BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

ARTICLE 1. ADMINISTRATION OF AND EFFICIENCY, COST-SAVING, AND FRAUD PREVENTION MEASURES FOR CERTAIN HEALTH AND HUMAN SERVICES AND HEALTH BENEFITS PROGRAMS

SECTION 1.01. (a) Subchapter B, Chapter 531, Government Code, is amended by adding Sections 531.02417, 531.024171, and 531.024172 to read as follows:

Sec. 531.02417. MEDICAID NURSING SERVICES ASSESSMENTS.

(a) In this section, "acute nursing services" means home health skilled nursing services, home health aide services, and private duty nursing services.

(b) If cost-effective, the commission shall develop an objective assessment process for use in assessing a Medicaid recipient's needs for acute nursing services. If the commission develops an objective assessment process under this section, the commission shall require that:

(1) the assessment be conducted:

(A) by a state employee or contractor who is a registered nurse who is licensed to practice in this state and who is not the person who will deliver any necessary services to the

1 recipient and is not affiliated with the person who will deliver
2 those services; and

3 (B) in a timely manner so as to protect the health
4 and safety of the recipient by avoiding unnecessary delays in
5 service delivery; and

6 (2) the process include:

7 (A) an assessment of specified criteria and
8 documentation of the assessment results on a standard form;

9 (B) an assessment of whether the recipient should
10 be referred for additional assessments regarding the recipient's
11 needs for therapy services, as defined by Section 531.024171,
12 attendant care services, and durable medical equipment; and

13 (C) completion by the person conducting the
14 assessment of any documents related to obtaining prior
15 authorization for necessary nursing services.

16 (c) If the commission develops the objective assessment
17 process under Subsection (b), the commission shall:

18 (1) implement the process within the Medicaid
19 fee-for-service model and the primary care case management Medicaid
20 managed care model; and

21 (2) take necessary actions, including modifying
22 contracts with managed care organizations under Chapter 533 to the
23 extent allowed by law, to implement the process within the STAR and
24 STAR + PLUS Medicaid managed care programs.

25 (d) Unless the commission determines that the assessment is
26 feasible and beneficial, an assessment under Subsection (b)(2)(B)
27 of whether a recipient should be referred for additional therapy

services shall be waived if the recipient's need for therapy services has been established by a recommendation from a therapist providing care prior to discharge of the recipient from a licensed hospital or nursing home. The assessment may not be waived if the recommendation is made by a therapist who will deliver any services to the recipient or is affiliated with a person who will deliver those services when the recipient is discharged from the licensed hospital or nursing home.

(e) The executive commissioner shall adopt rules providing for a process by which a provider of acute nursing services who disagrees with the results of the assessment conducted under Subsection (b) may request and obtain a review of those results.

Sec. 531.024171. THERAPY SERVICES ASSESSMENTS. (a) In this section, "therapy services" includes occupational, physical, and speech therapy services.

(b) After implementing the objective assessment process for acute nursing services in accordance with Section 531.02417, the commission shall consider whether implementing age- and diagnosis-appropriate objective assessment processes for assessing the needs of a Medicaid recipient for therapy services would be feasible and beneficial.

(c) If the commission determines that implementing age- and diagnosis-appropriate processes with respect to one or more types of therapy services is feasible and would be beneficial, the commission may implement the processes within:

(1) the Medicaid fee-for-service model;

(2) the primary care case management Medicaid managed

1 care model; and

2 (3) the STAR and STAR + PLUS Medicaid managed care
3 programs.

4 (d) An objective assessment process implemented under this
5 section must include a process that allows a provider of therapy
6 services to request and obtain a review of the results of an
7 assessment conducted as provided by this section that is comparable
8 to the process implemented under rules adopted under Section
9 531.02417(e).

10 Sec. 531.024172. ELECTRONIC VISIT VERIFICATION SYSTEM.

11 (a) In this section, "acute nursing services" has the meaning
12 assigned by Section 531.02417.

13 (b) If it is cost-effective and feasible, the commission
14 shall implement an electronic visit verification system to
15 electronically verify and document, through a telephone or
16 computer-based system, basic information relating to the delivery
17 of Medicaid acute nursing services, including:

18 (1) the provider's name;

19 (2) the recipient's name; and

20 (3) the date and time the provider begins and ends each
21 service delivery visit.

23 Services Commission shall implement the electronic visit
24 verification system required by Section 531.024172, Government
25 Code, as added by this section, if the commission determines that

Sec. 533.0028. EVALUATION OF CERTAIN STAR + PLUS MEDICAID MANAGED CARE PROGRAM SERVICES. The external quality review organization shall periodically conduct studies and surveys to assess the quality of care and satisfaction with health care services provided to enrollees in the STAR + PLUS Medicaid managed care program who are eligible to receive health care benefits under both the Medicaid and Medicare programs.

6 resident or the person in charge of a place where the resident is
7 located to allow entrance for the interview and investigation.

8 (j) Before the completion of the investigation, the

14 report of the investigation and submit the report and its
15 recommendations to the district attorney and, if a law enforcement

4 agency is unable or unwilling to conduct a joint investigation
5 under Section 260A.017.

6 (n) If the department determines that, before a

11 (2) may not make the photographic record unless the
12 consent is obtained.

15 chapter and the name, address, and phone number of any person making
16 a report under this chapter are confidential and may be disclosed

15 state regulatory agency, or a law enforcement agency a violation of
16 law, including a violation of Chapter 242 or 247 or a rule adopted

25 recipients for a specified period that is based on a predetermined
26 payment per enrollee or recipient, as applicable, for the specified
27 period, without regard to the quantity of services actually

1 provided.

2 (9) "Health care provider" means any person,
3 partnership, professional association, corporation, facility, or
4 institution licensed, certified, registered, or chartered by this
5 state to provide health care. The term includes an employee,
6 independent contractor, or agent of a health care provider acting
7 in the course and scope of the employment or contractual
8 relationship.

9 (10) "Hospital" means a public or private institution
10 licensed under Chapter 241 or 577, Health and Safety Code,
11 including a general or special hospital as defined by Section
12 241.003, Health and Safety Code.

13 (11) "Managed care organization" means a person that
14 is authorized or otherwise permitted by law to arrange for or
15 provide a managed care plan. The term includes health maintenance
16 organizations and exclusive provider organizations.

17 (12) "Managed care plan" means a plan, including an
18 exclusive provider benefit plan, under which a person undertakes to
19 provide, arrange for, pay for, or reimburse any part of the cost of
20 any health care services. A part of the plan must consist of
21 arranging for or providing health care services as distinguished
22 from indemnification against the cost of those services on a
23 prepaid basis through insurance or otherwise. The term does not
24 include a plan that indemnifies a person for the cost of health care
25 services through insurance.

26 (13) "Medicaid program" means the medical assistance
27 program established under Chapter 32, Human Resources Code.

1 (14) "Physician" means a person licensed to practice
2 medicine in this state under Subtitle B, Title 3, Occupations Code.

3 (15) "Potentially preventable admission" means an
4 admission of a person to a hospital or long-term care facility that
5 may have reasonably been prevented with adequate access to
6 ambulatory care or health care coordination.

