# Watch TCEQ's Drought-Response Video on YouTube/TCEQNews

Last year the TCEQ launched its official YouTube channel, TCEQNews. View videos from the TCEQ commissioners, Texas Environmental Excellence Award winners, and the TCEQ's response to the 2011 drought at <a href="https://www.youtube.com/user/TCEQNews">www.youtube.com/user/TCEQNews</a>>.

The year 2011 will go down in the records book as the most severe one-year drought in Texas history. TCEQ commissioners discuss the effects of the drought and how the agency and the state of Texas are responding to this crisis.

# Take Care of Texas Tips

## At Home: Lighten the Load

By removing unnecessary items from your vehicle, you can reduce the amount of weight it carries and help improve fuel economy. Even an extra 100 pounds in your vehicle could reduce your fuel mileage. In addition to saving you money at the fuel pump, this improvement in fuel economy can also help reduce emissions from your vehicle.

## Around the Office: Use Native Plants

Landscape your business's outdoor areas with native Texas plants. Plants that are native to Texas aren't just beautiful—they typically require less water and maintenance, and fewer pesticides and fertilizers—saving time and money. The

## **TCEQ Welcomes Commissioner Toby Baker**

The TCEQ welcomes its newest commissioner: Toby Baker, appointed by Gov. Rick Perry effective April 16, 2012. His term will expire on Aug. 31, 2017.

Along with his two fellow full-time commissioners, Baker establishes overall agency direction and policy, and makes final determinations on contested permitting and enforcement matters.

Baker served at the Governor's Office as a policy and budget advisor on issues including energy, natural resources, and agriculture. He also served as the governor's liaison to the Texas Legislature, Railroad Commission of Texas, Texas Parks and Wildlife Department, and Texas Department of Agriculture. Baker also was a natural resource policy advisor to State Senator Craig Estes.

## **TCEQ Offers Grants for Alternative-Fuel Solutions**

The TCEQ Alternative Fueling Facilities Program grants— are offered to eligible applicants that intend to build stations dispensing alternative fuels within the nonattainment areas of Houston-Galveston-Brazoria, Dallas–Fort Worth, and El Paso. Planned fueling stations must be located within the county boundaries and must be available for public use.

Eligible alternative fuels include: biodiesel, hydrogen, methanol, natural gas, propane, and electricity. The TCEQ is offering grant-application workshops to help potential applicants review the grant requirements and application procedures.

We are accepting grant applications until July 31.

The Alternative Fueling Facilities Program is part of the Texas Emissions Reduction Plan and was started by Senate Bill 385 (82nd Legislative Session) in 2011.

## Search DSIRE for Renewables and Efficiency Rebates

DSIRE (Database of State Incentives for Renewables and Efficiency) is a comprehensive source of information on state, local, utility and federal incentives and policies that promote renewable energy and energy efficiency. Search their website for information on approximately 250 financial incentives and policies, such as tax credits, rebate programs, or net metering.

DSIRE, funded by the U.S. Department of Energy, is an ongoing project of the N.C. Solar Center and the Interstate Renewable Energy Council and has been around since 1995.

Your local utility may offer rebates and other incentives for energy efficiency home improvements. Contact your utility directly or search the Texas Incentives/Policies for Renewables & Efficiency page at <a href="https://www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&srp=1&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&srp=1&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&srp=1&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&srp=1&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&srp=1&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&srp=1&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&srp=1&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&srp=1&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&srp=1&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&srp=1&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&st=0&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&state=TX>">www.dsireusa.org/incentives/index.cfm?getRE=1?re=undefined&ee=1&spv=0&state=TX>">www.dsir
