Texas Register, ISSN 0362-4781, is published semi-weekly 100 times a year except July 7, November 10, November 28, and December 29, 1995. Issues will be published by the Office of the Secretary of State, 1019 Brazos, Austin, Texas 78701. Subscription costs: one year - printed, \$95 and electronic, \$90; six-month printed, \$75 and electronic, \$70. Single copies of most issues are available at \$7 per copy. Material in the Texas Register is the property of the State of Texas. However, it may be copied, reproduced, or republished by any person without permission of the Texas Register Director, provided no such republication shall bear the legend Texas Register or "Official" without the written permission of the director. The Texas Register is published under the Government Code, Title 10, Chapter 2002. Second class postage is paid at Austin, Texas.

POSTMASTER: Please send form 3579 changes to the Texas Register, P.O. Box 13824, Austin, TX 78711-3824.

How to Use the Texas Register

Information Available: The 11 sections of the Texas Register represent various facets of state government. Documents contained within them include:

Governor - Appointments, executive orders, and proclamations.

Attorney General - summaries of requests for opinions, opinions, and open records decisions.

Secretary of State - opinions based on the election laws.

Texas Ethics Commission - summaries of requests for opinions and opinions.

Emergency Rules- sections adopted by state agencies on an emergency basis.

Proposed Rules - sections proposed for adoption.

Withdrawn Rules - sections withdrawn by state agencies from consideration for adoption, or automatically withdrawn by the Texas Register six months after the proposal publication date.

Adopted Rules - sections adopted following a 30-day public comment period.

Tables and Graphics - graphic material from the proposed, emergency and adopted sections.

Open Meetings - notices of open meetings.

In Addition - miscellaneous information required to be published by statute or provided as a public service.

Specific explanation on the contents of each section can be found on the beginning page of the section. The division also publishes cumulative quarterly and annual indexes to aid in researching material published.

How to Cite: Material published in the Texas Register is referenced by citing the volume in which the document appears, the words "TexReg" and the beginning page number on which that document was published. For example, a document published on page 2402 of Volume 19 (1994) is cited as follows: 19 TexReg 2402.

In order that readers may cite material more easily, page numbers are now written as citations. Example: on page 2 in the lower-left hand corner of the page, would be written "19 TexReg 2 issue date," while on the opposite page, page 3, in the lower right-hand corner, would be written "issue date 19 TexReg 3."

How to Research: The public is invited to research rules and information of interest between 8 a.m. and 5 p.m. weekdays at the Texas Register office, Room 245, James Earl Rudder Building, 1019 Brazos, Austin. Material can be found using Texas Register indexes, the Texas Administrative Code, section numbers, or TRD number.

Texas Administrative Code

The Texas Administrative Code (TAC) is the official compilation of all final state agency rules published in the Texas Register. Following its effective date, a rule is entered into the Texas Administrative Code. Emergency rules, which may be adopted by an agency on an interim basis, are not codified within the TAC. West Publishing Company, the official publisher of the TAC, publishes on an annual basis.

The TAC volumes are arranged into Titles (using Arabic numerals) and Parts (using Roman numerals).

The Titles are broad subject categories into which the agencies are grouped as a matter of convenience. Each Part represents an individual state agency. The Official TAC also is available on WESTLAW, West's computerized legal research service, in the TX-ADC database.

To purchase printed volumes of the TAC or to inquire about WESTLAW access to the TAC call West: 1-800-328-9352.

The Titles of the TAC, and their respective Title numbers are:

- 1. Administration
4. Agriculture
7. Banking and Securities
10. Community Development
13. Cultural Resources
16. Economic Regulation
19. Education
22. Examining Boards
25. Health Services
28. Insurance
30. Environmental Quality
31. Natural Resources and Conservation
34. Public Finance
37. Public Safety and Corrections
40. Social Services and Assistance
43. Transportation

How to Cite: Under the TAC scheme, each section is designated by a TAC number. For example in the citation 1 TAC §27.15:

1 indicates the title under which the agency appears in the Texas Administrative Code; TAC stands for the Texas Administrative Code; §27.15 is the section number of the rule (27 indicates that the section is under Chapter 27 of Title 1; 15 represents the individual section within the chapter).

How to update: To find out if a rule has changed since the publication of the current supplement to the Texas Administrative Code, please look at the Table of TAC Titles Affected. The table is published cumulatively in the blue-cover quarterly indexes to the Texas Register (January 21, April 15, July 12, and October 11, 1994). In its second issue each month the Texas Register contains a cumulative Table of TAC Titles Affected for the preceding month. If a rule has changed during the time period covered by the table, the rule's TAC number will be printed with one or more Texas Register page numbers, as shown in the following example.

TITLE 40. SOCIAL SERVICES AND ASSISTANCE
Part I. Texas Department of Human Services
40 TAC §3.704.....950, 1820

The Table of TAC Titles Affected is cumulative for each volume of the Texas Register (calendar year).

Update by FAX: An up-to-date Table of TAC Titles Affected is available by FAX upon request. Please specify the state agency and the TAC number(s) you wish to update. This service is free to Texas Register subscribers. Please have your subscription number ready when you make your request. For non-subscribers there will be a fee of \$2.00 per page (VISA, MasterCard). (512) 463-5561.

TABLES AND GRAPHICS

Graphic material from the emergency, proposed, and adopted sections is published separately in this tables and graphics section. Graphic material is arranged in this section in the following order: Title Number, Part Number, Chapter Number and Section Number.

- Graphic material is indicated in the text of the emergency, proposed, and adopted rules by the following tag: the word "Figure" followed by the TAC citation, rule number, and the appropriate subsection, paragraph, subparagraph and so on. Multiple graphics in a rule are designated as "Figure 1" followed by the TAC citation, "Figure 2" followed by the TAC citation.

* In designated oyster waters an acute marine copper criterion of 4.37 micrograms per liter applies outside of the mixing zone of permitted discharges, and specified mixing zones for copper will not encompass oyster reefs containing live oysters.
 † Compliance will be determined using the analytical method for cyanide amenable to chlorination or by weak acid dissociable cyanide.
 ‡ Calculated as the sum of seven PCB congeners 1242, 1254, 1221, 1232, 1248, 1260 and 1016.
 (d) Indicates that the criteria for a specific parameter are for the dissolved portion in water. All other criteria are for total recoverable concentrations, except where noted.