7 (16) "Potentially preventable ancillary service"
8 means a health care service provided or ordered by a physician or
9 other health care provider to supplement or support the evaluation
10 or treatment of a patient, including a diagnostic test, laboratory
11 test, therapy service, or radiology service, that may not be
12 reasonably necessary for the provision of quality health care or
13 treatment.

14 (17) "Potentially preventable complication" means a
15 harmful event or negative outcome with respect to a person,
16 including an infection or surgical complication, that:

17 (A) occurs after the person's admission to a
18 hospital or long-term care facility; and

19 (B) may have resulted from the care, lack of
20 care, or treatment provided during the hospital or long-term care
21 facility stay rather than from a natural progression of an
22 underlying disease.

23 (18) "Potentially preventable event" means a
24 potentially preventable admission, a potentially preventable
25 ancillary service, a potentially preventable complication, a
26 potentially preventable emergency room visit, a potentially
27 preventable readmission, or a combination of those events.

1 (19) "Potentially preventable emergency room visit"
2 means treatment of a person in a hospital emergency room or
3 freestanding emergency medical care facility for a condition that
4 may not require emergency medical attention because the condition
5 could be, or could have been, treated or prevented by a physician or
6 other health care provider in a nonemergency setting.

7 (20) "Potentially preventable readmission" means a
8 return hospitalization of a person within a period specified by the
9 commission that may have resulted from deficiencies in the care or
10 treatment provided to the person during a previous hospital stay or
11 from deficiencies in post-hospital discharge follow-up. The term
12 does not include a hospital readmission necessitated by the
13 occurrence of unrelated events after the discharge. The term
14 includes the readmission of a person to a hospital for:

15 (A) the same condition or procedure for which the
16 person was previously admitted;

17 (B) an infection or other complication resulting
18 from care previously provided;

19 (C) a condition or procedure that indicates that
20 a surgical intervention performed during a previous admission was
21 unsuccessful in achieving the anticipated outcome; or

22 (D) another condition or procedure of a similar
23 nature, as determined by the executive commissioner after
24 consulting with the advisory committee.

25 (21) "Quality-based payment system" means a system for
26 compensating a physician or other health care provider, including
27 an alternative payment system, that provides incentives to the

1 physician or other health care provider for providing high-quality,
2 cost-effective care and bases some portion of the payment made to
3 the physician or other health care provider on quality of care
4 outcomes, which may include the extent to which the physician or
5 other health care provider reduces potentially preventable events.

6 Sec. 536.002. MEDICAID AND CHIP QUALITY-BASED PAYMENT
7 ADVISORY COMMITTEE. (a) The Medicaid and CHIP Quality-Based
8 Payment Advisory Committee is established to advise the commission
9 on establishing, for purposes of the child health plan and Medicaid
10 programs administered by the commission or a health and human
11 services agency:

12 (1) reimbursement systems used to compensate
13 physicians or other health care providers under those programs that
14 reward the provision of high-quality, cost-effective health care
15 and quality performance and quality of care outcomes with respect
16 to health care services;

17 (2) standards and benchmarks for quality performance,
18 quality of care outcomes, efficiency, and accountability by managed
19 care organizations and physicians and other health care providers;

20 (3) programs and reimbursement policies that
21 encourage high-quality, cost-effective health care delivery models
22 that increase appropriate provider collaboration, promote wellness
23 and prevention, and improve health outcomes; and

24 (4) outcome and process measures under Section
25 536.003.

26 (b) The executive commissioner shall appoint the members of
27 the advisory committee. The committee must consist of physicians

1 and other health care providers, representatives of health care
2 facilities, representatives of managed care organizations, and
3 other stakeholders interested in health care services provided in
4 this state, including:

5 (1) at least one member who is a physician with
6 clinical practice experience in obstetrics and gynecology;

7 (2) at least one member who is a physician with
8 clinical practice experience in pediatrics;

9 (3) at least one member who is a physician with
10 clinical practice experience in internal medicine or family
11 medicine;

12 (4) at least one member who is a physician with
13 clinical practice experience in geriatric medicine;

14 (5) at least one member who is or who represents a
15 health care provider that primarily provides long-term care
16 services;

17 (6) at least one member who is a consumer
18 representative; and

19 (7) at least one member who is a member of the Advisory
20 Panel on Health Care-Associated Infections and Preventable Adverse
21 Events who meets the qualifications prescribed by Section
22 98.052(a)(4), Health and Safety Code.

23 (c) The executive commissioner shall appoint the presiding
24 officer of the advisory committee.

25 Sec. 536.003. DEVELOPMENT OF QUALITY-BASED OUTCOME AND
26 PROCESS MEASURES. (a) The commission, in consultation with the
27 advisory committee, shall develop quality-based outcome and

process measures that promote the provision of efficient, quality health care and that can be used in the child health plan and Medicaid programs to implement quality-based payments for acute and long-term care services across all delivery models and payment systems, including fee-for-service and managed care payment systems. The commission, in developing outcome measures under this section, must consider measures addressing potentially preventable events.

(b) To the extent feasible, the commission shall develop outcome and process measures:

(1) consistently across all child health plan and Medicaid program delivery models and payment systems;

(2) in a manner that takes into account appropriate patient risk factors, including the burden of chronic illness on a patient and the severity of a patient's illness;

(3) that will have the greatest effect on improving quality of care and the efficient use of services; and

(4) that are similar to outcome and process measures used in the private sector, as appropriate.

(c) The commission shall, to the extent feasible, align outcome and process measures developed under this section with measures required or recommended under reporting guidelines established by the federal Centers for Medicare and Medicaid Services, the Agency for Healthcare Research and Quality, or another federal agency.

(d) The executive commissioner by rule may require managed care organizations and physicians and other health care providers

1 participating in the child health plan and Medicaid programs to
2 report to the commission in a format specified by the executive
3 commissioner information necessary to develop outcome and process
4 measures under this section.

5 (e) If the commission increases physician and other health
6 care provider reimbursement rates under the child health plan or
7 Medicaid program as a result of an increase in the amounts
8 appropriated for the programs for a state fiscal biennium as
9 compared to the preceding state fiscal biennium, the commission
10 shall, to the extent permitted under federal law and to the extent
11 otherwise possible considering other relevant factors, correlate
12 the increased reimbursement rates with the quality-based outcome
13 and process measures developed under this section.

14 Sec. 536.004. DEVELOPMENT OF QUALITY-BASED PAYMENT
15 SYSTEMS. (a) Using quality-based outcome and process measures
16 developed under Section 536.003 and subject to this section, the
17 commission, after consulting with the advisory committee, shall
18 develop quality-based payment systems for compensating a physician
19 or other health care provider participating in the child health
20 plan or Medicaid program that:

21 (1) align payment incentives with high-quality,
22 cost-effective health care;

23 (2) reward the use of evidence-based best practices;

24 (3) promote the coordination of health care;

25 (4) encourage appropriate physician and other health
26 care provider collaboration;

27 (5) promote effective health care delivery models; and

1 (6) take into account the specific needs of the child
2 health plan program enrollee and Medicaid recipient populations.

