Texas Register, ISSN 0362-4781, is published semi-weekly 100 times a year except March 11, July 22, November 11, and November 29, 1994. Issues will be published by the Office of the Secretary of State, 1019 Brazos, Austin, Texas 78701. Subscription costs: one year - printed, \$95 and electronic, \$90; six-month printed, \$75 and electronic, \$70. Single copies of most issues are available at \$7 per copy.

Material in the Texas Register is the property of the State of Texas. However, it may be copied, reproduced, or republished by any person without permission of the Texas Register Director, provided no such republication shall bear the legend Texas Register or "Official" without the written permission of the director. The Texas Register is published under the Government Code, Title 10, Chapter 2002. Second class postage is paid at Austin, Texas.

POSTMASTER: Please send form 3579 changes to the Texas Register, P.O. Box 13824, Austin, TX 78711-3824.

How to Use the Texas Register

Information Available: The 10 sections of the Texas Register represent various facets of state government. Documents contained within them include:

Governor - Appointments, executive orders, and proclamations.

Attorney General - summaries of requests for opinions, opinions, and open records decisions.

Secretary of State - opinions based on the election laws.

Texas Ethics Commission - summaries of requests for opinions and opinions.

Emergency Rules- sections adopted by state agencies on an emergency basis.

Proposed Rules - sections proposed for adoption.

Withdrawn Rules - sections withdrawn by state agencies from consideration for adoption, or automatically withdrawn by the Texas Register six months after the proposal publication date.

Adopted Rules - sections adopted following a 30-day public comment period.

Open Meetings - notices of open meetings.

In Addition - miscellaneous information required to be published by statute or provided as a public service.

Specific explanation on the contents of each section can be found on the beginning page of the section. The division also publishes cumulative quarterly and annual indexes to aid in researching material published.

How to Cite: Material published in the Texas Register is referenced by citing the volume in which the document appears, the words "TexReg" and the beginning page number on which that document was published. For example, a document published on page 2402 of Volume 19 (1994) is cited as follows: 19 TexReg 2402.

In order that readers may cite material more easily, page numbers are now written as citations. Example: on page 2 in the lower-left hand corner of the page, would be written "19 TexReg 2 issue date," while on the opposite page, page 3, in the lower right-hand corner, would be written "issue date 19 TexReg 3."

How to Research: The public is invited to research rules and information of interest between 8 a.m. and 5 p.m. weekdays at the Texas Register office, Room 245, James Earl Rudder Building, 1019 Brazos, Austin. Material can be found using Texas Register indexes, the Texas Administrative Code, section numbers, or TRD number.

Texas Administrative Code

The Texas Administrative Code (TAC) is the official compilation of all final state agency rules published in the Texas Register. Following its effective date, a rule is entered into the Texas Administrative Code. Emergency rules, which may be adopted by an agency on an interim basis, are not codified within the TAC. West Publishing Company, the official publisher of the TAC, releases cumulative supplements to each printed volume of the TAC twice each year.

The TAC volumes are arranged into Titles (using

Arabic numerals) and Parts (using Roman numerals). The Titles are broad subject categories into which the agencies are grouped as a matter of convenience. Each Part represents an individual state agency. The Official TAC also is available on WESTLAW, West's computerized legal research service, in the TX-ADC database.

To purchase printed volumes of the TAC or to inquire about WESTLAW access to the TAC call West: 1-800-328-9352.

The Titles of the TAC, and their respective Title numbers are:

- 1. Administration
4. Agriculture
7. Banking and Securities
10. Community Development
13. Cultural Resources
16. Economic Regulation
19. Education
22. Examining Boards
25. Health Services
28. Insurance
30. Environmental Quality
31. Natural Resources and Conservation
34. Public Finance
37. Public Safety and Corrections
40. Social Services and Assistance
43. Transportation

How to Cite: Under the TAC scheme, each section is designated by a TAC number. For example in the citation 1 TAC §27.15:

1 indicates the title under which the agency appears in the Texas Administrative Code; TAC stands for the Texas Administrative Code; §27.15 is the section number of the rule (27 indicates that the section is under Chapter 27 of Title 1; 15 represents the individual section within the chapter).

How to update: To find out if a rule has changed since the publication of the current supplement to the Texas Administrative Code, please look at the Table of TAC Titles Affected. The table is published cumulatively in the blue-cover quarterly indexes to the Texas Register (January 21, April 15, July 12, and October 11, 1994). In its second issue each month the Texas Register contains a cumulative Table of TAC Titles Affected for the preceding month. If a rule has changed during the time period covered by the table, the rule's TAC number will be printed with one or more Texas Register page numbers, as shown in the following example.

TITLE 40. SOCIAL SERVICES AND ASSISTANCE

Part I. Texas Department of Human Services

40 TAC §3.704.....950, 1820

The Table of TAC Titles Affected is cumulative for each volume of the Texas Register (calendar year).

Update by FAX: An up-to-date Table of TAC Titles Affected is available by FAX upon request. Please specify the state agency and the TAC number(s) you wish to update. This service is free to Texas Register subscribers. Please have your subscription number ready when you make your request. For non-subscribers there will be a fee of \$2.00 per page (VISA, MasterCard). (512) 463-5561.

ADOPTED RULES

An agency may take final action on a section 30 days after a proposal has been published in the *Texas Register*. The section becomes effective 20 days after the agency files the correct document with the *Texas Register*, unless a later date is specified or unless a federal statute or regulation requires implementation of the action on shorter notice.

