ATTITUDE

by Charles Swindoll

*The longer I live,
the more I realize the impact of attitude on life.
Attitude to me, is more important than the past,
than education,
than money,
than circumstances,
than failures,
than success,
than what other people think, or say, or do.*

*It is more important than appearance,
giftedness, or skill.
It will make or break an organization, school or home.
The remarkable thing is we have a choice everyday
regarding the attitude we will embrace for that day.*

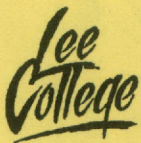

*We cannot change our past. . .
We cannot change the fact that people will
act in a certain way.
We cannot change the inevitable.
The only thing we can do
is play on the one string we have,
and that is our attitude. . .*
