Governor - Appointments, executive orders, and proclamations.

Attorney General - summaries of requests for opinions, opinions, and open records decisions.

Secretary of State - opinions based on the election laws.

Texas Ethics Commission - summaries of requests for opinions and opinions.

Adopted Sections - sections adopted following a 30-day public comment period.

Open Meetings - notices of open meetings.

In Addition - miscellaneous information required to be published by statute or provided as a public service.

Specific explanation on the contents of each section can be found on the beginning page of the section. The division also publishes cumulative quarterly and annual indexes to aid in researching material published.

How to Cite: Material published in the *Texas Register* is referenced by citing the volume in which the document appears, the words "TexReg" and the beginning page number on which that document was published. For example, a document published on page 2402 of Volume 18 (1993) is cited as follows: 18 TexReg 2402.

In order that readers may cite material more easily, page numbers are now written as citations. Example: on page 2 in the lower-left hand corner of the page, would be written "18 TexReg 2 issue date," while on the opposite page, page 3, in the lower right-hand corner, would be written "issue date 18 TexReg 3."

How to Research: The public is invited to research rules and information of interest between 8 a.m. and 5 p.m. weekdays at the *Texas Register* office, Room 245, James Earl Rudder Building, 1019 Brazos, Austin. Material can be found using *Texas Register* indexes, the *Texas Administrative Code*, section numbers, or TRD number.

Texas Administrative Code

The *Texas Administrative Code (TAC)* is the official compilation of all final state agency rules published in the *Texas Register*. Following its effective date, a rule is entered into the *Texas Administrative Code*. Emergency rules, which may be adopted by an agency on an interim basis, are not codified within the *TAC*. West Publishing Company, the official publisher of the *TAC*, releases cumulative supplements to each printed volume of the *TAC* twice each year.

The *TAC* volumes are arranged into Titles (using Arabic numerals) and Parts (using Roman numerals).

The Titles are broad subject categories into which the agencies are grouped as a matter of convenience. Each Part represents an individual state agency. The *Official TAC* also is available on WESTLAW, West's computerized legal research service, in the TX-ADC database.

To purchase printed volumes of the *TAC* or to inquire about WESTLAW access to the *TAC* call West: 1-800-328-9352.

The Titles of the *TAC*, and their respective Title numbers are:

1. Administration
4. Agriculture
7. Banking and Securities
10. Community Development
13. Cultural Resources
16. Economic Regulation
19. Education
22. Examining Boards
25. Health Services
28. Insurance
31. Natural Resources and Conservation
34. Public Finance
37. Public Safety and Corrections
40. Social Services and Assistance
43. Transportation

How to Cite: Under the *TAC* scheme, each section is designated by a *TAC* number. For example in the citation 1 TAC §27.15:

1 indicates the title under which the agency appears in the *Texas Administrative Code*; *TAC* stands for the *Texas Administrative Code*; §27.15 is the section number of the rule (27 indicates that the section is under Chapter 27 of Title 1; 15 represents the individual section within the chapter).

How to update: To find out if a rule has changed since the publication of the current supplement to the *Texas Administrative Code*, please look at the *Table of TAC Titles Affected*. The table is published cumulatively in the blue-cover quarterly indexes to the *Texas Register* (January 22, April 16, July 13, and October 12, 1993). In its second issue each month the *Texas Register* contains a cumulative *Table of TAC Titles Affected* for the preceding month. If a rule has changed during the time period covered by the table, the rule's *TAC* number will be printed with one or more *Texas Register* page numbers, as shown in the following example.

TITLE 40. SOCIAL SERVICES AND ASSISTANCE
Part I. Texas Department of Human Services
40 TAC §3.704.....950, 1820

The *Table of TAC Titles Affected* is cumulative for each volume of the *Texas Register* (calendar year).

Update by FAX: An up-to-date *Table of TAC Titles Affected* is available by FAX upon request. Please specify the state agency and the *TAC* number(s) you wish to update. This service is free to *Texas Register* subscribers. Please have your subscription number ready when you make your request. Proposed Sections

Before an agency may permanently adopt a new or amended section, or repeal an existing section, a proposal detailing the action must be published in the *Texas Register* at least 30 days before any action may be taken. The 30-day time period gives interested persons an opportunity to review and make oral or written comments on the section. Also, in the case of substantive sections, a public hearing must be granted if requested by at least 25 persons, a governmental subdivision or agency, or an association having at least 25 members.

Symbology in proposed amendments. New language added to an existing section is indicated by the use of bold text. [Brackets] indicate deletion of existing material within a section.

