

Mapped, edited, and published by the Geological Survey
Control by USGS and NOS/NOAA
Topography by photogrammetric methods from aerial photographs taken 1975. Field checked 1976. Map edited 1982
Selected hydrographic data compiled from NOS/NOAA Charts 11326 (1981). This information is not intended for navigational purposes
Projection and 10,000-foot grid ticks: Texas coordinate system, south central zone (Lambert conformal conic) 1000-meter Universal Transverse Mercator grid, zone 15 1927 North American datum
To place on the predicted North American Datum 1983 move the projection lines 21 meters south and 21 meters east as shown by dashed corner ticks
Fine red dashed lines indicate selected fence lines
A portion of this map lies within a subsidence area
Contouring based on 1973 adjustment of vertical control

Water stages in this area vary with meteorological conditions
Approximate limits of occasional inundation shown by dashed blue lines where mean high water is undetermined for lack of visual evidence
Dotted blue lines indicate the approximate limits of low water

SCALE 1:24 000
