TEXAS DECUMENTS

Quarterly Index

Volume 2, Numbers 51-76 July-September, 1977

Office of the Secretary of State

USPS Publication Number 120090

This issue of the *Register* contains the index to the issues published during the third quarter of 1977 (Volume 2, Numbers 51-76). The index to the first quarter appeared in Volume 2, Number 33, and the second quarter's index in Volume 2, Number 57. The January index will contain the last quarter index as well as a cumulative one for 1977.

Because of unexpected production complications, the directory to state agency rules planned for this issue has been delayed. The directory will be distributed as soon as production is completed.

The *Register* will resume publication of state agency activities with the next issue, October 18.

This index has two principal types of entries: those originated by a governmental body (agency, office, and so forth), which are headed by a boldface italic type, and those about a governmental body or other subject. If the agency entry is sufficiently descriptive and detailed, no subject entry appears. The arrangement is alphabetical, word by word, with a few exceptions.

State bodies are arranged by their first key words. Schools are arranged under their full name (Texas A&I University, Texas School for the Blind), unless the first word is university (Houston, University of). Quasistate agencies are arranged under their full names (Deep East Texas Council of Governments.) State agencies which have had name changes are listed under their official names as of July 1, 1977, for this index. New agencies, resulting from mergers of other agencies, appear under their new titles after the change but under their original titles for references prior to the effective date of the change.

State bodies as subject entries are arranged first under the agencies' names. The rules submitted by that body follow with emergency rules first, followed by proposed rules, and then adopted rules. Within each group the rules are arranged numerically, as published in the Register. Meetings, hearings, and so forth are arranged chronologically according to the dates of the gatherings. Opinions, requests for opinions, and open records decisions from the attorney general are arranged numerically by the numbers assigned by that office.

Divisions of agencies are under the parent body unless the division has its own three-digit number. (Listings of the agencies and their numbers appear in Volume 1, Number 1, and in the first index, Volume 1, Number 33.) Thus the Governor's Energy Advisory Council is under Energy Advisory Council, Governor's, while the Governor's Committee on Traffic Safety is under Governor. Office of the, Committee on Traffic Safety.

The requests for opinions, opinions, open records decisions, and letters advisory of the attorney general and the administrative decisions of the comptroller include brief subject descriptions of their contents. Entries that refer to actions of the attorney general are designated by abbreviations: AG-- attorney general; RQ-request for opinion; H-- opinion of Attorney General John Hill; ORD-- open records decision; LA-- letters advisory.

The laws of the state referenced in this index appear under the heading "laws of Texas" rather than under their titles.

The Texas Register invites comment and suggestions for improvement in future indexes. Comments may be directed to this division, P.O. 12887, Austin, Texas 78711, telephone (512) 475-7886.
