APRIL 2005

### Texas Nonagricultural Wage and Salary Employment (Seasonally Adjusted)

otal Nonagricultural Wage and Salary Employment expanded by 10,600 positions in March. Professional and Business Services again showed the largest over-the-month employment gain, while Government employment contracted slightly. Total Nonagricultural Employment has grown by 125,400 jobs since last March, for an annual gain of 1.3 percent.

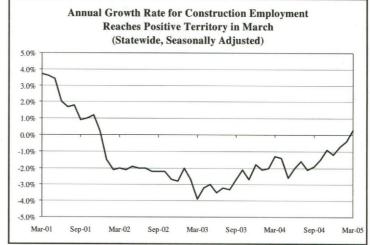

Professional and Business Services added 4,800 jobs in March, following an increase of 5,800 jobs in February. This was the third straight monthly job gain this year. As a result, the annual growth rate rose to 2.9 percent, an increase of 31,600 jobs over the year.

Following a gain of 1,700 jobs in February, Education and Health Services employment posted an increase of 2,500 jobs in March. This was the ninth consecutive month of job gains in this sector. The annual job growth rate held steady at 2.1 percent, a gain of 23,800 jobs over the year.

Leisure and Hospitality employment increased by 1.900 jobs in March. following a gain of 700 jobs in February. Though the annual growth rate dropped from 2.2 percent in February to 2.1 percent in March, the industry experienced an increase of 18,600 jobs over the year.

Construction recorded a gain of 1,800 jobs over the month, the first March gain since 2002. As a result, the annual growth rate grew from -0.4 percent in February to 0.3 percent in March. This marked the

first time annual growth has been positive in over three years. A total of 1,400 jobs have been added in Construction since March 2004.

Employment in Trade, Transportation and Utilities (TTU) rebounded from a small decrease in February with a gain of 1,600 jobs in March. TTU employment has increased by 20,500 jobs over the year, for an annual growth rate of 1.1 percent.

Following a month of unchanged employment, Natural Resources and Mining grew by 1,000 jobs in March. Annual growth remained at 2.9 percent, representing an over-the-year gain of 4,400 jobs.

Employment in Financial Activities grew for the tenth consecutive month with an increase of 700 positions, contributing to an over-theyear gain of 9,800 jobs in the sector. The annual growth rate rose slightly to 1.7 percent in March.

Following a gain of 900 jobs in February, Manufacturing added an additional 300 jobs in March. Though the annual growth rate rose slightly over the month, total Manufacturing jobs are down by 700 from March 2004.

Government employment suffered a loss for the second straight month as it dropped by 2,100 jobs in March. This was the first time since July 2000 that Government experienced back-to-back monthly losses. Though down over the month, Government employment has expanded by 13,700 over the year.

\*Estimates for the current month are preliminary. All estimates are subject to revision. The number of nonagricultural jobs in Texas is without reference to place of residence of workers. Estimates of the TWC are in cooperation with the Bureau of Labor Statistics, U.S. Department of Labor.

## Metropolitan Statistical Area (MSA) Nonagricultural Wage & Salary Employment (Not Seasonally Adjusted)

Total Nonagricultural Wage and Salary Employment in the MSAs increased by 49,200 jobs in March. This increase was slightly above the average March gain of 48,400 jobs registered over the previous 15 years. Leisure and Hospitality, Natural Resources, Mining, and Construction, and Professional and Business Services accounted for 63 percent of the increase in March. The March over-the-year gain was 1.7 percent, or 139,600 jobs.

Employment in Leisure and Hospitality grew by 15,100 jobs in March. Austin-Round Rock, Dallas-Plano-Irving MD\*, Fort Worth-Arlington MD, Houston-Baytown-Sugar Land, and San Antonio accounted for 74 percent of the job growth. This growth was fueled by seasonal hiring as well as by new job creation.

Employment in Construction increased by 8,000 jobs in March. Houston-Baytown-Sugar Land and Fort Worth-Arlington MD, triggered by gains in the Specialty Trade Contractors sector, were responsible for 61 percent of the growth.

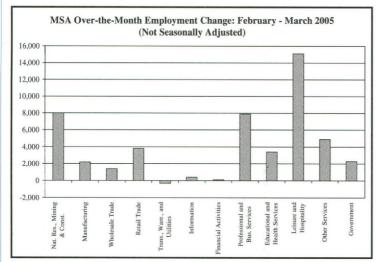

Manufacturing gained 2,200 jobs in the MSAs in March. Corpus Christi, Dallas-Plano-Irving MD, Fort Worth-Arlington MD, and

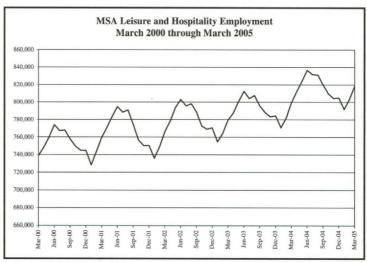

Houston-Baytown-Sugar Land accounted for 59 percent of the growth. Beaumont-Port Arthur and Tyler were the only two MSAs to see job reductions in this sector in March.