If an agency adopts the section without any changes to the proposed text, only the preamble of the notice and statement of legal authority will be published. If an agency adopts the section with changes to the proposed text, the proposal will be republished with the changes.

TITLE 1. ADMINISTRATION

Part I. Office of the Governor

Chapter 5. Budget and Planning Office

Subchapter B. State and Local Review of Federal and State Assistance Applications

Introduction and General Provisions of Texas Review and Comment System

• 1 TAC §5.195

The Governor's Office adopts an amendment to §5.195, concerning the Texas Review and Comment System, with changes to the proposed text as published in the March 8, 1994, issue of the *Texas Register* (19 TexReg 1595). The changes delete programs no longer in existence or no longer deemed neces-

sary to review; add new programs for review; and conform program numbers to current listings in the Catalog of Federal Domestic Assistance.

Commenting agencies requested that nine programs be added and that one program be dropped from the Texas Review and Comment System. Comments were received from the Texas Rehabilitation Commission (TRC), from the Texas Department of Mental Health and Mental Retardation and from the Governor's Office of Immigration and Refugee Affairs. In the case of the request that 84.126, 84.132, 84.177, 84.187, 84.224, 84.234, 84.246, 84.264 and 84.265 be added, the agency agreed that it would enhance coordination between the TRC and other program operators to include additional programs that impact TRC's areas of responsibility. The deletion of 93.026 was justified by the nature of the program, which is a non-discretionary, formula-based program in which eligibility, funding levels and services provided are dictated by federal law and would therefore not benefit from intergovernmental review.

The amendment is adopted under the Government Code, §772.004 and §772.005, and the Local Government Code, Chapter 391, which authorize the Governor's Office to pro-

vide for review of state and local applications for grant and loan assistance and to establish policies and guidelines for review and comment. Local Government Code, Chapter 391, requires applicants for state or federal assistance to submit their applications for review to the appropriate regional planning commissions and directs the governor to issue guidelines for carrying out such reviews.

§5.195. Program Coverage.

(a)-(b) (No change.)

(c) Federal programs included for review under TRACS pursuant to these laws, plus selected other activities, including all direct federal and state development not specifically excluded by law, are shown, respectively, in Tables I and II. Copies of these tables may be obtained from the State Single Point of Contact, Texas Office of State-Federal Relations, Post Office Box 13005, Austin, Texas 78711. As required by state law (Government Code, §772.005), all state agencies must notify the governor's office when applying for federal funds.

**Part XII. Advisory
Commission on State
Emergency
Communications**

**Chapter 251. Regional
Plans-Standards**

• **1 TAC §251.5**

The Advisory Commission on State Emergency Communications adopts new §251.5, with changes to the proposed text as published in the December 10, 1993, issue of the *Texas Register* (18 TexReg 9155)

In compliance with Health and Safety Code, Chapter 771, the Advisory Commission on State Emergency Communications establishes minimum performance standards for equipment and operations of 9-1-1 service. The new section establishes policy for equipment procurement, installation, and operation as it pertains to emergency communications.

The new section gives the Councils of Governments the responsibility for equipment maintenance and replacement as necessary to meet performance standards for 9-1-1 service.

Comments against adoption of the new section were received from the North Central Texas Council of Governments, which believes developing maintenance plans is time-consuming and presents unnecessary conflict as to which option is best for the COG. Coastal Bend Council of Governments states

that preparation of a plan is time-consuming and has an impact on the limited resources of local communities.

The Commission staff met with Regional Council 9-1-1 Coordinators to discuss the proposed rule and their concern that ACSEC required too much information on maintenance options and that they lacked adequate time and resources to respond. The Commission disagrees with North Central Texas Council of Governments and the Coastal Bend Council of Governments that planning for maintenance and replacement for equipment is too time-consuming and restrictive. The Commission believes that such planning is prudent to ensure 9-1-1 equipment is operating optimally. Commission agreed to delete some language determined to be excessive.

The new section is adopted under Health and Safety Code, Chapter 771, which provides the Advisory Commission on State Emergency Communications with the authority to set procedures and performance standards which ensure 9-1-1 call delivery, utilizing equipment that is well-maintained and which provides maximum performance.

§251.5. Guidelines for the Maintenance and Replacement of 9-1-1 Equipment.

(a) Definitions. The following words and terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise.

(1) 9-1-1 funds—Funds assessed and disbursed in accordance with the Texas Health and Safety Code, Chapter 771.

(2) 9-1-1 equipment—Capital equipment acquired partially or in whole with 9-1-1 funds and designed to support and/or facilitate the delivery of an emergency 9-1-1 call to an appropriate emergency response agency.

(3) Capital reinvestment cost—The non-recurring cost of replacing 9-1-1 equipment amortized over a selected period of time.

(4) Emergency communications district—A public agency or group of public agencies acting jointly that provided 9-1-1

service before September 1, 1987, or that had voted or contracted before that date to provide that service; or a district created under Texas Health and Safety Code, Chapter 772, Subchapter B, C, or D.

(5) Maintenance—The preservation and upkeep of 9-1-1 equipment in order to insure that it continues to operate and perform at a level comparable to that exhibited at its initial acquisition.

(6) Maintenance plan—A plan that identifies a cost effective program for the maintenance of 9-1-1 equipment. For regional planning commissions, this plan is part of a regional plan as described by the Texas Health and Safety Code, Chapter 771.

