FOREWORD

This report is a compilation of all information entered, during the regular session of the 69th Legislature, in the document status and history system developed and maintained by the data-processing division of the Texas Legislative Council. The system is used to track the progress of bills and resolutions during a legislative session; and for this purpose, the system is able to provide information on each legislative measure, including a short description, the names of the author in the house of origin and the sponsor in the other house, and all legislative actions.

Legislative actions that are also reflected in the house or senate journals are keyed to the appropriate pages in the journal. Page numbers for house actions (e.g., H Read first time) refer to both the daily and permanently-bound house journals. Page numbers for senate actions (e.g., S Amended) refer only to the daily senate journal.

Copies of bills and resolutions from the 69th Legislature may be obtained from house and senate document distribution offices until November, 1986, when bill prefilings will begin for the 70th Legislature. House measures are available from the House Document Distribution Office, located in room 500 in the John H. Reagan State Office Building [P.O. Box 12128, Austin, Texas 78711; phone (512) 475-8454]. Senate measures are available from the Senate Document Distribution Office, located in room G27H in the Capitol [P.O. Box 12086, Austin, Texas 78711; phone (512) 475-2520]. The charge for copies is 15 cents per page.