- Dissolved oxygen means are applied as a minimum average over a 24-hour period.
- Daily minima are not to extend beyond 8 hours per 24-hour day. Lower dissolved oxygen minima may apply on a site-specific basis, when natural daily fluctuations below the mean are greater than the difference between the mean and minima of the appropriate criteria.
- Spring criteria to protect fish spawning periods are applied during that portion of the first half of the year when water temperatures are 63.0°F to 73.0°F.
- Quantitative criteria to support aquatic life attributes are described in the standards implementation procedures.
- Dissolved oxygen analyses and computer models to establish effluent limits for permitted discharges will normally be applied to mean criteria at steady-state, critical conditions.
- Determination of standards attainment for dissolved oxygen criteria is specified in §307.9(d)(6) (relating to Determination of Standards Attainment).

APPENDIX A. SITE-SPECIFIC USES AND CRITERIA
FOR CLASSIFIED SEGMENTS.

The following tables identify the water uses and supporting numerical criteria for each of the state's classified segments. The tables are ordered by basin with the segment number and segment name given for each classified segment. Marine segments are those which are specifically titled as "tidal" in the segment name, plus all bays, estuaries and the Gulf of Mexico. The following descriptions denote how each numerical criterion is used subject to the provisions in §307.7 (relating to Site-specific Uses and Criteria), §307.8 (relating to Application of Standards), and §307.9 (Relating to Determination of Standards Attainment).

The criteria for Cl^{-1} (chloride), SO_4^{-2} (sulfate), and TDS (total dissolved solids) are listed in this appendix as maximum annual averages for the segment.

Dissolved oxygen criteria are listed as minimum 24-hour means at any site within the segment. Absolute minima and seasonal criteria are listed in §307.7 (relating to Site-specific Uses and Criteria). Dissolved oxygen criteria of 2.0 mg/L in this appendix are allowed a daily variation down to 1.5 mg/L for no more than 8 hours per 24-hour period. Dissolved oxygen criteria of 1.0 mg/L in this appendix will be considered minimum values at any time.

The pH criteria are listed as minimum and maximum values expressed in standard units at any site within the segment.

Fecal coliform criteria of 200 per 100 ml are applied as specified in §307.7(b)(1)(A) (relating to Site-specific Uses and Criteria). Fecal coliform criteria of 2,000 per 100 ml are applied as specified in §307.7(b)(1)(B) (relating to Site-specific Uses and Criteria).

The criteria for temperature are listed as maximum values at any site within the segment.

Footnotes are defined at the end of each basin or bay and estuary table, as appropriate.

* Dissolved oxygen criterion of 6.0 mg/L only applies at stream flows greater than or equal to 150 cfs as measured at USGS gage number 8158000 located in Travis County upstream from U.S. Highway 183. Dissolved oxygen criteria of 5.0 mg/L will apply to stream flows less than 150 cfs and greater than or equal to the 7Q2 for the segment.

** While Segment 1429 may exhibit quality characteristics which would make it suitable for contact recreation, the use is prohibited by local regulation for reasons unrelated to water quality.

*** Numerical criteria for chloride, sulfate, and total dissolved solids cannot be established at this time for this new reservoir.

* High concentrations of chlorides, sulfates and total dissolved solids in Segment 2204 are due to past brine discharges which were halted effective 1/10/87 by order of the Texas Railroad Commission. Water quality is expected to improve as residual brines are flushed from the system. These estimated criteria are subject to modification as improvement in water quality is documented.

APPENDIX B. LOW FLOW CRITERIA.

The table contains seven-day, two-year low flow (7Q2) and harmonic mean flow values, as defined in §307.3 of this title, for U.S. Geological Survey (USGS) gages listed in Commission stream segment order. Where multiple gages are listed for a segment, the gages are sequenced from a downstream to upstream order. The listed county names provide the general location of the USGS gaging stations. Specific gage locations may be obtained from the report, Water Resource Data - Texas, which is published on an annual basis by the USGS. The flow values are calculated for each gaging station for the listed period of record from USGS data that is currently in the Commission computerized data base. The flow values presented in Appendix B are intended as guidelines and may be recalculated as additional data become available. Low flow values utilized in conjunction with Commission regulatory actions (such as discharge permits) may be derived from data obtained at other USGS gaging stations not presented in the table, Commission monitoring stations, drainage basin comparisons, interpolations or best available information.

APPENDIX D. SITE-SPECIFIC RECEIVING WATER ASSESSMENTS.

The water bodies listed in this appendix are those waters that are not designated segments listed in Appendix A of this title. The water bodies are included because a regulatory action has been taken or is anticipated to be taken by the commission or because sufficient information exists to provide an aquatic life use designation. The segment numbers listed refer to the designated segments as defined in Appendix C of this title. The county listed is the primary location where the use designation has been assigned. The water body is a tributary within the drainage basin of the listed segment. The aquatic life use (ALU) designations and dissolved oxygen (D.O.) criterion are the same as defined in §307.3(b) and §307.7(b)(3)(A) of this title. The description defines the specific area for which the aquatic life use designation pertains. Contact recreation uses are assigned to all of the waters listed. Generally, there is not sufficient data on these waters to develop other conventional criteria and those criteria are the same as for the segment in which the water body is located unless further site-specific information is obtained.

APPENDIX E. SITE-SPECIFIC CRITERIA

The waterbodies listed in this appendix are those waters which now have a site-specific standard for the chemical parameter listed. These changes were initiated by one or more permitted facilities discharging to the waterbody cited. The procedures for obtaining a site-specific standard are specified in §307.2(d). The values and equations shown in the table are not to be interpreted as the values that are to appear in the final discharge permit. These values and equations replace the criteria found in Table 1 that are normally used to calculate discharge limits. The values and equations in Appendix E are to be used in computing discharge limits in accordance with the current procedures for *Implementation of the Texas Natural Resource Conservation Commission Standards Via Permitting*.

Summary of Site-Specific Criteria

PARAMETER	WATER EFFECT RATIO	SITE SPECIFIC STANDARD ($\mu\text{g/L}$) Acute/Chronic	SITE DESCRIPTION
Copper ¹	4.58	44.8 31.3	Ragsdale Creek and its tributaries in Segment 0611 in Cherokee County
Copper ²	4.26	34.5 25.0	One-Eye Creek and its tributaries in Segment 0604 in Cherokee County
Copper ³	5.15	21.7 16.7	Johnson Creek Reservoir in Segment 0403 in Marion County
Lead ⁴	N/A	$e^{(1.273(1\text{mH}) - 0.9744)}$ $e^{(1.273(1\text{mH}) - 2.958)}$	All of Segment 0404: Big Cypress Creek

- 1 Calculated with site-specific hardness value of 48 mg/L.
- 2 Calculated with site-specific hardness value of 40 mg/L.
- 3 Calculated with site-specific hardness value of 20 mg/L. TNRCC has also accepted site-specific TSS of 4 mg/L and partitioning coefficient of 77%.
- 4 Calculated with site-specific hardness value (H) of 40.1 mg/L.

