

Kerrville, Texas, Jan 23 1900

Dear Grandfather

I have just received my grades on the term examinations and I made a very good grade I think. I made 100% in United States History

100 % “ English Grammar

99 ½ % in Roman History

97 ¾ % “ Arithmetic

97 ½ % “ Algebra

Thus making an average of 98 19/20 % or 99 %. It was the highest grade made in the class and about the highest average made in the whole school. I will have to study Latin now. I don't like to because I consider it a waste of

[Page 2]

time, as it will never do me any good afterwards.

I am just getting good interested in my school work now that I have to quit after this term.

We are all well here ~~and~~ and I hope you are too. I am very proud of my record ~~of~~ at school for the last two years having staid at the head of my class in every thing. I close now giving my best regards to Uncle Charley and the rest.

Your affectionate grandson,
