**USE OF HOMELAND SECURITY FUNDS**

In 2008 and 2009, Homeland Security funds were expended from a variety of sources. These funds were used to alleviate suffering and hardship, and to protect the public. Funds were used for traffic control on and off the highway system, storm damage repair including bridges and pavement, and storm debris removal from public lands, and other assistance to the public.

The 2008 hurricanes caused extensive damage to streets and bridges, and caused massive amounts of debris removal for local government entities. Thirty-three local governments have submitted for project reimbursement. These projects will be paid out in 2010.
