

Sept. 8 1902

Dear Grandfather:-

I do not know for sure just when Mama and I will come over, as mama has not made her arrangements. Aunt Meta is improving now right along and we hope to see her well before many days. The weather has not been so hot for the last few days and she has been taking a good walk every morning. Did you all have a good rain last week? Here, it rained in places. Is everyone well in Fredericksburg?

We all send love and best regards to all the folks.

Your grandson,

[signed]