(7) Regional planning commission—A commission established under Local Government Code, Chapter 391, also referred to as a regional council of governments (COG).

(8) Replacement—The timely replacement of old 9-1-1 equipment for new 9-1-1 equipment in order to insure the appropriate and acceptable continued operation of 9-1-1 services.

(9) Replacement plan—A plan that identifies a cost-effective program for the replacement of 9-1-1 equipment. For regional planning commissions, this plan is part of a regional plan as described by the Texas Health and Safety Code, Chapter 771.

(10) Useful life—The period of time that a piece of capital equipment can consistently and acceptably fulfill its service or functional assignment.

(b) Policy and procedures. As authorized by the Texas Health and Safety Code, Chapter 771, the Advisory Commission on State Emergency Communications (ACSEC) may impose 9-1-1 emergency service fees and equalization surcharges to support the planning, development, and provision of 9-1-1 service throughout the state of Texas. The implementation of such service involves the procurement, installation and operation of equipment designed to ei-

ther support or facilitate the delivery of an emergency call to an appropriate emergency response agency. It is the policy of the ACSEC that this equipment be well maintained and provide the maximum performance possible within the environment in which it operates.

(c) Maintenance

(1) Regional planning commissions funding the purchase and/or lease of 9-1-1 equipment shall develop and adopt maintenance plans covering the equipment involved as part of the regional plan.

(2) Emergency communication districts requesting 9-1-1 funds in accordance with established rules and procedures for the maintenance of 9-1-1 equipment shall provide a maintenance plan for the equipment involved.

(3) Maintenance plans shall be provided to the ACSEC in conjunction with equipment plan amendments or district requests submitted to the Commission following the adoption of this rule in accordance with established Commission policy. For equipment purchased and/or leased prior to the adoption of this rule, maintenance plans for regional planning commissions shall be submitted to the ACSEC for consideration no later than the beginning of the next budget cycle from the date of adoption of this rule.

(4) Annual budgeted costs associated with the maintenance of 9-1-1 equipment shall be monitored by the ACSEC staff for consistency with approved maintenance plans. Such costs that are determined by the ACSEC staff to not be consistent with approved maintenance plans, shall be reviewed and approved by the Commission.

(d) Replacement

(1) Regional planning commissions funding the purchase and/or lease of 9-1-1 equipment shall develop and adopt replacement plans designed to insure the availability of adequate financial and other resources required to timely replace equipment that has reached the end of its useful life.

(2) The initial useful life of 9-1-1 equipment acquired prior to the adoption of this rule shall be the remaining life of the equipment involved, calculated from the date of the adoption of this rule.

(3) Emergency communication districts requesting 9-1-1 funds in accordance with established rules and procedures for the replacement of 9-1-1 equipment shall provide a replacement plan for the equipment involved.

(4) Annual capital reinvestment costs associated with the replacement of 9-1-1 equipment shall be monitored by the ACSEC staff for consistency with approved replacement plans. Such costs that are de-

termined by the ACSEC staff to not be consistent with approved replacement plans, shall be reviewed and approved by the Commission.

This agency hereby certifies that the rule as adopted has been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority.

Chapter 401. Administration

Subchapter B. Council Meeting
Guidelines and Requirements

• 1 TAC §401.22

The Council on Competitive Government adopts an amendment to §401.22(a), concerning council members' designees, without changes to the proposed text as published in the April 19, 1994, issue of the *Texas Register* (19 TexReg 2811).

The rule is amended to widen and diversify the pool of potential individuals that may serve as designees.

This rule allows designated individuals to act on behalf of council members.

No comments were received regarding adoption of the amendment.

The amendment is adopted under Texas Civil Statutes, Article 601b, §15.06(1), which invest the Council on Competitive Government with the authority to promulgate rules necessary to administer its functions under Texas Civil Statutes, Article 601b, Article 15.

This agency hereby certifies that the rule as adopted has been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority.

• 7 TAC §109.13

The State Securities Board adopts an amendment to §109.13, concerning employee plan advertising, without changes to the proposed text as published in the March 4, 1994, issue of the *Texas Register* (19 TexReg 1511).

The amendment removes an inconsistency in the rule.

Incongruous language contained in the rule is eliminated.

No comments were received regarding adoption of the amendment.

The amendment is adopted under Texas Civil Statutes, Article 581, §28-1, which provide the Board with the authority to adopt rules and regulations necessary to carry out and implement the provisions of the Securities Act, including rules and regulations governing registration statements and applications, defining terms, classifying securities, persons, and matters within its jurisdiction; and prescribing different requirements for different classes.

• 7 TAC §109.17

The State Securities Board adopts an amendment to §109.17, concerning banks under The Securities Act, without changes to the proposed text as published in the March 4, 1994, issue of the *Texas Register* (19 TexReg 1511).

The amendment adds Texas chartered limited banking associations to the list of financial institutions recognized in the Securities Act, §5.1 Texas chartered limited banking associations are organized pursuant to the provisions of House Bill 1212, 73rd Legislature, 1993, and are regulated in the same manner as are traditional banking entities.

The rule will extend the exemption for sales by an issuer or by a registered dealer of securities issued or guaranteed by certain banks to securities issued or guaranteed by Texas chartered limited banking associations.