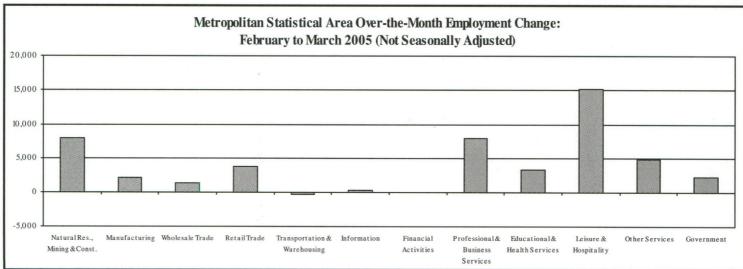

Retail Trade employment grew by 3,800 jobs in March, an increase consistent with historical patterns for this industry. This upward move followed the release of seasonal holiday positions during January and February. The San Antonio MSA contributed 700 positions to the total and has added 2,500 jobs over the year.

Building on a strong February gain, Professional and Business Services added 7,900 jobs in March. Employment in the El Paso MSA escalated by 700 jobs with the first March gain for the area since 2002.

Employment in Other Services rose by 4,900 jobs in March. Since the beginning of the year, this industry has added 7,800 positions within the MSAs. The Dallas-Plano-Irving MD supplied the largest majority of this growth with a boost of 2,300 positions, while the Houston-Baytown-Sugar Land MSA contributed 1,300 additional jobs.

\*MD - Metropolitan Division. The Dallas-Fort Worth-Arlington MSA is comprised of the Dallas-Plano-Irving MD and the Fort Worth-Arlington MD.

## Highlights of the Texas Labor Force (Not Seasonally Adjusted)

by Bryce Bayles

The Texas jobless rate decreased for the second straight month, dropping from February's 6.1 to 5.5 percent in March—the lowest rate since October 2001. March's rate was nine-tenths of a percentage point lower than last March's rate of 6.4 percent. The United States' jobless rate fell to 5.4 percent—the lowest March rate since 2001. The U.S. rate was six-tenths of a percentage point below last March's rate of 6.0 percent.

The number of jobholders in Texas climbed by 53,700, from 10,424,600 in February to 10,478,300 in March. This was the largest increase for the month since 1997. On average, employment rises by 46,100 workers in March. This year's first quarter employment gain of 64,200 was 27,100 larger than last year's gain of 37,100.

The number of Texas job seekers decreased for the second consecutive month, falling by 64,500 to 615,300 in March—the lowest level since December 2001. On average, unemployment falls by 20,300 in March. This March's decrease was the largest over-the-month reduction since October 1983.

The number of people receiving unemployment benefits declined for the second straight month, decreasing by 5,500 to 103,000 in March. Of the twenty-five MSAs, only Abilene, Midland, Waco, and Wichita Falls recorded gains over the month. The Dallas-Fort Worth-Arlington MSA recorded the largest over-the-month reduction with 1,474 fewer claims. The largest claims reductions within the twenty-eight Workforce Development Areas (WDAs) occurred in the Gulf Coast (-1,454), Dallas County (-672), Alamo (-605), and North Central (-449) areas.

### Metropolitan Statistical Areas Ranked by Unemployment Rate March 2005

1	College Station-Bryan	4.0
2 (tie)	Amarillo	4.1

<sup>\*</sup>Estimates for the current month are preliminary. All estimates are subject to revision. Estimates reflect actual (not seasonally adjusted) data. Civilian Labor Force (C.L.F.) includes wage and salary workers, self-employed, unpaid family, domestics in private households, agricultural workers, workers involved in labor disputes and the unemployed, all by place of residence. Employment and Unemployment data are first rounded then added together to derive the rounded CLF total. Because of this rounding technique, this rounded total of the CLF may not agree with a rounding of the CLF total itself. Percent Unemployed is based upon unrounded Labor Force, Employment and Unemployment numbers. Estimates of the TWC are in cooperation with the Bureau of Labor Statistics, U.S. Department of Labor. Beginning with January 2005 estimates, definitions of the MSAs were updated to reflect the 2000 Census-based configurations. Please see www.tracer2.com for details on these changes. The Dallas-Fort Worth-Arlington MSA is comprised of the Dallas-Plano-Irving Metropolitan Division (MD) and the Fort Worth-Arlington MD.

Estimates of the TWC are in cooperation with the Bureau of Labor Statistics, U.S. Department of Labor. Estimates reflect actual (not seasonally adjusted) data. Estimates are preliminary and subject to revision. \*Metropolitan Division (MD). The Dallas-Fort Worth-Arlington MSA is comprised of the Dallas-Plano-Irving MD and the Fort Worth-Arlington MD.

### GLOSSARY OF LABOR MARKET TERMS

**Actual or Not Seasonally Adjusted** - This term is used to describe data series not subject to the seasonal adjustment process. In other words, the effects of regular, or seasonal, patterns have not been removed from these series.

**Civilian Labor Force (CLF)** - Is that portion of the population age 16 and older who are employed or unemployed. To be considered unemployed, a person has to be not working but willing and able to work and actively seeking work.