TITLE 19. EDUCATION Part II. Texas Education Agency

Chapter 75. Curriculum

Subchapter B. Essential Elements—Prekindergarten- Grade 6

• 19 TAC §75.31

The Texas Education Agency (TEA) proposes an amendment to §75.31, concerning essential curriculum elements. The section lists the fine arts essential elements for prekindergarten-Grade 6. The amendment restores language in §75.31(g)(1), concerning art as an essential element for Grade 6, that was inadvertently omitted by TEA from the proposed new rule as published in the October 25, 1991, issue of the *Texas Register* (16 TexReg 5957). The section was subsequently adopted without changes in the December 6, 1991, issue of the *Texas Register* (16 TexReg 7011).

Criss Cloudt, director for Policy Planning and Evaluation has determined that for the first five-year period the section is in effect there will be no fiscal implications for state or local government as a result of enforcing or administering the section.

Ms. Cloudt also has determined that for each year of the first five years the section is in effect the public benefit anticipated as a result of enforcing the section will be clarification of the fine arts essential elements for Grade 6. There will be no effect on small businesses. There is no anticipated economic cost to persons who are required to comply with the section as proposed.

Comments on the proposal may be submitted to Criss Cloudt, Policy Planning and Evaluation, 1701 North Congress Avenue, Austin, Texas 78701, (512) 463-9701. All requests for a public hearing on the proposed amendment submitted in accordance with the Administrative Procedure and Texas Register Act must be received by the commissioner of education not more than 15 calendar days after notice of a proposed change in the section has been published in the *Texas Register*.

The amendment is proposed under the Texas Education Code, §21.101(c), which authorizes the State Board of Education to promulgate rules designating the essential elements of each subject and course in the state curriculum.

§75.31. Fine Arts.

(a)-(f) (No change.)

(g) Fine Arts, Grade 6. (When Grade 6 is in a departmentalized middle school, students may elect any of the fine arts areas—art, music, theatre arts—to fulfill the fine arts requirements.) Fine Arts, Grade 6, shall include the following essential elements.

(1) Art.

(A)-(B) (No change.)

(C) Understanding and appreciation of self and others through art culture and heritage. The student shall be provided opportunities to:

• 25 TAC §123.2, §123.10

The amendments will add the definition of "formally trained" and change the language so that the department may add agencies or organizations which approve, accept, or recognize continuing education.

Jeanette Hilsabeck, program administrator, has determined that for the first five-year period the sections are in effect there will be no fiscal implications for state or local government as a result of enforcing or administering the sections.

Ms. Hilsabeck also has determined that for each year of the first five years the sections are in effect the public benefit anticipated as a result of enforcing the sections will be to clarify the exception to certification for persons who are exempt from the Respiratory Care Practitioner Certification Act and will allow more continuing education programs to be available to respiratory care practitioners.

Institutions of higher education or political subdivisions covering all or part of four or more counties (regional agencies) must post notice at least 72 hours prior to a scheduled meeting time. Some notices may be received too late to be published before the meeting is held, but all notices are published in the *Texas Register*.

Texas Air Control Board Notice of Public Hearing

Notice is hereby given that pursuant to the requirements of the Texas Clean Air Act (TCAA) §382.017(a); the Procedural Rules of the Texas Air Control Board (TACB) §103.11(4); and 40 Code of Federal Regulations, §51.102 of the United States Environmental Protection Agency regulations concerning State Implementation Plans (SIPs), TACB will conduct a public hearing to receive testimony concerning a site-specific revision to the SIP.

TACB proposes to grant an Alternate Reasonably Available Control Technology (ARACT) for Lockheed Corporation at Fort Worth. Lockheed has requested an ARACT which would contain volatile organic compound (VOC) limitations for coatings different from those contained in TACB, §115.421(a)(9), as may be allowed under §115.423(a)(4). In applying for an ARACT under §115.423(a)(4), Lockheed has shown that the emission rate at the facility is the lowest that is economically reasonable and technically feasible. In the documentation, Lockheed has shown that the coatings being used have the lowest VOC content possible. TACB agrees that Lockheed's proposal meets the intent of §115.423(a)(4). If adopted, the plan will be submitted to the EPA as a proposed site-specific revision to the Texas SIP.

A public hearing will be held on May 27, 1993, at 10 a.m. in the Auditorium (Room 201S) of the TACB Central Office located at 12118 North IH 35, Park 35 Technology Center, Building A, Austin, Texas 78753. The hearing is structured for the receipt of oral or written comments by interested persons. Interrogation or cross-examination is not permitted, however TACB staff members will discuss the proposal and answer questions at 9:30 a.m., prior to the hearing.