3 (b) The commission shall develop quality-based payment
4 systems in the manner specified by this chapter. To the extent
5 necessary, the commission shall coordinate the timeline for the
6 development and implementation of a payment system with the
7 implementation of other initiatives such as the Medicaid
8 Information Technology Architecture (MITA) initiative of the
9 Center for Medicaid and State Operations, the ICD-10 code sets
10 initiative, or the ongoing Enterprise Data Warehouse (EDW) planning
11 process in order to maximize the receipt of federal funds or reduce
12 any administrative burden.

13 (c) In developing quality-based payment systems under this
14 chapter, the commission shall examine and consider implementing:

15 (1) an alternative payment system;

16 (2) any existing performance-based payment system
17 used under the Medicare program that meets the requirements of this
18 chapter, modified as necessary to account for programmatic
19 differences, if implementing the system would:

20 (A) reduce unnecessary administrative burdens;
21 and

22 (B) align quality-based payment incentives for
23 physicians and other health care providers with the Medicare
24 program; and

25 (3) alternative payment methodologies within the
26 system that are used in the Medicare program, modified as necessary
27 to account for programmatic differences, and that will achieve cost

1 savings and improve quality of care in the child health plan and
2 Medicaid programs.

3 (d) In developing quality-based payment systems under this
4 chapter, the commission shall ensure that a managed care
5 organization or physician or other health care provider will not be
6 rewarded by the system for withholding or delaying the provision of
7 medically necessary care.

8 (e) The commission may modify a quality-based payment
9 system developed under this chapter to account for programmatic
10 differences between the child health plan and Medicaid programs and
11 delivery systems under those programs.

12 Sec. 536.005. CONVERSION OF PAYMENT METHODOLOGY. (a) To
13 the extent possible, the commission shall convert hospital
14 reimbursement systems under the child health plan and Medicaid
15 programs to a diagnosis-related groups (DRG) methodology that will
16 allow the commission to more accurately classify specific patient
17 populations and account for severity of patient illness and
18 mortality risk.

19 (b) Subsection (a) does not authorize the commission to
20 direct a managed care organization to compensate physicians and
21 other health care providers providing services under the
22 organization's managed care plan based on a diagnosis-related
23 groups (DRG) methodology.

24 Sec. 536.006. TRANSPARENCY. The commission and the
25 advisory committee shall:

26 (1) ensure transparency in the development and
27 establishment of:

1 (A) quality-based payment and reimbursement
2 systems under Section 536.004 and Subchapters B, C, and D,
3 including the development of outcome and process measures under
4 Section 536.003; and

5 (B) quality-based payment initiatives under
6 Subchapter E, including the development of quality of care and
7 cost-efficiency benchmarks under Section 536.204(a) and efficiency
8 performance standards under Section 536.204(b);

9 (2) develop guidelines establishing procedures for
10 providing notice and information to, and receiving input from,
11 managed care organizations, health care providers, including
12 physicians and experts in the various medical specialty fields, and
13 other stakeholders, as appropriate, for purposes of developing and
14 establishing the quality-based payment and reimbursement systems
15 and initiatives described under Subdivision (1); and

16 (3) in developing and establishing the quality-based
17 payment and reimbursement systems and initiatives described under
18 Subdivision (1), consider that as the performance of a managed care
19 organization or physician or other health care provider improves
20 with respect to an outcome or process measure, quality of care and
21 cost-efficiency benchmark, or efficiency performance standard, as
22 applicable, there will be a diminishing rate of improved
23 performance over time.

24 Sec. 536.007. PERIODIC EVALUATION. (a) At least once each
25 two-year period, the commission shall evaluate the outcomes and
26 cost-effectiveness of any quality-based payment system or other
27 payment initiative implemented under this chapter.

(b) The commission shall:

(1) present the results of its evaluation under Subsection (a) to the advisory committee for the committee's input and recommendations; and

(2) provide a process by which managed care organizations and physicians and other health care providers may comment and provide input into the committee's recommendations under Subdivision (1).

Sec. 536.008. ANNUAL REPORT. (a) The commission shall submit an annual report to the legislature regarding:

(1) the quality-based outcome and process measures developed under Section 536.003; and

(2) the progress of the implementation of quality-based payment systems and other payment initiatives implemented under this chapter.

(b) The commission shall report outcome and process measures under Subsection (a)(1) by health care service region and service delivery model.

SUBCHAPTER B. QUALITY-BASED PAYMENTS RELATING TO MANAGED CARE ORGANIZATIONS

Sec. 536.051. DEVELOPMENT OF QUALITY-BASED PREMIUM PAYMENTS; PERFORMANCE REPORTING. (a) Subject to Section 1903(m)(2)(A), Social Security Act (42 U.S.C. Section 1396b(m)(2)(A)), and other applicable federal law, the commission shall base a percentage of the premiums paid to a managed care organization participating in the child health plan or Medicaid

1 program on the organization's performance with respect to outcome
2 and process measures developed under Section 536.003, including
3 outcome measures addressing potentially preventable events.

4 (b) The commission shall make available information
5 relating to the performance of a managed care organization with
6 respect to outcome and process measures under this subchapter to
7 child health plan program enrollees and Medicaid recipients before
8 those enrollees and recipients choose their managed care plans.

9 Sec. 536.052. PAYMENT AND CONTRACT AWARD INCENTIVES FOR
10 MANAGED CARE ORGANIZATIONS. (a) The commission may allow a
11 managed care organization participating in the child health plan or
12 Medicaid program increased flexibility to implement quality
13 initiatives in a managed care plan offered by the organization,
14 including flexibility with respect to financial arrangements, in
15 order to:

16 (1) achieve high-quality, cost-effective health care;
17 (2) increase the use of high-quality, cost-effective
18 delivery models; and

19 (3) reduce potentially preventable events.

20 (b) The commission, after consulting with the advisory
21 committee, shall develop quality of care and cost-efficiency
22 benchmarks, including benchmarks based on a managed care
23 organization's performance with respect to reducing potentially
24 preventable events and containing the growth rate of health care
25 costs.

26 (c) The commission may include in a contract between a
27 managed care organization and the commission financial incentives

1 that are based on the organization's successful implementation of
2 quality initiatives under Subsection (a) or success in achieving
3 quality of care and cost-efficiency benchmarks under Subsection
4 (b).

5 (d) In awarding contracts to managed care organizations
6 under the child health plan and Medicaid programs, the commission
7 shall, in addition to considerations under Section 533.003 of this
8 code and Section 62.155, Health and Safety Code, give preference to
9 an organization that offers a managed care plan that successfully
10 implements quality initiatives under Subsection (a) as determined
11 by the commission based on data or other evidence provided by the
12 organization or meets quality of care and cost-efficiency
13 benchmarks under Subsection (b).

14 (e) The commission may implement financial incentives under
15 this section only if implementing the incentives would be
16 cost-effective.

17 [Sections 536.053-536.100 reserved for expansion]

18 SUBCHAPTER C. QUALITY-BASED HEALTH HOME PAYMENT SYSTEMS

19 Sec. 536.101. DEFINITIONS. In this subchapter:

20 (1) "Health home" means a primary care provider
21 practice or, if appropriate, a specialty care provider practice,
22 incorporating several features, including comprehensive care
23 coordination, family-centered care, and data management, that are
24 focused on improving outcome-based quality of care and increasing
25 patient and provider satisfaction under the child health plan and
26 Medicaid programs.

