSAs gained 26,500 jobs in February as local school districts, community colleges and universities completed their staffing for the spring semester. The Houston-Sugar Land-Baytown MSA experienced the largest increase with 5,700 jobs. The College Station-Bryan MSA followed with an increase of 3,600 jobs. Local Government contributed 16,100 jobs to the over-the-month gain in this sector.

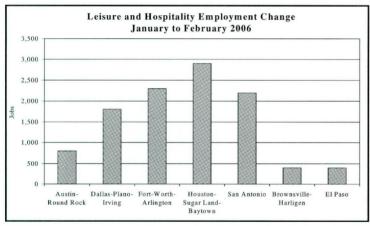

Leisure and Hospitality posted an increase of 13,300 jobs throughout the MSAs. As expected, the more populated metropolitan areas added the largest number of jobs. The Houston-Sugar Land-Baytown MSA

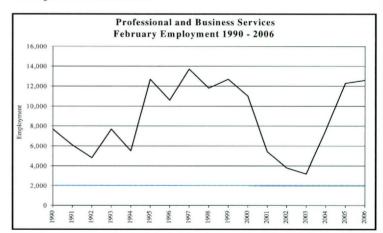

grew by 2,900 jobs over the month. The Fort Worth-Arlington area added 2,300 jobs over the month. The San Antonio MSA followed, with a 2,200-job increase. Over the year, Leisure and Hospitality grew by a respectable 3.0 percent, or 24,300 jobs.

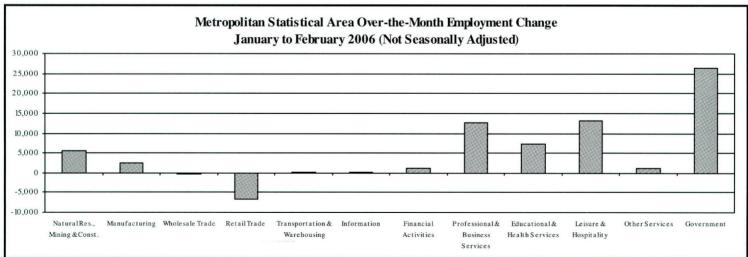

Professional and Business Services employment grew by 12,600 jobs in February and posted an annual growth rate of 5.3 percent. This marked the largest February increase for this sector since 1999. The largest contributor this month to this industry was the Houston-Sugar Land-Baytown MSA, which added 4,700 jobs. The Dallas-Plano-Irving area gained 3,800 jobs for the month.

Educational and Healthcare Services seasonally increased by 7,200 jobs in February. Since last February, it has gained 39,200 jobs. The Houston-Sugar Land-Baytown MSA added the most jobs to this industry, with 1,700 new positions. The San Antonio MSA followed, growing by 800 new jobs.

Reflecting normal seasonal losses, Retail Trade employment declined by 6,600 jobs in February. However, over the year, the MSAs added 26,400 jobs. The majority of the decrease occurred in the Houston-Sugar Land-Baytown MSA, with a loss of 2,900 jobs. The Dallas-Plano-Irving area also contributed to the decrease with a loss of 1,400 jobs over the month.

Highlights of the Texas Labor Force

(Not Seasonally Adjusted)

The Texas unemployment rate declined over the month, dipping 0.1 of a percentage point to 5.2 percent in February. This month's decline is equal to the average change that usually occurs from January to February. The unemployment rate has dropped 0.7 of a percentage point from year-ago levels. Since February 2005, the jobless rate has fluctuated between 4.8 percent and 5.9 percent. The United States' jobless rate remained unchanged over the month at 5.1 percent, indicating a sense of stability in the workforce. The U.S. jobless rate is the lowest February national rate since February 2001, when it posted 4.6 percent unemployed. In addition, the February U.S. rate is seven-tenths of a percentage point lower than last year's rate of 5.8 percent.