One comment letter was received. That letter, from the Independent Bankers Association of Texas, ("IBAT"), supported the amendment. IBAT noted that limited banking associations are considered banks for every other purpose in state and federal law at this time, and should be treated accordingly for purposes of the securities laws. Predicated on the nature of the regulation of these entities, the Board agrees.

The amendment is adopted under Texas Civil Statutes, Article 581, §28-1 Section 28-1 provides the Board with the authority to adopt rules and regulations necessary to carry out and implement the provisions of the Securities Act, including rules and regulations governing registration statements and applications, defining terms, classifying securities, persons, and matters within its jurisdiction, and prescribing different requirements for different classes

Chapter 137. Administrative Guidelines for Regulation of Offers

• 7 TAC §137.3

The State Securities Board adopts an amendment to §137.3, concerning language approved for use on a preliminary prospectus, with changes to the proposed text as published in the March 4, 1994, issue of the *Texas Register* (19 TexReg 1519). A change was made to the published proposal to change the reference from "Rule" 501 to "Item" 501 "of Regulation S-K", to better describe the text found at 17 Code of Federal Regulations, §229.501

The amendment updates the citation to the Securities and Exchange Commission regulation which contains the statement which appears in red ink on the outside front cover of a preliminary prospectus. Under the Texas Securities Act, §22, such language may be used on preliminary prospectuses in Texas

The rule operates to coordinate disclosures at the state level with disclosures at the federal level

No comments were received regarding adoption of the amendment

The amendment is adopted under Texas Civil Statutes, Article 581, §28-1 Section 28-1 provides the Board with the authority to adopt rules and regulations necessary to carry out and implement the provisions of the Securities Act, including rules and regulations governing registration statements and applications, defining terms, classifying securities, persons, and matters within its jurisdiction, and prescribing different requirements for different classes

§137.3 Preliminary Prospectus The language adopted by the Securities and Exchange Commission in paragraph (c)(8) of Item 501 of Regulation S-K (17 C.F.R. §229.501) meets the requirements of the Act, §22 A(4)(b), and is approved for use on preliminary prospectuses in Texas

The Board of Nurse Examiners adopts the repeal of §§217.3-217.6, concerning licensure and practice, without changes to the proposed text as published in the April 5,

1994, issue of the *Texas Register* (19 TexReg 2348)

The repeal of this repeal will permit the adoption of new, more current rules

The repeals enable clarification by omission

No comments were received regarding adoption of the repeals

The repeals are adopted under Texas Civil Statutes, Article 4514, §1, which provide the Board of Nurse Examiners with the authority to make and enforce all rules and regulations necessary for the performance of its duties and conducting of proceedings before it

This agency hereby certifies that the rule as adopted has been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority

The Board of Nurse Examiners adopts new §§217.3-217.6, concerning licensure and practice without changes to the proposed text as published in the April 5, 1994, issue of the *Texas Register* (19 TexReg 2348)

These sections are being adopted to clarify the rules in relation to individuals eligible for permits in Texas based on the implementation of Computer Adaptive Testing (CAT) which began on April 1, 1994

The adoption of these sections will ensure that only individuals eligible for licensure in Texas receive temporary permits while awaiting results of the NCLEX-RN

No comments were received regarding adoption of the new sections

The new sections are adopted under Texas Civil Statutes, Article 4514, §1, which provide the Board of Nurse Examiners with the authority to make and enforce all rules and regulations necessary for the performance of its duties and conducting of proceedings before it

• 22 TAC §217.19

The Board of Nurse Examiners adopts new §217.19, concerning Minor Incidents, without changes to the proposed text as published in the March 25, 1994, issue of the *Texas Register* (19 TexReg 2121)

Article 4525a, §6(A)(b), requires the Board of Nurse Examiners to adopt rules to minimize the reporting of minor incidents. The Board convened a Nursing Practice Advisory Committee that met in January 1994 and recommended proposed rules to the Board. The Committee reviewed the proposed rules and comments in April 1994 and recommended that the Board adopt the rules with no changes in the text

The adoption of this new section will reduce complaints concerning incidents which would not result in disciplinary action by the Board, thereby freeing the Board's staff to spend more time investigating RNs who might actually pose a risk harm. These cases would be expedited as a result

One commenter requested clarification on the intent and implications of the last sentence in subsection (b) and requested that the phrase "or the Peer Review Committee" be deleted

Texas Nurses Association supported the adoption of the section with the deletion as mentioned in the summary

The Nursing Practice Advisory Committee did not feel the deletion was necessary and the Board of Nurse Examiners concurred

The new section is adopted under Texas Civil Statutes, Article 4514, §1, which provide the Board of Nurse Examiners with the authority to make and enforce all rules and regulations necessary for the performance of its duties and conducting of proceedings before it

This agency hereby certifies that the rule as adopted has been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority

Part XXII. Texas State Board of Public Accountancy

Chapter 501 Professional Conduct

General Provisions

• 22 TAC §501.4

The Texas State Board of Public Accountancy adopts an amendment to §501.4, without changes to the proposed text as published in the April 5, 1994, issue of the *Texas Register* (19 TexReg 2350)

The amendment allows more flexibility in issuing licenses with varying expiration dates.

The amendment will function by changing expiration dates to the last day of the licensee's birth month and by issuing licenses valid to that date

No comments were received concerning adoption of the rule.