27 (2) "Participating enrollee" means a child health plan

1 program enrollee or Medicaid recipient who has a health home.

2 Sec. 536.102. QUALITY-BASED HEALTH HOME PAYMENTS.

3 (a) Subject to this subchapter, the commission, after consulting
4 with the advisory committee, may develop and implement
5 quality-based payment systems for health homes designed to improve
6 quality of care and reduce the provision of unnecessary medical
7 services. A quality-based payment system developed under this
8 section must:

9 (1) base payments made to a participating enrollee's
10 health home on quality and efficiency measures that may include
11 measurable wellness and prevention criteria and use of
12 evidence-based best practices, sharing a portion of any realized
13 cost savings achieved by the health home, and ensuring quality of
14 care outcomes, including a reduction in potentially preventable
15 events; and

16 (2) allow for the examination of measurable wellness
17 and prevention criteria, use of evidence-based best practices, and
18 quality of care outcomes based on the type of primary or specialty
19 care provider practice.

20 (b) The commission may develop a quality-based payment
21 system for health homes under this subchapter only if implementing
22 the system would be feasible and cost-effective.

23 Sec. 536.103. PROVIDER ELIGIBILITY. To be eligible to
24 receive reimbursement under a quality-based payment system under
25 this subchapter, a health home provider must:

26 (1) provide participating enrollees, directly or
27 indirectly, with access to health care services outside of regular

1 business hours;

2 (2) educate participating enrollees about the
3 availability of health care services outside of regular business
4 hours; and

5 (3) provide evidence satisfactory to the commission
6 that the provider meets the requirement of Subdivision (1).

8 SUBCHAPTER D. QUALITY-BASED HOSPITAL REIMBURSEMENT SYSTEM

9 Sec. 536.151 [~~531.913~~]. COLLECTION AND REPORTING OF
10 CERTAIN [~~HOSPITAL HEALTH~~] INFORMATION [~~EXCHANGE~~]. (a) [~~In this~~
11 ~~section, "potentially preventable readmission" means a return~~
12 ~~hospitalization of a person within a period specified by the~~
13 ~~commission that results from deficiencies in the care or treatment~~
14 ~~provided to the person during a previous hospital stay or from~~
15 ~~deficiencies in post-hospital discharge follow-up. The term does~~
16 ~~not include a hospital readmission necessitated by the occurrence~~
17 ~~of unrelated events after the discharge. The term includes the~~
18 ~~readmission of a person to a hospital for.~~

19 [~~(1) the same condition or procedure for which the~~
20 ~~person was previously admitted,~~

21 [~~(2) an infection or other complication resulting from~~
22 ~~care previously provided,~~

23 [~~(3) a condition or procedure that indicates that a~~
24 ~~surgical intervention performed during a previous admission was~~
25 ~~unsuccessful in achieving the anticipated outcome, or~~

26 [~~(4) another condition or procedure of a similar~~
27 ~~nature, as determined by the executive commissioner.~~

1 ~~[(b)]~~ The executive commissioner shall adopt rules for
 2 identifying potentially preventable readmissions of child health
 3 plan program enrollees and Medicaid recipients and potentially
 4 preventable complications experienced by child health plan program
 5 enrollees and Medicaid recipients. The ~~[and the]~~ commission shall
 6 collect ~~[exchange]~~ data from ~~[with]~~ hospitals on
 7 present-on-admission indicators for purposes of this section.

8 (b) ~~[(c)]~~ The commission shall establish a ~~[health~~
 9 ~~information exchange]~~ program to provide a ~~[exchange]~~ confidential
 10 report to ~~[information with]~~ each hospital in this state that
 11 participates in the child health plan or Medicaid program regarding
 12 the hospital's performance with respect to potentially preventable
 13 readmissions and potentially preventable complications. To the
 14 extent possible, a report provided under this section should
 15 include potentially preventable readmissions and potentially
 16 preventable complications information across all child health plan
 17 and Medicaid program payment systems. A hospital shall distribute
 18 the information contained in the report ~~[received from the~~
 19 ~~commission]~~ to physicians and other health care providers providing
 20 services at the hospital.

21 (c) A report provided to a hospital under this section is
 22 confidential and is not subject to Chapter 552.

23 Sec. 536.152. REIMBURSEMENT ADJUSTMENTS. (a) Subject to
 24 Subsection (b), using the data collected under Section 536.151 and
 25 the diagnosis-related groups (DRG) methodology implemented under
 26 Section 536.005, the commission, after consulting with the advisory
 27 committee, shall to the extent feasible adjust child health plan

1 and Medicaid reimbursements to hospitals, including payments made
2 under the disproportionate share hospitals and upper payment limit
3 supplemental payment programs, in a manner that may reward or
4 penalize a hospital based on the hospital's performance with
5 respect to exceeding, or failing to achieve, outcome and process
6 measures developed under Section 536.003 that address the rates of
7 potentially preventable readmissions and potentially preventable
8 complications.

9 (b) The commission must provide the report required under
10 Section 536.151(b) to a hospital at least one year before the
11 commission adjusts child health plan and Medicaid reimbursements to
12 the hospital under this section.

13 [Sections 536.153-536.200 reserved for expansion]

14 SUBCHAPTER E. QUALITY-BASED PAYMENT INITIATIVES

15 Sec. 536.201. DEFINITION. In this subchapter, "payment
16 initiative" means a quality-based payment initiative established
17 under this subchapter.

18 Sec. 536.202. PAYMENT INITIATIVES; DETERMINATION OF
19 BENEFIT TO STATE. (a) The commission shall, after consulting with
20 the advisory committee, establish payment initiatives to test the
21 effectiveness of quality-based payment systems, alternative
22 payment methodologies, and high-quality, cost-effective health
23 care delivery models that provide incentives to physicians and
24 other health care providers to develop health care interventions
25 for child health plan program enrollees or Medicaid recipients, or
26 both, that will:

27 (1) improve the quality of health care provided to the

1 enrollees or recipients;

2 (2) reduce potentially preventable events;

3 (3) promote prevention and wellness;

4 (4) increase the use of evidence-based best practices;

5 (5) increase appropriate physician and other health
6 care provider collaboration; and

7 (6) contain costs.

8 (b) The commission shall:

9 (1) establish a process by which managed care
10 organizations and physicians and other health care providers may
11 submit proposals for payment initiatives described by Subsection
12 (a); and

13 (2) determine whether it is feasible and
14 cost-effective to implement one or more of the proposed payment
15 initiatives.

16 Sec. 536.203. PURPOSE AND IMPLEMENTATION OF PAYMENT
17 INITIATIVES. (a) If the commission determines under Section
18 536.202 that implementation of one or more payment initiatives is
19 feasible and cost-effective for this state, the commission shall
20 establish one or more payment initiatives as provided by this
21 subchapter.

22 (b) The commission shall administer any payment initiative
23 established under this subchapter. The executive commissioner may
24 adopt rules, plans, and procedures and enter into contracts and
25 other agreements as the executive commissioner considers
26 appropriate and necessary to administer this subchapter.