OPEN MEETINGS

Agencies with statewide jurisdiction must give at least seven days notice before an impending meeting. Institutions of higher education or political subdivisions covering all or part of four or more counties (regional agencies) must post notice at least 72 hours before a scheduled meeting time. Some notices may be received too late to be published before the meeting is held, but all notices are published in the **Texas Register**.

Emergency meetings and agendas. Any of the governmental entities listed above must have notice of an emergency meeting, an emergency revision to an agenda, and the reason for such emergency posted for at least two hours before the meeting is convened. All emergency meeting notices filed by governmental agencies will be published.

Posting of open meeting notices. All notices are posted on the bulletin board at the main office of the Secretary of State in lobby of the James Earl Rudder Building, 1019 Brazos, Austin. These notices may contain a more detailed agenda than what is published in the **Texas Register**.

Meeting Accessibility. Under the Americans with Disabilities Act, an individual with a disability must have an equal opportunity for effective communication and participation in public meetings. Upon request, agencies must provide auxiliary aids and services, such as interpreters for the deaf and hearing impaired, readers, large print or braille documents. In determining type of auxiliary aid or service, agencies must give primary consideration to the individual's request. Those requesting auxiliary aids or services should notify the contact person listed on the meeting summary several days prior to the meeting by mail, telephone, or RELAY Texas (1-800-735-2989).

IN ADDITION

The **Texas Register** is required by statute to publish certain documents, including applications to purchase control of state banks, notices of rate ceilings, changes in interest rate and applications to install remote service units, and consultant proposal requests and awards.

To aid agencies in communicating information quickly and effectively, other information of general interest to the public is published as space allows.

Texas Department of Commerce Request for Proposals

In accordance with the Job Training Partnership Act (JTPA), Public Law 97-300 as amended August 6, 1992, the Texas Department of Commerce (Commerce) announces a Request for Proposals to produce four live statewide teleconferences. Commerce is soliciting proposals to deliver eligibility determination training via live video teleconference to 21 cities in Texas for JTPA service delivery area (SDA) administrative staff, sub-contractors and associated service personnel.

The format for each teleconference will be three hours: one hour on the air; followed by one hour off the air; followed by one hour on the air. During the first hour of each teleconference Commerce's on-air presenter will give instructions on policy and regulatory updates and changes. The second hour will be off the air to allow the receive sites to call in questions. The third hour will be on the air. A telephone bank of at least seven telephones for an "800" toll free telephone number will be provided at the broadcast origination site to be manned by Commerce staff.

Detailed information regarding the format is set forth in the Request for Proposal instructions which are available at the following location. Texas Department of Commerce, Work Force Development Division, Southwest Towers, 211 East Seventh Street, Suite 1000, P.O. Box 12728, Austin, Texas 78711.

The deadline for receipt of proposals to be considered is 4:00 p.m. CDT, Friday, July 28, 1995. No proposals will be accepted after the proposal deadline. Facsimile submissions are not allowed. No exceptions will be made regarding the proposal deadline.

Commerce reserves the right to accept or reject any or all proposals submitted. Commerce is under no legal requirement to execute a resulting contract on the basis of this solicitation.

Proposals submitted will be evaluated by a Proposal Review Committee based on criteria described in the Request for Proposal instructions. Proposals achieving a minimum of 75 points will then be evaluated by a cost reasonableness analysis. Commerce specifically reserves the right to vary all provisions set forth any time prior to execution of a contract where Commerce deems it to be in the best interest of the State of Texas.

The Texas Department of Commerce is an equal opportunity employer/program. For further information regarding this solicitation or to obtain copies of the Request for Proposal instructions, please pick up a copy at the following address or contact: Pat Hartgrove, Texas Department of Commerce, Work Force Development Division, 211

Comptroller of Public Accounts Requests for Proposals

Notice of Request for Proposals: Pursuant to the Texas Government Code, Chapter 2254, Subchapter B, the Comptroller of Public Accounts (Comptroller) announces the issuance of two separate Requests for Proposals (RFPs) for management and performance reviews of the Tyler and United Independent School Districts (ISDs) respectively. The purpose of each RFP is to acquire consultant services to assist the Comptroller of Public Accounts in conducting separate management and performance reviews of the Tyler and United ISDs. From these reviews, findings and recommendations will be developed for containing costs, improving management strategies, and ultimately promoting better education for Texas children through school district management efficiencies. Each successful proposer will be expected to begin performance of the awarded contract on or about September 18, 1995.

Contact: Parties interested in submitting proposals for one or both of the RFPs should contact the Comptroller of Public Accounts, Senior Legal Counsel's Office, 111 East 17th Street, Room 113, Austin, Texas 78774, (512) 475-0866, to obtain a complete copy of the RFP. The RFPs for Tyler and United ISDs will be available for pick-up at the above referenced address on Friday, June 30, 1995, between 4:00 p.m. and 5:00 p.m. Central Zone Time (CZT), and during normal business hours thereafter. All written inquiries and mandatory letters of intent to propose must be received at the previously referenced address prior to 4:00 p.m. (CZT) on Thursday, July 20, 1995.

Closing Date: Proposals for Tyler and United ISDs must be received in the Senior Legal Counsel's Office no later than 4:00 p.m. (CZT), on Tuesday, August 8, 1995. Proposals received after this time and date will not be considered.

Award Procedure: Proposals for each ISD will be subject to evaluation by separate committees based on the evaluation criteria set forth in the related RFP. Each committee will determine which proposal best meets these criteria

and will make a recommendation for each RFP to the Deputy Comptroller, who will then make a recommendation to the Comptroller. The Comptroller will make the final decision. A proposer may be asked to clarify its proposal, which may include an oral presentation prior to final selection.

The Comptroller reserves the right to accept or reject any or all proposals submitted. The Comptroller is under no legal or other obligation to execute a contract on the basis of this notice or the distribution of any RFP. Neither this notice nor either RFP commits the Comptroller to pay for any costs incurred prior to the execution of a contract.

The anticipated schedule of events for Tyler and United ISDs is as follows:

Issuance of RFPs—June 30, 1995, 4:00 p.m. (CZT); Mandatory Letter of Intent and Questions Due—July 20, 1995, 4:00 p.m. (CZT); Proposals Due—August 8, 1995, 4:00 p.m. (CZT); and Contract Execution—September 5, 1995, or as soon thereafter as possible.

