Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.
¹ A "*" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
² In 1990, the census-of-vessels population of ships at sea was allocated to census tracts with a "SP" suffix. An anchor symbol appeared on the 1990 maps locating a census-of-vessels tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
³ A "*" following a block number indicates that the block number is repeated elsewhere in the block.