Consumer Price Index (CPI) - Is a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services. The CPI provides a way for consumers to compare what the market basket of goods and services costs this month with what the same market basket cost a month or a year ago.

**Current Employment Statistics (CES)** - A monthly survey of nonfarm business establishments used to collect wage and salary employment, workers hours, and payroll, by industry and area. It is sometimes known as Nonagricultural Employment.

Employed (Emp) - Persons 16 years and over in the civilian noninstitutional population who, during the reference week, (a) did any work at all (at least 1 hour) as paid employees, worked in their own business, profession, or on their own farm, or worked 15 hours or more as unpaid workers in an enterprise operated by a member of the family, and (b) all those who were not working but who had jobs or businesses from which they were temporarily absent because of vacation, illness, bad weather, childcare problems, maternity or paternity leave, labor-management dispute, job training, or other family or personal reasons, whether or not they were paid for the time off or were seeking other jobs. Each employed person is counted only once, even if he or she holds more than one job.

Local Area Unemployment Statistics (LAUS) - The Federal/State cooperative program which produces employment and unemployment

estimates for states and local areas. These estimates are developed by State Employment Security Agencies in accordance with Bureau of Labor Statistics (BLS) definitions and procedures. Data is used for planning and budgetary purposes as an indication of need for employment and training services programs. Estimates are also used to allocate Federal funds.

Metropolitan Division (MD) - A Metropolitan Statistical Area which contains a single core with a population of 2.5 million or more may be subdivided into smaller groupings of counties referred to as Metropolitan Divisions. Titles of Metropolitan Divisions are typically based on principal city names. Texas has two Metropolitan Divisions, the Dallas-Plano-Irving MD and the Fort Worth-Arlington MD, which combine to form the Dallas-Fort Worth-Arlington MSA.

Metropolitan Statistical Area (MSA) - A geographic area that contains at least one urbanized area of 50,000 or more population plus adjacent territory that has a high degree of social and economic integration with the core urban area. An MSA in Texas is made up of one or more counties. The U.S. Office of Management and Budget defines metropolitan areas according to published standards that are applied to Census Bureau data. Texas has 25 MSAs and two Metropolitan Divisions (MD).

Seasonally Adjusted (SA) - Seasonal adjustment removes the effects of events that follow a more or less regular pattern each year. These adjustments make it easier to observe the cyclical and other non-seasonal movements in a data series.

**Unemployed (Unemp)** - Persons 16 years and over who had no employment during the reference week, were available for work, except for temporary illness, and had made specific efforts to find employment sometime during the 4-week period ending with the reference week. Persons who were waiting to be recalled to a job from which they had been laid off need not have been looking for work to be classified as unemployed.

#### "HAPPENINGS AROUND THE STATE"

#### Valero Distribution Center Opens

SAN ANTONIO, TX (San Antonio Express-News—Vicki Vaughan)—Valero Energy Corp has opened its first retail distribution center adding 200 jobs to the area's economy. The facility is in Schertz, just northeast of San Antonio, and stretches the length of two football fields having 2.6 million cubic feet of storage space.

According to Valero CEO Bill Greehey, "This is our first distribution center and I can't think of a better place to do it than this community." The center will deliver to the company's Diamond Shamrock Corner Stores in Texas utilizing radio-frequency technology to track thousand of items. It is expected the new technology will save Valero about \$4.5 million a year and eliminate 300,000 store deliveries.

#### Gasoline Prices Fall Slightly

IRVING, TX (AAA Texas)—For the first time in six weeks, pump prices in some Texas cities declined during the week of April 15 after reaching record high prices the previous week. In Texas, the average price of \$2.164 per gallon was a penny less than the week before, but still 50 cents higher than last year's average price of \$1.662 per gallon.

"After weeks of record-setting gasoline prices, fuel prices retreated from their all-time highs," said Rose Rougeau, spokesperson for AAA Texas. "Whether the uptrend in gas prices is over depends on crude oil prices which dropped

to \$50 a barrel this week on news that U.S. inventories of crude oil and gasoline are up." The national average for regular self-serve gasoline is \$2.251 per gallon.

#### Insurance Office to Open in Austin

AUSTIN, TX (Dallas Business Journal)—Insurance Brokerage McQueary Henry Bowles Troy L.L.P. (MHBT) is opening a new office in Austin. The office will employ 17 people who will handle employee benefits needs, according to the Dallas-based company.

MHBT should grow rapidly over the next six months according to company officials, expanding into a full-service office that will offer property and casualty insurance, risk management and financial services practices.

#### **Report Indicates Continued Growth in Houston Economy**

HOUSTON, TX (Houston Business Journal)—Houston's economy grew in March for the 27th consecutive month, according to a business report produced by the National Association of Purchasing Management (NAPM)-Houston Inc.

In March, Houston posted a Purchasing Managers Index of 58.2, slightly less than February's mark of 59. A reading above the break-even point of 50 indicates the Houston economy is generally expanding. Key to March's growth was a significant surge in new purchases of goods and services.