Issued in Austin, Texas, on June 19, 1995.

Texas Department of Criminal Justice Request for Proposal

Pursuant to House Bill 2162, §1.004 and the Texas Code of Criminal Procedure, Article 42.18, §25, the Texas Department of Criminal Justice (TDCJ) will begin the process of negotiating Contracts for the upcoming fiscal year to begin September 1, 1995, on its Community Residential Facilities for Substance Abuse Treatment Programs, throughout the State. These Contracts will run for a period of two years with a two year option for renewal. The Contract as well as any extensions will be subject to appropriations for such purpose by the Texas Legislature.

The Texas Department of Criminal Justice is requesting proposals for residential and outpatient substance abuse treatment services for the following adult offenders: offenders on parole and community supervision that have completed primary treatment at an In-prison Therapeutic Community (TC) or Substance Abuse Felony Punishment Facility (SAFP); offenders who have been released on parole or mandatory supervision that have not participated in or completed a therapeutic community program.

A request for a copy of the Request For Proposal or questions relating to the Request For Proposal should be addressed to Marsha McLane, (512) 406-5750. Sealed Proposals will be received by the Texas Department of Criminal Justice until noon, Monday, August 14, 1995. Such proposals must be typed or printed on standard (8 1/2 inch by 11 inch) paper, pages numbered, a table of contents included in the required format and submitted to: Marsha McLane, Section Director, Specialized Supervision, Texas Department of Criminal Justice, Parole Division, 8610 Shoal Creek Boulevard, Austin, Texas 78753. Attention: Community Residential Facilities for Substance Abuse Treatment Programs.

The Texas Department of Criminal Justice reserves the right to reject any and all proposals or portions of proposals received in response to this Request For Proposal.

Submission of proposal has the effect of waiving proprietary rights or confidentiality. TDCJ reserves the right to use for its benefit, ideas contained in the proposals submitted. TDCJ is not liable for any costs incurred by applicants or prospective applicants in the preparation, formulation, or presentation of proposals.

Texas Commission for the Deaf and Hearing Impaired Request for Proposals

The Texas Commission for the Deaf and Hearing Impaired (TCDHI) is re-issuing its request for proposals for the provision of services to eligible individuals who are deaf or hard of hearing. Services to be delivered by contract may include interpreter services (IS), information and referral services (I/R), and/or services to older hearing impaired Texans (SOHIT). These services are for the 1996 Fiscal Year which begins September 1, 1995. Inconsistencies in mail delivery precluded fair and equal ability of all regions to submit applications to the previous request in a timely manner. Therefore, all bids from the original solicitation are rejected and will be returned to the bidder. New applications should be either hand-delivered or sent by courier directly to the agency physical address.

Contact Person. Further information regarding the provision of the previously stated services and requests for application packets may be directed to Billy Collins, Director of Service Programs, Texas Commission for the Deaf and Hearing Impaired, (512) 451-8494.

Deadline for Submittal of Proposals. Deadline for the receipt of proposals in the offices of the Texas Commission for the Deaf and Hearing Impaired is 5:00 p.m., July 6, 1995. Proposals sent via facsimile or received after the established deadline cannot be considered for selection. Hand delivery or guaranteed courier service is recommended. Proposals are to be addressed to Billy Collins, Director of Service Programs, Texas Commission for the Deaf and Hearing Impaired, 4800 North Lamar Boulevard, #310, Austin, Texas 78756. (Office Hours are 8:00 a.m. to 5:00 p.m., Monday-Friday)

Guidelines for Submitting Proposals. Each contractor will, as a minimum: (A) be an agency, organization, or individual who is willing to provide services to persons who are deaf or hearing impaired in a specified geographical region; (B) provide a location and description of the intended headquarters to be used for the coordination and delivery of services; (C) provide an anticipated number of persons that will utilize the services; (D) be willing to cooperate with the commission regarding its goals, standards, requirements, and recommendations; (E) select the services most needed, and submit a fiscally conservative budget for the provision of these services to the commission for review; (F) possess the necessary skills, knowledge, and expertise for the planning, development, and implementation of needed services; (G) designate a service provider for the activity; (H) utilize, to the highest degree possible, local community and other resources; (I) maintain records of services provided and furnish the commis-

sion with reports, as required, in the format prescribed by the commission; (J) establish and maintain a method to maintain the confidentiality of records and services relating to clients in accordance with any and all applicable state and federal rules, laws, and regulations; and (K) provide acknowledgement of TCDHI funding on publications, letterhead, materials, etc. (artwork will be supplied). (L) provide anticipated involvement of deaf or hard of hearing individuals in the provision and oversight of services.

Proposal Evaluation Criteria. Proposals will be evaluated by the Commission on the following basis: (A) submission of the proposal on or before the established deadline; (B) the proposal addresses all required areas; (C) respondent's program plan; (D) operations of the program are within commission authority; (E) respondent's ability to provide a high-quality program aimed at meeting the individual needs of the client; (F) letters of endorsement and/or cooperation especially from individuals and organizations in the consumer communities; and (G) ability to implement program upon receiving notification from the commission on award of contract.

Contract Award and Allocation Procedures. Final selection will be made by the commission, using the previously mentioned evaluation procedures. Award will not necessarily be made to the contractor or applicant offering the lowest cost. Close consideration will be given to the ability to provide quality direct services based on the Commission's evaluation criteria.

The Commission is under no legal requirement to execute a resulting contract on the basis of this advertisement and intends the materials provided only as a means of identifying the various elements which the Commission considers basic to the delivery of direct services. The Commission will base its choice on demonstrated competence, qualifications, and evidence of superior conformance to established criteria. This request does not commit the Commission to pay any costs incurred prior to execution of a contract.

The Commission will announce the contracts awards for FY 1996 by the Commission's last open meeting prior to September 1, 1995. The contracted services shall begin on September 1, 1995.

Contracts include the possibility for amendments to permit additional funds, if such funds become available, or reallocation of funds during the contract period if determined necessary by the Commission.

Funding will be determined by using a Commission-approved formula in the distribution of monies among selected and approved contractors by region.

Conditions for Termination of Contract. Failure to comply with contract requirements may result in the termination of the contract.

Texas Education Agency

Written Notice of the State's System of School Support Teams for Schools Receiving Funds Under Title I of Public Law 103-382, Improving America's Schools Act of 1994

Filing Authority. This notice is filed under Public Law 103-382, Title I.

