## Annual Index

Volume 5, Numbers 1 - 96  
January - December 1980

Office of the Secretary of State

This issue represents the 1980 Annual Index. The cumulative index for Volume 5 combines the first three quarterly indexes of 1980 with an index to the issues of the last quarter (October through December 1980, numbers 74 through 96). The open meetings which were published in issues from January through September have been omitted; otherwise, this cumulation supersedes the earlier indexes, dated April 29, July 29, and October 31.

Regular publication of state agency activities will resume with the next issue, February 3.

The Annual Index to the *Texas Register* consists of five sections:

- Agency Guide
- Subject Terms
- Appointments and Replacements
- Open Meetings
- TAC Titles Affected (Conversion Table)

The Agency Guide section is a cumulation of the monthly guides published for each of the previous 12 months. The arrangement of agency names is alphabetical, with agencies listed by the first key word in the name (Corrections, Texas Department of). Schools are listed under their full names (Texas A&M University) unless the first word is "university" (Houston, University of), and regional governmental bodies are listed under their full names (Deep East Texas Council of Governments). All agency names appear in capital letters.

Under each agency entry, the rule chapter titles are alphabetized followed by the types of action taken during the last year. Each subchapter title affected in that chapter is alphabetized under the applicable type of action (emergency, proposed, adopted). Following the rules is a listing of non-regulatory notices. This list is a compilation of items found in the "In Addition" section of the *Register* and other non-regulatory information, such as appointments.

Requests for opinions, opinions, and open records decisions of the Attorney General's Office, and the administrative decisions of the Comptroller of Public Accounts are also included in the Agency Guide section. They are arranged numerically by the numbers assigned by the issuing agency. Brief subject descriptions are provided for the contents of each ruling. Entries that refer to actions of the Attorney General's Office are designated by abbreviations in both the Agency Guide section and the Subject Terms section: RQ—request for opinion; MW—opinion of Attorney General Mark White; ORD—open records decision.

The Subject Terms section provides access to the subjects covered by rules appearing in the *Register*. Subject entries appear in capital letters and are listed alphabetically. Cross-references to preferred subject terms (DAY CARE CENTERS see CHILD CARE FACILITIES) and to subject terms supplying additional information on a similar topic (HIGHER EDUCATION see also COLLEGES AND UNIVERSITIES) are also provided. Agency names are included in this section only when there is information *about* a particular agency. Laws, both state and federal, appear in the Subject Terms section under the headings "Laws of Texas" and "Laws of United States," respectively.

The Appointments and Replacements section is an alphabetical listing of personal names of appointees to positions in state government. The abbreviation "A" or "R" following the name indicates the status of the appointment: appointed or replaced. Users wishing access to an appointment by the agency name rather than by a personal name should consult the Agency Guide section. Agencies to which appointments have been made are listed alphabetically under GOVERNOR, OFFICE OF THE, under "Non-Regulatory Notices."

The Open Meetings section is a list of all open meetings published during the fourth quarter. Meetings are listed under the agency holding the meeting, chronologically by the date of the meeting.

The section on TAC Titles Affected is a list of the chapters of each title of the *Texas Administrative Code* affected by documents published in the issues of the *Register* affected by the Annual Index. The listings are arranged in the same order as the table of contents of the *Texas Administrative Code*.

The Texas Register Division invites comments and suggestions for improvement in future indexes. Comments may be directed to this division, P.O. Box 13824, Austin, Texas 78711, telephone (512) 475-7886.