The amendment is adopted under Texas Civil Statutes, Article 41a-1, §6, which provide the Texas State Board of Public Accountancy with the authority to make such rules as may be necessary or advisable to carry in effect the purposes of the law, and §9, which authorizes the Board to issue licenses

This agency hereby certifies that the rule as adopted has been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority

Chapter 501. Professional Conduct

Other Responsibilities and Practices

• 22 TAC §501.43

The Texas State Board of Public Accountancy adopts an amendment to §501.43, without changes to the proposed text as published in the April 5, 1994, issue of the *Texas Register* (19 TexReg 2351)

The amendment sets a definite time limit for the retention of advertising records and, because of the repeal of the Board's rule on Solicitation, uses "communication" instead of "solicitation"

The amendment will function by replacing "solicitation" with "communication" since the board rule on solicitation has been repealed and communication is the appropriate word. The amendment also adds the phrase "for at least 36 months" to subsection (f)

No comments were received concerning adoption of the rule

The amendment is adopted under Texas Civil Statutes, Article 41a-1, §6, which provide the Texas State Board of Public Accountancy with the authority to make such rules as may be necessary or advisable to carry in effect the purposes of the law

Chapter 17. Vehicle Titles and Registration

Dealers and Manufacturers Vehicle License Plates

• 43 TAC §17.71

The Texas Department of Transportation adopts an amendment to §17.71, without changes to the proposed text as published in the February 18, 1994, issue of the *Texas Register* (19 TexReg 1209) The amendment is necessary to clarify the notice to a motor vehicle dealer of a proposed amendment and/or proposed cancellation. The word proposed is being deleted before the words assessment and cancellation, thereby preventing any misunderstanding that the action may be informal and causing the dealers to be untimely in their responses or requests for conferences

House Bill 941, 73rd Legislature, 1993, amended the Texas Motor Vehicle Commission Code, Texas Civil Statutes, Article 4413(36), to authorize the Texas Motor Vehicle Board of the department and the Motor Vehicle Division to conduct hearings in contested cases brought pursuant to Texas Civil Statutes, Article 6686, and provided that the procedures applicable to such hearings, and a disposition of a final order of such hearings, are those applicable to a hearing conducted as provided by Texas Civil Statutes Article 4413(36), §6.07(e)(2). In order to comply with House Bill 941, §17.71, is further amended to provide that administrative hearings concerning civil penalties and cancellations of dealer licenses shall be held pursuant to the Texas Motor Vehicle Commission Code, and in accordance with rules adopted under 16 TAC §§101.5, 101.14 and §§101.41, 101.64

A public hearing was held on March 1, 1994, and no oral or written comments were received

The amended section is adopted under Texas Civil Statutes, Articles 6663, which provides the Texas Transportation Commission with the authority to establish rules for the conduct of the work of the Texas Department of Transportation, and more specifically by Texas Civil Statutes, Article 4413(36), to authorize the Texas Motor Vehicle Board of the department and the Motor Vehicle Division to conduct hearings in contested cases brought pursuant to §6.07(e)(2) of this statute

OPEN MEETINGS

Agencies with statewide jurisdiction must give at least seven days notice before an impending meeting. Institutions of higher education or political subdivisions covering all or part of four or more counties (regional agencies) must post notice at least 72 hours before a scheduled meeting time. Some notices may be received too late to be published before the meeting is held, but all notices are published in the **Texas Register**.

Emergency meetings and agendas. Any of the governmental entities listed above must have notice of an emergency meeting, an emergency revision to an agenda, and the reason for such emergency posted for at least two hours before the meeting is convened. All emergency meeting notices filed by governmental agencies will be published.

Posting of open meeting notices. All notices are posted on the bulletin board at the main office of the Secretary of State in lobby of the James Earl Rudder Building, 1019 Brazos, Austin. These notices may contain a more detailed agenda than what is published in the **Texas Register**.

Meeting Accessibility. Under the Americans with Disabilities Act, an individual with a disability must have an equal opportunity for effective communication and participation in public meetings. Upon request, agencies must provide auxiliary aids and services, such as interpreters for the deaf and hearing impaired, readers, large print or braille documents. In determining type of auxiliary aid or service, agencies must give primary consideration to the individual's request. Those requesting auxiliary aids or services should notify the contact person listed on the meeting summary several days prior to the meeting by mail, telephone, or RELAY Texas (1-800-735-2989).

The State Board of Education periodically reviews the educational needs of the state, establishes goals for Texas public education, and adopts and promotes a long-range plan for meeting those goals. The goals developed for this Long-Range Plan will carry Texas public education to the next century. The hearings are conducted to gather comment about the educational needs of the state, proposed goals for Texas public education, and how those goals can best be achieved.

In order to allow the committee to hear from as many groups as possible, professional associations and education advocacy organizations are encouraged to coordinate proposals within their memberships and make one presentation on behalf of the group.

Individuals desiring to present testimony to the Committee on Long-Range Planning are asked to register for the hearing by calling the Texas Education Agency Office of Policy Planning and Evaluation, at (512) 463-9701, by 5:00 p.m. on the last working day prior to the public hearing at which they wish to speak. To accommodate as many speakers as possible, individuals are asked to limit their testimony to the committee to three minutes. Speakers will be asked to testify in the order in which their calls were received.

Individuals may also register on-site the day of the hearing. These individuals will be allowed to give testimony on a first-come, first-served basis following those who have pre-registered.

Speakers are encouraged to provide 15 written copies of their testimony for distribution to the committee. Written information for the committee can be sent to the Office of Policy Planning and Evaluation at any time.