The statewide system of school support teams will be established in each of the 20 regional education service centers (ESCs), effective July 1, 1995. At least one full time equivalent (FTE) staff member at each service center will be designated to coordinate the school support system. Support teams will provide information and assistance to schoolwide programs and schools eligible to become schoolwide programs. If funds are sufficient, the support teams will also provide information and assistance to Title I schools needing improvement. The purpose of these teams is to increase the opportunity for students in Title I schools to meet the state's content standards and student performance standards.

The support teams will be composed of teachers, pupil service personnel, and representatives of organizations knowledgeable about successful schoolwide programs or comprehensive school reform. In addition, the teams may include persons who are knowledgeable about research and practice on teaching and learning, particularly about strategies to improve the educational opportunities for low achieving students. These people may be representatives of institutions of higher education, regional educational laboratories or research centers, and outside consultant groups.

School support teams will work cooperatively with Title I schools as they develop the schoolwide program plan or school improvement plans, review the plan, and make recommendations to the school and the district. During the operation of the schoolwide program or school improvement activities, a school support team shall periodically review the progress of the school in enabling children in the school to meet the state's student performance standards. The team will also identify problems in the design and operation of the instructional program and make recommendations for improvement to the school and the district.

Districts are encouraged to work cooperatively with the ESCs and allow eligible district staff to participate as members of a school support team. Title I funds may be used for this purpose. For additional information about school support teams, contact Anne Neel, Division of Accelerated Instruction, Texas Education, at (512) 463-9374. After July 1, 1995, contact ESCs for additional assistance.

**Texas State Board of Registration for
Professional Engineers**
Continuing Professional Competency
Guidelines

The following Continuing Professional Competency (CPC) guidelines provide a framework for the new voluntary CPC program for Texas registered professional engineers. The Board adopted these guidelines at the June 14, 1995 Regular Quarterly Board Meeting.

Comments should be submitted to John R. Speed, P.E., or Thomas M. Newton, P.E., at the Professional Engineers Board, P.O. Drawer 18329, Austin, Texas 78760. Additional questions may be directed to Debbie Rice at the board address or at (512) 440-7723.

CPC GUIDELINES

- (a) Continuing Professional Competency. The information set forth below is for the purpose of providing guidelines for continuing professional competency. The purpose of the continuing professional competency requirements is to demonstrate a continuing level of competency among professional engineers. Every registrant who meets these continuing professional competency guidelines shall be noted in the roster as an active participant in the Texas State Board of Registration for Professional Engineers' voluntary Continuing Professional Competency (CPC) program.
- (b) Definitions. Terms used in this section are defined as follows:
- (1) Professional Development Hour (PDH) - A contact hour (nominal) of instruction or presentation. The common denominator for other units of credit.
 - (2) Continuing Education Unit (CEU) - Unit of credit customarily used for continuing education courses. One CEU equals 10 PDH's. CEU's should be converted to PDH's for reporting this program.
 - (3) College/Unit Semester/Quarter Hour - Credit for ABET-approved course or other related college course approved in accordance with Section (e) of these guidelines.
 - (4) Course/Activity - Any course or activity with a clear purpose and objective which will maintain, improve, or expand the skills and knowledge of the licensee.
- (c) Requirements for participation. Every registrant who participates in this program must obtain 15 PDH units during the annual renewal period. If a registrant exceeds the annual requirement in any renewal period, a maximum of 15 PDH units may be carried forward into the subsequent renewal period. PDH units may be earned for the following, provided the activity is relevant to the licensee's professional responsibilities in engineering practice, management, and ethics:
- (1) Documented self-study.* [See (d)(1) and (e)(1).]
 - (2) Successful completion of correspondence, televised, videotaped, audiotaped and other short courses/tutorials. [See (d)(2) and (e)(2).]
 - (3) Attending seminars, courses, workshops, or professional or technical presentations made in-house or at meetings, conventions or conferences. [See (d)(2) and (e)(2).]
 - (4) Successful completion of continuing education courses. [See (d)(3).]
 - (5) Successful completion of college courses. [See (d)(4), (d)(5) and (e)(3).]
 - (6) Teaching, instructing, or presenting in (2), (4) and (5), above. [See (d)(6).]
 - (7) Authoring published papers, articles, or books. [See (d)(7) and

- (e)(4).]
- (8) Active participation in professional or technical societies. [See (d)(8), (e)(5) and (e)(6).]
- (9) Active participation in examination preparation or grading. [See (d)(9) and (e)(6).]
- (10) Patents. [See (d)(10) and (e)(4).]

*All professional engineers are expected to participate in self-study related to their areas of responsibility or practice to maintain their professional competency and ethical standards.

(d) Units. The conversion of other units of credit to PDH units as follows:

- | | | |
|------|--|--------|
| (1) | 3 hours of documented self-study | 1 PDH |
| (2) | 1 hour of professional development in course work, seminars, or professional or technical presentations made at meetings, conventions or conferences. | 1 PDH |
| (3) | 1 Continuing Education Unit | 10 PDH |
| (4) | 1 College or unit semester hour | 15 PDH |
| (5) | 1 College or unit quarter hour | 10 PDH |
| (6) | For teaching or presenting in (d)(2) through (d)(5), apply multiple of 2** | |
| (7) | (A) Each published paper or article (sole author) | 10 PDH |
| | (B) Each published paper or article (co-author) | 5 PDH |
| | (C) Each published book (sole author) | 30 PDH |
| | (D) Each published book (co-author) | 15 PDH |
| | (E) Each published book (editor/contributor) | 10 PDH |
| (8) | 3 hours of active participation in professional or technical society. (Each organization) | 1 PDH |
| (9) | 1 hour of examination preparation or grading of examinations that are administered by the National Council of Examiners for Engineering and Surveying. | 1 PDH |
| (10) | Each patent. | 30 PDH |

**Credit is valid for teaching or presenting a course or seminar for the first time only. Teaching credit does not apply to full-time engineering faculty.

(e) Determination of Credit. The board of registration has final authority with respect to approval of courses, credit, PDH value for courses, and other methods of earning credit.

- (1) Credit for activity (d)(1) shall be limited to no more than 5 PDH per renewal period.
- (2) Credit for seminars and workshops will be based on one PDH unit for each nominal hour of attendance. Attendance at programs presented at professional and/or technical meetings will earn PDH units for the actual time of each program.
- (3) Credit for college or community college courses will be based upon course credit established by the college.
- (4) Credit determination for activities (d)(7) and (d)(10) is the responsibility of the registrant (subject to review as required by the board).