The number of Texas jobholders increased over the month, with a gain of 46,700 employed. The rise brought the state employment total to 10,742,900. This is the largest over-the-month increase since October 2005. A year ago, the number of Texas jobholders rose by 31,200 for February 2005. This month's gain is above the historical average increase of 26,000 that is normally observed between January and February.

The number of unemployed Texans subsided over the month, lowering by 6,800 to a total of 586,600 job seekers. Although a modest decline, it is one of eight such monthly declines over the past year. This month's decrease is just below the average decline of 8,600 job seekers occurring between January and February.

The number of people receiving unemployment benefits dropped over the month by 17,000 to 99,400 in February. All but two of the twenty-five MSAs observed a claim count decrease from January to February 2006. The Beaumont-Port Arthur MSA recorded the largest percentage decline at 46.7 percent fewer claims, while the Sherman-Denison MSA registered the largest increase, a 6.2 percent rise in claims for unemployment benefits for February.

Eighteen of the state's twenty-five Metropolitan Statistical Areas (MSA) either saw no change or a decline in their unemployment rate between January and February 2006. The Midland MSA continues to have the lowest unemployment rate in Texas at 3.6 percent.

All estimates are subject to revision. Estimates reflect actual (not seasonally adjusted) data. Civilian Labor Force (C.L.F.) includes wage and salary workers, self-employed, unpaid family, domestics in private households, agricultural workers, workers involved in labor disputes and the unemployed, all by place of residence. Employment and Unemployment data are first rounded then added together to derive the rounded CLF total. Because of this rounding technique, this rounded total of the CLF may not agree with a rounding of the CLF total itself. Percent Unemployed is based upon unrounded Labor Force, Employment and Unemployment numbers. Estimates of the TWC are in cooperation with the Bureau of Labor Statistics, U.S. Department of Labor. Beginning with January 2005 estimates, definitions of the MSAs were updated to reflect the 2000 Census-based configurations. Please see www.tracer2.com for details on these changes. The Dallas-Fort Worth-Arlington MSA is comprised of the Dallas-Plano-Irving Metropolitan Division (MD) and the Fort Worth-Arlington MD.

Employment and Unemployment Estimates for Texas Counties - February 2006

Estimates of the TWC are in cooperation with the Bureau of Labor Statistics, U.S. Department of Labor. Estimates reflect actual (not seasonally adjusted) data. All estimates are subject to revision. *Metropolitan Division (MD). The Dallas-Fort Worth-Arlington MSA is comprised of the Dallas-Plano-Irving MD and the Fort Worth-Arlington MD.

GLOSSARY OF LABOR MARKET TERMS

Actual or Not Seasonally Adjusted - This term is used to describe data series not subject to the seasonal adjustment process. In other words, the effects of regular, or seasonal, patterns have not been removed from these series.

Civilian Labor Force (CLF) - Is that portion of the population age 16 and older who are employed or unemployed. To be considered unemployed, a person has to be not working but willing and able to work and actively seeking work.

Consumer Price Index (CPI) - Is a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services. The CPI provides a way for consumers to compare what the market basket of goods and services costs this month with what the same market basket cost a month or a year ago.

Current Employment Statistics (CES) - A monthly survey of nonfarm business establishments used to collect wage and salary employment, workers hours, and payroll, by industry and area. It is sometimes known as Nonagricultural Employment.

Employed (Emp) - Persons 16 years and over in the civilian noninstitutional population who, during the reference week, (a) did any work at all (at least 1 hour) as paid employees, worked in their own business, profession, or on their own farm, or worked 15 hours or more as unpaid workers in an enterprise operated by a member of the family, and (b) all those who were not working but who had jobs or businesses from which they were temporarily absent because of vacation, illness, bad weather, childcare problems, maternity or paternity leave, labor-management dispute, job training, or other family or personal reasons, whether or not they were paid for the time off or were seeking other jobs. Each employed person is counted only once, even if he or she holds more than one job.