Additional information concerning these hearings may be obtained from the Division of Policy Planning and Evaluation, Texas Education Agency, 1701 North Congress Avenue, Austin, Texas 78701-1494, or at (512) 463-9701.

Public Notice

Texas Department of Human Services Announces Competitive Procurement for Child Care Training Contractors.

Child Care Training Description: For contracts effective November 1, 1994, the Texas Department of Human Services (TDHS) will competitively procure child care training projects. One Child Care Training (CCT) contractor will be selected in each of the 27 CCT Service Delivery Areas (SDA). These SDA's correspond to the Child Care Management Services (CCMS) SDA's. The 27 CCT service delivery areas are listed below with the TDHS region number and the counties to be served by the contractor.

As defined by TDHS, each training project contractor will manage the CCT throughout the SDA; determine the child care staff training needs and training resources in the SDA in coordination with the CCMS contractors and other entities, develop a comprehensive training plan based on the needs and resources throughout the SDA, develop, provide and purchase child care training addressing child care staff training needs throughout the SDA in accordance with the approved training plan; initiate and participate in collaborative, cooperative activities throughout the SDA to leverage training funding and resources available in the SDA, and provide oversight and follow-up on training provided and purchased. The CCT contractor is encouraged to subcontract or use consortium arrangements

for the delivery of training services, using procurement and purchasing practices aimed at fair and open participation.

TDHS reimburses the CCT contractor in accordance with TDHS policies and procedures. Based on a budget built on expected reasonable and necessary expenses, TDHS pays the CCT contractor actual costs and fixed fees for CCT activities and training costs. The amount paid must not exceed the contractor's TDHS allocation of funds. The contractor must reimburse TDHS for any payments in excess of actual allowable cost.

Primary Capabilities: The primary capabilities of a CCT contractor include the overall ability to efficiently manage and implement programs. Specifically, the contractor must demonstrate financial/fiscal responsibility, ability to manage projects and subcontracts, and the ability to implement sound procurement and purchasing systems and practices. The contractor must have the capacity to handle child care training services including determination of needs and resources; development of training plans, development, provision and purchase of services; evaluation trainer qualifications and training programs; initiation and participation in collaborative, cooperative endeavors; and performance of follow-up activities.

Procurement Process: TDHS will use the competitive procurement process to select one CCT contractor for each service delivery area as described below. CCT contractors may be public, private, non-profit or for-profit agencies.

Applications for CCT contracts must be made on forms supplied by TDHS for each procurement. Requests for proposal packages should be available from the contact persons listed below by June 16, 1994. The closing date for TDHS to receive a proposal will be no later than 5:00 p.m. on July 26, 1994.

Specific Evaluation Criteria: The evaluation criteria will focus on the offeror's experience and expertise related to the primary capabilities described above, the capacity of the offeror to perform the CCT functions, the offeror's resource deployment, and the offeror's cost containment.

Minimum Contract Requirements: To contract with TDHS, the CCT contractor must agree to comply with the following requirements: applicable federal and state laws, regulations, and policies; TDHS service standards applicable to the service being purchased; generally accepted accounting principles and procedures recognized by the American Institute of Certified Public Accountants; and contractual terms, such as those relating to sufficient operating capital, assumption of liability for audit exceptions, and conditions for contract termination.

Contract Duration: The initial effective date for contracts awarded under this competitive procurement is November 1, 1994. Renewal of the competitively procured contract usually occurs at the beginning of each state fiscal year (September 1). At its option, TDHS may negotiate the renewal or extension of the contract on a non-competitive basis for additional periods. A contract may not be non-competitively renewed or extended if the competitive procurement process has not been used for at least one of the contract periods occurring during the preceding 48 months.

For More Information: Staff in each TDHS region are responsible for conducting procurement to select one training project contractor for each CCT service delivery area in each region. Check the list below to determine the CCT service delivery area(s) and region(s) about which you

would like to obtain specific information. You must call or write the contact person(s) listed below to obtain information about the region(s) and/or CCT service delivery area(s) in which you are interested. If you are interested in obtaining information about the CCT competitive procurement in more than one region and/or service delivery area, you must call or write to the contact person in each area.

Procurement materials may be requested through the closing date; however, you are advised to request materials promptly to have sufficient time to prepare a response.

Legislative Audit Committee Consultant Proposal Request

Notice of Invitation for Proposal. The Legislative Audit Committee invites offers of services for the purposes of obtaining an independent audit of the State Auditor's Office (SAO). The SAO conducts audits of all departments of Texas state government, including institutions of higher education, as specified in an audit plan reviewed and approved by the Legislative Audit Committee. A general overview of the powers and duties of the SAO, as well as a description of the types of audits and investigations performed, are set forth in Chapter 321 of the Texas

Government Code. Other statutes assign additional responsibilities to the SAO.

In addition to its audit responsibilities, the SAO also provides technical assistance to state agencies and universities, such as providing a training program for internal auditors, assisting the Comptroller's Office in development and implementation of the Uniform Statewide Accounting System, and assisting the Legislative Budget Office with reviews of agency strategic plans and performance measures.

The SAO serves under the general guidance of, and is responsible to, the Legislative Audit Committee, which is a permanent standing joint committee of the Texas Legislature. Members of the Legislative Audit Committee serve ex-officio by virtue of their elective or appointive positions, and include the Lieutenant Governor, the Speaker of the House of Representatives, and the chairmen of the Senate Finance Committee, the Senate State Affairs Committee, the House Appropriations Committee, and the House Ways and Means Committee.