- (5) Credit for activity (d)(8) requires that a licensee serve as an officer and/or actively participate in a committee of the organization involved in such functions as standards preparation, professional practice, peer reviews, or ethics. PDH credits are not earned until the end of each year of service.
 - (6) Credit for activities (d)(8) and (d)(9) shall be limited to no more than 10 PDH per renewal period.
- (f) Records. The responsibility of maintaining records to be used to support credits claimed is the registrant's. Acceptable records may include, but are not limited to:
- 1) A log showing identifying information such as the type of activity claimed, sponsoring organization, location, duration, instructor's or speaker's name, specifics of self-study, and PDH credits earned;
 - 2) Attendance verification records in the form of completion certificates or other documents supporting evidence of attendance; or
 - 3) Records as maintained by the National Professional Development Registry for Engineers (NPDRE) or similar repositories.
- These records should be maintained by the registrant for a period of three years and copies may be requested by the board for verification purposes.
- (g) Non-Residents. Registrants who are residents of jurisdictions other than Texas should meet any mandatory CPC requirements of their resident jurisdiction. The guidelines for Texas will be deemed as satisfied when non-resident registrants provide evidence of having met any mandatory requirements of their resident jurisdiction.
- (h) Reporting. Reporting of CPC activities will be made during the license renewal process. Verification of a registrant's CPC records will not be required for the license renewal process, but the board of registration may ask to review such verification.

Texas Department of Health
Designation of a Site Serving a
Medically Underserved Population

The Texas Department of Health is required under Texas Civil Statutes, Article 4495b, §3.06, to designate sites serving medically underserved populations. In addition, the department is required to publish notice of its designations in the *Texas Register* and to provide an opportunity for public comment on the designations.

Accordingly, the department has designated the following as a site serving a medically underserved population: Cook Children's School Health Center, located at 3300 South Henderson, Fort Worth (Tarrant County), Texas. Designation is based on proven eligibility as a site serving a disproportionate number of clients eligible for federal, state or locally funded health care programs.

Oral and written comments on this designation may be directed to Demetria Montgomery, M.D., Chief, Bureau of Community Oriented Primary Care, Texas Department of

Health, 1100 West 49th Street, Austin, Texas 78756; (512) 458-7771. Comments will be accepted for 30 days from the date of this notice.

Notice of Emergency Cease and Desist
Order

Notice is hereby given that the Bureau of Radiation Control (bureau) ordered Colorado Fayette Medical Center (registrant M-00492) of Weimar to cease and desist performing mammographic examinations until all violations noted during a recent inspection have been corrected and the facility has received authorization from the bureau to conduct mammographic screening. The bureau determined that conducting unauthorized mammographic screening and using personnel not qualified according to Texas radiation control regulations may subject patients to possible unnecessary radiation exposure, and constitute an immediate threat to public health and safety, and the existence of an emergency.

A copy of all relevant material is available for public inspection at the Bureau of Radiation Control, Exchange Building, 8407 Wall Street, Austin, Texas, Monday-Friday, 8:00 a.m. to 5:00 p.m. (except holidays).

**Texas Department of Human Services
Notice of Intent to Procure Family
Violence Services During Fiscal Year
1996**

The Texas Department of Human Services (TDHS) gives this notice of its intention to award contracts for family violence services for the period of September 1, 1995 through August 31, 1996. TDHS plans to contract with the shelters listed in this notice. Other organizations that believe they meet the following qualifications outlined are invited to provide written documentation of those qualifications. If other eligible providers respond to this notice, TDHS will determine the appropriateness of awarding additional contracts.

To be eligible to apply for a contract, a public or private non-profit organization just operate a shelter center for victims of family violence. For at least nine months before the date TDHS awards a contract to a shelter center, the center must have been incorporated (if private) and been portraying itself to the public as a facility that specifically, although not necessarily solely, service family violence victims; offered 24-hour hotline, community education, information and referral; and had the continuous capacity to offer 24-hour-a-day shelter for at least five victims of family violence. Continuous capacity is defined to include a break in services due to extenuating circumstances for no longer than one month.

If your organization believes it is eligible during fiscal year 1996 and meets the previously listed requirements, contact the family Violence Contract Administrator, Patricia Loving, at The Texas department of Human Services, 9101 Burnet Road, Suite 216, Austin, Texas 78748, (512) 873-2400.

The TDHS intends to contract in fiscal year 1996 (September 1-August 31) with the following family violence shelters: Noah Project, 1802 Grape, Abilene, Texas 79601; Family Crisis Center of The Big Bend, P.O. Box 1470, Alpine, Texas 79831; Family Support Services-Rape Crisis/Domestic Violence Program, 1001 South Polk, Amarillo, Texas 79101-3407; Women's Center of Brazoria County, P.O. Invitation for Bids

United Creosoting Superfund Site-Phase B-Industrial Remediation General Construction Contract

Invitation. This is a formal Invitation to BIDDERS to submit a sealed bid to the Texas Natural Resource Conservation Commission (TNRCC) for the United Creosoting Superfund Site, Conroe, Texas, Phase B-Industrial Remediation of Soils, General Construction Contract.

Sealed bids will be received by the TNRCC until 3:00 p.m. local time, August 15, 1995 and then publicly opened and read aloud that same day at 3:00 p.m. local time, at the TNRCC, Technical Park Center, 12100 Park 35 Circle, Building A, Room 310.

Scope of Work. Specified work shall consist of providing all personnel, equipment and material for constructing a Soil Treatment Building, excavating, hauling and pre-treating contaminated soil from designated areas within the United Creosoting Superfund Site located in Conroe, Texas, and subsequent reburial of soils on-site. Contaminated soil will be treated using a Critical Fluid Extraction System (CFES) provided and operated by CF Systems Corporation of Woburn, Massachusetts, under a separate contract with TNRCC. The treatment of contaminated soil will take place on a concrete slab adjacent to the proposed Soil Treatment Building. *Coordination between the general contractor and CF Systems will be required and monitored during the contract period. However, contact between BIDDERS and CF System Corporation is prohibited prior to bid opening.* Reference the Contract Documents for the full scope of work.

Plans and Specifications and Reference Documents. All Contract Documents and Reference Documents concerning the United Creosoting Superfund Site may be examined without charge at the following locations: Texas Natural Resource Conservation Commission, Technical Park Center, 12118 North IH 35, Building D, Room 190, Austin, Texas 78753, Montgomery County Public Library, 104 Interstate 45, North, Conroe, Texas 77301 (409) 539-7814.

