NOTES ON THE ISSUE

This issue contains the 1978 Annual Index of the *Texas Register*. The cumulative index for Volume 3 combines the first three quarterly indexes of 1978 with an index to the issues of the last quarter (October through December 1978, numbers 74 through 96). The open meetings which were published in issues from January through September have been omitted; otherwise, this cumulation supersedes the earlier indexes, dated April 28, July 18, and October 31.

The *Texas Register* will resume publication of state agency activities with the next issue, February 2.

Cover illustration represents Elisabet Ney's statue of Stephen F. Austin, which stands in the foyer of the State Capitol.

This index has two principal types of entries: those *originated* by a governmental body (agency, office, and so forth), which are headed by a *boldface italic type*, and those *about* a governmental body or other subject. If the agency entry is sufficiently descriptive and detailed, no subject entry appears. The arrangement is alphabetical, word by word, with a few exceptions.

State bodies are arranged by their first key words. Schools are arranged under their full name (Texas A&I University, Texas School for the Blind), unless the first word is university (Houston, University of). Regional state agencies are arranged under their full names (Deep East Texas Council of Governments.)

State bodies as subject entries are arranged first under the agencies' names. The rules submitted by that body follow with emergency rules first, followed by proposed rules, and then adopted rules. Within each group the rules are arranged numerically, as published in the *Register*. Meetings, hearings, and so forth are arranged chronologically according to the dates of the gatherings. Opinions, requests for opinions, and open records decisions from the attorney general are arranged numerically by the numbers assigned by that office.

Divisions of agencies are under the parent body unless the division has its own three-digit number. (Listings of the agencies and their numbers appear in Volume 1, Number 1, and in the first index, Volume 1, Number 33.) Thus the Governor's Coordinating Office for the Visually Handicapped is under Visually Handicapped, Governor's Coordinating Office for the, while the Governor's Criminal Justice Division is under Governor, Office of the, Criminal Justice Division.

The requests for opinions, opinions, open records decisions, and letters advisory of the attorney general and the administrative decisions of the comptroller include brief subject descriptions of their contents. Entries that refer to actions of the attorney general are designated by abbreviations: AG—attorney general; RQ—request for opinion; H—opinion of Attorney General John Hill; ORD—open records decision; LA—letters advisory.

The laws of the state referenced in this index appear under the heading "laws of Texas" rather than under their titles.

The *Texas Register* invites comment and suggestions for improvement in future indexes. Comments may be directed to this division, P.O. Box 12887, Austin, Texas 78711, telephone (512) 475-7886.
