**ACADEMIC WORKLOAD
REQUIREMENTS FOR ACADEMIC INSTITUTIONS**

For Fiscal Year Ending August 31, 2013

Academic Workload Requirements for General Academic Institutions

Academic workload requirements for U. T. System general academic institutions are set forth in U. T. System Board of Regents' *Rules and Regulations*, Rule 31006.

No two institutions in the U. T. System (and, indeed, no two teaching units within a particular institution) are alike in the workload required of individual faculty to meet student needs within the funds appropriated by the Legislature. It is the responsibility of each institutional head to require teaching in excess of the minimum where such teaching is necessary to meet the institution's obligations to its students. Each institution will establish additional standards as necessary in accordance with its role and scope, so long as it satisfies the minimum given herein, to meet the instructional obligations of the institution to the students and to operate effectively within the faculty salary resources available. Faculty members not actively involved in a program of research and publication or in equivalent academic service should typically carry a teaching load greater than the minimum.