Copies of the Plans and Specifications will be available for the non-refundable purchase price of \$65 at the following location: Roy F. Weston, Inc., 5599 San Felipe Suite 700, Houston, Texas 77056 (713) 621-1620, Attention: Keith Karnoski, P.E.

Cashiers checks or money orders should be made payable to Roy F. Weston, Inc. *Company and personal checks are not acceptable. Packages may either be sent to the BIDDER by regular mail or may be picked up at Weston's office. All requests for Plans and Specifications should include the following information: BIDDER's mailing address, BIDDER's physical address, BIDDER's fax number*

and phone number, and the *BIDDER's* contact person. *BIDDERS* who wish to have the packages sent by express mail should also include the account number of their preferred express mail delivery service.

A list of Reference Documents and instructions for obtaining copies are provided in Specification Section 00200.

A PRE-BID CONFERENCE/SITE VISIT will be held at the United Creosoting Superfund Site, Clarke Center, Conroe, Texas on July 18, 1995 from 8:00 a.m. to 11:00 a.m. local time. Following the Pre-Bid site visit, a conference will be held at 1:00 p.m. local time at the Holiday Inn, 1601 South IH 45, Conroe, Texas. Attendance is required for all prospective bidders. Attendance will be certified. *BIDDERS* should provide their own protective clothing (Level D). All persons who attend the site visit will also be required to sign a form releasing the TNRCC from liability from possible accidental injury and exposure to hazardous substances at the site.

Attention to *BIDDERS*. By signing the BID, the *BIDDER* affirms that it is fully aware of and accepts the following:

Funding: ANY CONTRACT awarded under this Invitation for Bids is expected to be 90% funded by a Cooperative Agreement from the United States Environmental Protection Agency and the remaining 10% matched by the State. Neither the United States nor any of its departments, agencies, or employees is or will be a party to the Invitation for Bids or any resulting contract. This procurement will be subject to regulations contained in 40 CFR Part 31, §§32, 33, 34, and 35.

Procurement Procedures: The procurement procedures described in the Invitation for Bids and the Instructions to *BIDDERS* were written in accordance with Federal standards. These procedures assure that all procurement transactions will be conducted in a manner which provides full and open competition.

Restrictions on types of Contracts: In accordance with Federal rules and regulations, the TNRCC shall award a fixed price contract (lump-sum, unit price or a combination thereof) under a remedial action cooperative agreement.

Pre-Bid Contact with Soil Remediation Contractor Shall be Prohibited: All *BIDDERS* are prohibited from contacting CF Systems Corporation or Morrison Knudsen Corporation, for any purposes related to the United Creosoting Superfund Site, Phase B-Industrial Remediation Project. All questions regarding this Project shall be directed to the TNRCC and the Engineer, as outlined in Section 00020, Instructions to Bidders. All BIDS will be required to be accompanied by an Affidavit signed by the *BIDDER* attesting to having prepared the BID independent from any information from CF Systems Corporation or Morrison Knudsen Corporation.

Anti-Lobbying Certification: ATTENTION OF *BIDDERS* is further directed to Public Law 101-121, §319, which prohibits the use of Federal funds for lobbying the Executive and Legislative Branches of the Federal Government in connection with the specific contract, grant or loan, and requires disclosure of such lobbying even where no Federal funds are used.

Small, Minority and Women Owned Business Enterprises (MBE/WBE): The successful *BIDDER*, being the prime contractor, shall be required to take the affirmative action steps, as defined in the Contract Documents, to assure that MBE/WBE's are used when possible, and to assure it has

made a good faith effort to meet the goals defined in the Agreement.

Federal Rules and Regulations: Applicable Federal Rules and regulations (not all inclusive) are included in the Contract Documents for the *BIDDER's* reference.

Equal Opportunity in Employment: All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin. The *BIDDER* will be required to comply with the President's Executive Order Number 11246, as amended.

Further Notifications to Bidders: The successful *BIDDER* will be prohibited from providing data generated or otherwise obtained in the performance of contractor responsibilities, to any party other than the TNRCC or EPA during the life of the contract and for five years after the end of the contract unless otherwise instructed by the TNRCC.

The successful *BIDDER* will be prohibited from accepting employment from any party other than the TNRCC or a Federal Agency for work directly related to the site covered under the contract for five years after the contract has terminated or until any cost recovery actions are completed, whichever is longer.

The TNRCC alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of this procurement (issues may include but are not limited to source evaluation, protests, disputes and claims). EPA will not substitute its judgment for that of TNRCC unless the matter is primarily a Federal concern. Violations of the law will be referred to the local, State or Federal authority having proper jurisdiction.

TNRCC has procedures to handle and resolve protests and disputes relating to procurement and will disclose information regarding the protest or dispute to the EPA.

EPA will review only those protests and disputes which violate Federal law or regulations or violate TNRCC's procedures for failure to review a complaint or protest.

EPA will refer all protests not specified previously, to the TNRCC.

**Notice of Opportunity to Comment on
Settlement Agreements of
Administrative Enforcement Actions.**

The Texas Natural Resource Conservation Commission (TNRCC) staff is providing an opportunity for written public comment on the listed Agreed Orders (AO's) pursuant to the Texas Clean Air Act (the Act), §382.096 Health and Safety Code Chapter 382. The Act, §382.096 requires that the TNRCC may not approve these AO's unless the public has been provided an opportunity to submit written comments. Section 382.096 requires that notice of the proposed orders and of the opportunity to comment must be published in the *Texas Register* no later than the 30th day before the date on which the public comment period closes, which in this case is July 29, 1995. Section 382.096 also requires that the TNRCC promptly consider any written comments received and that the TNRCC may withhold approval of an AO if a comment indicates the proposed AO is inappropriate, improper, inadequate or inconsistent with the requirements of the Texas Clean Air Act. Additional notice is not required if changes to an AO are made in response to written comments.

A copy of each of the proposed AO's is available for public inspection at both the TNRCC's Central Office, located at 12100 Park 35 Circle, Building A, 3rd Floor, Austin, Texas 78753, (512) 239-3400 and at the applicable Regional Office in the following list. Written comments about these AO's should be sent to the Staff Attorney designated for each AO at the TNRCC's Central Office at P.O. Box 13087 Austin, Texas 78711-3087 and must be received by 5:00 p.m. on July 29, 1995. Written comments may also be sent by facsimile machine to the Staff Attorney at (512) 239-3434. The TNRCC Staff Attorneys are available to discuss the AO's and/or the comment procedure at the listed phone numbers; however, §382.096 provides that comments on the AO's should be submitted to the TNRCC in writing.