The SAO has approximately 280 employees and has an annual budget of \$12.5 million. The SAO has audit responsibility for over 250 state agencies and institutions with an aggregate budget for the 1994-1995 State biennium of \$70.8 billion

Description of Project The audit shall include examination of the following areas.

1. Review the role of the Legislative Audit Committee in establishing SAO mission, goals, and work plan, and in exercising appropriate oversight for SAO responsibilities.
2. Review the mission and goals of the SAO and assess management systems and organizational structure for efficiency and effectiveness.
3. Review the audit plan to determine if the mix of projects and allocation of resources are aligned with the goals of the SAO
4. Review the methods used to select institutions, programs and issues for audit.
5. Review audit methods and procedures to assess quality, cost-effectiveness, and usefulness of work products, including the appropriateness of findings and recommendations.
6. Review procedures for billings to agencies and assess whether practice is consistent with state laws.

RFP Instructions. The Legislative Audit Committee or its designee(s) will provide contract management for the audit. Detailed specifications concerning this project will be made available in proposal preparation instructions, which may be obtained by submitting a written request to: SAO Audit Project, Legislative Audit Committee, c/o Office of the Speaker of the House, Texas House of Representatives, P.O. Box 2910, Austin, Texas 78768, attn: Bobby Gierisch. In order to ensure that all offerors have the same information and instructions concerning the preparation of proposals, all communication between offerors and the Legislative Audit Committee prior to the closing date for receipt of proposals shall be in writing.

Closing Date for Receipt of Proposals. Written proposals offering to provide the requested audit services may be hand-delivered between the hours of 8:00 a.m. and 5:00 p.m., Monday-Friday, or sent by certified mail to the address specified above

Proposals must be received by the Legislative Audit Committee no later than 5.00 p.m. on June 21, 1994, except that proposals postmarked on or before June 18, 1994 and received subsequent to the closing date will also be considered.

Selection Process. A review group designated by the Legislative Audit Committee will review proposals submitted by offerors and recommend a contractor to the Legislative Audit Committee for approval. In developing its recommendation to the Legislative Audit Committee, the review group will consider the demonstrated competence, knowledge, and qualifications of the offeror and of the professional staff who will work on the audit; the overall quality of the proposal and the extent to which the work plan and the services proposed meet the objectives of the committee and the specifications of the RFP; the reasonableness of the proposed fee for the audit services proposed; and when other considerations are equal, a contractor whose principal place of business is within the State of Texas, or who will manage the audit engagement wholly from one of its offices within the State of Texas, will be given preference. Final selection will be made by the Legislative Audit Committee in its sole discretion.

Project Timing and Cost. Contingent upon the negotiation of a contract with the offeror selected, the period of performance for the audit is anticipated to be July 25, 1994-December 12, 1994. The contractor selected to conduct the audit will also be required to submit periodic progress reports as requested by the Legislative Audit Committee or its designee(s). Offers in excess of \$250,000 in professional fees and expenses will not be considered.

General Information. The Legislative Audit Committee reserves the right to accept or reject any (or all) proposals submitted, or to make awards to multiple offerors. The information contained in this proposal request is intended to serve only as a general description of the services desired. Additional terms and conditions relating to this proposal request will be provided in the proposal preparation instructions.

The Legislative Audit Committee intends to use responses hereto as a basis for further negotiation of specific project details with offerors. Issuance of this Consultant Proposal Request creates no obligation to award a contract or to pay any costs incurred in the preparation of a proposal.

Notice of Opportunity to Comment on Permitting Actions

The following applications are subject to a Commission resolution adopted August 18, 1993, which directs the Commission's Executive Director to act on behalf of the Commission and issue final approval of certain permit matters. The Executive Director will issue the permits unless one or more persons file written protests and/or requests for hearing within ten days of the date notice

concerning the application(s) is published in the *Texas Register*.

If you wish to request a public hearing, you must submit your request in writing. You must state your name, mailing address, and daytime phone number; the permit number or other recognizable reference to this application; the statement "I/we request a public hearing"; a brief description of how you, or the persons you represent, would be adversely affected by the granting of the application; a description of the location of your property relative to the applicant's operations; and your proposed conditions which would satisfy your concerns and cause you to withdraw your request for hearing. If one or more protests and/or requests for hearing are filed, the Executive Director will not issue the permit and will forward the application to the Office of Hearings Examiners where a hearing may be held. If no protests or requests for hearing are filed, the Executive Director will sign the permit ten days after publication of this notice or thereafter. If you wish to appeal a permit issued by the Executive Director, you may do so by filing a written Motion for Reconsideration with the Chief Clerk of the Commission no later than 20 days after the date the Executive Director signs the permit.

Requests for a public hearing on this application should be submitted in writing to the Chief Clerk's Office, Texas Natural Resource Conservation Commission, P.O. Box 13087, Austin, Texas 78711, (512) 463-7875.