27 (c) The commission may limit a payment initiative to:

1 (1) one or more regions in this state;

2 (2) one or more organized networks of physicians and
3 other health care providers; or

4 (3) specified types of services provided under the
5 child health plan or Medicaid program, or specified types of
6 enrollees or recipients under those programs.

7 (d) A payment initiative implemented under this subchapter
8 must be operated for at least one calendar year.

9 Sec. 536.204. STANDARDS; PROTOCOLS. (a) The executive
10 commissioner shall:

11 (1) consult with the advisory committee to develop
12 quality of care and cost-efficiency benchmarks and measurable goals
13 that a payment initiative must meet to ensure high-quality and
14 cost-effective health care services and healthy outcomes; and

15 (2) approve benchmarks and goals developed as provided
16 by Subdivision (1).

17 (b) In addition to the benchmarks and goals under Subsection
18 (a), the executive commissioner may approve efficiency performance
19 standards that may include the sharing of realized cost savings
20 with physicians and other health care providers who provide health
21 care services that exceed the efficiency performance standards.
22 The efficiency performance standards may not create any financial
23 incentive for or involve making a payment to a physician or other
24 health care provider that directly or indirectly induces the
25 limitation of medically necessary services.

26 Sec. 536.205. PAYMENT RATES UNDER PAYMENT INITIATIVES. The
27 executive commissioner may contract with appropriate entities,

1 including qualified actuaries, to assist in determining
2 appropriate payment rates for a payment initiative implemented
3 under this subchapter.

4 (b) The Health and Human Services Commission shall convert
5 the hospital reimbursement systems used under the child health plan
6 program under Chapter 62, Health and Safety Code, and medical
7 assistance program under Chapter 32, Human Resources Code, to the
8 diagnosis-related groups (DRG) methodology to the extent possible
9 as required by Section 536.005, Government Code, as added by this
10 section, as soon as practicable after the effective date of this
11 Act, but not later than:

12 (1) September 1, 2013, for reimbursements paid to
13 children's hospitals; and

14 (2) September 1, 2012, for reimbursements paid to
15 other hospitals under those programs.

16 (c) Not later than September 1, 2012, the Health and Human
17 Services Commission shall begin providing performance reports to
18 hospitals regarding the hospitals' performances with respect to
19 potentially preventable complications as required by Section
20 536.151, Government Code, as designated and amended by this
21 section.

22 (d) Subject to Subsection (b), Section 536.004, Government
23 Code, as added by this section, the Health and Human Services
24 Commission shall begin making adjustments to child health plan and
25 Medicaid reimbursements to hospitals as required by Section
26 536.152, Government Code, as added by this section:

27 (1) not later than September 1, 2012, based on the

1 hospitals' performances with respect to reducing potentially
2 preventable readmissions; and

3 (2) not later than September 1, 2013, based on the
4 hospitals' performances with respect to reducing potentially
5 preventable complications.

6 SECTION 1.13. (a) The heading to Section 531.912,
7 Government Code, is amended to read as follows:

5 assistance recipients; and

6 (B) designed to encourage and reward
7 evidence-based practices among nursing facilities; and

8 (2) may include measures of:

2 (f) The commission may make incentive payments under the
3 program only if money is [~~specifically~~] appropriated for that

10 of long-term care services, as defined by Section 22.0011, Human

5 section; and

6 (2) after consulting with the executive commissioner
7 of the Health and Human Services Commission, may transfer to an
8 account in the general revenue fund money appropriated from the
9 account established under this chapter to maximize the receipt of
10 federal funds under the medical assistance program established
11 under Chapter 32, Human Resources Code, and to fund provider
12 reimbursement payments as provided by Subsection (j).

13 (j) Money in the account described by Subsection (a)(2) may
14 be appropriated only to the Health and Human Services Commission to
15 fund provider reimbursement payments under the medical assistance

17 of the alien the costs of the health care services provided to the
18 alien.

19 (c) A public hospital or hospital district described by
20 Subsection (b) must notify a sponsored alien and a person who
21 executed an affidavit of support on behalf of the alien, at the time
22 the alien applies for health care services, that a person who
23 executed an affidavit of support on behalf of a sponsored alien is

25 (b) Section 61.012, Health and Safety Code, as added by this
26 section, applies only to health care services provided by a public
27 hospital or hospital district on or after the effective date of this

1 Act.

2 SECTION 1.17. Subchapter B, Chapter 531, Government Code,
3 is amended by adding Sections 531.024181 and 531.024182 to read as
4 follows:

5 Sec. 531.024181. VERIFICATION OF IMMIGRATION STATUS OF
6 APPLICANTS FOR CERTAIN BENEFITS WHO ARE QUALIFIED ALIENS.

7 (a) This section applies only with respect to the following
8 benefits programs:

10 Health and Safety Code;

11 (2) the financial assistance program under Chapter 31,
12 Human Resources Code;

13 (3) the medical assistance program under Chapter 32,
14 Human Resources Code; and

15 (4) the nutritional assistance program under Chapter
16 33, Human Resources Code.

17 (b) If, at the time of application for benefits under a
18 program to which this section applies, a person states that the
19 person is a qualified alien, as that term is defined by 8 U.S.C.
20 Section 1641(b), the commission shall, to the extent allowed by
21 federal law, verify information regarding the immigration status of
22 the person using an automated system or systems where available.

23 (c) The executive commissioner shall adopt rules necessary
24 to implement this section.

25 (d) Nothing in this section adds to or changes the
26 eligibility requirements for any of the benefits programs to which
27 this section applies.

1 Sec. 531.024182. VERIFICATION OF SPONSORSHIP INFORMATION
2 FOR CERTAIN BENEFITS RECIPIENTS; REIMBURSEMENT. (a) In this
3 section, "sponsored alien" means a person who has been lawfully
4 admitted to the United States for permanent residence under the
5 Immigration and Nationality Act (8 U.S.C. Section 1101 et seq.) and
6 who, as a condition of admission, was sponsored by a person who
7 executed an affidavit of support on behalf of the person.

8 (b) If, at the time of application for benefits, a person
9 stated that the person is a sponsored alien, the commission may, to
10 the extent allowed by federal law, verify information relating to
11 the sponsorship, using an automated system or systems where
12 available, after the person is determined eligible for and begins
13 receiving benefits under any of the following benefits programs:

14 (1) the child health plan program under Chapter 62,
15 Health and Safety Code;

21 33, Human Resources Code.

22 (c) If the commission verifies that a person who receives
23 benefits under a program listed in Subsection (b) is a sponsored
24 alien, the commission may seek reimbursement from the person's
25 sponsor for benefits provided to the person under those programs to
26 the extent allowed by federal law, provided the commission
27 determines that seeking reimbursement is cost-effective.

1 (d) If, at the time a person applies for benefits under a
2 program listed in Subsection (b), the person states that the person
3 is a sponsored alien, the commission shall make a reasonable effort
4 to notify the person that the commission may seek reimbursement
5 from the person's sponsor for any benefits the person receives
6 under those programs.

7 (e) The executive commissioner shall adopt rules necessary
8 to implement this section, including rules that specify the most
9 cost-effective procedures by which the commission may seek
10 reimbursement under Subsection (c).