**North Central Texas Council of
Governments**
**Request for Letters of Interest and
Qualifications**

This request by the North Central Texas Council of Governments (NCTCOG) for Letters of Interest and Qualifications from the private sector is filed under the provisions of the Government Code, Chapter 2254.

The North Central Texas Council of Governments is the Metropolitan Planning Organization (MPO) designated by

the Governor of Texas for the Dallas-Fort Worth region. The Regional Transportation Council (RTC) is the transportation policy body for NCTCOG as the MPO and is composed primarily of elected officials who serve as a forum for cooperative decisions among the local governments on transportation improvements.

NCTCOG is requesting Letters of Interest and Qualifications from the private sector regarding opportunities for innovative strategies to implement passenger rail facilities in the Mobility 2010 Plan Update: The Regional Transportation Plan for North Central Texas and in other corridors in North Central Texas. The Mobility 2010 Plan Update identifies \$15 billion of needed transportation improvements but is financially constrained to anticipated available revenues. The Regional Transportation Council, in its ongoing effort to investigate all potential revenue sources to implement the identified transportation improvements, took action at its June 8, 1995, meeting to allow NCTCOG staff to advertise for private sector initiatives, review and evaluate the initiatives, and bring back to the RTC any qualified proposals. No financial commitments are being requested or offered by NCTCOG at this time. The RTC is interested in receiving Letters of Interest for various types of technology for different corridors and has requested additional information on proposer qualifications. This is very similar to the RTC effort to pursue private sector toll road facilities for mixed-flow roadway improvements. The review of information received will be coordinated with the transportation authorities and the impacted local governments.

Regulations. NCTCOG, in accordance with Title VI of the Civil Rights Act of 1964, 78 Statute 252, 41 United States Code 2000d to 2000d-4; and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 1, Nondiscrimination in Federally Assisted Programs of the Department of Transportation issued pursuant to such act, hereby notifies submitters that it will affirmatively assure that disadvantaged business enterprises will be afforded full opportunity to respond to this invitation and will not be discriminated against on the grounds of race, color, sex, age, national origin, or disability.

Due Date. Letters of Interest and Qualifications describing proposed opportunities for private sector passenger rail implementation must be submitted no later than 12 noon, Friday, July 28, 1995, to Michael Morris, P.E., Director of Transportation, North Central Texas Council of Governments, 616 Six Flags Drive, Second Floor, or P.O. Box 5888, Arlington, Texas 76005-5888. The Letters of Interest and Qualifications should be no more than ten pages in length and identify specific corridors, modes, and cost implications. Each corridor requires a separate submittal. Demonstration projects may be considered. For more information, contact Vickie Alexander at (817) 695-9240.

Issued in Arlington, Texas, on June 22, 1995.

**The Texas A&M University System
Request for Information (RFI)**

The Texas A&M University System (System) requests information from law firms interested in representing the System and its component institutions in tax-exempt bond matters. This RFI is issued for the purpose of establishing (for the bienium beginning September 1, 1995) a referral list from which the System, by and through its Office of General Counsel, will select appropriate counsel for representation on specific bond matters as the need arises. These needs include the usual and necessary services of a bond counsel in connection with issuance, sale and delivery of bonds and notes on which the interest is excludable from gross income under existing federal tax law.

Description. The System comprises seven universities and eight state agencies in Texas. Public, tax-exempt bond issuance is conducted under two major programs and is rated by three major rating agencies. Bonds are issued under authority granted the System in the Texas Constitution (Permanent University Fund, Article VII, §18). A variable rate demand note program with an authorized limit of \$95 million is frequently used to raise new funds in support of the capital improvement program. Note sales are normally conducted once or twice each year. Currently, \$80 million is issued and outstanding. Fixed rate bond sales occur each two or three years in the amount of approximately \$100 million to refund variable rate notes. Advance refunding of Permanent University Fund bonds are conducted periodically based on potential savings opportunities. Under authority granted in the Texas Education Code, Chapter 55 and Texas Civil Statutes, Articles 717k and 717q, and other applicable laws, the System issues revenue bonds for capital improvements. A tax-exempt variable rate note program is used for interim financing with long term fixed rate bonds sold to provide more permanent financing. The variable rate note program, currently in a commercial paper mode, is presently authorized up to \$125 million and has \$100 million outstanding. The System employs a revenue bond program which offers a combined pledge of all legally available revenues with certain exceptions (the Revenue Financing System). Advance refunding of bonds and escrow restructures of previously defeased bonds, based on market timing, may be expected. Federal tax related matters regarding bonds issued by the System, including strategies and management practices in the conduct of an exempt debt program re-

quires a close working relationship with bond counsel. Contact is frequent, particularly in regard to the Revenue Financing System program due to the significant level of capital improvements anticipated throughout the System over the next year. The System invites responses to this RFI from qualified firms for the provision of such legal services under the direction and supervision of the System's Office of General Counsel.

Responses. Responses to this RFI should include at least the following information: a description of the firm's or attorney's qualifications for performing the legal services, including the firm's prior experience in bond issuance matters, the names, experience, and technical expertise of the attorneys who may be assigned to work on such matters, and appropriate information regarding efforts made by the firm to encourage and develop the participation of minorities and women in the provision both of the firm's legal services generally and bond matters in particular; the submission of fee information (either in the form of hourly rates for each attorney who may be assigned to perform services in relation to the System's bond matters, flat fees, or other fee arrangements directly related to the achievement of specific goals and costs controls) and billable expenses; disclosures of conflicts of interest (identifying each and every matter in which the firm has, within the past calendar year, represented any entity or individual with an interest adverse to the System or to the State of Texas, or any of its boards, agencies, commissions, universities; or elected or appointed officials); and confirmation of willingness to comply with policies, directives and guidelines of the System and the Attorney General of the State of Texas.

Format and Person to Contact. Three copies of the response are requested. The response should be typed, preferably double-spaced, on 8-1/2 by 11-inch paper with all pages sequentially numbered, either stapled or bound together. They should be sent by mail or delivered in person, marked "Response to Request for Information," and addressed to Melissa M. Ricard, Assistant General Counsel, Office of General Counsel, The Texas A&M University System John B. Connally Building, Sixth Floor, Campus Mail Stop 1230, College Station, Texas 77843-1230, (409) 845-3511 for questions.

Deadline for Submission of Response. All responses must be received by the Office of General Counsel of The Texas A&M University System at the address set forth previously not later than 5:00 p.m., July 14, 1995.

Issued in College Station, Texas on June 21, 1995.