Application Number 06-3256A by Athens Municipal Water Authority for an amendment to Certificate of Adjudication Number 06-3256, pursuant to Texas Water Code, §11.122. For Executive Director's consideration. Applicant seeks authorization to change the purpose of use of 3,023 acre-feet of the 8,500 acre-feet per annum of water now authorized for municipal use to industrial use; to add an additional diversion point for this use on the northwest shore of Lake Athens and to increase the maximum diversion rate by 11.1 cubic feet per second (5,000 gallons per minute). Certificate Number 06-3256 currently authorizes Athens Municipal Water Authority to divert and use not to exceed 8,500 acre-feet of water per annum at a maximum rate of five cubic feet per second (2,250 gallons per minute) from a point on the southwest shore of Lake Athens of Lat Creek, tributary of the Neches River, Neches River Basin in Henderson County, Texas for municipal use.

Public Hearing Notice

The Texas Natural Resource Conservation Commission will conduct a public hearing beginning at 5:00 p.m., July 11, 1994, City of Bryan, City Hall, City Council Chambers, 300 South Texas Avenue, Bryan.

This hearing is scheduled to receive testimony concerning the waste load evaluation report for Dissolved Oxygen in the Navasota River Below Lake Limestone in the Brazos River Basin (Segment 1209). The public hearing shall be conducted in accordance with the Texas Water Code, §26.011 and §26.037.

The primary purpose of a waste load evaluation is to define treatment levels for wastewater dischargers to a segment and specify other program actions that need to be taken in order to attain and maintain the water quality standards, describe nonpoint source pollution from tributaries to a segment, and identify treatment level alternatives using receiving stream water quality simulations. A section containing recommended treatment levels and other proposed recommended actions is also included.

The public is encouraged to attend the hearing and to present relevant evidence or opinions concerning the waste load evaluation. Written testimony which is submitted prior to or during the public hearing will be included in the record. The Commission would appreciate receiving a copy of all written testimony at least five days before the hearing. Copies of written testimony and questions concerning the public hearing should be addressed to Mark Rudolph, TNRCC, Watershed Management Division, P.O. Box 13087, Austin, Texas 78711 or call (512) 475-2213.

A limited number of copies of the draft waste load evaluation are available for review in the TNRCC Library, Park 35 Complex, Building A, Room 102, 120100 Park 35 Circle in Austin. A copy of the report may be obtained upon written request from Mark Rudolph at the above post office box address. There are no charges for the pre-hearing draft copies of the waste load evaluation; however, a fee will be charged for the finalized post-hearing copies.

The date selected for this hearing is intended to comply with deadlines set by statute and regulation. Any publication or receipt of this notice less than 45 calendar days prior to the hearing date is due to the necessity of scheduling the hearing on the date selected.

Texas Department of Protective and Regulatory Services Homemaker Services, Houston Region 06-Request for Proposals

The Texas Department of Protective and Regulatory Services is requesting proposals (RFP) for homemaker services for children who have been abused and/or neglected and their families/significant others in Region 06.

Needs Assessment Statement: Region 06 Children's Protective Services is responsible for protecting children who are abused and/or neglected and acting in their best interest. The program's objectives are to prevent further harm to the children, to preserve the family, and to provide permanence for children in substitute care by resolving family dysfunction and returning children to their families. In order to meet these objectives, Region 06 is contracting for homemaker services to provide family life skills such as, home management and childcare. These homemaker services are presently not available free.

A competitive procurement is utilized to procure these services.

Eligible Applicants: Eligible offerors include government entities, private non-profit and for profit agencies, partnerships, and individuals. Historically Underutilized Business are encouraged to submit proposals.

Limitations: Funding of the selected proposal will be dependent upon available federal and/or state appropriations. The department reserves the right to reject any and all offers received in response to this RFP and to cancel this RFP if it is deemed in the best interest of the department.

Term: The effective dates of any contract awarded under this RFP will be September 1, 1994, through August 31, 1995.

Offeror's Conference: An offeror's conference is scheduled to be held June 10, 1994. All respondents to this RFP will be notified of the Offerors' Conference location and time.

Deadlines: All proposals to be considered for funding through this RFP must be received by 5:00 pm, July 11, 1994. Proposals received after this deadline will not be accepted.

Evaluation and Selection: A panel of program and administrative staff from the department will rank and score the proposals. The evaluation method and criteria will be specified in advance. Considerations are program operation, staffing supervision, previous relevant experience, budget, and cost of service.

Contact Person: To obtain a complete copy of the RFP, please contact Candace Best, Contract Manager, or Barbara Horton, Contract Technician, Protective Services for Families and Children, Texas Department of Protective and Regulatory Services (MC 176-7), 4635 Southwest Freeway, Contract Unit Suite (3rd Floor), Houston, Texas 77027, (713) 940-5177 or (713) 940-5188.

Petition for Rulemaking

The Public Utility Commission of Texas has received a petition for rulemaking from Dr Michael Quigley to amend the Commission's rules that, in Dr Quigley's view, violate the Americans with Disabilities Act (ADA). The petition requests that the Commission's rules concerning estimated bills be amended so that customers with disabilities are not charged for monthly reading of their meter or in the alternative prohibit a utility from billing a customer with a disability beyond the customer's ability to pay.

The Commission requests comments on whether it should initiate a proceeding to amend its rules, in the manner requested by Dr Quigley. Parties should file 15 copies of their comments with the commission's secretary, John Renfrow, at 7800 Shoal Creek Boulevard, Austin, Texas 78757, within 21 days of the publication of this notice in the *Texas Register*. Comments should refer to Project Number 13000. This notice is not a formal notice of proposed rulemaking, but the comments will assist the commission in deciding whether to initiate a rulemaking proceeding.