16 Sec. 32.0314. REIMBURSEMENT FOR DURABLE MEDICAL EQUIPMENT
17 AND SUPPLIES. The executive commissioner of the Health and Human
18 Services Commission shall adopt rules requiring the electronic
19 submission of any claim for reimbursement for durable medical
20 equipment and supplies under the medical assistance program.

21 SECTION 1.19. (a) Subchapter A, Chapter 531, Government
22 Code, is amended by adding Section 531.0025 to read as follows:

23 Sec. 531.0025. RESTRICTIONS ON AWARDS TO FAMILY PLANNING
24 SERVICE PROVIDERS. (a) Notwithstanding any other law, money
25 appropriated to the Department of State Health Services for the
26 purpose of providing family planning services must be awarded:

27 (1) to eligible entities in the following order of

1 descending priority:

2 (A) public entities that provide family planning
3 services, including state, county, and local community health
4 clinics and federally qualified health centers;

5 (B) nonpublic entities that provide
6 comprehensive primary and preventive care services in addition to
7 family planning services; and

8 (C) nonpublic entities that provide family
9 planning services but do not provide comprehensive primary and
10 preventive care services; or

11 (2) as otherwise directed by the legislature in the
12 General Appropriations Act.

13 (b) Notwithstanding Subsection (a), the Department of State
14 Health Services shall, in compliance with federal law, ensure
15 distribution of funds for family planning services in a manner that
16 does not severely limit or eliminate access to those services in any
17 region of the state.

18 (b) Section 32.024, Human Resources Code, is amended by
19 adding Subsection (c-1) to read as follows:

20 (c-1) The department shall ensure that money spent for
21 purposes of the demonstration project for women's health care
22 services under former Section 32.0248, Human Resources Code, or a
23 similar successor program is not used to perform or promote
24 elective abortions, or to contract with entities that perform or
25 promote elective abortions or affiliate with entities that perform
26 or promote elective abortions.

27 SECTION 1.20. Subchapter B, Chapter 32, Human Resources

Code, is amended by adding Section 32.074 to read as follows:

Sec. 32.074. ACCESS TO PERSONAL EMERGENCY RESPONSE SYSTEM.

(a) In this section, "personal emergency response system" has the meaning assigned by Section 781.001, Health and Safety Code.

(b) The department shall ensure that each Medicaid recipient enrolled in a home and community-based services waiver program that includes a personal emergency response system as a service has access to a personal emergency response system, if necessary, without regard to the recipient's access to a landline telephone.

SECTION 1.21. Chapter 33, Human Resources Code, is amended by adding Section 33.029 to read as follows:

Sec. 33.029. CERTAIN ELIGIBILITY RESTRICTIONS.

Notwithstanding any other provision of this chapter, an applicant for or recipient of benefits under the supplemental nutrition assistance program is not entitled to and may not receive or continue to receive any benefit under the program if the applicant or recipient is not legally present in the United States.

SECTION 1.22. If before implementing any provision of this article a state agency determines that a waiver or authorization from a federal agency is necessary for implementation of that provision, the agency affected by the provision shall request the waiver or authorization and may delay implementing that provision until the waiver or authorization is granted.

ARTICLE 2. LEGISLATIVE FINDINGS AND INTENT; COMPLIANCE WITH
ANTITRUST LAWS

SECTION 2.01. (a) The legislature finds that it would

1 benefit the State of Texas to:

2 (1) explore innovative health care delivery and
3 payment models to improve the quality and efficiency of health care
4 in this state;

5 (2) improve health care transparency;

6 (3) give health care providers the flexibility to
7 collaborate and innovate to improve the quality and efficiency of
8 health care; and

9 (4) create incentives to improve the quality and
10 efficiency of health care.

11 (b) The legislature finds that the use of certified health
12 care collaboratives will increase pro-competitive effects as the
13 ability to compete on the basis of quality of care and the
14 furtherance of the quality of care through a health care
15 collaborative will overcome any anticompetitive effects of joining
16 competitors to create the health care collaboratives and the
17 payment mechanisms that will be used to encourage the furtherance
18 of quality of care. Consequently, the legislature finds it
19 appropriate and necessary to authorize health care collaboratives
20 to promote the efficiency and quality of health care.

21 (c) The legislature intends to exempt from antitrust laws
22 and provide immunity from federal antitrust laws through the state
23 action doctrine a health care collaborative that holds a
24 certificate of authority under Chapter 848, Insurance Code, as
25 added by Article 4 of this Act, and that collaborative's
26 negotiations of contracts with payors. The legislature does not
27 intend or authorize any person or entity to engage in activities or

1 to conspire to engage in activities that would constitute per se
2 violations of federal antitrust laws.

3 (d) The legislature intends to permit the use of alternative
4 payment mechanisms, including bundled or global payments and
5 quality-based payments, among physicians and other health care
6 providers participating in a health care collaborative that holds a
7 certificate of authority under Chapter 848, Insurance Code, as
8 added by Article 4 of this Act. The legislature intends to
9 authorize a health care collaborative to contract for and accept
10 payments from governmental and private payors based on alternative
11 payment mechanisms, and intends that the receipt and distribution
12 of payments to participating physicians and health care providers
13 is not a violation of any existing state law.

14 ARTICLE 3. TEXAS INSTITUTE OF HEALTH CARE QUALITY AND EFFICIENCY

15 SECTION 3.01. Title 12, Health and Safety Code, is amended
16 by adding Chapter 1002 to read as follows:

15 (12) "Potentially preventable emergency room visit"
16 means treatment of a person in a hospital emergency room or
17 freestanding emergency medical care facility for a condition that
18 may not require emergency medical attention because the condition
19 could be, or could have been, treated or prevented by a physician or
20 other health care provider in a nonemergency setting.

21 (13) "Potentially preventable readmission" means a
22 return hospitalization of a person within a period specified by the
23 commission that may have resulted from deficiencies in the care or
24 treatment provided to the person during a previous hospital stay or
25 from deficiencies in post-hospital discharge follow-up. The term
26 does not include a hospital readmission necessitated by the
27 occurrence of unrelated events after the discharge. The term

1 includes the readmission of a person to a hospital for:

2 (A) the same condition or procedure for which the
3 person was previously admitted;

4 (B) an infection or other complication resulting
5 from care previously provided; or

6 (C) a condition or procedure that indicates that
7 a surgical intervention performed during a previous admission was
8 unsuccessful in achieving the anticipated outcome.

25 services are available and accessible to enrollees.

26 (c) Not later than the 190th day after the date an applicant

commissioner shall approve or deny the application.

(d) The commissioner by rule may:

(1) extend the date by which an application is due
under this section; and

(2) require the disclosure of any additional

including information necessary to antitrust review and oversight.

Sec. 848.057. REQUIREMENTS FOR APPROVAL OF APPLICATION.

(a) The commissioner shall issue a certificate of authority on

848.056;

(2) with respect to health care services to be

preventable events;

(B) has processes that contain health care costs

(5) the applicant's proposed health care collaborative is not likely to reduce competition in any market for physician, hospital, or ancillary health care services due to:

(A) the size of the health care collaborative; or

(B) the composition of the collaborative, including the distribution of physicians by specialty within the collaborative in relation to the number of competing health care providers in the health care collaborative's geographic market; and

(6) the pro-competitive benefits of the applicant's proposed health care collaborative are likely to substantially outweigh the anticompetitive effects of any increase in market power.