Written comments not presented at the hearing may be submitted to the TACB Central Office, 12124 Park 35 Circle, Austin, Texas 78753 through May 28, 1993.

Material received by the Regulation Development Division by 4 p.m. on that date will be considered by the Board prior to any final action on the proposed rules. Copies of the proposal are available at the TACB Central Office Air Quality Planning Annex, located at 12118 North IH-35, Park 35 Technology Center, Building A, Austin, Texas 78753 and at all TACB regional offices. For further information, contact Diane Stallings at (512) 908-1471.

Persons with disabilities who have special communication or other accommodation needs who are planning to attend the hearing should contact the agency at (512) 908-1815. Requests should be made as far in advance as possible.

Texas Department of Transportation Public Hearing Notice

The Texas Department of Transportation (TxDOT) will hold a public hearing on Thursday, May 20, 1993, at 9 a.m. in the Lyndon Baines Johnson Auditorium at 24th Street and Red River Street in Austin, to receive public comment on the proposed candidate National Highway System. Title 23, United States Code, §103, as amended by the Intermodal Surface Transportation Efficiency Act of 1991, §1006, require each state to develop a candidate National Highway System for submission to the Federal Highway Administration before June 31, 1993. The candidate National Highway System must be submitted to the Congress by the Secretary of the United States Department of Transportation for approval not later than December 18, 1993. No funds may be apportioned for the National Highway System after September 30, 1995, unless the

Congress approves a law designating the National Highway System.

The National Highway System for Texas will be no more than 7,902 rural miles and 5,038 urban miles for a total of 12,940 miles. The National Highway System must include the Interstate Highway System, the Strategic Highway Corridor Network (STRAHNET), major STRAHNET Connector routes, and Congressional High Priority Corridors. Other principal arterials can be selected up to the mileage constraints. Also included within the mileage constraints are routes providing access to major ports, airports, public transportation facilities or intermodal transportation facilities.

TxDOT, with input from local officials, has developed the rural and urban portions of a proposed candidate National Highway System. The Texas Transportation Commission has determined that a statewide public hearing will be held to receive public comment on the proposed candidate National Highway System. The system has been depicted on a series of maps which include a statewide map for the rural portion and individual maps for each urban area over 50,000 population, being Abilene, Amarillo, Austin, Beaumont, Brownsville, Bryan/College Station, Corpus Christi, Dallas/Fort Worth, Denton, El Paso, Galveston, Harlingen, Houston, Killeen, Laredo, Lewisville, Longview, Lubbock, McAllen/Edinburg/Mission, Midland, Odessa, Port Arthur, San Angelo, San Antonio, Sherman/Denison, Temple/Belton, Texarkana, Texas City/La Marque, Tyler, Victoria, Waco, and Wichita Falls.

Quick reference (non-detailed, non-color coded) copies of any one or all of the maps may be secured by contacting the Division of Transportation Planning at (512) 465-7466. Copies of the fully detailed color-coded versions are on file and may be inspected at TxDOT central Austin office of the Division of Transportation Planning located at Building 1, Room 304, 40th and Jackson, Austin, and in each TxDOT district office. Persons wishing to review the proposed candidate National Highway System may secure the address and telephone number of the nearest district office from the division at (512) 465-7466.

The public hearing will be conducted in accordance with the procedures specified in 43 TAC §1.5. Registration for the hearing will begin at 8 a.m., and speakers will be taken in the order registered. Any interested person may appear and offer comments or testimony, either orally or in writing; however, questioning of witnesses will be reserved exclusively to the presiding officer as may be necessary to ensure a complete record. While any person with pertinent comments or testimony will be granted an opportunity to present them during the course of the hearing, the presiding officer reserves the right to restrict testimony in terms of time and repetitive comment. Groups, organizations, or associations should be represented by only one speaker. Speakers are requested to refrain from repeating previously presented testimony. A person may not assign a portion of his or her time to another speaker. A person who disrupts a public hearing must leave the hearing room if ordered to do so by the chair or the presiding officer. Persons with disabilities who have special communication or accommodation needs and who plan to attend the hearing may contact Al Zucha, public information officer, at 125 East 11th Street, Austin, Texas, 78701-2383, (512) 463-8588.

Further information on the proposed candidate National Highway System may be obtained from Alvin R.

Luedecke, Jr., Division of Transportation Planning, P.O. Box 5051, Austin, Texas 78763-5051, (512) 465-7346. Interested parties who are unable to attend the hearing may submit written comments to Alvin R. Luedecke, at that address. In order to be considered, all comments must be received by TxDOT no later than 5 p.m. on Thursday, June 3, 1993.
