

**THE ATTORNEY GENERAL  
OF TEXAS  
AUSTIN, TEXAS**

**PRICE DANIEL  
ATTORNEY GENERAL**

April 13, 1948

Hon. John C. Marburger  
County Attorney  
Fayette County  
La Grange, Texas

Opinion No. V-542

Re: The authority of the Commissioners' Court to pay a portion of the salary and expenses of an assistant county agent to set up a balanced farm program, the remainder of the finances to come from other sources.

Dear Sir:

Reference is made to your recent request which is, in part, as follows:

"The Schulenburg Chamber of Commerce has requested the Commissioners' Court of Fayette County, Texas, to contribute tax money for support of an assistant County Agent who is to work with certain persons and none others. Said Chamber of Commerce has submitted three proposals in an order to accomplish said purpose and which letter and request of the Chamber of Commerce to the Commissioners' Court reads as follows:

"The following plans of financing a balanced farm program for Fayette County were presented verbally to your court on March 1, 1948, as follows:

"Plan No. 1

Balanced Farm Program for Fayette  
County Set up on a One Year Basis

"50 farmers at \$50. each      \$2500  
Schulenburg Chamber of

Commerce and local business-	
men	\$1250
Commissioners Court	<u>\$1250</u>
Total	\$5000

"These 50 farmers to be selected in the Schulenburg trades territory through a "screen" process where the County Agent will aid the Chamber of Commerce Agricultural Committee in final selection.

"The Texas A & M Extension Service to furnish a qualified man to act in the capacity of an Assistant County Agent to work with and supervise these 50 farmers. This Assistant County Agent to be under the supervision of the County Agent under the direct supervision of the Texas A. & M Extension Department; the Extension Department to work through its local representative agency, the Commissioners' Court.

"The \$5000 to be used for salary and traveling expenses of the Assistant County Agent who is to supervise these 50 farmers."

Plan No. 2, in legal effect, is substantially like plan No. 1 except that towns in the four precincts are to contribute \$1250 instead of the Chamber of Commerce and local business men.

Continuing with your letter:

"Plan No. 3

To Provide Funds for an Assistant County Agent to Work on a Home and Farm Program

"Provide an Assistant County Agent to relieve the County Agent so that the County Agent and Home Demonstration Agent might have enough free time to set up a home - farm program with at least 7 to 10 families in Fayette County. A minimum of 12 calls are to be made at each home during the year. The Assis-

tant County Agent is to devote the balance of his time aiding the County Agent in his regular routine work. The Extension Department would probably be in a position to furnish about two-thirds of the cost of this Assistant County Agent in salary and traveling expenses; the Commissioners Court to furnish the balance which should run approximately \$1000. This program will give complete county coverage. The Assistant County Agent is to be furnished by the Extension Department and act under the supervision of the County Agent."

In the case of Galveston H. & S.A. Ry. v. Uvalde County, 167 S.W.(2d) 305, (Civ. App. 1942, error refused) the court said:

"The Commissioners' Court of a county has only such powers as are expressly or by necessary implication given it by the Constitution and statutes of this State."

We have not found any provision in the Constitution or any statute which authorizes Commissioners' Courts to contribute any county money for such a purpose. On the contrary, Section 52 of Article III of the State Constitution provides, in part, that:

"The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of, or to any individual, association or corporation whatsoever, . . ."

Section 53 of Article III of the Constitution is as follows:

"The Legislature shall have no power to grant, or to authorize any county or municipal authority to grant, any extra compensation, fee or allowance to a public officer, agent, servant or contractor, after service has

been rendered, or a contract has been entered into, and performed in whole or in part; nor pay, nor authorize the payment of, any claim created against any county or municipality of the State, under any agreement or contract, made without authority of law." (Emphasis ours)

It will be noted that under Plans Nos. 1 and 2, as submitted, it is provided that only 50 people will be served in the entire county, even though the money which is to be contributed by the county is money paid into the County Treasury by taxes which were assessed for a public purpose only. We believe the contributions to be made by the county under the first two plans come within the inhibitions of the above quoted provisions of the Constitution. Therefore, it is our opinion that the Commissioners' Court may not contribute the money under Plans Nos. 1 and 2.

Article 164, V. C. S., is as follows:

"The Commissioner's Court of any county of this State is authorized to establish and conduct co-operative demonstration work in Agriculture and home economics in co-operation with the Agricultural and Mechanical College of Texas, upon such terms and conditions as may be agreed upon by the Commissioners' Court and the agents of the Agricultural and Mechanical College of Texas; and may employ such means, and may appropriate and expend such sums of money as may be necessary to effectively establish and carry on such demonstration work in Agriculture and Home Economics in their respective counties."

The above statute is an amendment of Article 164, Revised Civil Statutes, 1925, which article as codified limited the expenditure of funds by a county "not exceeding one thousand dollars per year, for farmers co-operative demonstration work in the county . . . ." In the 1927 amendment of said Article 164, this limitation was omitted. Consequently, the only limitation placed upon the expenditure of county funds under our present statute is the constitutional limitations of tax levies for county purposes. In other

words, the above Act gives broad powers to the Commissioners' Court and leaves to their judgment the question as to what is "necessary to effectively establish and carry on such demonstration work in Agriculture and Home Economics in their respective counties." That conducting and carrying on such work as provided by the Legislature is "County business" as within the contemplation of Article V, Section 18 of the Constitution of Texas has never been questioned.

The facts submitted under Plan No. 3 reflect that the funds to be expended are for a public purpose. There is no limitation as to the number of persons which may be served; nor is there a contribution required of said persons served by this program before they may enjoy the benefits of the same. Therefore, by virtue of the foregoing, it is the opinion of this Department that the Commissioners' Court may employ an Assistant County Agent to aid the County Agent in the promotion of a farm program as outlined under Plan No. 3.

SUMMARY

The Commissioners' Court of Fayette County may not contribute county money for an Assistant County Agent whose assistance is limited to a particular 50 farmers and none others. Such employment is not for a public purpose. Sections 52 and 53 of Article III of the State Constitution. However, the county may employ such an Assistant if he is to be engaged in conducting and carrying on agricultural work as county business and not for a private purpose. Art. 164, V. C. S.

Yours very truly,
