Attorney General Opinion and Open
Records Decision

Proposed Rules of Texas Education Agency

Open Meetings

Pages 87-116
Volume 1, Number 3, January 13, 1976
Office of the Secretary of State

NOTES ON THE ISSUE

In addition to the numerous meetings announced in this issue, two decisions rendered by the Attorney General are significant. One deals with an opinion requested by the Comptroller of Public Accounts as to whether salary supplements made with gift funds must be reported to the Secretary of State. The other, requested by the Director of the Merit System Council, concerns the public disclosure of the examinations conducted by that agency.

Also of particular note are the proposed rules of the Texas Education Agency which seek the amendment of the procedure for the adoption of textbooks for state public schools. The rule changes would allow TEA more flexibility in scheduling the review and adoption of such textbooks.