(b) A certificate of authority is effective for a period of one year, subject to Section 848.060(d).

1 Sec. 848.058. DENIAL OF CERTIFICATE OF AUTHORITY. (a) The
2 commissioner may not issue a certificate of authority if the
3 commissioner determines that the applicant's proposed plan of
4 operation does not meet the requirements of Section 848.057.

5 (b) If the commissioner denies an application for a
6 certificate of authority under Subsection (a), the commissioner
7 shall notify the applicant that the plan is deficient and specify
8 the deficiencies.

9 Sec. 848.059. CONCURRENCE OF ATTORNEY GENERAL. (a) If the
10 commissioner determines that an application for a certificate of

25 commissioner.

26 (d) If the attorney general lacks sufficient information to
27 make a determination under Sections 848.057(a)(5) and (6), within

S.B. No. 7

1 60 days of the attorney general's receipt of the application and the
2 data, documents, and analysis the attorney general shall inform the
3 commissioner that the attorney general lacks sufficient
4 information as well as what information the attorney general
5 requires. The commissioner shall then either provide the
6 additional information to the attorney general or request the
7 additional information from the applicant. The commissioner shall
8 promptly deliver any such additional information to the attorney
9 general. The attorney general shall then have 30 days from receipt
10 of the additional information to make a determination under
11 Subsection (a) or (b).

12 (e) If the attorney general notifies the commissioner that
13 the attorney general does not concur with the commissioner's
14 determination under Sections 848.057(a)(5) and (6), then,

19 analyses contained in any other governmental entity's evaluation of
20 the health care collaborative.

21 (g) The attorney general at any time may request from the
22 commissioner additional time to consider an application under this
23 section. The commissioner shall grant the request and notify the
24 applicant of the request. A request by the attorney general or an
25 order by the commissioner granting a request under this section is
26 not subject to administrative or judicial review.

27 Sec. 848.060. RENEWAL OF CERTIFICATE OF AUTHORITY AND

1 DETERMINATION OF APPROVAL. (a) Not later than the 180th day
2 before the one-year anniversary of the date on which a health care

4 this section:

5 (1) the commissioner shall conduct a review under
6 Section 848.057 as if the application for renewal were a new
7 application, and, on approval by the commissioner, the attorney
8 general shall review the application under Section 848.059 as if
9 the application for renewal were a new application; and

10 (2) the commissioner shall renew or deny the renewal
11 of a certificate of authority at least 20 days before the one-year
12 anniversary of the date on which a health care collaborative's
13 certificate of authority was issued.

14 (d) If the commissioner does not act on a renewal
15 application before the one-year anniversary of the date on which a
16 health care collaborative's certificate of authority was issued or
17 renewed, the health care collaborative's certificate of authority
18 expires on the 90th day after the date of the one-year anniversary
19 unless the renewal of the certificate of authority or determination
20 of approval, as applicable, is approved before that date.

21 (e) A health care collaborative shall report to the

(c) A health care collaborative may not use a covenant not to compete to prohibit a physician from providing medical services or participating in another health care collaborative in the same service area.

(d) Except as provided by Subsection (f), on written consent of a patient who was treated by a physician participating in a health care collaborative, the health care collaborative shall provide the physician with the medical records of the patient, regardless of whether the physician is participating in the health care collaborative at the time the request for the records is made.

7 CARE SERVICES. (a) An insurer that markets a preferred provider
8 benefit plan shall contract with physicians and health care
9 providers to ensure that all medical and health care services and

11 provided, including treatment of illnesses and injuries, will be
12 provided under the health insurance policy in a manner ensuring
13 availability of and accessibility to adequate personnel, specialty
14 care, and facilities.

15 (b) A contract between an insurer that markets a plan
16 regulated under this chapter and an institutional provider may not,

practitioner, a health insurance policy issuer may not:

(1) deny payment or reimbursement for physical
modalities and procedures provided by a chiropractor if:

procedures in strict compliance with state law; and

(B) the health insurance policy issuer allows
payment or reimbursement for the same physical modalities and
procedures performed by another type of practitioner that an
insured may select under this subchapter;

(2) make payment or reimbursement for particular
covered physical modalities and procedures within the scope of a
chiropractor's license contingent on treatment or examination by a
practitioner that is not a chiropractor; or

(3) establish other limitations on the provision of
covered physical modalities and procedures that would prohibit an
insured from seeking the covered physical modalities and procedures
from a chiropractor to the same extent that the insured may obtain
covered physical modalities and procedures from another type of
practitioner.

(c) Nothing in this section requires a health insurance
policy issuer to cover particular services or affects the ability
of a health insurance policy issuer to determine whether specific

18 date of this Act, and that law is continued in effect for that
19 purpose.

20 ARTICLE 12. INTERSTATE HEALTH CARE COMPACT

21 SECTION 12.01. Title 15, Insurance Code, is amended by
22 adding Chapter 5002 to read as follows:

23 CHAPTER 5002. INTERSTATE HEALTH CARE COMPACT

24 Sec. 5002.001. EXECUTION OF COMPACT. This state enacts the
25 Interstate Health Care Compact and enters into the compact with all
26 other states legally joining in the compact in substantially the
27 following form:

1 Whereas, the separation of powers, both between the branches of the
2 Federal government and between Federal and State authority, is
3 essential to the preservation of individual liberty;

4 Whereas, the Constitution creates a Federal government of limited
5 and enumerated powers, and reserves to the States or to the people
6 those powers not granted to the Federal government;

7 Whereas, the Federal government has enacted many laws that have
8 preempted State laws with respect to Health Care, and placed
9 increasing strain on State budgets, impairing other
10 responsibilities such as education, infrastructure, and public
11 safety;

12 Whereas, the Member States seek to protect individual liberty and
13 personal control over Health Care decisions, and believe the best
14 method to achieve these ends is by vesting regulatory authority
15 over Health Care in the States;

16 Whereas, by acting in concert, the Member States may express and
17 inspire confidence in the ability of each Member State to govern
18 Health Care effectively; and

19 Whereas, the Member States recognize that consent of Congress may
20 be more easily secured if the Member States collectively seek
21 consent through an interstate compact;

22 NOW THEREFORE, the Member States hereto resolve, and by the
23 adoption into law under their respective State Constitutions of
24 this Health Care Compact, agree, as follows:

1 Sec. 1. Definitions. As used in this Compact, unless the context
2 clearly indicates otherwise:

3 "Commission" means the Interstate Advisory Health Care Commission.

4 "Effective Date" means the date upon which this Compact shall
5 become effective for purposes of the operation of State and Federal
6 law in a Member State, which shall be the later of:

7 a) the date upon which this Compact shall be adopted
8 under the laws of the Member State, and

9 b) the date upon which this Compact receives the
10 consent of Congress pursuant to Article I, Section 10,
11 of the United States Constitution, after at least two
12 Member States adopt this Compact.