Local Area Unemployment Statistics (LAUS) - The Federal/State cooperative program which produces employment and unemployment

estimates for states and local areas. These estimates are developed by State Employment Security Agencies in accordance with Bureau of Labor Statistics (BLS) definitions and procedures. Data is used for planning and budgetary purposes as an indication of need for employment and training services programs. Estimates are also used to allocate Federal funds.

Metropolitan Division (MD) - A Metropolitan Statistical Area which contains a single core with a population of 2.5 million or more may be subdivided into smaller groupings of counties referred to as Metropolitan Divisions. Titles of Metropolitan Divisions are typically based on principal city names. Texas has two Metropolitan Divisions, the Dallas-Plano-Irving MD and the Fort Worth-Arlington MD, which combine to form the Dallas-Fort Worth-Arlington MSA.

Metropolitan Statistical Area (MSA) - A geographic area that contains at least one urbanized area of 50,000 or more population plus adjacent territory that has a high degree of social and economic integration with the core urban area. An MSA in Texas is made up of one or more counties. The U.S. Office of Management and Budget defines metropolitan areas according to published standards that are applied to Census Bureau data. Texas has 25 MSAs and two Metropolitan Divisions (MD).

Seasonally Adjusted (SA) - Seasonal adjustment removes the effects of events that follow a more or less regular pattern each year. These adjustments make it easier to observe the cyclical and other non-seasonal movements in a data series.

Unemployed (Unemp) - Persons 16 years and over who had no employment during the reference week, were available for work, except for temporary illness, and had made specific efforts to find employment sometime during the 4-week period ending with the reference week. Persons who were waiting to be recalled to a job from which they had been laid off need not have been looking for work to be classified as unemployed.

"HAPPENINGS AROUND THE STATE"

El Paso To Get 1,028 Jobs

EL PASO, Tex (El Paso Times—Vic Kolenc)—New Jersey-based Automatic Data Processing Inc., or ADP, plans to bring 1,028 jobs to El Paso in the next five years, including 300 workers in the next several months.

According to Steve Penrose, an ADP senior vice president, the company plans to open a temporary Solutions Center in a Downtown office tower until it builds a new facility. ADP plans to hire 300 people by June. The center will provide payroll and other employer-related technical services to its business clients, and also provide auto-dealer-related services.

New Hospitals Could Add Hundreds of Jobs

AUSTIN, Tex (KVUE News—Erin Ochoa)—Three new medical centers in Williamson County could add up to 1,900 jobs in the next couple of years. Seton Hospital will open up a 151-bed hospital in Cedar Park in partnership with Triad Hospitals, Inc. Seton is also building a second hospital, called the Williamson Medical Center in northeast Round Rock. Seton will need another 1,400 workers between its two hospitals.

A third hospital will be built just north of Round Rock on Chandler Road near I-35. It will be called University Medical Campus, which is part of Scott and

White. It is scheduled to open later this year, and by March of next year, it will have close to 500 jobs to fill.

Rehab Hospitals Planned North of Dallas

DALLAS, Tex (Dallas Business Journal—Jennifer Gordon)— Two \$20 million rehabilitation hospitals that will create a total of 500 jobs are in the works for Frisco and Denton. Mechanicsburg, Pa.-based Select Medical Corp plans to start construction for the two projects this spring. The Frisco hospital plans to break ground and open by early spring of next year. The Denton hospital will break ground in late spring and likely open a few months after the Frisco facility.

Railroad Jobs Opening Up

SAN ANTONIO, Tex (San Antonio Express-News—Meena Thiruvengadam)—Union Pacific Railroad plans to hire at least 150 people in San Antonio this year as part of a nationwide effort to hire several thousand new employees. The Omaha, Neb.-based company, which has significant operations in Houston, El Paso, Fort Worth and San Antonio, expects 40 percent of its workforce to retire within five years. Union Pacific lines serve all major Texas cities and ports; its trains hauling such items as grain, gravel, cars, car parts, and household items.