13 "Health Care" means care, services, supplies, or plans related to
14 the health of an individual and includes but is not limited to:

15 (a) preventive, diagnostic, therapeutic, rehabilitative,
16 maintenance, or palliative care and counseling, service,
17 assessment, or procedure with respect to the physical or mental
18 condition or functional status of an individual or that affects the
19 structure or function of the body, and

20 (b) sale or dispensing of a drug, device, equipment, or other item
21 in accordance with a prescription, and

22 (c) an individual or group plan that provides, or pays the cost of,

1 care, services, or supplies related to the health of an individual,
2 except any care, services, supplies, or plans provided by the
3 United States Department of Defense and United States Department of
4 Veterans Affairs, or provided to Native Americans.

5 "Member State" means a State that is signatory to this Compact and
6 has adopted it under the laws of that State.

7 "Member State Base Funding Level" means a number equal to the total
8 Federal spending on Health Care in the Member State during Federal
9 fiscal year 2010. On or before the Effective Date, each Member
10 State shall determine the Member State Base Funding Level for its
11 State, and that number shall be binding upon that Member State.

12 "Member State Current Year Funding Level" means the Member State
13 Base Funding Level multiplied by the Member State Current Year
14 Population Adjustment Factor multiplied by the Current Year
15 Inflation Adjustment Factor.

16 "Member State Current Year Population Adjustment Factor" means the
17 average population of the Member State in the current year less the
18 average population of the Member State in Federal fiscal year 2010,
19 divided by the average population of the Member State in Federal
20 fiscal year 2010, plus 1. Average population in a Member State
21 shall be determined by the United States Census Bureau.

22 "Current Year Inflation Adjustment Factor" means the Total Gross
23 Domestic Product Deflator in the current year divided by the Total
24 Gross Domestic Product Deflator in Federal fiscal year 2010. Total

1 Gross Domestic Product Deflator shall be determined by the Bureau
2 of Economic Analysis of the United States Department of Commerce.

3 Sec. 2. Pledge. The Member States shall take joint and separate
4 action to secure the consent of the United States Congress to this
5 Compact in order to return the authority to regulate Health Care to
6 the Member States consistent with the goals and principles
7 articulated in this Compact. The Member States shall improve
8 Health Care policy within their respective jurisdictions and
9 according to the judgment and discretion of each Member State.

10 Sec. 3. Legislative Power. The legislatures of the Member States
11 have the primary responsibility to regulate Health Care in their
12 respective States.

13 Sec. 4. State Control. Each Member State, within its State, may
14 suspend by legislation the operation of all federal laws, rules,
15 regulations, and orders regarding Health Care that are inconsistent
16 with the laws and regulations adopted by the Member State pursuant
17 to this Compact. Federal and State laws, rules, regulations, and
18 orders regarding Health Care will remain in effect unless a Member
19 State expressly suspends them pursuant to its authority under this
20 Compact. For any federal law, rule, regulation, or order that
21 remains in effect in a Member State after the Effective Date, that
22 Member State shall be responsible for the associated funding
23 obligations in its State.

24 Sec. 5. Funding.

1 (a) Each Federal fiscal year, each Member State shall have the
2 right to Federal monies up to an amount equal to its Member State
3 Current Year Funding Level for that Federal fiscal year, funded by
4 Congress as mandatory spending and not subject to annual
5 appropriation, to support the exercise of Member State authority
6 under this Compact. This funding shall not be conditional on any
7 action of or regulation, policy, law, or rule being adopted by the
8 Member State.

9 (b) By the start of each Federal fiscal year, Congress shall
10 establish an initial Member State Current Year Funding Level for
11 each Member State, based upon reasonable estimates. The final
12 Member State Current Year Funding Level shall be calculated, and
13 funding shall be reconciled by the United States Congress based
14 upon information provided by each Member State and audited by the
15 United States Government Accountability Office.

16 Sec. 6. Interstate Advisory Health Care Commission.

17 (a) The Interstate Advisory Health Care Commission is
18 established. The Commission consists of members appointed by each
19 Member State through a process to be determined by each Member
20 State. A Member State may not appoint more than two members to the
21 Commission and may withdraw membership from the Commission at any
22 time. Each Commission member is entitled to one vote. The
23 Commission shall not act unless a majority of the members are
24 present, and no action shall be binding unless approved by a
25 majority of the Commission's total membership.

1 (b) The Commission may elect from among its membership a
2 Chairperson. The Commission may adopt and publish bylaws and
3 policies that are not inconsistent with this Compact. The
4 Commission shall meet at least once a year, and may meet more
5 frequently.

6 (c) The Commission may study issues of Health Care regulation that
7 are of particular concern to the Member States. The Commission may
8 make non-binding recommendations to the Member States. The
9 legislatures of the Member States may consider these
10 recommendations in determining the appropriate Health Care
11 policies in their respective States.

12 (d) The Commission shall collect information and data to assist
13 the Member States in their regulation of Health Care, including
14 assessing the performance of various State Health Care programs and
15 compiling information on the prices of Health Care. The Commission
16 shall make this information and data available to the legislatures
17 of the Member States. Notwithstanding any other provision in this
18 Compact, no Member State shall disclose to the Commission the
19 health information of any individual, nor shall the Commission
20 disclose the health information of any individual.

21 (e) The Commission shall be funded by the Member States as agreed
22 to by the Member States. The Commission shall have the
23 responsibilities and duties as may be conferred upon it by
24 subsequent action of the respective legislatures of the Member
25 States in accordance with the terms of this Compact.

1 (f) The Commission shall not take any action within a Member State
2 that contravenes any State law of that Member State.

3 Sec. 7. Congressional Consent. This Compact shall be effective on
4 its adoption by at least two Member States and consent of the United
5 States Congress. This Compact shall be effective unless the United
6 States Congress, in consenting to this Compact, alters the
7 fundamental purposes of this Compact, which are:

8 (a) To secure the right of the Member States to regulate Health
9 Care in their respective States pursuant to this Compact and to
10 suspend the operation of any conflicting federal laws, rules,
11 regulations, and orders within their States; and

12 (b) To secure Federal funding for Member States that choose to
13 invoke their authority under this Compact, as prescribed by Section
14 5 above.

15 Sec. 8. Amendments. The Member States, by unanimous agreement,
16 may amend this Compact from time to time without the prior consent
17 or approval of Congress and any amendment shall be effective
18 unless, within one year, the Congress disapproves that amendment.
19 Any State may join this Compact after the date on which Congress
20 consents to the Compact by adoption into law under its State
21 Constitution.

22 Sec. 9. Withdrawal; Dissolution. Any Member State may withdraw
23 from this Compact by adopting a law to that effect, but no such
24 withdrawal shall take effect until six months after the Governor of

1 the withdrawing Member State has given notice of the withdrawal to
2 the other Member States. A withdrawing State shall be liable for
3 any obligations that it may have incurred prior to the date on which
4 its withdrawal becomes effective. This Compact shall be dissolved
5 upon the withdrawal of all but one of the Member States.

6 SECTION 12.02. This article takes effect immediately if
7 this Act receives a vote of two-thirds of all the members elected to
8 each house, as provided by Section 39, Article III, Texas
9 Constitution. If this Act does not receive the vote necessary for
10 immediate effect, this article takes effect on the 91st day after
11 the last day of the legislative session.
